4. If any measure which the Health Officer or a Sanitary Inspector has by a notice issued under any of these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice, the Health Officer, or the Sanitary Inspector shall be entitled to carry out the measure.

Costs and compensation.

5. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the Commissioners except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions, which led the Health Officer, or the Sanitary Inspector to pass such an order are not attributable to any act or default of the person in possession of the property, the Commissioners may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The Commissioners may recover all expenses incurred by the Health Officer, or a Sanitary Inspector in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued.

6. The Commissioners shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

9. In case of any patient brought to any hospital or dispensary for treatment, information shall be given to the Health Officer or a Sanitary Inspector by the hospital or dispensary authorities.

10. The Health Officer, or a Sanitary Inspector may examine any person who is, or is suspected to be suffering from Influenza or who, in his opinion, may be infected with or likely to spread Influenza.

NOTIFICATION

No. 3521W.T.—1st June 1957.—In exercise of the power conferred by section 12 of the Bengal Motor Vehicles Tax Act, 1932 (Bengal Act I of 1932), the Governor is pleased to make the following rules in supersession of the Bengal Motor Vehicles Tax Rules, 1933, published with Notification No 58591L.S.-G., dated the 31st October 1933, as subsequently amended:—

THE WEST BENGAL MOTOR VEHICLES TAX RULES, 1957

1. **Short title.**—These rules may be called the West Bengal Motor Vehicles Tax Rules, 1957.

2. **Definitions.**—In these rules, unless there is anything repugnant in the subject or context,—

(a) "the Act" means the Bengal Motor Vehicles Tax Act, 1932 (Bengal Act I of 1932);

(b) "area" means an area specified by the State Government under section 3;

(c) "Form" means a form appended to these rules;

(d) "owner of a motor vehicle" means the person registered as such in relation to such motor vehicle by the registering authority and includes a person having the use of a motor vehicle under a hiring or hire-purchase agreement;

(e) "Pneumatic tyre" means a tyre—

(i) which is provided with a continuous closed chamber containing air at a pressure substantially exceeding atmospheric pressure when the tyre is in the condition in which it is normally used but is not subjected to any load,

(ii) which is capable of being inflated without being removed from the wheel or vehicle, and

(iii) the sides of which collapse when the tyre is deflated and subjected to a normal load,

(f) "refund" means a refund under the provisions of section 4 or section 5;

(g) "section" means a section of the Act;

(h) "token" means a token issued under section 9 and described in Form D (West Bengal Form No. 330E) of which all the entries have been filled in by the Taxing Officer save as prescribed under rule 7(2); and

(i) "year" means the period covered by any four consecutive quarterly periods specified in rule 16.

3. **Method of paying tax.**—The tax shall be paid to the Taxing Officer of the area in which the vehicle is kept in the following manner, that is to say,—

(a) in Calcutta, at the Taxing Officer's Office, in cash or by cheque or by money order;

(b) outside Calcutta, through the treasury or at the Taxing Officer's office, by money order or by cheque or in such other manner as the Taxing Officer may allow. If payment is made through a treasury or a branch of the State Bank of India, challans shall be made out in triplicate and the triplicate copy shall be forwarded to the Taxing Officer as proof of payment:

Provided that—

(i) no cheque other than one drawn on a bank which has a clearing account with the Reserve Bank of India shall be accepted by the Taxing Officer in Calcutta,

(ii) no cheque other than one drawn on a bank which has a clearing account with the branch of the State Bank of India at the place in which the office of the Taxing Officer is situated shall be accepted by a Taxing Officer in any place outside Calcutta,

(iii) no cheque not drawn in favour of the Taxing Officer by designation shall be accepted, and

(iv) no money order shall be accepted by the Taxing Officer unless it is addressed to such Taxing Officer and gives the necessary particulars, such as the number of the motor vehicle, the period for which the tax is tendered and the amount of the tax remitted.

4. **Declarations.**—(1) The declaration referred to in sub-section (1) of section 6 shall be as nearly as possible in Form A (West Bengal Form No. 330C) and shall be delivered to the Taxing Officer by the person making the payment.

(2) The additional declaration referred to in sub-section (2) of section 6 shall be as nearly as possible in Form B (West Bengal Form No. 330D) and shall be delivered to the Taxing Officer by the person making the payment of the additional tax.

(3) A separate declaration or additional declaration, as the case may be, shall be presented to the Taxing Officer in respect of each vehicle.

(4) Every declaration and additional declaration shall be filed in the office of the Taxing Officer.

5. **Checking of declaration.**—The Taxing Officer shall satisfy himself that every declaration or additional declaration delivered to him is complete in every respect and the amount already paid or now tendered to him in payment of the tax is the amount due on the vehicle.

6. **Grant of receipt.**—(1) When satisfied that the amount of the tax tendered is correct, the Taxing Officer shall accept payment of the tax and grant a receipt as nearly as possible in Form C (West Bengal Form No. 39) or retain as a voucher one copy of the treasury challan, as the case may be.

(2) If payment has already been made—

(a) through a treasury or a branch of the State Bank of India, the duplicate challan will serve as a receipt and the triplicate shall be retained by the Taxing Officer as a voucher;

(b) in a Magistrate's Court or after issue of a distress warrant, a peremptory cash receipt shall be given as nearly as possible in West Bengal Form No. 3581 or in High Court Civil Miscellaneous Form No. (M.) 128, or in High Court Criminal Miscellaneous Form No. (M.)21, and the Magistrate's receipt given under rule 17 shall be retained by the Taxing Officer as a voucher.

7. **Grant of token.**—(1) When the Taxing Officer is satisfied that the tax has been paid for a period not yet expired and that the registration of the motor vehicle for which it is paid is valid, he shall deliver to the person who has paid the tax a token as nearly as possible in Form D (West Bengal Form No. 330E).

(2) When a token is issued for a vehicle of which the registration is still pending with the Registering Authority, the Taxing Officer shall leave the item relating to the registration number blank. On receipt of the certificate of registration, the owner of the vehicle shall produce the token together with the certificate of registration before the Taxing Officer who shall thereupon enter the registration number of the vehicle on the token and in his registers.

8. **Return of token.**—Every token shall be returned to the Taxing Officer either on its expiry or at the time of payment of the tax for the subsequent year or quarter, when it shall be attached to the declaration under sub-section (1) of section 6 relating thereto. It shall be defaced by the Taxing Officer and filed in his office with the declaration, if any.

9. **Token to be exhibited.**—The token shall be attached to and carried on the vehicle or trailer in the manner provided in rule 10 at all times when the vehicle or trailer is in use.

10. **Manner of exhibiting token.**—The token shall be carried in a holder made of metal and of weather-proof construction. The holder shall be circular and conform to the following specifications:—

(a) *Token tray.*—The token tray shall be of sheet metal of a size to fit the token neatly and of a suitable thickness. It shall have a turned up edge of sufficient depth to hold the token and shall be provided with a stout cover of transparent colourless glass, or shall be so designed as to fit against the wind-screen, which must then be of transparent colourless glass, in such a manner that the glass of the screen serves as a cover.

(b) *Ring cover.*—Unless the token tray fits against the wind-screen glass in the above manner, there shall be a circular ring of sheet metal shaped to fit down closely on the tray and adopted for fixing by screws, bolts or otherwise to the vehicle in the prescribed position. A rubber packing ring shall be arranged to fit between the ring cover and cover glass and tray, or between the glass of the wind-screen and the tray, so as to render the whole carrier weather-proof.

(c) *Dimensions.*—The aperture within the ring cover shall clearly exhibit the whole of the token and shall have a diameter of approximately 2⅝ths inches.

The token shall be fitted on the vehicle in such a position that it shall be clearly visible in daylight to a person standing beside the vehicle in front of, or level with, the driver's seat.

NOTE.—As it has been found that tokens often fade and become illegible if regularly exposed to direct sunlight, owners are recommended to have them fitted inside the vehicle on the instrument board. Their particular attention is called to the provisions of rule 12 which make it illegal to use an illegible token.

11. **Defacing token.**—No person shall alter, deface, mutilate or add anything to the token or exhibit a token on a vehicle other than the vehicle mentioned in the token.

12. **Use of imitation and illegible tokens forbidden.**—No person shall exhibit in the manner provided in rule 10 any imitation of a token or use on a vehicle any token which has become illegible.

13. **Responsibility of owner for token.**—If the token is lost, destroyed, defaced, altered, or has become illegible, the owner shall immediately report the facts to the Taxing Officer who issued the token.

14. **Vehicles exempt from the payment of tax.**—(1) Vehicles exempt from payment of the tax shall carry documents in support of such exemption instead of tokens.

(2) (a) Persons in charge of vehicles exempt from the payment of the tax shall make a report to the Taxing Officer in the month of April every year stating whether the circumstances in consideration of which the vehicles were so exempt during the preceding year exist at the time.

(b) If at any time such circumstances cease to exist, the persons concerned shall immediately report the fact to the Taxing Officer in order to enable him to assess and recover the tax thenceforward.

15. **Token books.**—(1) On receipt of books of tokens from the Press and Forms Department, the Taxing Officer himself or a Gazetted Officer authorised in this behalf shall count the tokens contained in each book and shall give a certificate on the cover of the book as to the number of tokens found to be contained in it.

(2) The books of tokens shall be kept under lock and key, and no such book shall be issued unless actually required for immediate use.

16. **Quarterly periods.**—The quarterly periods referred to in section 4 shall be the four periods respectively beginning on the—

first day of April,
first day of July,
first day of October, and
first day of January,

and ending on the—

last day of June,
last day of September,
last day of December, and
last day of March.

Provided that the Taxing Officer may, for the purpose of facilitating the payment of the tax, specify and record in the register maintained in Form J any other periods of three consecutive calendar months to be the quarterly periods in relation to a particular motor vehicle or a group or class of motor vehicles registered and habitually used or kept for use in West Bengal,

17. **Mode of recovery of arrear tax by the court.**—(1) In prosecuting any person under the provisions of section 13 or section 14, the Taxing Officer shall forward with his report to the Magistrate a statement as nearly as may be, in Form I (West Bengal Form No. 330I).

(2) If the trying Magistrate convicts the accused he shall, at the time of passing orders, assess the tax due, direct the payment of it by the accused, and enter the amount in the statement referred to in sub-rule (1), under the heading "order of the trying Magistrate".

(3) If the tax so assessed is paid in court, the trying Magistrate shall issue a separate receipt for it as nearly as may be, in any of the forms mentioned below this rule, note the payment in the statement referred to in sub-rule (1) under the appropriate heading, attest it by his seal and make a copy of the statement over to the accused with instructions to present it to the Taxing Officer. The Taxing Officer shall then issue a token if the payment covers a period that has not yet expired:

West Bengal Form No. 3581.

High Court Civil Miscellaneous Form No. (M)128.

High Court Criminal Miscellaneous Form No. (M)21.

(4) If the tax is not paid in court, the Magistrate shall take all possible steps to realise it. When it is realised he shall proceed in the manner provided in sub-rule (3).

(5) The tax when realised shall be credited to the head "XII—Receipts under Motor Vehicles Acts" in the State Budget.

18. **Suspension of registration.**—(1) If a Taxing Officer declares the certificate of registration of a motor vehicle to be suspended under the provisions of section 13A he shall inform the owner that the registration of his motor vehicle has been suspended and that the use of the motor vehicle is prohibited until the whole amount of the tax and penalty, if any, due in respect of such vehicle is paid.

(2) On receipt of the tax and any penalty due, the Taxing Officer shall declare that the order of suspension of registration of the vehicle is removed.

(3) Copies of the orders regarding such suspension of registration and the release from suspension shall be forwarded by the Taxing Officer to the Registering Authority concerned for entry in the registration register.

19. **Method of calculating the tax on the basis of laden or unladen weight of motor vehicles.**—For the purpose of calculating the amount of the tax payable, the laden or unladen weight of the vehicle concerned, as recorded in the certificate of registration, shall ordinarily be taken into account by the Taxing Officer:

Provided that where the tax is tendered before the registration of the vehicle, the laden or unladen weight thereof, as certified or otherwise stated by the maker or authorised assembler of the vehicle, may provisionally be accepted by the Taxing Officer for the purpose of calculating the amount of the tax.

20. **Exhibition of tokens on trailers.**—Whenever an owner pays the tax in respect of a trailer, the Taxing Officer shall issue a token on which under the heading "vehicle" the word "trailer" shall be entered. Such token shall be exhibited on the trailer when it is in use.

21. **Method of calculating the tax on vehicles for carrying passengers plying for hire.**—For the purpose of calculating the amount of the tax payable in respect of vehicles for carrying passengers plying for hire, the seating capacity shall be determined as follows:—

(a) where separate seats are provided for each passenger, one person shall be counted for each separate seat excluding the driver's seat;

(b) where the vehicle is fitted with continuous seats one person shall be counted for each complete length of 15 inches in a straight line along the length of the front of each seat, excluding the driver's seat.

22. **Vehicles coming into West Bengal.**—A person bringing a motor vehicle into West Bengal and keeping it therein for use shall within one week of the arrival of the motor vehicle report the date of its arrival to the Taxing Officer of the area wherein the vehicle is kept and shall pay the tax payable in respect of the vehicle to the Taxing Officer unless the payment has already been made or the vehicle is exempt from the payment of the tax.

NOTE.—Private cars belonging to His Highness the Maharajah of Sikkim and his staff or the Political Officer, Sikkim, shall be exempt from the operation of this rule.

23. **Fractions of an anna to be counted as one anna.**—For the purpose of calculating the amount of the tax payable in respect of a vehicle or any refund due to the owner of a vehicle, fractions of an anna shall be counted as one anna.

24. **Refunds.**—(1) A person claiming a refund of any amount of the tax under section 4 or section 5 shall present to the Taxing Officer who issued the token a declaration, as nearly as may be, in Form E (West Bengal Form No. 330F) together with satisfactory proof of the admissibility of the refund.

NOTE.—The surrender of the tax token and the certificate of registration of a vehicle on or about the date on which it goes off the road, as recorded in the register which shall be maintained as nearly as may be in Form K, may, in the absence of any evidence to the contrary, be regarded by the Taxing Officer as satisfactory proof that the vehicle was not used during the period.

(2) The token in respect of which a claim for refund is made shall be surrendered to the Taxing Officer to whom the claim is made unless it has been lost or destroyed under circumstances which were beyond the control of the owner.

(3) On receipt of satisfactory proof that the refund is admissible, the Taxing Officer shall calculate the amount of refund due and make over to the person who paid the tax or to his nominee a certificate as nearly as possible in Form F (West Bengal Form No. 3558).

(4) The person to whom a certificate referred to in sub-rule (3) has been granted shall, on presentation of such certificate at the nearest treasury within ten days from the date of issue, be entitled to a refund of the sum mentioned therein.

(5) When a refund has been made under the provisions of sub-section (3) of section 4, a fresh token shall be issued for any unexpired period for which the tax has been paid and for which the tax has not been refunded or remitted.

25. **Register of receipts.**—The Taxing Officer shall maintain a register of receipts of the tax as nearly as may be in Form G (West Bengal Form No. 330G). Every amount for which a receipt under rule 6 has been granted shall be entered in this register under the appropriate head.

26. **Motor Vehicles Tax (Demand) Register.**—(1) The Taxing Officer shall maintain a demand register as nearly as may be in Form J (West Bengal Form No. 330J) showing the details of the vehicles in respect of which the tax is paid to him.

(2) Separate registers shall be maintained for different categories of vehicles and one page shall be devoted to each vehicle, the entries in the register being made serially in accordance with the registration marks of the vehicles.

(3) Every amount of the tax received by the Taxing Officer, the period to which the amount relates and other particulars shall be entered in the appropriate columns of the register.

(4) A person who removes his vehicle from the jurisdiction of one Taxing Officer and keeps it within that of another Taxing Officer shall report the fact to both of these Taxing Officers who shall thereupon note it in their respective registers.

(5) The Taxing Officer shall review the register in order to see whether the tax is regularly paid and shall take prompt action against the persons concerned who contravene the provisions of the law.

27. **Refund Register.**—The Taxing Officer shall maintain a register of refunds under the Act as nearly as may be in Form H (West Bengal Form No. 330H). Every amount for which a certificate referred to in sub-rule (3) of rule 24 has been granted shall be entered in this register under the appropriate head.

28. **Register of surrendered tax tokens and registration certificates.**—The Taxing Officer shall maintain a register as nearly as may be in Form K (West Bengal Form No. 330K) showing the particulars of the surrendered tax tokens and fresh tokens referred to in rule 24 and of the certificates of registration surrendered under section 5.

NOTE.—The word "surrendered" shall be recorded on the surrendered tokens with a rubber stamp at the time of making entries in this register.

29. **Verification of accounts.**—The register of receipts and the register of refunds shall be closed at the end of each quarterly period referred to in rule 16 and a statement showing the excess of receipts over refunds shall be prepared in duplicate. Two copies of this quarterly statement of receipts and refunds shall be forwarded to the Treasury Officer for verification and checking and one of these shall be returned by him to the Taxing Officer who shall file it in his office.

Officer in charge of Treasury.

Note 1.—This order is not payable more than ten days after date without a renewal enfacement by the court, and it absolutely lapses and ceases to have effect on the 31st March, next.

Note 2.—No useful check can be exercised over refunds of revenue in the account office, except in cases where full details of the collections of such revenue are received in that office, either in the treasury accounts or other documents, e.g., fine statements. It is, therefore, essential that every refund should be noted against the original credit in the departmental accounts, where all sums are entered in detail. This voucher for refunds provides for a certificate of such note having been made. The officer who received the amount should fill in columns 1 to 5 of the form and sign the certificate in column 10, while the Treasury Officer or the Sub-Treasury Officer should verify the credit by means of the particulars on columns 4 and 5 and affix his signature in column 6 in token of his having done so. The sanction for the refund may either be given on the voucher itself or quoted in it, a certified copy being attached when such orders are not separately communicated to the audit office.

Sanderson & Morgans, Solicitor, Royal Insurance Buildings, 5 and 7, Netaji Subhas Road, Calcutta-1, and their employees represented by Sandersons & Morgans Employees' Union, 23/A Netaji Subhas Road, Calcutta-1, regarding the matters specified in the schedule thereto was referred for adjudication to the Second Industrial Tribunal;

ANNEXURE

In the matter of an industrial dispute between Messrs. Sandersons & Morgans, Solicitor, Royal Insurance Buildings, 5 and 7 Netaji Subhas Road, Calcutta-1, and their employees represented by Sandersons & Morgans Employees' Union, 23/A Netaji Subhas Road, Calcutta-1.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal*

Appearances.

For the employees: Shri P. K. Ghosh.

For the Firm: Shri Sachin Chowdhury, Counsel.

The Government of West Bengal, Labour Department, by its order No. 3966Dis./D/11L-232(A)/55, dated 5th September 1956, referred the above dispute to this Tribunal for adjudication.

INTERIM AWARD

Messrs. Sandersons & Morgans (hereinafter referred to as the firm) has raised a preliminary objection as to the maintainability of the reference and to the jurisdiction of the Tribunal to entertain the same. The firm states that it is a firm of solicitors, and its partners carry on the profession of lawyers and/or attorneys, and that such profession is not an "industry" within the meaning of section 2(j) of the Industrial Disputes Act, 1947, and consequently the present dispute is not an industrial dispute. Therefore, the Government order of reference in this case is bad in law, and did not confer any jurisdiction on this Tribunal to adjudicate upon the issues formulated therein.

The firm wanted that the preliminary objection should be disposed of before entering into the case on merits. Accordingly, by consent of both the parties, the preliminary objection as raised on behalf of the firm, was heard first. Mr. S. Chowdhury, learned counsel, who appeared on behalf

of the firm, argued at length on the point of preliminary objection, and Shri P. K. Ghosh, who appeared on behalf of the Union, gave a suitable reply thereto.

The contention of Mr. Chowdhury is that this firm, which is a firm carrying on the profession of lawyers and/or attorneys, cannot come within the meaning of "industry" as defined by section 2(j) of the Act. His line of argument was that there was no Union of capital and labour in this concern, nor was there any production, which are the essential features of an "industry". In developing this point, he stated that the firm was carrying on legal profession, which was not carried on in any intelligent sense by the co-operation of labour and capital, and as such it did not and could not come within the sphere of "industrialism". He summed up his argument by saying that a firm like the present one, which was carrying on legal profession, cannot fall within the meaning of "industry" as defined by section 2(j) of the Act. The Union, on the other hand, contends that the definition of "industry" is very wide enough, and a profession cannot be excluded.

I have given my anxious and careful considerations to the arguments advanced by Mr. Chowdhury on behalf of the firm and by Shri Ghosh on behalf of the Union. I have also looked into the decisions made by the Hon'ble Supreme Court of India, Labour Appellate Tribunal and the High Court of Calcutta, in which cases the definition of the word "industry" appearing in section 2(j) of the Act, came to be considered. "Industry" is defined in section 2(j) of the Act in the widest possible terms. Section 2(j) has defined the term "industry" in the following terms: " 'industry' means any business, trade, undertaking, manufacture or calling of employers, and includes any calling, service, employment, handicraft or industrial occupation or avocation of workmen." Thus, it is evident that the definition of "industry" is couched in very comprehensive term. Such is also the pronouncement of the Supreme Court of India in the case of Budge Budge Municipality *versus* P. R. Mukherjee and other [1953 L.L.J. (i), 195]. I may profitably quote the observations of the Supreme Court of India in this respect. "Though the word 'undertaking' in the definition of 'industry' is wedged in between 'business' and 'trade' on the one hand, and 'manufacture' on the other, and though therefore it might mean only a business or trade or undertaking, still it must be remembered that if that were so, there was no need to use the word separately from business or trade. Wider import is attracted even more clearly when we look to the latter part of the definition, which refers to calling, service, employment or industrial occupation or avocation of workmen. 'Undertaking' in the first part of the definition and industrial occupation or avocation in the second part, obviously meant much more than what is ordinarily understood by trade or business. The definition was apparently intended to include within its scope what might not strictly be called trade or business ventures." The Supreme Court has further observed in that case "Conflicts between capital and labour have now to be determined more from the standpoint of status than of contract." When we think of industry, the question of capital cannot be divorced from it. But Mr. Chowdhury had tried to distinguish this pronouncement of the Supreme Court on the ground of the facts in that case, which are quite different from those of the instant case, and that it was not the case of a professional firm like the present one. But in my view, the interpretation of the word "industry" as given by the Hon'ble Supreme Court of India in the aforesaid case is applicable to all cases including the case of a firm carrying on legal profession. It was further contended that the words "business", "trade", "undertaking" or "'calling of employers" should be qualified by

the adjective "industrial", and that the words "calling", "service" and "employment of workmen" should also be qualified by the same adjective "industrial". It will be noticed that in the definition of the word "industrial", the word "industrial" is used to qualify the words "occupation or avocation of workmen". But it is not used to qualify the words "any calling, service, employment or handicraft of workmen", and it is not used to qualify the terms "business, trade, undertaking, manufacture or calling of employers". The omission appears to be intentional. Therefore, any undertaking is an industry. "Industry" as defined in section 2(j) clearly includes a profession like the firm of Solicitors. A lawyer carrying on his profession and earning money by his skill where no capital is employed, cannot be said to be an industry. But such cannot be the case in respect of a firm of Solicitors like the present one. In this firm, each partner does not get the remuneration of professional services rendered by him, but he takes a share of the joint income of all the partners. His income need not be proportionate to the services rendered by him. Not only this, they appoint assistants on salary and the firm trades on the services, which it obtains from the assistants, who are not professional men. This complex set-up becomes an industry, though an individual practising will not be an industry. When assistants and other helpers are engaged, the question of capital comes in, in whatever name it may be designated. In this connection, I may cite also the case of Shri Vishuddananda Saraswati Marwari Hospital *versus* its workmen, which was decided by the Labour Appellate Tribunal of India and reported in 1952 L.A.C. 562. In that case, their lordships held that the word "undertaking" appearing in the definition of "industry", includes even a charitable hospital and comes within the purview of "industry". When a charitable institution like a hospital comes within the purview of "industry" there cannot be any room for doubt that a profitable profession carried on by a firm of attorneys also falls within its fold. Such attorneys can be said to be engaged in a "business", and are rendering services to their clients. I am fully alive to the fact that the income of this firm is the direct result of the efforts of the partners of this firm, who are also solicitors. No doubt, the brain work of this firm falls upon the partners. But at the same time, the staff employed by them do make some contribution. They do get help from the assistants employed by them on salary. The working staff have also to make contribution of labour to the operation of this firm by way of maintaining accounts, carrying on correspondence, typing the same and so forth. So, there is relationship of employer and employees between the firm and its assistants and staff. In the result, I come to the conclusion that there is no merit or force in the preliminary objection, which is accordingly overruled. It is decided that the present firm is an "industry" within the meaning of section 2(j) of the Act, and as such the dispute between this firm and its employees is an industrial dispute. That being so, the Government Order of Reference in the present case must be deemed to be valid in law, and the Tribunal has jurisdiction to adjudicate upon the issues formulated therein.

In parting, I may add another point which is nonetheless important. Previously, there was an industrial dispute between this firm and its employees, which was referred to a Tribunal for adjudication by Government order No. 135Lab., dated 17th January 1948. This firm of solicitors at that time came to be associated with the Bengal Chamber of Commerce in its attempt to help the employees to get the benefits of cheap ration, which the latter had been procuring for the employees of its members. The award of the Tribunal regarding the aforesaid dispute was published in the *Calcutta Gazette*, dated 9th June 1949. It appears from that award

that one of the issues in that industrial dispute was whether the Tribunal had jurisdiction to adjudicate against this firm (*vide* Issue No. 18). The Tribunal held that it had jurisdiction. Recently, it has been held by their lordships of the Hon'ble Supreme Court of India in Burn & Co., Ltd., case [1957 L.L.J.(i), 226] that it would be contrary to the well established principles that a decision once rendered by a competent authority on a matter in issue between the parties after a full enquiry, should be permitted to be re-agitated. The awards are regarded as intended to operation, liable to be modified by change on which they are based. In my judgment, material change in the circumstances, on which the finding of this issue in the earlier award was based. That being so, the previous award on this issue cannot be permitted to be re-agitated in this case, and the question of jurisdiction of the Tribunal appears to be barred by the principles of *res judicata* also.

In this dispute between Messrs. Naaz Hotel (hereinafter referred as to the Company), 22 Wellesly Street, Calcutta, and their workmen represented by Calcutta Lower Grade Employees' Union, 249 Bowbazar Street, Calcutta, over the termination of services of 31 workmen mentioned below, was referred to this Tribunal, for adjudication by the Government of West Bengal, Labour Department, order No. 671I.R./D/11L-218/56, dated the 4th March 1957.

Issue

(1) Whether the termination of services of 31 workmen as per list attached is justified. To what relief are they entitled?

(30) Azizul Aham.
(31) Md. Isani.

Both parties filed written statements. The Union representing the workmen concerned in the dispute is absent. A day's adjournment was asked for and granted yesterday. This day was fixed for positive hearing

of the case. The Company is present with witnesses. O.P.W 1 Shri Irshad Ullah is examined and the documents are marked as Exts. A, B and C. Heard Shri P. K. Nandy, Counsel, for the Company.

It is clear, beyond doubt, that Naaz Hotel is not a successor in interest of Malabar Muslim Restaurant. The workmen in dispute were the employees of Malabar Muslim Restaurant. It appears from the Union's written statement that this Restaurant was completely closed down on the 7th January 1956 and all these employees were thrown out of employment after a 7 days' notice. It is also alleged that the proprietor of the Restaurant restarted the business under the banner of "Naaz Hotel" with new employees. Hence this dispute.

Irshad Ullah's evidence and the Licence, rent receipts, etc., go to show that the proprietor of "Naaz Hotel Eating House" is not a successor in interest of Malabar Muslim Resturant. The proprietor comes from Northern India and has nothing to do with the Proprietor of Malabar Muslim Restaurant or with his business. The present proprietor restarted the business in April 1956, in the vacant premises at 22 Wellesly Street, Calcutta, with his own men, money and furniture. I fail to see how on this evidence he can be called upon to answer, any claim in this case, put forward by the former employees of Malabar Muslim Restaurant. I have taken care to record and consider evidence, relevant for this enquiry, although the Union is found absent without any intimation to this Tribunal. The workmen are not entitled to any relief from "Naaz Hotel", and the issue is answered accordingly.

This is my award.

Lahiri & Co., 165 Rash Behari Avenue, Calcutta-29, and their workman Shri Nani Lal Dey represented by the Radhabazar Watch Company's Employees' Union, 39/9A Gopalnagore Road, Calcutta-27, regarding the issues mentioned in the said order being matters specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the First Labour Court;

ANNEXURE

In the matter of an industrial dispute between Messrs. Lahiri & Co., 156 Rash Behari Avenue, Calcutta-29, and their workman Shri Nani Lal Dey, represented by the Radhabazar Watch Co.'s Employees' Union, 39/9A Gopalnagore Road, Calcutta-27, referred under Government order No. 1133I.R./IR/11L-51/57, dated the 11th April 1957.

BEFORE THE FIRST LABOUR COURT, WEST BENGAL

PRESENT:

SHRI N. C. CHATTERJEE, *Judge*

Appearances.

For the Union: Shri Modan Mohan Saha, Advocate.

For the Company: Shri Ajit Kumar Sanyal.

The Government of West Bengal in the Department of Labour by order No. 1133I.R./IR/11L-51/57, dated the 11th April 1957, referred to this Court under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Lahiri & Co., 156 Rash Behari Avenue, Calcutta-29, and their workman Shri Nani Lal Dey, represented by the Radhabazar Watch Co.'s Employees' Union, 39/9A Gopalnagore Road, Calcutta-27, regarding matters specified in the second schedule of the Act.

Schedule

(1) Is the discharge of Shri Nani Lal Dey justified? To what relief is he entitled?

Notices were issued to both the parties and the Union appeared and filed a written statement setting forth its case. The Company also entered appearance and put in objections. Both parties adduced oral and documentary evidence. The case of the Union in the written statement may be thus stated in brief:—

The Company runs a watch repairers' shop on Rash Behari Avenue, Calcutta, where the discharged workman was employed as a repairer of watches. The Company had no fixed hours of work, nor did it formulate any rules for leave, holidays, overtime work, etc., so this particular workman took up the causes of his aggrieved colleagues and with a view to redressing their grievances enlisted himself as a member of the Radha Bazar Watch Co.'s Employees' Union to improve their lot. This enraged the proprietor who, therefore, abruptly discharged the workman without any notice and charge-sheet and thus victimised him. His pay was Rs. 70 per month and he was not even paid full wages for the period of his employment in July 1956. The Union contends that the discharge of the workman is wholly unjustified and illegal and seeks his reinstatement with arrears of his wages.

The Company (Messrs. Lahiri & Co.) represented by its sole proprietor Shri Amal Lochan Lahiri contests this case. He controverts the allegations in the written statement of the Union and his case is that his is a small shop with only 2 or 3 workmen making but small profits. This workman was initially employed in May 1955 on a temporary basis at the rate of daily wages of Rs. 2-5-6 in May 1955 but he was discharged on 21st July

1956 as his work was found repeatedly unsatisfactory. Before final discharge in July 1956, he was twice discharged in December 1955 and again in May 1956 but was reinstated on his entreaties and on his undertaking to improve his works but to no effect. The workman proved a failure and the Company was obliged to discharge him and that justly. The workman cannot claim reinstatement. It is also contended that the shop being a private one, the provisions of the Industrial Disputes Act are not applicable to this case.

The following issues fall for determination in this case:—

(1) Is this an industrial dispute? Do the provisions of the Industrial Disputes Act apply to this case?

(2) Is the discharge of Shri Nani Lal Dey justified? To what relief is he entitled?

DECISION

Issue No. (1)

There is no force in this contention. The contention on this score has been settled at rest by the ruling reported in 53 C.W.N.(F.R.), page 59 (Western India Automobile Association appellants *versus* Industrial Tribunal Bombay and others). That illuminating judgment has laid down as follows:—

"According to section 2 of the Industrial Disputes Act, disputes concerning all industrial concerns whether owned by Government or private persons are included within the ambit of the Act. The preamble of the Act is wide enough for that and the scheme of the Act fits in with the interpretation of the word 'employer'." In view of the reported judgment this point calls for no such discussion. The dispute is, therefore, held to be an industrial dispute and the provisions of the Industrial Disputes Act apply to this case.

Issue No. (2)

The facts not in dispute are that the Company's watch repairing shop is a small one located in 156 Rash Behari Avenue, Calcutta, where 2 or 3 workmen are ordinarily employed. The discharged workman Shri Nani Lal Dey was appointed there in May 1955, and discharged on 21st July 1956 without any notice, charge-sheet or enquiry. There is, however, difference in parties' versions regarding the nature of his service and the quantum of his wages. The Company's version is that he was employed on a temporary basis at daily wages of Rs. 2-5-6, whereas the union contends that he was employed on a permanent basis at a monthly pay of Rs. 70.

The Union's case rests on the uncorroborated testimony of the discharged workman, whereas the Company examined the proprietor Shri Amal Lochan Lahiri and his two other workmen Shri Bhupen Nath and Shri Pachu Gopal Das. The facts that emerge clear from the evidence carefully appraised are that the workman was first employed on a temporary basis at a monthly pay of Rs. 70 with a prospect of permanency, if his work was found satisfactory, but his work falling short of the required standard in spite of repeated warnings, he was discharged on 21st July 1956.

Now the point is whether his discharge is justified. The evidence establishes that he was discharged twice—once in December 1955 and again in April 1956, for inefficiency but he was reinstated on his undertaking to improve the quality of his work. He could not mend his ways and his

work continued to be unsatisfactory as before. This is certainly due to his negligence and inefficiency and the Company was obliged to discharge him. The Company cannot obviously go on with unwilling or inefficient workers whose works do not come up to Company's expectations and customers' approval. If the workman was retained, the Company apprehended reduction in their whole of work for customers and consequent loss in business and profits. The Company's action, therefore, in discharging him cannot be found to be unjustified.

Next comes the question what relief may be granted to the workman. The Company cannot fairly be asked to reinstate such an inefficient workman. Compelling the Company to re-employ this workman, will obviously lead it to ruin. That is a relief against which law must set its face in this case. And furthermore the reinstatement of such a workman may disturb the peace and harmony in the Company. In this view of the matter, reinstatement cannot be granted.

Viewed from proper perspective the present discharge cannot be held to amount to retrenchment as defined in section 2(oo) of the Industrial Disputes Act. So the provision of section 25F(b) is not attracted here and he cannot get 15 days' average pay for this justified discharge. This view is supported by the ruling reported in L.L.J., Vol. 1, March 1957 at page 334 (Narsingirji Spinning & Manufacturing Co., Ltd., *versus* Abdul Mohoddin).

It is, however, common ground that the workman was not charge-sheeted, nor was any enquiry held, so, in law and equity, he is entitled to a month's pay in lieu of notice. This entitles him to recover Rs. 70 from the Company.

As regards the balance of his wages—his wages are found to be Rs. 70 per mensem and admittedly he was discharged on 21st July 1956 after payment of Rs. 40 in two kists of Rs. 20 each, so his wages for the 20 days of July 1956 for which he worked are calculated at Rs. 45-1-8 towards which he was paid Rs. 40 and he is entitled to get Rs. 5-1-8.

Thus the workman is entitled to get Rs. 70 in lieu of notice and Rs. 5-1-8 as the balance of his wages for the 20 days of July 1956, in all Rs. 70+Rs. 5-1-8=Rs. 75-1-8 only. His prayer for reinstatement is refused. The Company must pay Rs. 75-1-8 to the workman within a month of the publication of the award.

This is my award.

FINDINGS

Issue No. 1

This issue related to the suspension of thirty workers with effect from 24th January 1955 and 25th January 1955. The Mazdoor Union does not contest this issue. The Labour Union contends that this order of suspension was arbitrary and illegal. Sixteen out of the thirty workers are members of the Executive Committee of the Union, remaining fourteen are leading members. All of them were charge-sheeted within a few hours of the lifting of the order of lay-off, on baseless and false charges. The action of the Management was, therefore, *mala fide* and unjust, and should be vacated. The Company's contention, on the other hand, is that the reference is bad, inasmuch as suspension pending enquiry was no punishment and, therefore, it could not be a subject-matter of an order of reference. Shri P. R. Mukherjee, on behalf of the Company, relied on the decision of the Labour Appellate Tribunal in the case of West End Watch Company reported in L.A.C. 1955, pp. 837-840. In paragraph 3 of the said judgment the Hon'ble Tribunal observed "It has not been denied that the Government has the power to make such an order". It is only in paragraph 4 where it is said "As to merits, the suspension as urged on behalf of the Company was for the purpose of an enquiry about an alleged misconduct and such suspension has been held not to amount to penalty and cannot be subject of an order of reference. It is hard to follow what their Lordship actually meant by observing as above. If Government, as admitted, has power to make the reference, which is undoubtedly has, as observed in paragraph 3 of the said judgment, I fail to see how in the beginning of the next paragraph it could be said that such a matter could not be the subject of an order of reference. Probably, their Lordships were stating the contention of the appellant in that case, and not their opinion of it. There has arisen a dispute over the order of suspension in question, and the State Government has very wide powers under section 10 of the Industrial Disputes Act to make a reference for adjudication of the same. I find the reference in order.

It appears from the Ext. K series that the Management issued charge-sheets on 24th January 1955 and 25th January 1955 to these thirty workmen for threatening the other workers with violence and inciting them to stop work and to sabotage the machines. They were directed to explain within 7 days as to why they should not be dismissed from service on the said charges. In the meantime, they were placed under suspension, as a security measure, pending enquiry and further orders. Shri P. R. Mukherjee contends that the Management was within its right to adopt this measure, and that the suspension pending enquiry was no punishment. Contingent punishment is something unknown to law. He relies upon a decision of the Hon'ble Supreme Court in the case of Lakshmi Devi Sugar Mills Ltd., XI F.J.R., p. 283 and L.A.C. 1954, p. 307. There is not much of controversy over facts relevant on this point. P.W. 1., Shri Chatur Ali, is not an employee of the Mills. He is an outsider. He says that 16 out of 30 suspended workers are members of the Executive Committee of his Union and the remaining 14 workers are members only. No charge-sheets were issued on 24th January 1955 when all these workers were verbally suspended. Charge-sheets were issued 10 to 15 days thereafter. This appears to be against the Union's written statement in paragraph 8. This has been also falsified by the charge-sheets Ext. K series. It is, therefore, not clear from this evidence that the order of suspension pending enquiry into the charges of misconduct was made by way of punishment of the workers. Their Lordships of the Hon'ble Supreme Court in the case of Lakshmi Devi Sugar Mills Ltd. was considering a matter in connection with an application under section 33 of the Industrial Disputes Act, and in doing so they observed that an order of suspension without pay, and for an indefinite period, is no punishment when it is made pending enquiry into the charges of misconduct, as in the instant case. We are, however, not concerned so much with the legality of the order as with its justification. The Management is, no doubt, within its right to pass such an order and it is, therefore, not opposed to law.

The question is whether, on the facts, and in the circumstances of this case, such order of suspension is justified. In other words, whether the Management had *prima facie* evidence in proof of the alleged charges of misconduct against the workers and, whether in view of the gravity of the situation the extreme act of placing the workers under suspension was necessary. The Union's case is that this action is *mala fide* for it was made only to harass the members of the Labour Union and to victimise them for their union activities. There are two Unions which represent the workers of the Mills in this case. The Mazdoor Union is the older of the two and appears to be sponsored by the Management. The Labour Union of which the suspended workers are members is, no doubt, a rival Union, and therefore, it is not in the good book of the Management. Apart from that, there is no evidence to show that this Union was carrying on any particular agitation against the interest of the Company at the relevant time. P.W. 2, Md. Innat, is an employee of the Drum Winding Department. He is one of the suspended workers. He says that he did not attend the enquiry into the charges made against him although he replied to the charges in time. He did not directly speak on the alleged falsity of the charges. P.W. 3, Shri Baldev Prosad Tewari, is the Secretary of the Mazdoor Union. He is an employee of this Mill since it was started. He is working in the Weaving Section. Now, there was an incident inside the Mill on 27th December 1954 when the workers of the Drum Winding Section refused to carry beams as before. As a result of this refusal, the work in other departments gradually came to a stand still. This resulted in laying-off of about 240 workers between 30th December 1954 and 22nd January 1955. Lay-off was lifted on 22nd January 1955. This was done as

a result of a compromise between the parties before the Conciliation Officer. Thereafter, as Shri Tewari says, some workers of the Drum Winding Section, the Loom Weaving Section and of other sections started fresh disturbances. They disobeyed the Supervisors and damaged some machines, and also sat down within the Factory. They also threatened the loyal workers, and assaulted them. It is in evidence of Shri Tewari, who is the Secretary of the Mazdoor Union, that the suspended workers tried to assault the Supervisor and incited other workers to stop work. O.P.W. 1, Shri D. N. Jha, the Accountant of the Company, proved the charges against the suspended workers. The Ext. P series are the complaints from workers who had received threatening of assault from the suspended workers. The evidences of P.W. 1, and the Secretary of the rival Union, P.W. 3, are likely to be of partisan character. But then there is other evidence on record to show that the Management had good reasons to apprehend fresh troubles and damage to the machines from the suspended workers. After all, the lay-off was lifted as a result of a compromise between the parties, and there was hardly any good reason for the Management to falsely implicate these workers shortly after the compromise just to put them under suspension pending enquiry. P.W. 2 received charge-sheet and replied to it, but he did not attend the enquiry. He did not say why he refused to attend. That shows the clear motive behind the alleged action of the workers. The Management proceeded with the enquiry and, in fact, held an enquiry. Ext. J series are the enquiry reports. On the basis of that the Management approached the Conciliation Officer with a prayer for permission to dismiss these workers from service. In the meantime, the dispute was referred to this Tribunal, and the Management filed an application before it for express permission for their dismissal. The applications were subsequently withdrawn on some alleged technical grounds. All these go to show that the Management's action in suspending the workers pending enquiry into the charges of the alleged misconduct is *bona fide*. It is justified on the facts and in the circumstances of the case. The fact that this state of things was continuing for a pretty long time, during which the reference was pending before this Tribunal and/or other Tribunals, is no ground for holding that the initial action of the Management was unjust and illegal.

The question of relief does not really arise on the facts of the case. In the first place, the question of reinstatement does not arise for it is nobody's case that any of the workers was dismissed from service. As to the payment of compensation for the period of suspension, the Labour Union has not even attempted to show by evidence that, apart from hardships consequent on unemployment, there is any case for which the Management was liable to pay it. In view of the findings recorded above, the suspended workers are not entitled to any compensation. I decide this issue accordingly.

Issue No. 2

It relates to lay-off of 240 workers from 30th December 1954 to 22nd January 1955 and for payment of compensation. Both the Unions contest this issue claiming lay-off benefits under the provisions of the Industrial Disputes Act. In the written statement, the Labour Union did not question the propriety of the action in laying-off the workers. During trial, the Union's case was that lay-off could have been easily avoided if the Management did not take any high-handed action in forcing the workers of the Drum Winding Section to carry beams against their will, and that in violation of a long-standing practice to the contrary in the Factory. The Mazdoor Union, however, practically supports the case of the Management in its pleadings and evidence. Question is whether the lay-off is justified.

It appears that all 240 workmen were not laid-off at a time. They were laid-off in batches. It is in evidence of P.W. 3, Shri Tewari and O.P.W. 1., Shri D. N. Jha, that there were some incidents inside the Mill on 27th December 1954 when all on a sudden the workers of the Drum Winding Section refused to carry beams to other departments. The work was stopped, and the workers were charge-sheeted. They, however, refused to leave the factory premises after the shift hours, and had to be ejected with the help of the Police. Now, the Drum Winding Section practically speaking feeds all other sections in the Mill. The workers of the Drum Winding Section prepare balls of yarns and carry beams for working of Drawer Recher Section and other sections. The workers of this section used to carry beams from the very beginning and it was a part and parcel of their normal duty for which they were not paid any extra wages. With the stoppage of work in the Drum Winding Section, the work in other scetions gradually came to a stand still. In the meantime, the Management asked the workers of the Loom Weaving Section to take up the work of the Drum Winding Section on the same pay which they were getting in their own department. This offer of alternative job was refused. This stoppage ultimately paralysed the work of the Mill. P.W. 1 and P.W. 2 said that the workers of the Drum Winding Section never carried beams, and that they very rightly refused to do this work. This evidence suggested that the lay-off was due to the Management's wrong action in forcing some workers to do a bit of extra work without payment of extra wages. Shri Jha and Shri Tewari are both oldest employees of the Mill. They are associated with it since the very beginning. They, however, said that the Drum Winding Section always carried beams to other departments, and it was a part of their job. Shri P. R. Mukherjee invited a reference to the Labour Union's written statement at paragraphs 3 and 4 and contended that there was not a word about it as a ground for lay-off. Further, it is clear from the former Labour Union Secretary's letter, dated 27th January 1955—Ext. A that the workers of the Drum Winding Section had for long been doing the double job of lifting beams to other departments. For this, the workers were demanding extra wages for a long time and, in fact, the then Secretary, Shri Narsingh Nayak, demanded payment of some extra wages for this extra work. It is now too late to say or suggest that lifting the beams was no duty of the workers of Drum Winding Section or that this was never done by them before the incident. That being so, there was practically no justification for the concerted refusal of work by the workers of the Drum Winding Section. This amounted to strike. It is immaterial whether this strike is of short duration, or undertaken only by a group of workers. It is nevertheless a strike. This paralysed the entire work of all the departments in the Mills, not at once, but gradually. In these circumstances, the Management was justified in laying-off the workers, although in doing so they might have laid-off some innocent and loyal workers who were not directly responsible either for the strike or for the stoppage of work in the Mill.

Question is whether these workers are entitled to lay-off benefits, as provided in section 25(C) of the Industrial Disputes Act. Shri P. R. Mukherjee's contention is that none of the workers are entitled to it for (i) they of the Loom Weaving Department improperly refused alternative job when offered, and clearly forfeited all claims to it, and (ii) that this lay-off was due to a strike on the part of the workmen in the Drum Winding Section. He was referring to the clear provision of section 25(E) I and III of the Industrial Disputes Act. There is evidence that workers of the Loom Weaving Department refused to take up work in the Drum Winding Department, when the workers of that department suddenly went on strike and refused to lift beams to other departments. There is also evidence, which

I do not repeat, to show that there was a strike in the Drum Winding Department and, accordingly, the lay-off was forced upon the Management. In these circumstances, the workers are not entitled to any lay-off benefits under the provisions of the Industrial Disputes Act.

There is one other point, which was taken up by Shri P. R. Mukherjee, as a preliminary objection to the adjudication of this issue. He said that all disputes arising out of lay-off were settled amicably by an agreement (tripartite), dated 15th January 1955—Ext. I. The said agreement, being still in force and binding upon both the parties, operates as a bar under section 19, sub-section 2 of the Industrial Disputes Act, to the adjudication of the dispute. In fact, a reference of the dispute, during the period in which the said agreement is in force, is invalid. It is true that some disputes over lay-off were settled by such agreement. Paragraph 5(iii) of the Memorandum of Settlement—Ext.I says:

> "The other outstanding disputes between the parties will be reduced to writing by the parties and forwarded to this office for conciliation in due course."

It is clear from the said terms of the agreement, that the question of compensation for lay-off was not settled between the parties. It is, therefore, wrong to say that the said agreement—Ext. I operated as a bar to this issue which relates to payment of compensation for the lay-off. This contention, therefore, fails. I decide this issue against the Union.

This is my award.

AWARD

1. By order No. 2265Dis./D/10L-74/56, dated the 28th May 1956, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Bengal Iron Works, Ltd., 16/2 Chatterjeepara Lane, Howrah, and their workmen represented by Howrah Small Factories Workers' Union, 1 Raja Ram Dass Lane, Howrah, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted

under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual summons the parties entered appearance and filed their written statements. The pleadings were completed on 24th September 1956. The parties were thereafter directed to file lists of documents. Then after adjournments the hearing of the dispute was concluded and award was reserved.

3. The matters of dispute as stated in the schedule to the order of reference are as follows:—

(1) Whether the dismissal of the following five workmen is justified? What relief by way of reinstatement and/or compensation are they entitled to?—

(i) Shri Naba Kumar Das, (ii) Shri Anil Pollay, (iii) Shri Jiban Krishna Karar, (iv) Shri Jiten Bachhar and (v) Shri Bharat Hazra.

(2) Bonus for 1954.

4. The dispute arose out of dismissal of the five workmen. The case of Howrah Small Factories Workers' Union (hereafter called the Union) in short is that ever since the Union presented a charter of demands on 11th March 1955 and there was settlement on 15th July 1955, the Management was looking for and marking time for victimising the workmen. It suddenly suspended one workman Joydeb on 16th August 1955 and when the workers wanted to know the reasons for the same, the reasons were not disclosed and the workers were so compelled to strike on 18th August 1955. This afforded the Management their desired opportunity. The five workmen were given charge-sheets and they were eventually dismissed. The dismissal was *mala fide* and by way of victimisation.

The Company denied the charge of having dismissed from a motive of victimisation and pleaded that the dismissals were justified and that it acted *bona fide* throughout.

DECISION

Issue No. 1

In support of their case the Union examined the five workmen concerned, P.Ws. 1 to 5 besides proving documents Exts. 1 to 4(a). Messrs. Bengal Iron Works, Ltd. (hereafter called the Company), on the other hand, has examined the Works Manager D.W. 1 Shri Brindaban Chandra Doari, Sales Organiser D.W. 2 Shri Kanai Lal Ghosh and turner D.W. 3 Shri Probodh Chandra Ghosh besides proving documents Exts. A to B1.

The Company is an engineering concern which was established in 1920. It has workshop at 16/2 Chatterjeepara Lane, Howrah, where it employed about 50 workers. It has specialised in the manufacture of vertical pumps popularly known as "B" pumps.

The workmen of the workshop became members of Howrah Small Factories Workers' Union for the purpose of collective bargaining. The said Union presented a charter of demands on behalf of the workmen to the Management on 11th March 1955. Eventually there was a settlement between the Company and the workmen through the mediation of the Conciliation Officer, Howrah, on 15th July 1955 (*vide* Ext. N1). There had also been another agreement between the Company and the workmen on 20th January 1951 long before the workmen joined any Union (Ext. N).

On 16th August 1955, a worker Joydeb Mondal was suspended by the Management by way of punishment and notice of suspension was hung up on the notice board on 16th August 1955 (Ext. E series). Before this Joydeb Mondal who was a turner had been given charge-sheet on 11th August 1955 (Ext. E), which he had refused to accept. Then on 12th August 1955, the charge-sheet had been again sent out to him which too he had refused. Then an enquiry had been held on 12th August 1955 wherein witnesses were examined and Joydeb Mondal was questioned (Ext. E5). Thereafter Joydeb Mondal was suspended as aforesaid on 16th August 1955 for misconduct.

Over such suspension the five workmen named in the order of reference and others struck work on 18th August 1955. Sales Organiser D.W. 2 Shri Kanai Lal Ghosh attempting to give delivery of a pump on 18th August 1955, in pursuance of an urgent order received on 16th August 1955 from American Electric Pump and Distributors, was alleged to have been assaulted, abused and pushed down on 18th August 1955 by the four workmen Shri Naba Kumar Das, Anil Pollay, Jiban Krishna Karar and Jiten Bachhar and the pump was said to have been snatched away from his hand by the said workmen. Sales Organiser Shri Kanai Lal Ghosh immediately made a written complaint about it to the Manager (*vide* Ext. 6) and also made a diary in the thana subsequently. Some workmen also made complaint to the Management about the workmen concerned compelling them to join strike on 18th August 1955 against their will on threats of violence (*vide* Ext. F series). D.W. 3 also made such complaint.

On 19th August 1955, the workmen concerned except Bharat Hazra were given charge-sheets, and Bharat Hazra was given charge-sheet on 20th August 1955 [*vide* Exts. 1, 2, 2(a), 2(b) and I]. The workmen concerned submitted explanations except Bharat Chandra Hazra (*vide* Exts. A, A1, A2, A3). Thereafter the workmen were notified about the dates of enquiry and, then an enquiry was held into the charges on 24th August 1955, when the witnesses were examined and the five workmen concerned were questioned and their answers were recorded (Exts. B and C series). On that very day the Management on conclusion of the enquiry informed the workmen that it was satisfied that the workmen were guilty of the charges brought against them and it accordingly dismissed the workmen effective from 9 a.m. on 25th August 1955. Hence the dispute.

As per evidence of the workmen (P.Ws. 1 to 5), after suspension of Joydeb Mondal on 16th August 1955, they wanted to know the reasons about suspension from the Works Manager D.W.1 on 17th August 1955 and sent a joint letter to the Works Manager to that effect on that date that unless the reasons of suspension were communicated to the workers within 24 hours, they would resort to strike in protest against the suspesion. It was said that as Works Manager did not give reasons of suspension, the workers struck work on 18th August 1955 and the strike was withdrawn from 1 p.m. and normal work was carried on from 1 p.m. to 4-30 p.m. According to the witnesses on the side of the Company there was no work in the workshop on 17th August 1955 on account of a call for general *hartal* in connection with Goa Day, and accordingly no workmen turned up on that date, nor was any letter made over to the Works Manager. It was said that the workers coming to the factory on 18th August 1955, wanted to know the reasons of suspension and when the Works Manager refused to say anything beyond what had been stated in the notice of supension, there was a strike brought about by the five workmen concerned on 18th August 1955 and it continued throughout the day and no work was done.

From the evidence and circumstances, I prefer to accept the evidence on the side of the Company as being more probable and natural. It appears that there was no work in the workshop on 17th August 1955, on account of general call for *hartal* in connection with Goa Day and that no letter as in Ext. 3 was tendered to the Works Manager on 17th August 1955. The evidence further reveals that notice suspending Joydeb Mondal was hung up on 16th August 1955 and the workmen came to know about suspension on 16th August 1955, while returning from work at the close of the factory. The notice as was hung up in the notice board stated the reasons of the suspension of Joydeb Mondal.

None except P.W. 1 claimed to have personal knowledge regarding tender of letter (Ext. 3) to the Works Manager on 17th August 1955. P.W. 1 Naba Kumar Das, who spoke about such tender deposed contrary to the case of the written statement that Works Manager did not accept the letter (Ext. 3) which was returned to him. Ext. 3 which is claimed to have been the joint letter does not bear any date. The dates 17th August 1955 and 18th August 1955 as were mentioned in it were apparently inserted subsequently, the body being written in pencil, while the dates having been given in ink. The said letter was not even signed by any workman. It was on the contrary admittedly written throughout by P.W. 1 Naba Kumar Das and purported to have been written on behalf of *Karikarbrinda*. There is, however, nothing to show that any workman other than the five workmen were party to such demand as in Ext. 3. The demand in Ext. 3 was that unless reasons for such suspension of Joydeb were made known to the workers within 10 to 24 hours, the workers would go on strike. This too, on the face of it, was unreasonable. Whether there was such written demand or not it is admitted on all hands that there was strike soon after on 18th August 1955 and I find no justification whatever for such hasty and uncalled for strike. The evidence also shows that there was no resumption of work from 1 p.m. on 18th August 1955 but that the strike continued throughout the working hours. The evidence of P.Ws. to the contrary is after-thought and unreliable.

Let us now consider the cases individually.

Before so doing it may be noted that in cases of dismissal for misconduct the Tribunal will interfere if there be no evidence to support the action of the employer and also if any of the four elements be present:

(a) There is want of *bona fides*.

(b) It is a case of victimisation or unfair labour practice or violation of principles of natural justice.

(c) There is basic error of facts.

(d) There has been a perverse finding on the materials.

Now, regarding P.W. 1 Shri Naba Kumar Das. He was a workman in the Capstan Machine. On 19th August 1955, he was admittedly given charge-sheet (Ext. 1). The broad charges against him were as follows:—

(1) He had staged a stay-in-strike and incited others to do so on 9th June 1955 for which he had not so far expressed regret although notice in that respect was served.

(2) He resorted to unjustified strike and incited and compelled others by threats of violence to join the strike on 18th August 1955.

(3) He in concert with workmen Jiten Bachhar , Jibon Krishna Kara, and Anil Pollay took illegal possession of works room and obstructed the Management from carrying out the essential nature of the business on 18th August 1955.

(4) He along with Anil Pollay, Jibon Krishna Karar and Jiten Bachhar abused, assaulted Sales Organiser Shri Kanai Lal Ghosh on 18th August 1955 and snatched away the pump forcibly while the said Kanai Lal Ghosh was taking out the same for delivery on 18th August 1955.

He submitted the explanation to the said charges on 22nd August 1955 (Ext. A). Thereafter he admittedly received notice regarding enquiry (Ext. B). Although he denied having attended enquiry the other workmen concerned, P.W. 3 Anil Pollay admitted in cross-examination that all the five workmen including himself attended the enquiry and were questioned and gave answers which were recorded. The evidence shows that an enquiry was held into the charges on 24th August 1955 when the Works Manager D.W. 1, the Sales Organiser D.W. 2 and the turner D.W. 3 were examined by the Company and the five workmen concerned were questioned. The evidence of the Works Manager D.W. 1 reveals that the workmen were also asked whether they would examine any witness, to which some gave out certain names and the workmen so named were also examined. The copies of the proceedings which are Exts. C to C4 also corroborate him. The proceedings reveal that the workmen adopted non-co-operative attitude as the Union officials were not asked to be present. Be that as it may, it appears that there was substantial compliance with the principles of natural justice. The Works Manager had personal knowledge about the occurrence regarding the Sales Organiser. Then there was the written complaint by the Sales Organiser as also other written complaints (Ext. F series) by the workers before the Management. On a review of the evidence the Management came to the finding that the charges against P.W. 1 Naba Kumar Das were established and upon such finding it dismissed him. On the materials on record I am unable to say that the said dismissal was unjustified or *mala fide*. Shri Naba Kumar Das had previously received warning on 18th March 1955 (Ext. Q). Thereafter he admittedly joined a stay-in-strike on 9th June 1955, for which he claimed that there was settlement by the agreement brought about between the Company and the workmen through the mediation of the Conciliation Officer on 15th July 1955. The said agreement (Ext. N1) does not, however, show such settlement. He admittedly joined the strike on 18th August 1955. The ground for the said strike is said to be non-disclosure of the reasons of suspension of Joydeb Mondal. In his examination-in-chief P.W. 1 deposed that although the Works Manager did not give reasons for suspension of Joydeb Mondal, he came to know of the reasons of suspension of Joydeb Mondal from the proprietor on 17th August 1955. So according to his own showing, there was no justification whatever for the strike on 18th August 1955. According to P.W. 5 Jibon Krishna Karar, they found the notice regarding suspension of Joydeb Mondal hung up in the notice board of the Company on 16th August 1955, while coming out of the factory after duty hours. He also deposed that at about 5 p.m. on 16th August 1955, they held discussion among themselves regarding what action they could take in the matter of suspension of Joydeb Mondal. This would also belie that non-disclosure of the reasons was the ground of the strike. The facts and circumstances rather show that he in concert with some other four workmen was bent upon to bring about a strike to nullify the order of suspension of Joydeb Mondal. P.W. 1, according to his own showing went to the Works Manager and demanded from him, the reasons for suspension of Joydeb Mondal. The written complaint shows that he along with 3 other workmen held out threats and compelled some workmen against their will to join their strike. The evidence further reveals that he in concert with Anil

Pollav, Jibon Krishna Karar and Jiten Bachhar, abused, assaulted and pushed down Sales Organiser Kanai Lal Ghosh and snatched away pump from his hand while Kanai Lal Ghosh was taking out the same for delivery on 18th August 1955. He might have been a member of the Union but this would afford no excuse to resort to acts of violence. It does not appear that he was a prominent member either. He could not even give the name of the Union.

Regarding workmen Anil Pollay (P.W. 3), Jibon Krishna Karar (P.W. 5) and Jiten Bachhar (P.W. 4). The charges against them were common. They too were given charge-sheets on 19th August 1955 [Exts. 2, 2(a), 2(b)]. The charges against them were that they resorted to illegal strike and incited, abetted and coerced other workers to join the strike on threats of violence and further that they along with Naba Kumar Das took illegal possession of the works room and obstructed the Management from carrying out essential nature of the business and assaulted and abused Sales Organiser Kanai Lal Ghosh, and snatched away the pump from him. The three workmen submitted their explanations (Exts. A1, A2, A3) on 22nd August 1955. Thereafter they were admittedly given notice regarding enquiry and the evidence shows that they attended the enquiry. It has already been noted that during enquiry, D.W. 1, D.W. 2 and D.W. 3 were examined by the Company and the workmen concerned were questioned. On a review of the evidence before the Management it came to the conclusion that the charges against them were established and it accordingly dismissed them. On the materials on record before this Tribunal I am unable to say that the said dismissal was unjustified or *mala fide*. The occurrence regarding the Sales Organiser was in a way admitted. Workman Bharat Hazra admitted it when questioned during enquiry. His signature also appears under such statement. Then according to their own showing these workmen (P.Ws. 3, 4, 5) were only ordinary members of the Union and had no Union activity to their credit. So there was no motive for the Management for alleged victimisation.

Regarding workman Bharat Hazra. He is P.W. 2. He was a moulder for 2½ years. He admittedly joined strike on 18th August 1955. On 19th August 1955, he was given charge-sheet in English as in Ext. I in a cover sent through peon book. The charge against him was that he resorted to strike on 18th August 1955 and occupied the works room illegally and interfered with essential nature of business of other workers (*vide* Ext. I). Prosecution witness 2 stated that after opening the cover when he found the charge-sheet written in English, he wanted a Bengali version of the charge-sheet but was not given such charge-sheet in Bengali. Accordingly he could not submit explanation. When the workman wanted the charge-sheet in Bengali language, which I believe to be the case, it was incumbent upon the Management to supply him such charge-sheet in Bengali. Natural justice requires that not only charge-sheet should be given but should be explained to the charge-sheeted workman in the language known to him. No doubt the workman was given notice of the enquiry and he attended the enquiry on 24th August 1955, but it appears from the proceedings that he was questioned on points not covered by the charge-sheet. Against him there was no charge of using violence or inciting strike. Nonetheless it appears from the proceedings, Ext. C2, that he was questioned whether he attempted to assault worker Anil with a "rod". The workman denied the allegation. Likewise although there was no charge of inciting strike, he was questioned whether he incited the strike. It was also beside the point. The alleged answer "করাইয়াছি" in the proceedings, Exts. C2 and B2, it appears was not the original entry but result of change by over-writing. When

there was no such charge, the workman could not have admitted having incited the strike. It, therefore, appears that the Management acted against Bharat on materials outside the charges brought against him. Regarding the charge of his occupying works room illegally and interfering with the essential nature of the business, there was and is no material on record to sustain it. In the charges brought against the other four workmen in this respect the name of Bharat Hazra was not mentioned. This would also belie the charge in this respect against him. So, on the materials on record. I am unable to find that his dismissal was justified. He no doubt joined the strike on 18th August 1955, but his explanation during the enquiry and before this Tribunal was that as workmen in general struck work, he also struck work (*vide* his deposition). So the fact of joining strike by itself should not have merited his dismissal, more so when there was no charge of threatening violence or inciting strike against him.

The charge that he had received warning for indiscipline in the past has not also been borne out. His dismissal cannot, therefore, be supported. Loss of wages for the day of strike, I think, was in the circumstances sufficient punishment for him. It appears the Company did not pay him wages for the day of strike. As his dismissal is unjustified, the Company is directed to reinstate Bharat Hazra with back wages from 25th August 1955 on his reporting for duty within 15 days from the date the award becomes enforceable. The other four workmen are, however, entitled to no relief.

Issue No. 2

The Union demands Puja bonus equivalent to one month's wages and dearness allowance as a condition of service and bonus of three months' wages out of profit for the year 1954.

The Company resisted the claim. In the past the workmen admittedly received no bonus. So there cannot be any inference of implied contract of its being a condition of service. No express agreement has either been alleged or proved. So the claim of bonus as condition of service must fail.

Regarding claim of profit, the balance-sheets produced by the Company show that there was loss in the successive years including 1954. The claim of the Union is accordingly rejected.

It is awarded accordingly.

In the matter of an industrial dispute existing between Messrs. American Stores, P-16, 17 and 18 S. S. Hogg Market, Calcutta-13, and one of their workmen, Shri Atul Chandra Saha, represented by the Shop Assistants' Association of Bengal, 7 Padmapukur Road, Calcutta-20 (Case No. VIII—47 of 1947).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Union: Shri Nikunja Behari Dutta, General Secretary, Shop Assistants' Association of Bengal.

For the Company: Shri Ersad Ali.

An industrial dispute between Messrs. American Stores (hereinafter referred to as the Company), P-16, 17 and 18 S. S. Hogg Market, Calcutta-13, and one of their workmen, Shri Atul Chandra Saha, represented by the Shop Assistants' Association of Bengal, 7 Padmapukur Road, Calcutta-20, over the discharge of Shri Saha, was referred to this Tribunal for adjudication by the Government of West Bengal, Labour Department, order No. 475I.R./IR/11L-18/57, dated the 12th February 1957

Issue

(1) Whether the discharge of Shri Atul Chandra Saha was justified? What relief is he entitled to?

AWARD

Shri Atul Chandra Saha was an employee of Messrs. American Stores on a pay of Rs. 113-12 per month including dearness allowance, and that he was suddenly discharged from service without notice, and without assigning any reason whatsoever with effect from the 18th July 1955. The Company's defence is that Shri Saha absented himself from duty from the 18th July 1955, without notice and without showing any reason. It raised an objection that it is not an "industrial dispute" for the Shop Assistants' Association of Bengal merely forwarded the complaint of Shri Saha to the Labour Commisisoner as per Ext. A, and, therefore, the dispute in question is an "individual dispute". So, the Tribunal has no

jurisdiction to adjudicate upon this matter which must fail in *limine* The legal objection thus taken by the Company was left there, and it was not developed during the argument. The representative of the Company being not a lawyer, only placed the point of objection and asked the Tribunal to record a finding on it. Shri Saha's evidence is that he is a member of the Shop Assistants' Association of Bengal, which Association had on his representation taken up his cause before the Labour Commissioner and the Government before the dispute was finally referred to this Tribunal. The said Association represents the case of Shri Saha before the Tribunal as well. The Ext. A is a formal complaint made by the aggrieved employee, Shri Saha, to the Labour Commissioner which was forwarded and sent by the General Secretary of the Shop Assistants' Association. Since, then, the Association has been fighting the cause of Shri Saha. I fail to see how on these facts and circumstances it can be reasonably contended that the dispute remains an "individual dispute" and is not an "industrial dispute". The order of reference leaves no doubt on this point, and the Tribunal finds that it is an "industrial dispute" and, as such, it has jurisdiction to entertain it.

Shri Saha did not attend his duties since the 18th July 1955. The Company wanted to make out a case in its written statement that Shri Saha was in an embarrassing position after having misappropriated the fund of business of the Company, and, therefore, he left the service of his own accord without notice. It is now said on behalf of the Company, that Shri Saha did not like to continue in service for he himself owned a business in the name and style of "Popular Trading Company" at 2/A Free School Street, Calcutta, where he would devote his whole time. Shri Anwar Ali. the young proprietor of the business, and his uncle, Shri Ersad Ali, deposed in support of the defence. It is clear from their evidence that Shri Saha, who was Head Salesman in the Company, had no charge of the management of the business or of its cash or stock. He was never given any charge of cash or stock in writing. All the employees, who worked in the business, handled cash under the supervision of Shri Anwar Ali's father who looked after the business. During the last two years the Company did not think it prudent to proceed against Shri Saha either in the Civil Court or in the Criminal Court on any of the alleged charges. Shri Saha, after having waited long for an amicable settlement, is now prosecuting the case before this Tribunal. Shri Saha is a part-time employee of the Popular Trading Company. He is not the proprietor of the said concern. He did not purchase any proprietory interest in it. Apart from the suggestion, the Company has no evidence to show that Shri Saha is the owner of the Popular Trading Company, or that he left the service out of his own free will just to extract some money from the Company on filing a case against it. Shri Korban Ali, the father of the proprietor, does not come to deny the case of Shri Saha. On a consideration of the evidence, I find that Shri Saha was discharged from service without any justification whatsoever, and without any previous notice. Normally, he is entitled to reinstatement. But considering the feelings between the parties, and in consideration of the claims made by Shri Saha, I am not inclined to direct reinstatement in this case. Shri Atul Chandra Saha is entitled to the following:—

(i) Rs. 109-11-9 on account of arrears of wages admittedly due from the Company (*vide* the Company's written statement at paragraph 5);

(ii) One month's notice pay at the admitted rate of Rs. 113-12-9; and

(iii) Compensation equivalent to 15 days' average pay for every completed year of service under this Company.

Shri Saha had put in 16 years of service only under this Company. The period of his service under the previous Company cannot be taken into consideration in this case. There is no evidence to show that the present Company is either a transferee or a successor in interest of the former Company of which the proprietors were admittedly different persons. Shri Saha is entitled to 8 months' average pay as compensation. All payments under this award shall be made within one month from the date of publication of the award.

This is my award.

For the Union: Shri Nikunja Behari Dutta, General Secretary, Shop Assistants' Association of Bengal.

For the Company: Shri Kartick Chandra Roy Choudhury.

An industrial dispute between Messrs. Roy Choudhury & Co. (hereinafter referred to as the Company), 135 Bowbazar Street, Calcutta-12, and one of their workmen Shri Monmohan Mazumdar represented by Shop Assistants' Association of Bengal, 7 Padmapukur Road, Calcutta-20, over

the discharge of Shri Mazumdar, was referred to this Tribunal for adjudication by the Government of West Bengal, Labour Department, order No 4771.R./1R/11L-25/57, dated the 12th February 1957.

Issue

(1) Whether the termination of services of Shri Monmohan Mazumdar was justified? What relief is he entitled to?

Both parties filed written statements, adduced documentary evidence and advanced arguments in support of their respective cases.

AWARD

Heard the aggrieved employee and the son of the Proprietor of the business, who represents the Company. Shri Mazumdar was appointed on 26th January 1947 on a pay of Rs. 18 per month, *vide* Ext. I. By a notice (Ext. 2), dated the 15th September 1956, his services were terminated due to continued loss in the business. He was offered one month's pay in lieu of notice and his arrear pay for one month. Shri Mazumdar did not accept it. His case is that he has been most arbitrarily dismissed from service, and, therefore, he is entitled to reinstatement with back wages or retrenchment compensation as provided in the Industrial Disputes Act. The Company's case is that Shri Mazumdar was appointed by the eldest son of the Proprietor, who had practically ruined the business and had to be eventually removed from its management. Shri Majumdar has joined him by betraying the trust imposed in him by the Company. I am satisfied from the admitted position of the parties that the business was practically ruined due to mis-management so much so that it had too many debts to pay including the arrears of house rent to the landlord and sales tax dues to the authorities. The employees, now reduced in number, are being paid their arrears of dues by weekly instalments. The critical financial position of the business is self-evident. The retrenchment is, no doubt, justified but the management is estopped from making out another case for termination of service other than that mentioned in the notice—Ext. 2. This is a case of retrenchment, and Shri Mazumdar is entitled to the admitted dues of Rs. 90, i.e., arrear pay for one month and notice pay for one month at the rate of Rs. 45 per month. He is also entitled to compensation, but not for the period in claim, but for one month's pay at the rate of Rs. 45 per month. Both parties agreed to accept this amount in full and final settlement of all the dues in the case. They also agreed that in view of the present critical financial position of the Company, the dues under this award should be paid in three equal monthly instalments beginning from the date of the publication of this award. That is to say, the Company will pay Shri Mazumdar three months' pay at the rate of Rs. 45 per month in three months.

This is my award.

C. E. C. Staff Union, Magnet House, 6 Chittaranjan Avenue (South), Calcutta, employees of The General Electric Company of India Private, Ltd., Magnet House, 6 Chittaranjan Avenue (South), Calcutta, against the aforesaid Company, in connexion with the case which was referred to this Tribunal under Government order No. 2866Dis./D/10L-38/55, dated Calcutta, the 28th June 1955 (Case No. 167 of 1955 under section 33A).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI SAILESH SENGUPTA, *Judge, Sixth Industrial Tribunal.*

Appearances.

For the Company: Shri P. K. Sengupta, Advocate, assisted by Shri S. Mookerjee, Advocate.

For the Union: Shri D. L. Sengupta, Advocate, assisted by Shri M. M. Saha, Advocate.

This is an application under section 33A of the Industrial Disputes Act preferred by two employees of Messrs. General Electric Company of India Private, Limited, on the ground that their services were wrongfully terminated by the Company without the leave of the Tribunal before which a reference proceeding was pending at the time. The workers were charged with falsification of some time-sheets and misappropriation of money received on bills made out on the basis of those time-sheets. There was not an iota of justification for the charges levelled against them. The workers have been victimised by the Company because of their union activities.

The Company resisted the application stating *inter alia* that the two workers were involved in the offences of making alterations in the pay roll, falsification of accounts, misappropriation, cheating and criminal breach of trust. Charge-sheets were served on them to which they had submitted their explanations. An enquiry was held by Shri P. N. Bhusri, a senior member of the staff with the help of two assessors one of whom was a representative of the workers' union. The charge-sheeted persons had full opportunity to make their defence in the enquiry. Shri P. N. Bhusri came

to the finding that these two persons were involved in the offences charged and made a report accordingly. The Company dismissed them as, having regard to the nature of the offence, they could not be permitted to continue in service.

There is no dispute that at the relevant time a reference proceeding was pending, nor there is any dispute that these two workers were concerned in that reference. Not having obtained the leave of the Tribunal the Company had contravened section 33 of the Industrial Disputes Act. The duty is now cast upon the Tribunal to determine if the Company in terminating the services of these workers proceeded on the right track or, in other words, whether the Company has justifiable grounds for the action taken. Ext. F is the charge-sheet served on Shri Shyam Sunder Jana. Ext. E(1) is his explanation. Ext. F(1) is the charge-sheet served on Shri Amulya Kumar Dutta and Ext. E is his explanation. An enquiry was held on the footing of these charge-sheets by a Committee presided over by Shrijut P. N. Bhusri, Manager of the Electrical Department. The Company's case is that he was assisted by two assessors Shri K. P. B. Menon, Senior Assistant, Accounts Department (O. P. W. 4) and P. W. 1 Shri Sukumar Dutta, an employee of the Company who is a member of the Executive Committee of the G. E. C. Staff Union. It is a matter of surprise that the report submitted by Shrijut Bhusri has not been produced. All other papers connected with the incident—even the letters to the members who constituted the Enquiry Committee were on the file and were produced by O. P. W. 3 Mr. Holmes. The report submitted by Shrijut Bhusri was conspicuous by its absence. No explanation was offered by the Company what had happened to the report or why it was not forthcoming. An adverse inference may be drawn by the Tribunal that if it were produced it would have proved unfavourable to the Company's case. In the absence of the report bearing the finding of the Committee, the Tribunal is left to its own devices to come to its conclusions on the meagre evidence available from witnesses examined.

Shrijut Dutta, P. W. 1, who was on the committee deposed that the committee had found the charges unsubstantiated. A joint report was, according to him, submitted in which the committee reported as follows:—

> "We feel that there is no proof forthcoming that they had actually committed it."

O. P. W. 4 Shrijut Menon deposed that he had come to the conclusion that there were opportunities for these charge-sheeted persons to make the alterations. They were the only persons to be benefited out of this. So it appears that Shrijut Menon did not come to any firm conclusion that the alterations had been effected by either of these two persons. They had opportunities. The witnesses had to admit that the head clerk also had similar opportunities to make alterations in the time-sheet. He further admitted that such alterations could be made in course of transit from the Mistry to the Wage Clerk.

Shyam Sunder Jana was charged with having altered or abetted the alteration of time-sheets which resulted in falsification of accounts and breach of trust. Ext. B(1) is the time-sheet under reference. The company's case is that 26th of March was a closed holiday on account of Dol Jatra and no work was done. Still the workers were credited with full work on that day. The time-sheet is prepared by the Supervisor-in-charge of the particular job as admitted by O. P. W. 2 Mr. Baily. It is then sent to Mr. Baily and is initialled by him. It next goes to the wage clerk Shri Amulya Kumar Dutta through the head clerk. Wage Bill is prepared on the basis of the time-sheet and both are returned to the head clerk. These are then

placed before the Departmental Manager who is to authorise payment. Thereafter they are sent to the comptometer for checking. From there these are forwarded to the Accounts Department. Payment is made by the Cashier. With regard to Shyam Sunder Jana the Tribunal is unable to trace any connexion between him and the person who made the alleged interpolations. There is nothing to show that Shri Shyam Sunder Jana and Shri Amulya Kumar Dutta were hand in gloves with each other. They were working in entirely different departments and there was no common denominator between the two. Shyam Sunder's part in the affair was that he had under instruction of the Burra Shaheb recruited these casual workers. He was not even bodily present in the Dum Dum airport where the workers were employed. The wages were paid through his hands probably because he had collected these men for the job. It is admitted that the Supervisor had opportunity to make the alteration. There is not a rag of evidence that Shyam Sunder Jana had any hand in the preparation or submission of the time-sheet. In the charge-sheet it is alleged that Shyam Sunder Jana had disbursed the amount with full knowledge that these were inflated and the mistries were paid much more than they were entitled to. It is not the Company's case that Shyam Sunder Jana had made any wrongful gain for himself. The Company was bound to prove that this man had knowledge of the alteration since that is the allegation in the charge-sheet but evidence is a minus quantity on this score. Nothing transpired in the evidence to sustain a finding that Shyam Sunder Jana was aware of tampering with the time-sheet.

Shri Amulya Kumar Dutta was charged with having made alterations in the time-shees Exts. B(1), B(2) and B(3). I have already pointed out that these time-sheets passed through various hands. Persons other than Shri Amulya Kumar Dutta handling them had opportunities to make interpolation and alterations. Ext. B(1) is a time-sheet relating to a job done in the month of March 1956. Wage bill was drawn up and the amounts paid in April 1956. Though there were over-writings they did not rouse any suspicion at the time. This time-sheet seems to have been raked up long afterwards for reasons not clear to the Tribunal. The over-writings which the Company regards as spurious entries might have been made by the Supervisor, for, the writing appears to be in the same hand as the rest. In Exts. B(2) and B(3) also the alleged false entries bears such a close resemblance to the other entries which are not suspected that they seem to have been written by the same person. It is difficult for the Tribunal to trace the Company's reasons for fixing responsibility upon Shri Amulya Kumar Dutta for the alleged alterations. No reasonable grounds appear to have been made out for harbouring suspicion that the time-sheets were falsified by the wage clerk. There were so many checking stages that the wage clerk could not confidently believe that any monkey tricks played by him would pass unnoticed. His evidence with regard to Ext. B(1) is that he had drawn the attention of the head clerk Shri P. C. Ghosh but the latter had assured him that there was nothing wrong. Even this statement boldly made in cross-examination the Company did not call the head clerk to refute the statement. Considering all these points, particularly the reluctance of the Company to produce the enquiry report, the Tribunal is satisfied that suspicions that the Company might entertain against Shri Shyam Sunder Jana and Shri Amulya Kumar Dutta were entirely unfounded. Nothing definite was available which might be thrown into the scales against these two persons. In this state of things the finding of the Tribunal is that the Company's action was wholly unjustified. The workers are entitled to be relieved of the contravention of section 33 made by the Company.

My attention was drawn to a case reported in 1956, 1, L. L. J. page 453. On the authority of this case the learned Advocate submitted that having regard to the strong suspicion against these two employees it would not be conducive to industrial peace or harmonious relationship to order reinstatement of the concerned workmen. In this very case their Lordships have pointed out that suspicion however reasonable it may be, should never take the place of proof. The Company was therefore wrong in terminating the services of these men. The case might be helpful if the Company's suspicion had rested on reasonable grounds. It would not do simply to say that the Company had grave suspicion. Unless there is some justification the Company's frame of mind would not be of any avail. In my view therefore the two employees are entitled to reinstatement. I had some anxious mements as to the compensation that should be awarded. The allegation that the Company was inspired by ulterior motives and had resorted to victimisation because of their union activities has fallen flat. The Company had no preconceived animus against Shri Shyam Sunder Jana and Shri Amulya Kumar Dutta. Though misplaced, the Company had *bona fide* suspicion that these two persons were involved in these malpractices. To my mind in these circumstances it would be consonant with justice and fair-play to allow these two workers six months' wages by way of compensation. Reinstatement and payment of compensation must be made within 15 days from the date of publication of the award in the *Calcutta Gazette*. The employees will be treated as in continuous service without any break for the period they were out of employment.

And whereas the said Second Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between the 57 Bus Owners' as named in the enclosed list No. I and their workmen represented by Chinsurah (Serampore-Boinchee) Bus Workers' Union of Akhanbazar district Hooghly.

By order No. 3713Dis./D/4L-31/56, dated 22nd August 1956, read with subsequent addendum No. 6691.R./D/4L-31/56, dated 4th March 1957, the Government of West Bengal, in the Labour Department, referred the above dispute to this Tribunal for adjudication on the following issues:—

(7) Bonus for the year 1955.

AWARD

No useful purpose would be served by stating the facts of the case leading to this dispute, as there has been an amicable settlement of the dispute between majority of the Bus Owners of Route Nos. 2 and 4 and the workmen regarding the issues formulated for adjudication. Two separate petitions of compromise embodying the terms of settlement have been filed on behalf of the workmen of Route Nos. 2 and 4 and also on behalf of the Bus Owner Nos. 1-5, 7-13, 15 and 17-22 of Route No. 4 and the Bus Owner Nos. 2-35 of Route No. 2. The remaining Bus Owners neither entered appearance, nor joined in the aforesaid petitions of compromise, in spite of due service of notices on them.

I have perused the said joint petitions of compromise. The terms appear to be fair and reasonable. So, in my estimation, they should be given effect to. I am also satisfied that this settlement covers all the issues submitted for adjudication. Accordingly, an award be made in terms of the joint petitions of compromise, which have been filed. The said petitions of compromise will form part of the award as Annexures "A"

and "A(1)". This award shall be binding also on Bus Owner No. 1 of Route No. 2 and also on the Bus Owner Nos. 6, 14, 16 and other Bus Owners of Route No. 4, who have not appeared in spite of due service of notices on them.

NOTIFICATION

No. 11991L.—7th June, 1957.—The Governor having been pleased to order, under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE WEST BENGAL SALES TAX (AMENDMENT) BILL, 1957.

A BILL

to amend the West Bengal Sales Tax Act, 1954.

WHEREAS it is expedient to amend the West Bengal Sales Tax Act, 1954, for the purpose and in the manner hereinafter appearing; West Ben. Act IV of 1954.

It is hereby enacted in the Eighth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the West Bengal Sales Tax (Amendment) Act, 1957.

Amendment of section 2 of West Ben. Act IV of 1954. **2.** After clause (*b*) of section 2 of the West Bengal Sales Tax Act, 1954, the following explanation shall be inserted, namely:—

"*Explanation.*—Where cigarettes are brought into West Bengal from any place outside it, the person who takes delivery or on whose behalf delivery is taken shall be deemed to have brought them into West Bengal;".

STATEMENT OF OBJECTS AND REASONS

Under the West Bengal Sales Tax Act, 1954, a dealer, who is liable to pay the tax, is defined, under section 2(b) of that Act, to be the person who sells goods manufactured by him or brought by him into West Bengal from a place outside it.

In some trade, goods are often sold, while in transit from a place outside West Bengal to West Bengal, by transfer of R. R. (railway receipt). In such cases the question arose as to who brought the goods into West Bengal within the meaning of section 2(b)—the original consignee or the transferee of the R.R. The administration, in consultation with the trade, has been treating that person as dealer who actually takes delivery of the goods in West Bengal. The object of the Bill is to make the meaning clearer.

NOTIFICATION

No. 1200L.—10th June, 1957.—The Governor having been pleased to order, under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE WEST BENGAL FIRE SERVICES (AMENDMENT) BILL, 1957.

A

BILL

to amend the West Bengal Fire Services Act, 1950.

WHEREAS it is expedient to amend the West Bengal Fire Services Act, 1950, for the purposes and in the manner hereinafter appearing; West Ben. Act XVIII of 1950.

It is hereby enacted in the Eighth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title.

1. This Act may be called the West Bengal Fire Services (Amendment) Act, 1957

Amendment of section 18 of West Ben. Act XVIII of 1950.

2. In section 18 of the West Bengal Fire Services Act, 1950 (hereinafter referred to as the said Act),—

(*a*) after the proviso to sub-section (*2*), the following further proviso shall be added, namely:—

"Provided further that if the owner or occupier of a warehouse or workshop maintains, within the warehouse or workshop or at a place within such distance therefrom as the Director may consider reasonable for use in the warehouse or workshop in case of necessity, any fire-fighting appliances of such types as may be prescribed, then a rebate, calculated at such rates as may be prescribed in respect of such types of fire-fighting appliances or different combinations thereof, not being less than ten *per cent.* nor more than thirty-three and one-third *per cent.* on the annual fee determined under this sub-section shall be allowed to such owner or occupier."; and

The West Bengal Fire Services (Amendment) Bill, 1957.

(Clause 3.)

(*b*) in the proviso to clause (*a*) of sub-section (*3*),—

(*i*) after the words "as may be determined in this behalf by the Collector" the words "for such building or place separately" shall be inserted and shall be deemed always to have been inserted; and

(*ii*) after the words "of which such building or place forms part" the words "and the annual fee referred to in sub-section (*2*) and the maximum for the annual fee referred to in the first proviso to sub-section (*2*) shall be calculated separately for such building or place and the annual fee so calculated shall be payable under sub-section (*1*) separately for such building or place" shall be inserted and shall be deemed always to have been inserted.

Amendment of section 40.

3. In sub-section (2) of section 40 of the said Act,—

(*a*) in clause (*c*), for the words "the proviso" the words "the first proviso" shall be substituted; and

(*b*) after clause (*c*), the following clause shall be inserted namely:—

"(*cc*) the types of fire-fighting appliances referred to in the second proviso to sub-section (*2*) of section 18 and the rates at which rebates referred to in that sub-section shall be calculated;".

STATEMENT OF OBJECTS AND REASONS

Section 18 of the West Bengal Fire Services Act, 1950, provides for the imposition of an annual fee in respect of a license for the use of any building or place as a warehouse or workshop. This annual fee is calculated at a rate not being less than 10 *per cent.* nor more than 25 *per cent.* of the annual value of the building or place used as a warehouse or workshop, the percentage varying according to the nature and quantity of the inflammable articles stored therein. The annual value of such a building or place, if situated within a Municipality, is determined, with due regard to the annual value assessed by the Municipality on the holding, of which such building or place forms part. Under the first proviso to sub-section (*2*) of section 18, the State Government may prescribe by rules a maximum for the annual fee in respect of any class of warehouse or workshop.

2. It is now proposed to amend sections 18 and 40 of the Act with a view to—

(*1*) make it clear beyond any doubt that the annual fee referred to in sub-section (*2*) of section 18 and the maximum for the annual fee referred to in the first proviso to sub-section (*2*) shall be calculated separately for each such building or place, and not on the municipal holding as a whole;

(*2*) provide for a rebate of the annual fee to the owner or occupier of a warehouse or workshop who keeps fire-fighting appliances of the prescribed types for extinguishing fire.

3. Regarding the item (*1*), it is pointed out that the degree of fire risk depends on the number of buildings or places where inflammable articles are kept, in a municipal holding, and therefore the basic unit for the calculation of annual fee and the maximum for the annual fee should be each building or place where inflammable articles are kept in a municipal holding, and not the municipal holding as a whole. As, however, this point of view has been questioned by some mills, it is considered desirable to remove the doubt by the proposed amendment. This will result in a substantial increase of the license fee of the bigger mills who store large stocks of inflammable articles in their warehouses and workshops. It is, therefore, considered desirable to give some relief by the proposed amendment under item (*2*) to those mills which maintain fire-fighting appliances of their own in the premises.

The object of the Bill is to provide for the matters set out above.

Member-in-charge.

Whereas the Governor is satisfied that the Municipality mentioned above is threatened with an outbreak of Influenza, being a dangerous epidemic disease;

Now, therefore, in exercise of the power conferred by section 2 of the Epidemic Diseases Act, 1897 (III of 1897), the Governor is pleased to prescribe for a period of three months the following temporary regulations to be observed by the public and by all persons affected thereby for preventing the outbreak and spread of the said disease in the said Municipality:—

Regulations

1. (1) These Regulations shall apply to the Municipality mentioned above.

(2) They shall come into force at once.

2. In these regulations unless there is anything repugnant in the subject or context—

Notices

3. If in any case the Health Officer or a Sanitary Inspector considers that the issue of a notice under any of these regulations is likely to lead to such an amount of delay as might facilitate the outbreak or spread of Influenza, he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the Health Officer or a Sanitary Inspector has by a notice issued under any of these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice, the Health Officer, or the Sanitary Inspector shall be entitled to carry out the measure.

Costs and compensation

5. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the Commissioners except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions, which led the Health Officer, or the Sanitary Inspector to pass such an order are not attributable to any act or default of the person in possession of the property, the Commissioners may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The Commissioners may recover all expenses incurred by the Health Officer, or a Sanitary Inspector in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued.

6. The Commissioners shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the Health Officer, or a Sanitary Inspector.

ORDER

No. 1738I.R./D/11L-301/56.—25th May 1957.—Whereas under the Government of West Bengal, Labour Department, order No. 4321Dis./D/11L-301/56, dated the 27th September 1956, the industrial dispute between Messrs. Basu Bani, Ltd. (Basusree Cinema), 11/1/4 Russa Road, Calcutta-26, and one of their workmen Shri Gostha Behari Mondal represented by Bus Workers' Union, 249 Bowbazar Street, Calcutta-12, to the Second Industrial Tribunal;

And whereas the said Second Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Basu Bani, Ltd. (Basusree Cinema), 11/1/4 Russa Road, Calcutta-26, and one of their workmen Shri Costha Behari Mondal represented by Bus Workers' Union, 249 Bowbazar Street, Calcutta-12.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

Appearances:

For the employee: Shri Patit Paban Pathak.

For the Company: Shri J. B. Dutta, Secretary, Messrs. Basu Bani, Ltd.

By order No. 4321Dis./D/11L-301/56, dated 27th September 1956, the Government of West Bengal, Labour Department, made this reference for adjudication of the issue stated below:—

Whether the discharge of Shri Gosta Behari Mondal is justified? What relief is he entitled to?

AWARD

It is the case of the Union that Shri Gosta Behari Mondal was employed as a driver under Messrs. Basu Bani, Ltd. (Basusree Cinema). He was working there since 1953 with a very clean record of service. But all on a sudden on 29th February 1956, he was discharged without any charge-sheet or reason. So, reinstatement with full compensation for the period of forced unemployment was prayed for.

The Company in its written statement has contended that Shri Gosta Behari Mondal was never an employee of this Company, but he was the personal driver of the Managing Director. His name was never entered in the Attendance Register maintained by the Company. The Company never exercised any control over him.

This day was fixed for hearing of the case. But the parties instead of proceeding with the case, settled their differences, and filed a joint petition of compromise. I have perused the said petition. The terms mentioned therein appear to be fair and equitable. In the circumstances, there is no reason why the terms should not be accepted. Accordingly, the terms are given effect to, and an award is made on the basis of the compromise petition, which will form part of the award as Annexure A.

By order No. 4247Dis./D/11L-291/56, dated 21st September 1956, the Government of West Bengal, Labour Department, referred the above dispute to this Tribunal for adjudication regarding the matters specified in the schedule to the order of reference:

Schedule.

(2) Leave.

(3) Weekly holidays.

(4) Provision for free fooding or cash allowances in lieu thereof.

(6) Retirement benefits.

AWARD

The case made out in the written statement on behalf of the employees as mentioned in paragraph 7, is that the pay of those employees is low and inadequate. Though most of them have put in more than 10 years' service, they have got no increment whatsoever. There is complete absence of grades and scales of pay for those workers. No leave and holidays are granted to them. Although they are to remain present in the Restaurant at the time of break-fast, lunch and dinner, no provision is made for their fooding or cash allowance in lieu thereof. There is also no arrangement for their medical aid and treatment. They do not get the privileges of gratuity also. The Union on their behalf made representations to the Management of the Restaurant for removal of those grievances, but the Company kept adamant, and refused to negotiate with it. So, the Labour Directorate was moved, but the Company refused to participate in any joint conference there. The matter was ultimately referred to the Tribunal for adjudication.

The Company in its written statement has denied most of the allegations of the Union. It contends that the persons as mentioned in paragraph 7 of the written statement of the Union, are not company's employees, but they are the men of the contractor, Noor Mohammed Khan. So, they are not workmen within the definition of section 2(s) of the Industrial Disputes Act, 1947. The said Act could not hence be availed of for any purpose.

This question was tried as a preliminary issue.

So, the sole point for determination in the instant case is whether the persons as mentioned in paragraph 7 of the written statement of the Union are "workmen" within the meaning of section 2(s) of the Act.

"Workman" as defined in section 2(s) of the Industrial Disputes Act, 1947, as it stood before the present amendment, means any person employed (including an apprentice) in any industry to do any skilled or unskilled, manual or clerical work for hire or reward, and includes for the purpose of any proceedings under this Act in relation to an industrial dispute, a workman discharged during that dispute, but that does not include any person employed in the Naval, Military or Air Service of the Government.

It seems that the essential condition of a person being a "workman" within the terms of this definition, is that he should be employed to do the work in that industry, that there should be, in other words, an employment

of his by the employer and that there should be relationship between employer and him as between employer and employee, or master and servant. Unless a person is thus employed, there can be no question of his being a 'workman' within the definition of the term as contained in the Act. The principle, according to which the relationship as between employer and employee or master and servant has got to be determined, are well settled. The test which is uniformly applied in order to determine the relationship is the existence of a right to control in respect of the manner in which the work is to be done. A distinction is also drawn between a contract for service and a contract of service, and that distinction is put in this way:— "In one case, the master can order or require what is to be done, while in the other case he cannot only order or require what is to be done, but how itself it shall be done". In this connection, I may also refer to a pronouncement of the House of Lords in Short *versus* J. & W. Henderson Ltd. where Lord Thankerton recapitulated the four indicia of a contract of service, viz., (a) the master's power of selection of his servant, (b) payment of wages or other remuneration, (c) the master's right to control the method of doing the work and (d) the master's right of suspension or dismissal. Even in that case, the House of Lords considered the right of supervision and control retained by the employers as the only method, if occasion arose, as sufficiently determinative of the relationship between the parties, and affirmed that the principal requirement of a contract of service is the right of master in some reasonable sense to control the method of doing the work, and this factor of superintendence and control has frequently been treated as critical and decisive of the legal quality of relationship. In Halsbury's Laws of England, it has also been stated that whether or not in any given case the relation of master and servant exists is a question of facts; but in all cases, the relation imports the existence of power in the employer not only to direct what work the servant is to do, but also the manner in which the work is to be done. The principle which thus emerges is that the *prima facie* test for the determination of the relationship between master and servant is the existence of the right in the master to supervise and control the work done by the servant, not only in the matter of directive what work the servant is to do, but also the manner in which he shall do his work. The nature and extent of control which is requisite to establish relationship of employer and employee, must necessarily vary from business to business, and is by its very nature incapable of precise definition. The correct method of approach is to consider whether having regard to the nature of the work, there was due control and supervision by the employer. It is a question of fact to be decided by all the circumstances of the case. The greater the amount of direct control exercised over the person rendering services by the person contracting for them, the stronger the grounds for holding it to be a contract of service, and similarly, the greater the degree of independence of such control, the greater the probability that the services rendered are of the nature of professional services, and that the contract is not one of service. Now let me decide the present case, bearing in mind the principles enunciated above. In this case, it is the contention of the Company that they have a contractor, Noor Mohammed Khan by name, who supplies labour and employs butler, assistant barman and table-boys, for which they are to pay a sum of Rs. 500 per month to that contractor. In other words, the contention of the Company is that all the persons employed in the Restaurant are contractor's men, and they work under the direct control and supervision of the contractor himself, and that accordingly, there is no relationship of master and servant between the Company and the persons employed by the contractor. Naturally, it has been argued on behalf of the Company that the persons employed in the Restaurant by the contractor, are not 'workmen' as defined in section 2(s)

of the Industrial Disputes Act. It has been further contended on behalf of the Company that the existence of the relationship of employer and employee is necessary before there can be any industrial dispute, and that the existence of a valid industrial dispute is necessary for valid reference for adjudication of the dispute. As the persons employed in the Restaurant are not its employees, the dispute raised by them is not an industrial dispute, and therefore the reference is bad in law. It is hence necessary to decide this important question as to whether the persons who got this dispute referred to this Tribunal are 'workmen' as defined in the Act, or whether they are contractor's men. In this case, the Manager of the Nanking Restaurant has deposed on behalf of the Company, while on the side of the Union, Noor Mohammed Khan, who has been alleged to be the contractor has given evidence. Over and above the oral evidence, the Company has also produced and proved several receipts which are Exts. A series. Now the Tribunal is to decide this important question on a consideration of the evidence as mentioned above. As regards oral evidence as led by the parties, I must say that there is oath against oath. The receipts produced by the Company are Ext. A series. Most of these receipts bear the signature of P.W. 1 Noor Mohammed Khan, who is said to be the contractor. O.P.W. 1 Shri Y. Shun Au who is Manager of the restaurant has deposed that Noor Mohammed Khan in the contractor of the Nanking Restaurant who supplies labour, and that all the persons employed by him to work in the Restaurant under his direct control and supervision. He has further deposed that there is no relationship of master and servant between this Company and the persons employed by the contractor, and that the persons so employed get their salary from the contractor. It further transpires from his evidence that the Management of the Restaurant has no control whatsoever over those persons, and that the contractor is their real master. As regard sweepers and Mashalchis mentioned in paragraph 7 of the Union's written statement, the Manager has stated that they are the men of a different contractor, whose name is Dewkaran, and that the Restaurant has no control over those persons also, nor are they paid by it. Noor Mohammed Khan, who is P. W. 1 has denied that he is a contractor of this Restaurant, and that the workers are employed by him or work under his direct supervision and control. He has, on the other hand, stated that the Management employs them directly, and that he himself is also a worker of this Restaurant. He went to the length of saying also that he did not pay any salary to the workers of this Restaurant. I had the opportunity of seeing the demeanour of both O.P.W. 1, Manager of the Restaurant and P.W. 1, Noor Mohammed Khan. Noor Mohammed Khan gave me the impression that he is an intelligent and shrewd man. In my view, he suppressed the truth before the Tribunal. He dodged and feigned and made statements which are not true. O.P.W. 1 Y. Shun Au, Manager of the Restaurant, has, on the other hand, deposed in a straight-forward manner. In my opinion, he gave the correct version. I am prepared to place reliance on his evidence because it is strengthened to a great extent by documentary evidence (Ext. A series). Most of these receipts bear the signature of P.W. 1 Noor Mohammed Khan. While giving evidence, Noor Mohammed was constrained to admit at last that the signatures appearing in most of these receipts were his. The contents of the receipts were challenged no doubt. But I am not prepared to believe for a moment that this man put his signature in these receipts without fully knowing the contents thereof. It is unthinkable that an experienced and shrewd man like Noor Mohammed Khan would readily go to put his signature in those receipts without caring to know their contents. I cannot persuade myself to believe that a Restaurant like the present one would stoop so low as to manufacture receipts like A series. Nor can it be believed that the Management would

insert in those receipts false recitals. This Company is running one of the premier restaurants in the city of Calcutta and is well aware of its reputation and prestige. It is not expected that such a Company would go to the length of creating receipts with false recitals. Now what do these receipts show? It is abundantly clear from these receipts that Noor Mohammed Khan was really employed as a contractor of Nanking Restaurant for supplying labour and that he employed his men and used to receive charges from the Company for supplying the labour. So, on a consideration of the entire evidence, facts and circumstances, I hold that Noor Mohammed Khan was the contractor of the Nanking Restaurant, and that the persons working in that Restaurant as butler, assistant barman, and table-boys were his men. I am also satisfied that this Company had no control or supervision over these persons, and that it did not pay their wages. It was Noor Mohammed Khan who was the employer of these persons and who exercised control and supervision over their work and also paid their wages. As regards sweepers and Mashalchis on a consideration of the evidence, I am of the view that the Nanking Restaurant had no control over them also, who were employed by another contractor. It is also interesting to note that the Union has not produced a scrap of paper or any evidence whatsoever to show that the persons as mentioned in paragraph 7 of the Union's written statement were directly employed by this Company, or they received their pay directly from it, or that the Management had ever exercised any control or supervision over their work. In the result, it is decided that the persons as mentioned in paragraph 7 of the Union's written statement were not employees of the Company, but they were the men of the contractors. In this view of the matter, it must be held that their is no relationship of employer and employee or master and servant between this Company and these persons, and as such they cannot be deemed to be "workmen" in the sense contemplated by section 2(s) of the Industrial Disputes Act, 1947. In view of this finding, the issues formulated for adjudication cannot be gone into or decided on the merits, inspite of reference made by the Government. There being no relationship of employer and employee between the parties the reference itself is bad in law.

The reference is, therefore, disposed of without adjudication.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

For the employers: Shri S. C. Sen, Advocate.

AWARD

The Government of West Bengal, in the Department of Labour, by order No. 628Dis./D/11L-42/55, dated 16th February 1955, referred the industrial dispute between Messrs. Snow White Food Products Co., Ltd., and their workmen represented by the Snow White Food Products Employees' Union, to this Tribunal for adjudication. The award on this reference was made by the Tribunal on 1st August 1956 and was published in the *Calcutta Gazette*, on 30th August 1956.

On 15th May 1956, Shri Akhil Chandra Chatterji, a workman of the Snow White Food Products Co., Ltd., applied under section 33A of the Industrial Disputes Act, stating that his services were terminated on 1st February 1956 without any notice or charge-sheet having been served on him. The petitioner was in service of the Company for 36 years, and it is stated that the termination of the services of the applicant by the Company was illegal and unjustified. The petitioner, therefore, prays that he should be reinstated with full compensation for the period of non-employment.

The Company, in its written statement, states that it is not a fact that the petitioner was in the services of the Company for 36 years. The opposite party Company came into existence only in 1939. The petitioner is aged 63 years and on account of his old age, he could not properly attend to his duties and his work was inaccurate and slow. The management, therefore, decided to retire the petitioner according to the general practice in this Company with effect from 1st February 1956. The petitioner was agreeable to accept the Company's decision to retire him, but he liked to have

his case considered for suitable retirement benefits. The opposite party, therefore, states that as the petitioner was retired from service on account of his old age and inability to work efficiently, the question of his retirement does not arise. The Company is willing to pay any lawful dues that the petitioner may be entitled to for his retirement.

After several adjournments, the case was fixed for hearing on 23rd April 1957. On this date, the parties were present. Shri Shib Nath Banerji appeared for the applicant and Shri S. C. Sen, Advocate, instructed by Shri S. Ghosh, Pleader, and Shri R. S. Bansal appeared for the Company. A joint petition signed by both the parties was filed stating that the dispute had been settled amicably on terms and conditions as mentioned in the application. This application appears as Appendix A to this award. Perused the compromise petition. It appears that the terms are reasonable and should be accepted. The compromise petition in Appendix A is, therefore, accepted and I award in accordance with the terms mentioned therein. The compromise petition in Appendix A shall form a part of this award.

Judge, First Industrial Tribunal.

Appearances:

For the Company: Shri N. D Manna, Counsel.

By order No. 4106Dis./D/11L-409/55, dated 12th September 1956, the Government of West Bengal, Labour Department, referred the above dispute to this Tribunal for adjudication regarding the matters specified in the schedule:

Schedule

1. If the dismissal of Dinabandhu was justified and to what relief, in the way of reinstatement and/or compensation, is he entitled?
2. Bonus for 1951-52, 1952-53 and 1953-54.
3. Retirement benefits.

AWARD

The workmen in this dispute are represented by two Unions, viz., Shree Luxmi Tannin Extract Factory Workers' Union, Kharida, Kharagpore and Shree Luxmi Tannin Extract Factory Employees' Union, Malancha Road, P.O. Nimpura, Kharagpore. Both the Unions have filed separate written statements, and have claimed bonus for the years in question and retirement benefits of the workers of this factory. The Workers' Union has further claimed reinstatement of Shri Dinabandhu with compensation and wages for the period of unemployment. It may be stated that the Employees' Union does not press for the reinstatement of Shri Dinabandhu, as according to this Union he was found guilty of gross insubordination after enquiry. This Union has stated in its written statement that the reinstatement of Shri Dinabandhu will have an adverse effect on the good relationship between the Management and the labour, and his behaviour will not be conducive to the maintenance of such relationship.

Shree Luxmi Tannin Extract Factory (hereinafter to be called the factory) in its written statement contends that no award should be made in favour of the employees in the present case. Regarding Dinabandhu, it is the contention of the factory that he was rightfully dismissed, as he was found guilty of misconduct after proper enquiry. Any relief, if granted to Shri Dinabandhu, will have serious repercussion on the relationship between the employer and the employees, and will be encouraging acts of insubordination and indiscipline. So, he is neither entitled to reinstatement nor any compensation whatsoever. As regards claim for bonus as put forward on behalf of the employees, the factory wants to say that this factory is only one of several branches of the organisation owned by Messrs. Purshuttom Das Mathuradas and Co. (Private), Ltd., of Bombay, and the profits of all the branches of the said organisation are pooled together, and the liabilities of the various concerns are met out of the general resources, and policies *inter alia* in respect of capital expenditure, etc., are formulated on the basis of the Company as a whole, and all the branches together with the Head Office at Bombay constitute one unit. The financial position of the Company is far from satisfactory, and it has no financial capacity to pay bonus as claimed by the employees for the year 1951-52 or any bonus for the year 1952-53 or 1953-54 whatsoever. At all material time, there was neither any agreement between the parties to pay any bonus to the employees, nor is there any invariable practice to pay the same to them, and whenever any bonus was paid to the employees in the past, it was paid out of the profits made during the relevant period. Regarding retirement benefits, the factory has stated that it is impossible for the Company to bring in any system of retirement benefit in the factory alone, the factory being a small branch of the Company. It will not be possible to bring in any such scheme in the whole organisation of the Company, regard being had to its present financial position and stability.

Issue No. 1

Admittedly, Dinabandhu was a worker in this factory, but he was dismissed with effect from 3rd August 1955. Some facts should be stated here leading to his dismissal. He was employed as a fitter in this factory. On 3rd August 1955 he was given a piece of wood by the Engineer for making grinding guide for the boiler. After some time, the Manager of the factory came to Dinabandhu, and finding him cutting a long piece of wood meant for the door, asked him as to who had given him that particular piece of wood. Dinabandhu said that the Engineer had given him that wood. The Manager asked him to stop cutting that wood. After a while, the Engineer came to Dinabandhu to enquire whether he did the work or not. At this, Dinabandhu told him that the Manager stopped him from cutting that piece of wood. On hearing this, the Engineer asked Dinabandhu as to why he was cutting that long piece of wood instead of the small piece that he had given him. Dinabandhu and the Engineer went to the Store Room, where the Manager was at that time. The Manager asked the Engineer if he had given Dinabandhu that long piece of wood to cut. The Engineer in reply told that he never gave that long piece of wood to Dinabandhu, but he gave a small piece of wood in connection with the fitting work. Hearing this, Dinabandhu said to the Manager that the Engineer was telling a lie. At this, the Manager told Dinabandhu showing his finger that that was not the way to behave with the superior. Dinabandhu got excited, and told the Manager not to show his finger. At this, the Manager told him that there was no other way for him than to issue a charge-sheet against him. Dinabandhu in an angry mood replied that he did not care for the charge-sheet. After this, the Manager asked Dinabandhu and the Engineer to come to the office, where a charge-sheet was framed, and it was given to Dinabandhu. Dinabandhu gave reply to that charge-sheet in the afternoon, and thereafter an enquiry was held by the Manager in presence of Dinabandhu, Engineer and the Chemist, and as a result of this enquiry, Dinabandhu was dismissed from service with effect from that date. Dinabandhu's version is that the piece of wood that he was cutting, was the very piece which was given to him by the Engineer himself, and that the Engineer deliberately denied this fact before the Manager. He denied having called the Engineer a liar in presence of the Manager, and also denied that he misbehaved with the Manager, while he was being questioned by him regarding that piece of wood. In this case, both the Manager and the Engineer have deposed on behalf of the factory, while Dinabandhu himself has deposed on behalf of the Union. Dinabandhu has admitted that he received the charge-sheet, and it also appears that he gave a reply thereto. This will be evident from Ext. 6 that an enquiry was held regarding the charges levelled against him, is an admitted fact. Dinabandhu was constrained to admit this in his cross-examination. He had the temerity of saying no doubt that this enquiry was made before the charge-sheet was delivered to him. But I am not prepared to believe this on a perusal of the evidence of the Manager and the Engineer. After giving my best consideration to the evidence, I find that there were two enquiries regarding this incident—one before the charge-sheet and the other after the charge-sheet. The Manager has also stated on oath that a proper enquiry was made, and after this dismissal order was given to him he has clearly said that after issuing charge-sheet against Dinabandhu, an enquiry was held. On a careful scrutiny of the materials placed before the Tribunal, I am fully convinced that the principles of natural justice were strictly followed in the instant case. The factory has also led evidence before the Tribunal regarding the incident that took place on 3rd August 1955 leading to Dinabandhu's dismissal. Both the Manager and the

Engineer have deposed on this point. I have no reason to disbelieve or brush aside their evidence. Their evidence bears the stamp of truth. They appear to be responsible and respectable persons, and it cannot be believed for a moment that they would come to box to make false statements against the worker for nothing. I accept their evidence in toto. I was not much impressed by the evidence of Dinabandhu, who, in my opinion, suppressed the truth. His statement in the circumstances cannot be readily accepted. The evidence of P.W. 3 Shri Kshitish Ranjan Mukhuti is equally unworthy of credit. He came forward to depose that Dinabandhu took that piece of wood, which was pointed out to him by the Engineer. But I have grave doubts whether he saw any such thing at all. He was not a helper of Dinabandhu, and it has been proved so by the Engineer (O.P.W. 1), who has said that Shri Mukhuti was a helper of the Latheman and not of Dinabandhu. It appears from the evidence of the Engineer and the Manager and also from the charge-sheet that Dinabandhu being a worker, who was working directly under the Engineer, had the hardihood of calling him (Engineer) a liar in presence of the Manager. Not only this, when the Manager himself drew his attention to the fact that that was not the way to behave with a superior by showing his finger in a normal manner, he flared up and asked the Manager not to show his finger. Even after this, when the Manager told him that if he behaved in this way, there was no other way than to issue a charge-sheet against him. Dinabandhu in an angry mood told the Manager in his very face that he did not care for the charge-sheet. After this, he was charge-sheeted directing him to show cause as to why he should not be dismissed. He sent a reply to the charge-sheet, and it was duly considered by the Manager, who held an enquiry in his very presence. It is after this that Dinabandhu was dismissed, because he was found guilty of misconduct. On a careful scrutiny of the entire evidence, I have no hesitation in saying that Dinabandhu was guilty of insubordination, which amounted to misconduct. No Management can afford to tolerate such insubordination and insolence on the part of any worker. This sort of insubordination and grave misconduct undermine discipline, and the gravity of such action and conduct cannot be underrated. What Dinabandhu did was indeed reprehensible, and his conduct is highly subversive of discipline. He had the audacity of not only calling the Engineer, under whom he directly worked, a liar, but also of misbehaving with the Manager, who is the pivot of the administration. What Dinabandhu did, had an adverse effect on the internal discipline of the labour force in the factory. I am not prepared to believe for a moment that Dinabandhu was dismissed for his Union activities. There is unequivocal admission of Dinabandhu himself in his evidence that before this incident, the Company had good dealings with him, and that he was never fined for his misbehaviour by the Company. Therefore, the question that he was victimised simply because he happened to be a member of the Executive Committee of the Union is ruled out altogether. I am unable to hold, on a consideration of the matter, that the Management in dismissing Dinabandhu was actuated by any ulterior motive or any *mala fides*. So, the Tribunal, on a careful consideration of the merits of the case and after examining critically the evidence that has been led, is satisfied that the decision of the Management in dismissing Dinabandhu was a possible view on the materials before it. That being so, the Tribunal refrains from substituting its own judgment for the judgment of the Management, as in such matters, the Tribunal does not act like a Court of Appeal, but rather as a Supervisory Body. So, the Tribunal holds that the action of the Management in dismissing Dinabandhu was quite justified. It is not open to the Tribunal to reduce punishment or substitute another punishment for

the one imposed by the Management. So, Dinabandhu is neither entitled to reinstatement nor any compensation whatsoever. This issue is decided accordingly.

Issue No. 2

Regarding bonus, it is the contention of the Workers' Union that the workmen of this factory have been getting bonus for several years, and that such bonus had acquired the status of a customary bonus and became a condition of service for them. At the time of hearing, evidence was led on behalf of the Union that the workers of this factory were getting bonus equivalent to one month's basic pay since 1942, and that such bonus was paid every year on the eve of Durga Puja. Accordingly, it was contended on behalf of the Union that the workers, as a matter of right, are entitled to get such bonus every year irrespective of profit and loss of the concern. On behalf of the factory, it is however contended that there was neither any agreement between the parties to pay any bonus to the workers, nor was there any invariable practice to pay the same to them. It wants to say that whenever any bonus was paid to the workers of this concern in the past, it was paid out of the profits made during the relevant period. The factory further wanted to say that the payment of such bonus was not a condition of service, and that it paid bonus to its employees when it made substantial profits, and not in any year of loss. On behalf of the Union, reliance was placed on the decision of the Labour Appellate Tribunal in the case Mahalakshmi Cotton Mills (1952, L.A.C. 370 at page 374). That was a case no doubt where there was a claim for Puja bonus. It is urged on behalf of the Union that the claim for bonus in the instant case has acquired at any rate the status of a customary bonus in the light of the decision of the Hon'ble Appellate Tribunal in Mahalakshmi Cotton Mills case reported in L.A.C. 1952, 370 at page 374. Their lordships observed in the aforesaid case as follows:—

> "The right to get Puja bonus at a special season of the year is not based on the general principle that labour and capital should share the surplus left after meeting necessary and prior charges, but it rests on agreement between the employer and the workers. That agreement may be either express or implied, and were not express, past practice may lead to an inference of an implied agreement. But for implying an agreement, the practice must be unbroken and for sufficiently long period to exclude the hypothesis that payments have been made out of bounty. It is not possible to say in general terms what should be the length of the period. That would depend upon the circumstances of each particular case, *but the fact that payments have been made even in a year of loss, would be an important factor* on the question as to whether payments were mere acts of bounty or an obligation on the part of the employers."

The factory, on the other hand, has alleged that it paid bonus for some years in the past only when the Company made profits and after taking into consideration other factors. Its specific case is that it paid no bonus in any year of loss. The factory has produced and proved a statement showing payment of bonus to the workers of this factory. It is Ext. D. It shows when bonus was paid and in respect of which year. It appears from this statement that bonus was paid to the workers for the years ending 1942 to 1951. But it appears from the said chart that such bonus was not paid every year on the eve of Durga Puja as contended by the Union, and that in some years, it was paid in the months of January, February and April. So, the contention of the Union that such bonus was paid every year on

the eve of Durga Puja does not hold good. From this chart (Ext. D) it also appears that bonus was always given as profit bonus. It does not show that such bonus was paid as a customary bonus, or it was paid in any year of loss. The Union did not and could not produce any evidence whatsoever to show that payment of such bonus was made by the factory to its workers even in any year of loss. This is an important factor which cannot be overlooked. It is true no doubt that bonus for several years in the past was paid to the workers, which was equivalent to one month's basic pay. But the payment of bonus for those years at a uniform rate does not necessarily prove that such payment has acquired the status of a customary bonus, in the absence of any evidence or instance that such payment was made even in any year of loss. It has transpired from the evidence of the Manager that this factory was purchased by this Company in the year 1931. There is no evidence to show that this concern paid any bonus to its workers since it was purchased till 1941. So, there is no figure available before 1941. Beginning from the year 1942, it appears that bonus was paid up to the year ending 1951. It is impossible on these materials alone to hold that bonus was a condition of service in this concern, or acquired the status of a customary bonus. In the present case, barring the fact that bonus was paid no doubt for 10 years, there is no other factor to suggest that payment was made in terms of an agreement—express or implied. Nor is there anything to show that such bonus was paid in any year of loss. In similar circumstances, it was held by their lordships of the Appellate Tribunal that bonus was not a condition of service, nor was it a customary bonus [1952 L.L.J.(ii) 324]. In the result, I hold that the evidence in this case does not justify the conclusion that the payment of bonus for these 10 years proved that bonus was a condition of service, or that it acquired the status of customary character. I may add further that a customary right to get bonus would not be such an unqualified right that on the basis of it, bonus might be allowed regardless of the trading results.

The theory regarding bonus has undergone change from time to time, one being exploded and replaced by another. At the present moment, in the industrial world it is understood to be a payment made by the industry to the employees to supplement earnings of the workmen, whose wages have not reached the standard of living wages, and this payment is made out of profits. The nature of bonus and the condition under which bonus would be allowable were very clearly enunciated by the Hon'ble Supreme Court of India in the Muir Mills case. It is clear from the observations of their lordships that there are two conditions, which have to be satisfied before a payment for bonus can be justified and they are:—(1) when wages fall short of the living standard and (2) the industry makes huge profits part of which are due to the contribution, which the workmen make in increasing production. The principles for the grant of bonus were discussed, and a formula was evolved by a Full Bench of the Labour Appellate Tribunal in Mill Owners' Association, Bombay *versus* Rastriya Mill Mazdoor Sangha. The claim for bonus can be made by employees only if as a result of the joint contribution of capital and labour, the industrial concern has earned profits. If in any particular year, the working of the industrial concern has resulted in loss, there is no basis nor justification for bonus. Since this proposition is correct, a claim for bonus on the ground of custom would not be admissible in cases of losses in a particular year. In the present case, no evidence has been adduced about the wages being paid to the workmen employed in this concern, or if the wages being paid by the Management falls short of the living standard. So, we are to decide in this case whether the workers in this concern are entitled to get any bonus for the years in question on the basis of profit. The claim for such bonus is to arise only.

if there is any surplus profits left after making provisions for prior charges, and fair return on paid-up capital and on reserve employed as working capital. Income-tax is a legitimate deduction, which the concern is entitled to get on this account, according to the Full Bench Formula mentioned above. The financial year of the Company is from October to September. In the present case, the claim for bonus is for the years 1951-52, 1952-53 and 1953-54. That being so, we are to consider the financial position of this Company for the years ending 30th September 1952, 1953 and 1954. The Company has produced audited balance-sheets for those years, and they are Exts. A, A(1) and A(2). These balance-sheets have been duly audited. So, these balance-sheets must be presumed to be correct, unless the contrary is shown by definite evidence. In the present case, the Union could not show anything that the balance-sheets were not correct. It appears from the balance-sheets that in the years ending 1953 and 1954, the parent Company of which this factory is a branch, sustained loss. In the year 1952-53 there was loss to the tune of Rs. 1,13,927-10-9, and in the year 1953-54 such loss was to the extent of Rs. 1,96,307-9-10. In this state of things, the claim of the Union for bonus for the years 1952-53 and 1953-54 cannot be sustained, and is accordingly rejected. I may say in this connection that the consolidated balance-sheets of the Company have been produced in this case. In calculating bonus, the consolidated balance-sheet of a Company doing its business in more places than one and not a separate sheet of one place, is the determining factor. It has been laid down authoritatively that such consolidated balance-sheet of the Company as a whole should be taken as the guiding principle. Regarding the claim of bonus for the year 1951-52, it appears no doubt from the balance-sheet of that year that the Company had net profit to the extent of Rs. 1,34,847-2-7. But it must be remembered that this was the profit of this Company in respect of all its branches for that particular year. This profit is again subject to adequate provision for taxation, doubtful debts and depreciation. As per profit and loss account, it appears from the balance-sheet for the year 1951-52 that subscribed, issued and paid-up capital was Rs. 15,00,000. If 6 per cent. return on the above paid-up capital is allowed, the figure comes to Rs. 90,000. Over and above this, there is also the payment of income-tax for that year. If any reserve fund was employed as working capital during that year, the Company is entitled to get return at the rate of 4 per cent. on that account also. If 6 per cent. return on the paid-up capital and the income-tax paid be deducted from the net profits of the year in question, it is crystal clear that there remains practically no available surplus. Other items, such as depreciation, reserve for rehabilitation of machinery, etc., are required to be taken into account also, as the Company is entitled to get deduction of the amounts required to meet those charges. In this view of the matters, I hold that there remains no available surplus for payment of any bonus for the year 1951-52. But the stubborn fact remains that in spite of this, the Company was generous enough to declare bonus equivalent to 10 days' pay to the workers of this concern for the year 1951-52 and offered the same. But the workers did not accept it. The factory in its written statement has stated that it is still ready and willing to pay bonus declared for the year 1951-52. The Manager, who deposed in this case, has also stated in his evidence that this concern is still prepared to pay such bonus to the workers as was declared and offered to them for the year 1951-52. Thus, it is evident that this offer is still open. In the circumstances, I direct that the workers of this concern shall get bonus equivalent to 10 days' pay for the year 1951-52 as offered. Such payment of bonus is to be made within 15 days from the date of publication of this award in the *Calcutta Gazette*. This issue is thus disposed of.

Issue No. 3

I understand that Provident Fund Scheme has been introduced in this concern, and that this Scheme is now in operation. The Union now claims for the introduction of a Scheme for gratuity in addition to the Provident Fund Scheme. The question as to whether double retiring benefit should be given or not, is dependent upon the consideration of prosperity and stability of the undertaking. There can be a Gratuity Scheme in a fit case in addition to a Provident Fund Scheme. But in my view, before a Scheme for Gratuity can be sanctioned, other factors must be taken into consideration. The financial condition of the Company must be considered in its broad aspect. The profit-earning capacity, the profits earned in the past and its reserves are material factors. In short, the general financial stability of the concern must be taken into consideration before a long term scheme like the Scheme for Gratuity is sanctioned. From the balance-sheets which have been produced, I get the impression that the financial condition of the Company is not so good. In the years 1952-53 and 1953-54 the Company sustained loss. On a careful scrutiny of the balance-sheets, I am of the view that the financial position of the Company is by no means good, and that the present time does not admit of a Scheme of Gratuity being framed in the manner demanded on behalf of the Union. I cannot overlook the fact also that the Company has got branches in other parts of the country. Any introduction of a Scheme of Gratuity for the benefit of the workers of this factory will have repercussions on the workers of other branches. The industry should be considered as a whole, and the prosperity of the entire industry must be taken into account. So, I come to the conclusion that in the present state of the financial position of the Company, the introduction of a Gratuity Scheme will impose onerous burden on the Company, which it can ill-afford to bear under the present circumstances. So, considering the matter, I come to the conclusion that the present time is neither opportune nor propitious for the introduction of the Gratuity Scheme, and that the financial condition of the Company does not warrant the imposition of such burden now. So, the claim of the Union for introduction of the Gratuity Scheme is turned down. This issue is decided accordingly.

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. N. K. Biswas & Co., 9 Rajendra Nath Roy Choudhury Lane, Calcutta, and their workman, Shri Paresh Chandra Chatterjee, 16/1/H-43, Muraripukur Road, Calcutta-4.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

APPEARANCES:

For the workman: Shri S. K. Dhar, Pleader.

For the Company: None.

This reference made by the Government of West Bengal, Labour Department, by order No. 4083-Dis./D/11L-318/54, dated 2nd September 1955, relates to the discharge of Shri Paresh Chandra Chatterjee by Messrs. N. K. Biswas & Co.

AWARD

The case of the employee Shri Paresh Chandra Chatterjee is that he was employed by Shri Nishi Kanta Biswas, Proprietor of Messrs. N. K. Biswas & Co. in the firm on 1st July 1952 on a monthly salary of Rs.40 , and worked there till February 1954. But as there were some arrears in his pay, he made demands. This enraged the proprietor, who discharged him without paying anything. Hence, he claimed reinstatement with arrears of pay and compensation.

Messrs. N. K. Biswas & Co. (hereinafter to be called the Company) in its written statement denied the allegations made by the employee. It has stated *inter alia* that Shri Paresh Chandra Chatterjee was never employed in the factory as a workman. It contended that he was a refugee, and was introduced to the proprietor, Shri Nishi Kanta Biswas by one of his friends, who asked him to help the man who was in distress, and that accordingly the said proprietor by way of charity used to give him now and then some money as pocket allowance.

This case has a chequered career. This Tribunal gave its award in the instant case on 23rd September 1955 holding that Shri Paresh Chandra Chatterjee was not a "workman" within the meaning of section 2(s) of the Industrial Disputes Act, 1947, as he was never employed in this Company. In this view of the matter, this Tribunal came to the conclusion that Shri Paresh Chandra Chatterjee was not entitled to any relief. As against this

decision, Shri Paresh Chandra Chatterjee preferred an appeal to the Labour Appellate Tribunal. The Labour Appellate Tribunal set aside the award of this Tribunal, and remanded the dispute to this Tribunal for adjudication on merits according to law. Hence, the dispute came up again before this Tribunal for adjudication.

With due respect to the directions of the Labour Appellate Tribunal, I am of the view that this case needs no adjudication on merits, as this is an individual dispute, and not an industrial dispute. I shall now state my reasons therefor. The order of reference clearly indicates that the employee concerned is not assisted by any Union or a number of workmen. The point, therefore, arises whether this is an industrial dispute. Shri Paresh Chandra Chatterjee, as stated above, is not represented by any Union. His cause has not been even taken up or espoused by other employees. He stands alone and singly in fighting for his cause. A dispute between an employer and a single employee cannot *per se* be an industrial dispute, but it may become one if it is taken up by a Union or a number of workmen. Whether an individual dispute is an industrial dispute within the meaning of section 2(k) of the Industrial Disputes Act has been debated in a number of cases—both at the lowest and upper levels—leading to a divergence of decisions. The Calcutta, Patna and Madras High Courts have held that an individual dispute, unless taken up by a Trade Union or Association of Employees, does not mature into an industrial dispute. The High Court of Allahabad has, on the other hand, held in the reverse direction. The Full Bench of the Labour Appellate Tribunal in the case of Swadeshi Cotton Mills has also held that even an individual can raise an industrial dispute (1953, L.A.C. 137). The decision of the Full Bench of the Labour Appellate Tribunal certainly carries great weight, and is entitled to respectful attention. But the decisions of the State High Court must predominate. Despite the conflict of decisions mentioned above, the Tribunal has now smooth sailing on the point, in view of the recent decision of the Hon'ble Supreme Court. That decision has set at rest all the previous conflicting decisions in the matter. I may profitably cite this decision of the Hon'ble Supreme Court of India given in the case of Newspapers, Ltd. and reported in (1957-58) 12 F.J.R., page 129. In that case, their lordships reviewed all the previous decisions on the point, and have held that although the definition of "workman" in section 2(k) of the Industrial Disputes Act, 1947, is wide enough to cover a dispute between an employer and a single employee, the scheme of the Act contemplates that the machinery provided therein should be set in motion to settle only disputes which involve the rights of workman as a class, and that a dispute touching individual rights of a workman was not intended to be subject of an adjudication under the Act, when the same has not been taken up by the Union or a number of workmen. Their lordships further observed that although the making of a reference by the appropriate Government under section 10 of the Industrial Disputes Act, 1947, is the exercise of its administrative powers, that is not destructive of the rights of an aggrieved party to show that what was referred was not an "industrial dispute" at all, and therefore the jurisdiction of the Industrial Tribunal to make the award can be questioned, even though the factual existence of a dispute may not be a subject to a party's challenge. Where, therefore, the appropriate Government had referred a dispute on the assumption that the dispute exists between the "employer and his workmen", but the points of dispute in the reference comprised the wrongful termination of the service of only one "workman", whose case was not taken up by any Union or a number of workmen, the reference of the dispute was bad in law and must be held to be so, because the individual dispute in such case has not got transformed into an industrial dispute. In the present case, the employee concerned, as already pointed out, has

been ploughing a lonely furrow. His case has not been espoused by any other employee or by any Union.

The resultant position, therefore, is that this is an individual dispute, which has not graduated into an industrial dispute. The Tribunal has no jurisdiction, in the circumstances, to adjudicate on the issues referred to it by the Government, even in spite of directions of the Labour Appellate Tribunal. The Tribunal comes to the foregoing conclusion in view of the latest decision of the Hon'ble Supreme Court, which is the highest judiciary in India.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Narkeldanga Bus Association, 10 Harrison Road, Calcutta, and their workmen represented by Rastriya Bus Mazdoor Congress, 45-B Strand Bank Road, Calcutta-7 (Case No. VIII-10 of 1957).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

Shri M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Union: Shri Ramani Mohan Datta, General Secretary, Rastriya Bus Mazdoor Congress.

For the Company: Shri B. Roy Chowdhuri and Shri A. C. Khanna, Secretary of the Association.

An industrial dispute over payment of bonus for the year 1956, existing between Messrs. Narkeldanga Bus Association (hereinafter called the Association), 10 Harrison Road, Calcutta, and their workmen represented by

Rastriya Bus Mazdoor Congress, 45-B Strand Bank Road, Calcutta-7, was referred to this Tribunal for adjudication by the Government of West Bengal, Labour Department, order No. 45I.R./D/4L-47/56, dated the 4th January 1957.

Issue

1. Whether the Association should pay bonus for 1956 to their employees?
2. If so, at what rate?

AWARD

Issues Nos. 1 and 2

The Union's demand is for three months' wages as Puja bonus for the year 1956. The Association did not concede this demand mainly on the ground that it is not a profit-making concern and it did not earn any profits in the year in question. It is stated further that the reference is bad in law. At the hearing the legality of the question of reference was not pressed. And the Government has wide powers under section 10 of the Industrial Disputes Act to make a reference when once an industrial dispute is found in existence between the parties.

Both parties filed written statements, adduced evidence, oral and documentary, and advanced arguments.

It is abundantly clear from the evidence and the pleadings that the Union demanded this payment of bonus on the ground that the existing rates of wages for the workmen are inadequate, and that the individual bus owners made huge profits out of this business, and also that other Associations running the other routes, in and around the Calcutta, paid bonus to its employees. Admittedly, the workmen did not get any bonus either on the occasion of the Puja as Puja bonus, or as a condition of service. In fact, they never got any bonus any time from the Association.

The learned representative for the Union made it clear that this bonus was not claimed as a customary bonus, but it is claimed solely on the ground that the wages paid here are grossly inadequate, and that the bus owners individually made huge profits out of this business, as a result of the joint efforts of these workmen. This explains the precise nature of the demand. The demand has been wrongly stated as "Puja bonus" although in actual fact it is in the nature of a profit-sharing bonus. The learned representative for the Union was in error when he endeavoured to explain this bonus as a part of wages payable to make up for the defficiency in its existing rates. The Hon'ble Supreme Court in the case of Muir Mills, Ltd., reported in 1955, Vol. I, L.L.J. p. I, held that any such demand can only be justified under any of these conditions, viz.—

(i) when wages fall short of the living standard, and

(ii) the industry makes huge profits part of which are due to the contribution which the workmen make in increasing production.

Their Lordships further held that if in any particular year the working of the industrial concern has resulted in loss there is no basis nor justification for a demand for bonus. Bonus is not a deferred wage.

This has set at rest all speculations about the nature and scope of the demand, and the conditions under which it can be successfully entertained.

This Association is not doing any business in the strict sense of the term. It is not a registered body. It is a body of bus owners, formed for the sole purpose of regulating the running of the bus strictly according to the time

table and rules, and for due conduct of the business as also for the convenience of the travelling public. The rules of the Association have not been produced, but it is clear from the evidence of Shri Ram Nath Sinha, Secretary, Rastriya Bus Mazdoor Congress, and Shri A. C. Khanna, Secretary of the Association, that the Association is managed by a committee of the bus owners who contribute subscriptions for the maintenance of the staff necessary for this work. The Association has a fund, the accounts of which have to be adopted and passed at an annual general meeting. The fund is just sufficient to meet the expenses of the Association. It undertakes no risks, therefore, it is not a living concern. In that way, it is truly a non-profit-making concern, although it may come under the definition of "industry" in section 2, sub-section (j) of the Industrial Disputes Act. A profit-sharing bonus can only be paid out of profits of the business. In that view, a non-profit-making concern, as this Association is, can never be lawfully asked to pay to its employees, even when the other conditions laid down in the aforesaid decision of the Hon'ble Supreme Court, been fulfilled. The Association employs one Head Starter and seven starters for three stages in two shifts. It is in evidence that the Head Starter gets Rs. 85 per month as pay, and the other starters, of which Shri Ram Kripal Singh is one, get Rs. 70 per month. It is in evidence of Shri Sinha, the Secretary of the Rastriya Bus Mazdoor Congress, that other Associations running other routes pay higher rates of wages both for the Head Starter, who is differently known in different concerns as "supervisor" or "fine collector", and for other starters, and pay bonus at the rate of one month's wages, and also other amenities better than those enjoyed by the workmen employed under this Association. Shri Khanna, the Secretary of the Association, challenged the accuracy of this evidence, but did not say what the other Associations, in actual fact, do pay their employees on account of wages and bonus. It is true that the question of wages is not directly in issue in this case, but it has arisen in this way that a claim for profit-sharing bonus can be sustained on the ground of the wages falling short of the living wage. It is enough for our present purpose to record a finding that the present rates of wages are lower than the living wage, and that very few wages, at present existing in the locality, come up to the living standard. That does not, however, dispose of the issue under consideration. Inadequacy of wages may in certain circumstances furnish a good case for its upward revision, but by itself it offers no basis for a legal claim of bonus.

The learned representative for the Union placed his demand on other grounds, viz., that the Association can easily pay bonus if it adopts a scientific method of collecting subscriptions from individual bus owners who earn huge profits out of this business, instead of following a stereotyped method of collecting Rs. 24 per day. This argument appears to be fallacious on the very face of it. We are not concerned with any hypothetical case of profits, but with the true profits, if any, earned by the Association. Shri Khanna says that the account as on the last day of the accounting year 1955 (Ext. A), shows a balance of Rs. 16-3 only, and that the Association earned no profits in the particular year. Ext.-A was not audited, but it was adopted in a general meeting of the members of the Association. The learned representative of the Union unsuccessfully challenged the accuracy of this account. Shri Khanna's evidence, however, corroborated the entries in the Ext.-A. Ext.-A is, therefore, accepted as correct in this case. It shows that in the relevant year, the Association had a balance of Rs. 16-3 only after meeting the necessary expenses, including the wages of its employees. This balance cannot be strictly called profit, which, as is ordinarily understood, means excess of return over outlay. Profit implies a comparison between the state of business at two specific dates, usually

separated by interval of a year. The fundamental meaning of profit is the amount of gain made by the business during that year. It is arrived at after setting off against the revenues, all expenses and losses, which had arisen in carrying on the business and which related to the period under review. In that sense, this balance can hardly be said to be "the profits" of the business. A bonus, lie dividend, can only be paid out of profits.

This takes us to the next contention of the Union that the individual bus owners, who earned huge profits in the relevant year, should share a portion of that with the employees of the Association, who had helped them in no small measure in running the business. The learned representative of the Association contends that this is entirely untenable in law, and on facts. It is in evidence of Shri Singh that the employees are paid by the Secretary of the Association, who is the chief executive of that body. In fact, the Secretary, on behalf of the Association, is the employer and the individual bus owners who form the Association, are separate from the Association itself. The Association has a separate legal entity in the eye of law. Its income is, according to the evidence of the Union, Rs. 24 per day. But the question whether such income should be scientifically raised or not is entirely irrelevant in the present case. The earnings of the bus owner had been attempted to be proved by the evidence of P. W. 1 and P. W. 2. But then, the profits are not synonymous with the income. In fact, it has nothing to do with the outgoings or expenditure. Therefore, the evidence of profits of the bus owners, which will not be of any assistance here, are not even before this Tribunal, and then, the individual bus owners, being not employers of the workmen involved in this dispute, cannot be called upon to show or explain any such profits in this case. That contention of the Union cannot be accepted. It fails.

The financial implications of this demand have been worked out as follows: the monthly wages of the Head Starter and seven starters are Rs. 85 + Rs. 70 × 7 = Rs. 575. Three months' wages will be Rs. 575 × 3 = Rs. 1,725. The question is whether this or any part of it can be met out of the balance in hand at the end of the accounting year. The fund of the Association is just enough to meet the existing liability including the wages of the employees which are undoubtedly much below the living standard. It is not in a position to pay any portion of the present demand for bonus. The allegation that other Associations for the other routes are paying higher wages and bonus is no ground for allowing this demand. On a consideration of all the facts and circumstances, the Tribunal finds that the employees of the Association are not entitled to get any bonus for 1956. The issues are answered in the negative.

This is my award.

Gramophone Co., Ltd., 33 Jessore Road, Dum Dum and their workmen represented by Gramophone Workers' Welfare Union, 82 Shambazar Street, Calcutta, was referred to the Fifth Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Tribunal one S. K. Zakarulha and 48 others, all workmen of the said Company, filed a complaint before the said Tribunal against the said Company alleging that the said Company had altered, to the prejudice of the said workmen, the conditions of service applicable to them immediately before the commencement of the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act, filed by S. K. Zakarulha and 48 others, all employees of the Gramophone Company, Ltd., at 33 Jessore Road, Dum Dum, against the aforesaid Company (Case No. 122 of 1955).

AWARD

1. The original reference out of which this case has arisen was made under Government order No. 4899Dis./D/11L-327/54, dated the 26th October 1954.

2. It is the contention of the workmen that pending the decision in the main case before the Tribunal, the Company has reduced the tiffin hour from one hour to half an hour without the permission of the said Tribunal. This has caused great hardship to the workers because one hour's tiffin recess is absolutely necessary for they have to work under extreme heat and stuffy atmosphere all along in the factory remaining standing.

The Company contends that they had to take steps to bring the working hours of the Press Department in line with those of other productive shops, and also to effect economy in the consumption of coal and powder. But they did not disturb the total working hours.

I have considered the matter carefully. I think that the Company is entitled to make one uniform recess hour for all employees of the concern. That will make for convenience of work and also for effecting economy. The work in the Press Department is certainly not more arduous than all other departments. If half an hour's recess suffice for them, there is no reason why this would not suffice the present employees. The Factories Act contemplates half an hour's tiffin recess. In the Engineering concerns also half an hour tiffin recess is in vogue. The workers could have genuine grievances had the total working hours been disturbed. So, on the merit I do not find any substance in the present contention of the petitioners. But at the same time I find that the Company was guilty of having contravened section 33 of the Industrial Disputes Act, 1947, for not having had the permission of the Tribunal in effecting the change in question of the condition of employment of a certain section of workmen. But for that I do not take any action against the Company in the present case as, eventually, I uphold the alteration effected as reasonable. So the petition under section 33A stands rejected.

SHRI G. PALIT, *Judge, Fifth Industrial Tribunal.*

Present for the Company: Shri S. C. Sen, Advocate of Messrs. Orr. Dignam & Co., Solicitors.

Present for the employees: Shri D. L. Sen Gupta, Advocate.

AWARD

1. The original reference out of which this case has arisen was made under Government order No. 4899Dis./D/11L-327/54, dated the 26th October 1954.

2. It is the contention of the applicants that during the pendency of the main case concerning this Company before the Tribunal, it has altered without the express permission of the Tribunal the conditions of service of the petitioners by refusing them wages and work since February 28, 1955, and has effected their discharge under false cover. On the 26th February 1955 they were suddenly given a notice stating that they were surplus consequent on the closure of the grain shop. But as the Tribunal proceeding was pending, they were put under lay-off.

The Company contends that on 3rd March 1955 it applied under section 33 of the Act for permission of the Tribunal to retrench these people. The Company closed the ration shop with the derationing of food grains by the Government with effect from the 10th July 1954. As it could not provide the present applicants with work, they were laid off by a letter, dated 26th February 1955.

The Company filed a Miscellaneous Case No. C-964 of 1956 for retrenching Abhimannu Panda and 5 others before the Labour Appellate Tribunal. But the application was dismissed by the said Tribunal. A copy of the order of the Labour Appellate Tribunal has been placed before me. From the above order the learned Advocate on behalf of the present applicants argues that as these persons were not liable to be retrenched

even on the closure of the ration shop, they must be taken to have been in service. This position is difficult to dispute. But from this if we conclude that their lay-off was not justified, it would be rather a big jump. Retrenchment and lay-off cannot be taken to be synonymous. The Company has definitely stated that it could not provide these men with alternative work at once in any other department. So it put these men under lay-off presumably with the idea that as soon as opportunity would occur they would be given some suitable berths. During the interregnum these people were granted lay-off compensation. So there was no *mala fide* on the part of the management concerning these people. That being the position, the present application under section 33A cannot succeed. The lay-off in the present circumstances cannot be construed as an infringement of the service condition of the employees. So section 33 cannot be taken to have been violated. Hence the petition under section 33A is out of place. In any view of the matter, the application under section 33A cannot be sustained, and it is rejected.

SHRI G. PALIT, *Judge, Fifth Industrial Tribunal.*

Present for the Company: Shri S. C. Sen, Advocate of Messrs. Orr. Dignam & Co., Solicitors.

AWARD

1. The original reference out of which this case has arisen was made under Government order No. 4899Dis./D/11L-327/54, dated the 26th October 1954.

2. The petitioner contends that he put in 12 years of service under the Company, and that he was punished because of his Union activities in connection with the strike in the Company. He was given a charge-sheet to which he submitted his reply. But the committee of enquiry did not believe his version. As this action was taken against him by the Company during the pendency of the main case before the Tribunal, section 33 of the Act was violated, contends the petitioner. So he is entitled to relief under section 33A of the Act in the shape of reinstatement and compensation.

The Company contends that on the 11th May 1955 at about 9-15 a.m. the applicant Shri Naskar used abusive languages against the foreman over him, Shri S. Huda, and also acted in a disorderly manner. He refused to attend to his work. He also insisted other workmen to go slow in work. For these acts of misconduct the Company decided to dismiss him, and for the purpose applied to the Tribunal under section 33 of the Act seeking permission of the Tribunal to dismiss him. The Company placed the man under suspension as a security measure.

Now, it is the contention of the petitioner that even if he be dismissed, he must get his wages till the date of his dismissal which must be subsequent to the Tribunal's order granting permission to the Company to dismiss him.

The Company has filed a copy of the order of the Labour Appellate Tribunal in Miscellaneous Case No. 969 of 1956, under section 22. Their Lordships' order is as follows:—

> "Finding as we do that the evidence produced before the enquiry committee was sufficient to raise a *prima facie* case against the workman, we permit the Management to discharge Sudhir Naskar from service. No mitigating circumstances is pleaded."

Thus it is clear that Their Lordships of the Labour Appellate Tribunal accepted the proceedings and findings of the enquiry committee regarding the charge against Shri Sudhir Naskar. I have also no reason to differ from the said findings of the enquiry committee. So Shri Naskar was rightly suspended, and his dismissal would also be justified.

Regarding the claim of compensation and wages during the period of suspension, the recent decision of the Hon'ble Supreme Court of India

is a complete answer. It has been held by Their Lordships of the Supreme Court of India, that when suspension is justified, no compensation is permissible or allowable for the period of suspension. The position is not different even through the dismissal may have actually taken place on some date or period after the date when the delinquent worker was placed under suspension as a security measure.

In that view of the matter Shri Sudhir Naskar is entitled to no relief in my hands, and the petition under section 33A of the Act is dismissed.

PRESENT:

SHRI G. PALIT, *Judge, Fifth Industrial Tribunal.*

Present for the Company: Shri S. C. Sen, Advocate of Messrs. Orr. Dignam & Co., Solicitors.

Present for the employee: Shri D. L. Sen Gupta, Advocate.

AWARD

1. The original reference out of which this case has arisen was made under Government order No. 4899Dis./D/11L-327/54, dated the 26th October 1954.

2. The employees have placed two grievances before the Tribunal, viz., (1) that there was never any rule making them liable to retire at the age of 60 years, and (2) that they do not admit of their age having been reached 60 years. They are said to have been arbitrarily chosen for termination of services because of their Union activities.

No oral evidence was adduced in this case. I find from the documents filed by the Company that in the minutes of the 13th monthly meeting of the Works Committee held on the 15th December 1949, it was resolved that all employees aged 60 years on the 1st April 1949, shall retire on the 31st December 1949. In view of the finalisation of the pension arrangements it was further decided that such employees may be allowed to continue temporarily on day to day basis. Again, from the minutes of the 24th monthly meeting held on the 28th November 1950, I find that it was decided that the staff aged 60 years and over would retire from the Company's service with effect from the 1st January 1951. This was in accordance with the request made by the Union following the introduction of the Provident Fund system. Then there was a settlement between the Company and the employees in which it was decided that all employees over 60 years were to be retired by the 31st January 1953, with the exception of Mr. Young whose case would be dealt with upon Mr. Clark's return from leave in August next. This settlement was dated 21st January 1953. Thus it is clear that it was the established practice in the Company to make people retire at the age of sixty years. Of course, departures were made now and then at the discretion of the Company in respect of the age of retirement. But they were in the interest of the Company. So the employees cannot say that they were arbitrarily chosen for retirement. Ther is no evidence of any *mala fide* in this case, and I have no reason to think that these people were made to retire for their Union activities. The Company has given their ages on entry into the service. The employees could not produce any counter evidence in this respect. So it is clear that the grievances of the employees concerned are imaginary and frivolous. There is no merit in this application under section 33A. Besides, section 33 does not appear to have been violated as such retirement was more or less automatic. So the petition under section 33A is rejected. I note here that Shri Ashutosh Naha has withdrawn from the present application. So his case stands dismissed.

General instructions to candidates applying in response to advertisements issued by the Commission for recruitment to posts by "Selection".

(1) **Instructions regarding submission of application.**—Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply on any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own handwriting.

(2) **Particulars and certificates required.**—Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

(3) **Fee.**—Candidates must enclose with their applications a fee of Rs. 5 (for each category of posts) in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXXVI—Miscellaneous—Receipts of the Public Service Commission, West Bengal". Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal orders, however, may be accepted from candidates. They should be crossed and made payable to "The Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers. In no case will the fee paid with the application be refunded.

The Commission may remit fee in case of genuinely indigent and bona fide displaced persons from Pakistan.

Note.—"(i) A displaced person claiming age concession must furnish with his application satisfactory evidence that he is a bona fide displaced person from Pakistan, e.g., refugee registration card or a certificate from a gazetted officer or a Member of Parliament or State Legislature, in original.

(iii) A displaced person seeking remission of the application fee must furnish besides the evidence required under Note (i) above, a certificate (in original) from a District Officer or a gazetted officer or a Member of Parliament or State Legislature to show that he is not in a position to pay the prescribed fee."

(4) **Address.**—Candidates should give their present address and should communicate at once any subsequent change of address.

(5) **Canvassing.**—Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendation from persons interested in the candidates or otherwise known to them will be disregarded.

(6) Applications from candidates who are in permanent or temporary employment under any Government, a local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a local or statutory body should submit an advance copy in the prescribed form. The application fees should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

N. CHAKRAVARTI, Director.

Calcutta, the 4th June 1957.

DIRECTORATE OF AGRICULTURE, WEST BENGAL

Calcutta, the 19th January 1957

Final Forecast of Autumn Rice Crop of West Bengal for 1956-57 (excluding territories transferred from Bihar).

(*Note.*—The figures of acreage and yield rate of autumn rice as shown in this forecast are based on the results of sample survey and crop-cutting experiments conducted by the State Statistical Bureau, West Bengal, excepting the acreage estimate of Birbhum district for last year and the estimates of Darjeeling district for both last year and this year. These estimates are based on the reports received from the staff of Agriculture Directorate).

Season.—As reported in the preliminary forecast the weather conditions have not in general been favourable. Prevailing droughty weather conditions at the early stage and subsequent excessive rains and floods affected the crop in different parts of the State.

Area and yield.—1,268,100 acres are estimated to be under autumn rice this year compared to 1,296,000 acres of last year.

The total outturn of the crop for the State as a whole in terms of cleaned rice is estimated at 375,400 tons this year compared to 409,300 tons last year.

The average yield of cleaned rice per acre for the State as a whole is estimated at 8.06 maunds this year compared to 8.60 maunds last year.

Decrease in acreage and yield rate is due to unfavourable weather conditions.

S. N. MUKHERJEE,
for Director of Agriculture, West Bengal.

Third and Final Forecast of Winter Rice Crop of West Bengal for 1956-57 (excluding territories transferred from Bihar).

(*Note.*– The figures of acreage and yield of winter rice for both last year and this year except for those of Darjeeling district as shown in this forecast are based on the results of sample surveys and crop-cutting experiments conducted by the State Statistical Bureau, West Bengal. As the sample survey is not carried out in the hilly subdivisions of Darjeeling district, the figures of this district for both last year and this year have been based on the reports furnished by the extension staff of this Directorate.)

Season.—It has already been reported in the Second Forecast that widespread floods visited in the last week of September and caused damage to the crop in many districts particularly in parts of Nadia, Murshidabad, Burdwan and Birbhum. Subsequent weather conditions have generally been favourable and in spite of flood, overall conditions of the crop turned out to be good.

Area and yield.—8,750,700 acres have been estimated to be under winter rice this year as against 8,816,600 acres of last year.

The total production of cleaned rice for the State as a whole is estimated at 3,941,500 tons this year compared to 3,718,800 tons of last year.

The average yield of cleaned rice per acre for the State as a whole is estimated at 12.26 maunds this year as against 11.48 maunds of last year.

To—The Election Commission, New Delhi.

Through the Secretary, Election Commission, New Delhi.

The humble petition of the petitioner abovenamed, a candidate for the General Seat in the double-membered Raina Assembly Constituency, Burdwan, West Bengal,

MOST RESPECTFULLY SHEWETH :—

1. That your petitioner stood as a Congress candidate for the general seat in the double-membered Raina Assembly Constituency, district Burdwan, West Bengal, at the last election and respondent No. 1 Shri Dasarathi Tah contested him. There was a contest for the reserved seat between respondents Nos 2 and 3. Two other persons stood as candidates but they withdrew their candidature.

2. That your petitioner was recommended by the members of Burdwan District Congress on or before 7th August, 1956 and thereafter nominated by the Congress on 21st December, 1956 and thereafter your petitioner's nomination was published at or about 22nd December, 1956 last.

3. That the election was held on Tuesday, the 12th March, 1957 and the counting took place on 16th March, 1957 and the result was published in the newspapers on 17th March, 1957. The electorate consisted of 1,08,889 voters, votes polled—1,12,416, votes rejected 1,240. Shri Dasarathi Tah, P.S.P. candidate for the general seat secured 31,243 votes and your petitioner secured 26,050 votes; Shri Gobardhan Pakrey, P.S.P. Scheduled Caste candidate, secured 29,740 votes and Shri Mritunjoy Paramanik, Congress Scheduled Caste candidate, secured 25,381 votes. Shri Dasarathi Tah (respondent No. 1) and Shri Gobardhan Pakrey (respondent No. 2) were respectively declared elected for the general and reserved seats and your petitioner and respondent No. 3 Congress candidates were declared to be not elected.

4. That aggrieved by the result of the election your petitioner begs leave to file the election petition, so that it may be considered by the Chairman and other members of the Election Commission and that it may be forwarded as a fit case for trial by the Election Tribunal to be appointed for the purpose.

5. That the necessary deposit as required by section 117 of the Representation of the People Act, 1951 (Act 43 of 1951), has been made and the challan with regard to the same is filed herewith and the number of the said challan is C-49332 of the Reserve Bank of India at Calcutta, dated 22nd April 1957.

6. That the way, in which the returned candidate Shri Dasarathi Tah, respondent No. 1, carried on the election propaganda against your petitioner, comes within the purview of section 100(I)(b) and section 100(I)(d)(ii) and his election as a returned candidate is liable to be declared void and your petitioner should be declared to have been duly elected.

7. That the said Shri Dasarathi Tah has been guilty of corrupt practices as mentioned in Part VII, Chapter I, section 123(2) and (4) of the Representation of the People Act, 1951 (Act 43, 1941) and that sub-section (2) of section 123 has been violated in two ways:—

(I) Sub-section (2) of section 123 has been violated on account of presence of elements mentioned in sub-section (2), proviso (a)(i) of section 123 of the Representation of the People Act, 1951.

(II) Sub-section (2) of section 123 has also been violated as a result of the violation of section 123, sub-section (4) of the said Act.

8. That the material facts upon which your petitioner relies in support of this petition *inter alia* are as follows:—

With regard to the violation of sub-section (2), proviso (a)(i) of section 123 as mentioned in paragraph 7 sub-paragraph (1) above your petitioner begs to state the following facts:—

(a) On 12th February, 1957, your petitioner while he was travelling with Tarapada Paramanik, son of Shri Mritunjoy Paramanik (respondent No. 3) in a rickshaw in the morning near G.T. Road along Ishla Bazar Road in the Burdwan town was suddenly assaulted by six or more persons headed by one Bankim Dutta and one Barun Dutta, belonging to the party of Shri Dasarathi Tah who were actively carrying on the election campaign on his behalf and they beat your petitioner with shoes and blows and your petitioner had to go to the local hospital, where he received first aid. In consequence of this assault he had to remain at Burdwan and he could not carry on the election campaign for five days. Barun Dutta and Bankim Dutta, the assailants along with some other persons, formed an unlawful assembly with the common unlawful object of beating your petitioner and they wrongfully restrained him. The news of this incident was reported in the Vernacular and English papers of West Bengal. Your petitioner lodged an information to the Police on that very morning. The Police has started a criminal case against Barun Dutta, Bankim Dutta and other associates of Shri Dasarathi Tah and the said accused persons are now on bail. The said case is still pending determination.

(b) Shri Dasarathi Tah (respondent No. 1) has been running a Weekly Newspaper, named "Damodar" which, is printed and published by him from the Damodar Press, Burdwan and is published from his house at Birhatta, Burdwan. The Calcutta Branch of the said paper is at 27 Maharshi Debendra Road, Calcutta and the present phone number of the said Office is No. 33-5393 and registered No. is C3852. The name of Shri Dasarathi Tah figured all along as the Editor, Printer and Publisher of the said paper. During the election period and/or immediately before it Shri Dasarathi Tah caused the name of his protege and Agent Nava Kumar Roy to appear as Editor in his place while he continued to remain as Printer and Publisher of the said paper. The said paper was utilised by him for carrying on a persistent campaign of vilification and falsehood against your petitioner. Curiously enough, although the above incident of assault was

reported in other newspapers but Shri Dasarathi Tah printed and/or caused to be printed and published a distorted version of the incident in the "Damodar", dated 15th February 1957 and a leaflet with regard to the same was published in the name of the then Editor Navakumar Roy in the interest of the returned candidate Dasarathi Tah. It was stated in the paper that the story of assault on your petitioner was a got-up affair and false. Photographs about the incident were taken by your petitioner and published by stating that your petitioner had been beaten whereas according to the said paper the accused Barun Dutta was stated to have been beaten by your petitioner and respondent No. 3 by confining him in a room. The criminal case started on the report of the Police against the assailent of your petitioner is still pending. Both Shri Dasarathi Tah and his protege and Agent Shri Nava Kumar Roy have tried to prejudice the trial by publishing a false account of the said incident, although the Police enquiry was not completed then.

(c) That the said dastardly assault was made with the knowledge and connivance of the said Dasarathi Tah by persons carrying on the election campaign on his behalf to scare your petitioner away and the assault, which took place just one month before the election, was made with the evident deliberate object of disabling your petitioner from carrying on his election propaganda and for striking terror in his heart and/or demoralising his followers so as to compel your petitioner to give up his election campaign. These acts and conduct constitute intimidation of the worst kind mentioned in the sub-paragraph (2)(a)(i) of section 123 and constitute undue influence within the meaning of sub-section (2) of section 123 with a view to interfere with the free exercise of the electoral right by your petitioner. As a matter of fact in view of the assault referred to above your petitioner was afraid to move freely through his constituency and this also had a demoralising effect upon his supporters.

9. That Shri Dasarathi Tah is guilty of violating the provisions of sub-section (4) of section 123 by making statements which are false and which Shri Dasarathi Tah believed to be false or did not or could not believe to be true in relation to the personal character and conduct of your petitioner. The particulars thereof are *inter alia* as follows:—

(a) Your petitioner is at present the President of the Barabanian Union Board and a member of the Burdwan District Board. Your petitioner's village is at Kamargoria within the said Union though he frequently visits Tarakeswar where the members of his family reside. Your petitioner was persuaded by Shri Dasarathi Tah to join his party and Shri Dasarathi Tah was able to secure monetary and other help from your petitioner posing himself as a great patriot. When the true character of Shri Dasarathi Tah revealed itself in all its neckedness your petitioner gave up connection with him and joined along with others the Congress Party. Apprehensive of the fact that your petitioner might be nominated as a Congress candidate for the election for the Raina Constituency Shri Dasarathi Tah began his campaign of vilification by taking advantage of the fact that one Arun Malik of Pipaldaha died an unnatural death. He wrote in successive issues of his newspaper that the alleged murderer, Velu Santra, was a creature of your petitioner, and it was stated therein that

though your petitioner was present in the village at the time of murder yet your petitioner did not think it necessary to approach the Police or to take any steps in the matter. This statement was deliberately false as your petitioner was at Gopalnagar on that day. A perusal of the relevant portions of the paper "Damodar", dated 11th May, 1956, copy of which is made Annexure "A" shows that false statements were made with a view to show that your petitioner was in some way connected with the crime and he wanted to screen Velu Santra or to cause disappearance of the evidence of murder. The said Velu Santra was tried by a Jury and was unanimously found not guilty at a Sessions trial and was acquitted. Shri Dasarathi Tah did not, even in spite of the acquittal of the accused by a competent Court, which has not been appealed against, give up his campaign of vilification against your petitioner and began the same with renewed vigour on the said subject as soon as Shri Dasarathi Tah came to know that your petitioner had been nominated by the Congress as a candidate for the election to the Assembly from the Raina Constituency.

(b) In "Damodar", dated 18th of January, 1957, grave allegations against your petitioner were falsely made and it was stated that your petitioner took the principal part in preventing a procession headed by Shri Dasarathi Tah from entering the village Kamargoria and the person at whose instance this was done was also the person at whose instance an innocent person was killed and his assassin was acquitted after a trial and he was led in a procession through the village with garland on his neck. Though your petitioner was not expressly named in the page where this incident was described but he was described to be Kandari of the murder as well as the leader of the attack on the procession and your petitioner's name was expressly mentioned at pages 1 and 3 of the said issue. Copies of the relevant portions of the issue of "Damodar", dated 18th January 1957, are marked as Annexure "B" and particulars are given therein. The name of Dasarathi appeared as Printer and Publisher.

(c) In the said issue of "Damodar", dated 18th January, 1957, published and printed by Shri Dasarathi Tah an alleged report of Shri Banawari Lal Mondal containing false statements to the effect that the Congress had selected a person of such a character there who was responsible for all sorts of misdeeds referred to in the said report including the alleged murder of Arun Malik. The said relevant portion of "Damodar" is also marked as Annexure "B"., and particulars thereof are given therein. The said statement published in the name of Shri Banwarilal Mondal is false and Shri Banawari Lal Mondal wrote to say that he did not authorise Shri Dasarathi Tah to publish such a false report.

(d) In the issue of "Damodar", dated 1st February, 1957, in the editorial column of Shri Dasarathi's paper it was again falsely stated to the effect that Arun Chandra Malik was murdered in broad daylight and the accused person was acquitted by the Jury unexpectedly and those who incited the murder garlanded the accused and led him in a procession and your petitioner's name was shouted as the victor and it was openly given out that they were Congress people and the Government was theirs and that they could kill persons with impunity. Copies of the relevant portion of the said issue are annexed herewith and marked with the letter "C" and particulars appear therefrom.

(e) At page 6 of the said issue of "Damodar", dated 1st February, 1957, a report, received from alleged "Own Correspondent" containing false statements was published to the effect that Arun Chandra Malik of Pipaldaha was murdered in broad daylight and the acquitted accused was led through the road shouting slogans in favour of your petitioner and the Congress and it was stated that they could kill every body with impunity and that a *Goonda* named Hari Narayan Koley told Harihar Banerjee, P.S.P. worker, that if he entered their village he would be killed like Arun. It was alleged in the said paper that under the leadership of one Bishnupada tribute of respect was paid to the memory of the martyr Arun Malik and protest was made against the murder of a citizen. Copies of the relevant portions of the said issue are annexed herewith and marked with the letter "C" and particulars appear therefrom.

(f) In the issue of "Damodar", dated 18th January, 1957, it was alleged that Shri Dasarathi and his party made an attempt to enter the village Kamargoria on their way to Balsor but they were attacked by a party of drunken Congress Goondas who threatened to kill them so they desisted. It was alleged that this attack was done at the instance of your petitioner. This allegation was obviously false, *vide* Annexure "B".

(g) False news was flashed in the "Damodar", dated 15th February, 1957, to the effect that the character of the Congress candidates of Raina has been unmasked and that pressure was put upon Gobardhan Pakrey to withdraw from the election and that your petitioner had mercilessly assaulted one Barun Dutta, alleged to be a Samajbadi student leader and that Kishon Lal Tah caught hold of him by his hair and took him to the drawing room of Shri Mritunjoy Paramanik. It may be stated here that Barun Dutta had filed a petition of complaint making false statements on 12th February, 1957 and that these statements were printed and published by Shri Dasarathi Tah during the pendency of the criminal case started by Barun Dutta. At page 2 of the said issue of "Damodar", dated 15th February, 1957, it was falsely stated that both the candidates caused bodily oppression upon Barun Dutta. The false incident with regard to Barun Dutta was introduced in the "Damodar" with a view to prejudice the electorate against your petitioner and to create a defence in the criminal case started by the Police against Barun Dutta and others after your petitioner was assaulted by the said Barun Dutta and others in the morning of 12th February, 1957 and also to prejudice the student community of Raina Constituency against your petitioner. A false Photo showing Barun injured by your petitioner was published in the issue of "Damodar", dated 22nd February, 1957. Copies of relevant portions of "Damodar", dated 15th February, 1957 and 22nd February, 1957, are annexed herewith and marked together with the letters "D" and "D(i)" respectively and particulars appear therefrom.

(h) That leaflet printed and published from "Damodar" Press and headed as "জামালপুর যুবছাত্র পরিষদের শ্রীসত্যকুমার পালের লিখিত শ্রীদাশরথি তার প্রতি খোলা চিঠির জবাব" was circulated under the name of Siddheswar Dutta one of the workers and Agents of Shri Dasarathi Tah with the obvious knowledge and connivance of Shri Dasarathi

Tah to serve his interest. It was alleged therein that within the hearing of Shri Barun Dutta at the residence of Shri Mritunjoy Paramanik at a time when Gobardhan Pakrey was alleged to have been confined at the residence of respondent No. 3, your petitioner stated that "let us take the Sala Bagdi upstairs and if he refuses to sign the withdrawal petition he may be finished and sent to other World where he might contest". This leaflet was circulated like the other statements in "Damodar" against your petitioner throughout the Raina Constituency with a view to prejudice the Bagra Kshitriya Community constituting a large portion of the electorate and in fact your petitioner was highly prejudiced in his election by such false and malicious statements having no foundation. Copy of the said leaflet is annexed herewith and marked with letter "E".

(i) An article headed "যমে ছাড়িবে না" was written in the "Damodar", dated 15th February, 1957 and in which one Nava Kumar Roy figured as "Editor" and Shri Dasarathi Tah figured as printer and publisher. The said article was separately published as a leaflet in which Nava Kumar Roy figured as editor and publisher with the knowledge and connivance of Dasarathi and to serve his interest. In that article it was stated that your petitioner earned money by dishonest means and that was known to everybody and it was further stated that your petitioner was responsible for the attack on the procession in his village Kamargoria and that public conscience was waked up and these black-marketeers would be taught a lesson. Copy of the portion of the said article is annexed herewith and marked with the letter "F" and particulars appear therefrom.

(j) That in the issue of "Damodar" dated 1st March, 1957, at page 2 a news received from "Own Correspondent" was published to the effect in a very subtile way that two effective Congress men belonging to Bagra Kshitriya Community had resigned. It was stated in the said news that the main reason for their resignation from Congress was the disgraceful conduct of Shri Mritunjoy Pramanick and Shri Kishon Lal Tah on the P.S.P. candidate Gobardhan Pakrey, a member of their community. Shri Dasarathi Tah had no reason to believe that the news of the disgraceful conduct of Shri Kishon Lal Tah on Gobardhan Pakrey Dagra Kshitriya candidate was correct and true but he flashed the news in a subtile way to prejudice the Bagra Kshitriya Community against your petitioner. It was also published in the said issue of "Damodar" that the time for the trial of the traitors was fast approaching and their doom was at hand. Your petitioner and respondent No. 3 were called traitors and there it was alleged that their defeat was a foregone conclusion. Copies of relevant portions of "Damodar" of 1st March, 1957, is marked together with the letter "G". Particulars appear therefrom.

(k) In the "Damodar", dated 8th March, 1957, false news was published, to the effect that in the meeting of students community one Dipti Chakraborty abused Kishon Lal Tah for the alleged assault on Barun Dutta, an alleged student and this was published to irritate and prejudice the student community against your petitioner and false statement was published in the said issue of "Damodar" to the effect that potatoes were being stolen from the field at Kamargoria and Dhamnari of persons who were

refusing to vote for Congress. Copies of the relevant portions of "Damodar", dated 8th March, 1957, are annexed herewith and marked together with the letter "H".

(l) It was published in "Damodar" that reign of terror prevailed at Kamargoria, as a result of the misdeeds of Kishon Lal Tah and Kamargoria, the native place of Kishon Lal Tah, was described as second Goa and that Military Police should be posted for the safety of life and property of the law-abiding citizens. This was published in issues of "Damodar" already marked and particulars appear therefrom.

(m) That it was falsely stated in the "Damodar", dated 15th February, 1957, that your petitioner used the zeep of District School Board though your petitioner and respondent No. 3 have their own car and zeep and your petitioner did never use the zeep of the School Board for election. This statement was deliberately made by Dasarathi to advance his interest and he had no reason to believe it to be true.

(n) Shri Dasarathi Tah misused his position as editor, printer and publisher of the paper "Damodar" as all along he persistently carried on his vilifying propaganda against your petitioner with the help of his paper "Damodar". His name appeared as the editor of the paper up to January, 1957 but from February, 1957, the name of Shri Nava Kumar Roy appeared as an editor and his name appeared as publisher and printer. Shri Nava Kumar appeared as an editor so that Shri Dasarathi might carry his mischievous activities against your petitioner keeping himself in the background. The cloven hoof is to be found in the fact that as soon as the election was finished his name appeared again as editor of the paper "Damodar" from 22nd March, 1957.

(o) False statement to the effect that your petitioner is a Congress forger and black-marketeer upon a mis-interpretation of an issue of "Bardhaman Bani" was printed in the paper "Damodar", dated 8th March, 1957. A copy of the relevant portion of the said article, dated 8th March, 1957, is annexed herewith and marked as Annexure "H".

(p) A special issue of "Damodar", dated 9th February, 1957, was published on 9th February, 1957, containing false statement to the effect that your petitioner caught hold of Shri Barun Dutta, a P.S.P. worker, by hair while publishing a false account of the alleged wrongful confinement of Shri Gobardhan Pakrey. It was alleged in the issue of the paper "Damodar", dated 15th February, 1957, that 10,000 copies of the said special issue was sold out. Relevant portion of the copy of the said special issue is annexed herewith and marked with letter "I". Particulars are given there.

(q) Shri Dasarathi Tah and his men abused your petitioner in practically every meeting addressed by them on the eve of election calling him a traitor, a black-marketeer and a dishonest person and a *goonda* and this prejudiced the electorate against your petitioner and he and his workers also used to tell the members of Bagra Kshitriya Community in meetings after 9th February, 1957, that Shri Gobardhan Pakrey, an educated member of their community has been oppressed by Shri Kishon Lal Tah and his party-men and this he did throughout the Raina Constituency.

10. That the facts stated above show that ever since the day when your petitioner secured Congress nomination the story of the alleged murder of Arun Malik by Velu Santra who was acquitted after a Sessions Court trial and the story of Velu Santra being led after his acquittal in procession with Garland round his neck when slogans of the victory of your petitioner were shouted formed the subject matter of successive issue in the editorial columns and reports from bogus statements of correspondents named and unnamed of the paper "Damodar" and they were published or caused to be published by the returned candidate Dasarathi Tah with a view to show that your petitioner took steps to bring about the wrongful acquittal of the real murderer and also abetted the commission of the offences of the murder of Arun Malik and incited people to murder by taking a leading part in arranging a procession in which the alleged murderer after acquittal was led through the streets. Gravest possible allegations against the personal character of your petitioner were thus made in the columns of Dasarathi's paper which appear and it was expressly stated therein that your petitioner was guilty of abetment of murder of Arun Malik and your petitioner's heart overflowed with sympathy for the murderer who was acquitted by a Court of Justice. It was distinctly given out that your petitioner's followers were Goondas and your petitioner was guilty of all sorts of misdeeds and had converted his village into a second Goa where lawlessness of the worst kind prevailed. The articles in the said newspaper "Damodar" which have got no foundation whatsoever were published to carry on a relentless crusade against your petitioner and to paint him in the blackest possible dye and to create an impression upon the electorate that your petitioner was not at all a fit person to be returned.

11. The above facts and circumstances stated in paragraphs above go to show that the returned candidate Shri Dasarathi Tah was responsible for the publication of statements which are false within the meaning of sub-section (4) of section 123 of the Representation of the People Act, 1951, to vilify the personal character and conduct of your petitioner and these statements were reasonably calculated to prejudice the prospects of your petitioner's election and they materially affected the result of the election and had there not been such systematic false, melicious propaganda in Dasarathi's newspaper "Damodar" and also the leaflets and handbills circulated at Dasarathi's instance the result of the election would have been different and the majority of votes cast in favour of Shri Dasarathi Tah would have been cast in your petitioner's favour and but for the false statements published by Shri Dasarathi or his Agent the Bagra Kshitriya Community would have voted for your petitioner and the absentee voters would have exercised their right of franchise in favour of your petitioner.

12. That your petitioner begs to submit with reference to paragraph 7(1) above that the facts mentioned in paragraph 9 also constitute undue influence within the meaning of sub-section 2 of section 123 of the said Act and the election has been vitiated thereby.

Under the circumstances your petitioner prays that this petition may be entertained and the election of Shri Dasarathi Tah be declared void upon grounds mentioned in section 100 of the Representation of the People Act, 1951; and your petitioner further prays that a declaration be made that but for the corrupt practices adopted by Shri Dasarathi Tah, the returned candidate, and other persons in his interest and with his connivance, your petitioner would have got the majority of votes and would have been duly elected and as such your petitioner prays that your petitioner may be held to have been so elected.

And your petitioner, as in duty bound, shall ever pray.

Verification

I, Kishon Lal Tah, do hereby declare that the facts stated in paragraph 9(q) above are true to the best of my information which I verily believe to be true and the facts stated in the remaining paragraphs of the petition are true to my knowledge. I sign this verification at Tarakeswar at 6 a.m. on Wednesday, the 22nd April, 1957.

Election Petition No. 399 of 1957

Satish Ch. Pakrashi, residing at No. 249, Bowbazar Street, Calcutta-12 in the State of West Bengal ... Petitioner.

vs.

(1) Bidhan Chandra Roy, residing at No. 36, Wellington Street, Calcutta-13, in the State of West Bengal.

(2) Md. Ismail, residing at No. 249, Bowbazar Street, Calcutta-12, in the State of West Bengal.

(3) Mahendra Kumar Ghosh, residing at No. 32/1, Dehi Serampore Road, Calcutta-14, in the State of West Bengal ... Respondents.

The humble petition of the petitioner Satish Ch. Pakrashi above-named most respectfully

SHEWETH:—

1. Your petitioner, who is a citizen of India, at all material times, was and still is a resident of Calcutta, his actual place of residence being the said premises No. 249, Bowbazar Street, Calcutta-12.

2. The said premises No. 249, Bowbazar Street, Calcutta, was and is situated within the area which formed the Bowbazar Constituency in the General Election last held for election of members to the West Bengal State Legislative Assembly under the Constitution of India and/or other enactments passed therefor.

3. The Serial Number of your petitioner in the Electoral Roll for the said Bowbazar Constituency was 2233 in Part 4, page 28 of the original Electoral Roll prepared by the appropriate authorities for the purpose of the said Election from the said Constituency.

4. Your petitioner states that the said General Election for *inter alia* the election of a Member of the West Bengal State Legislative Assembly for the said Bowbazar Constituency was held on 14th March, 1957 and for which all the respondents mentioned in the Cause Title hereof were the candidates.

5. On or about March 17, 1957, results of the said Election were announced after the counting of the votes had been completed by Shri Mallinath Mukherji who was appointed by the appropriate authorities as the Returning Officer for the said Bowbazar Constituency and the said respondent No. 1 Bidhan Chandra Roy was declared elected as a Member from the said Bowbazar Constituency to the West Bengal State Legislative Assembly. In the announcement of the Election results there were gross mistakes committed by the authorities as far as number of votes polled by each candidate thereby vitiating the elections.

6. The results of the said Election were as follows:

			Votes polled.
(1) Bidhan Chandra Roy	...	...	15,550
(2) Md. Ismail	...	...	15,010
(3) Mahendra Kumar Ghosh	...	...	500

(The above is without prejudice to my right to contest the said result as there had been gross mistakes in counting votes.)

7. Your petitioner states that the said Election has not been a free Election nor was it conducted and held in accordance with the provisions of the relevant Statutes therefor and/or rules and/or orders framed thereunder. The said Election was further vitiated by divers corrupt and illegal practice perpetrated by the said respondent No. 1 Bidhan Chandra Roy and/or his agents in connivance and/or in collusion with the said Bidhan Chandra Roy. The said Election was also, *inter alia*, materially affected by the various illegal and corrupt practices perpetrated by the said respondent Bidhan Chandra Roy and/or his agents with the consent of the said respondent.

8. The said respondent Bidhan Chandra Roy and/or his agents and/or his supporters with the consent and connivance of the said Bidhan Chandra Roy procured and/or abetted in procuring Ballot Papers in the names of divers other persons who had died before the said March 14, 1957 and/or were dead on the said date or in fictitious names. Your petitioner sets out in enclosure "A" hereto a full list of such votes cast and/or registered in favour of the said respondent No. 1 Bidhan Chandra Roy as aforesaid in names of persons who, at all material times, were dead.

9. The said respondent Bidhan Chandra Roy and/or his agents and/or his supporters with the connivance and/or consent of the said Bidhan Chandra Roy procured and/or abetted in procuring Ballot Papers in the names of divers persons who were non-existent and/or not present on the date of the said Election nor could have possibly cast their votes on the said date. Your petitioner is setting out in enclosure "B" particulars showing that the voters in whose names votes were supposed to have been cast in the said Bowbazar Constituency in favour of the said respondent Bidhan

Chandra Roy on March 14, 1957, were not and could not have been present at all in any of the Polling Booths of the said Bowbazar Constituency either on the day of the said Election or at a time when their votes were supposed to have been cast by persons impersonating them as aforesaid in connivance and/or with the consent of the said respondent Bidhan Chandra Roy.

10. Your petitioner further states that the said Election has not been a free Election at all inasmuch as there had been, at all material times, direct and/or indirect interference or attempt to interfere on the part of the said respondent Bidhan Chandra Roy and/or his agents with free exercise of electoral right of numerous employees of the Government of West Bengal as will appear herein below :

(a) Premises No. 42, Central Avenue, is a Police Barrack and the voters therein are all employed in the Police Force. The said voters were forced to vote for said respondent No. 1 Bidhan Chandra Roy. The number of votes polled as aforesaid is approximately 171 out of total number of 181 voters.

11. Your petitioner further states that the said Election has not been a free Election by reason of the fact that the Muslim voters in the said constituency, which constituted over 40 per cent. of the total voters, were coerced and/or intimidated by the said respondent Bidhan Chandra Roy in voting for him in the manner following:—

(a) On March 10, 1957, the said respondent No. 1 Bidhan Chandra Roy held a prayer meeting in the Chitpore Nakhoda Mosque where the Imam of the said Mosque with the connivance and knowledge of the said respondent and in his presence told the persons present in the said mosque, who were voters of the said constituency and also entreated the said persons to tell all the Muslim voters, that "to vote for the respondent No. 2 would be a sin as the said respondent No. 2 is a Communist and, therefore, does not believe in "Khoda". Furthermore, the said respondent and the said Imam of the Nakhoda Mosque also went round all over the said constituency on the said date and/or divers dates thereafter and entreated all the Muslims in the following manner:—

(i) To vote for Md. Ismail—respondent No. 2—would be a vote against the Muslim generally and those who would vote for him would be sent to hell (Dozak).

(ii) Those who would vote for the said respondent No. 1 Bidhan Chandra Roy would be attaining Heaven as the said respondent No. 1 Bidhan Chandra Roy was contesting against a "Non-Believer" or "Kafer".

(b) Your petitioner states that by reason of the said utterances made at the said prayer meeting and/or thereafter by the said respondent No. 1 Bidhan Chandra Roy and the said Imam of Nakhoda Mosque almost all Muslim voters in the said Bowbazar Constituency had voted for the said Bidhan Chandra Roy, the Congress candidate.

12. Your petitioner further states that the said respondent No. 1 Bidhan Chandra Roy with one Molla Jan, an important Muslim leader and a Molla of that area, also held divers meetings on the following dates and places wherein exhortations similar to those stated in above paragraphs were made whereby almost all Muslim voters cast their votes in favour of respondent No. 1 Bidhan Chandra Roy, thereby the said Election had not been a free Election:

(a) Meeting held on 9th March at Zakariah Street.
(b) Meeting held on 11th March at Sagar Dutt Lane.
(c) Meeting held on 13th March at C.I.T. Park site in Phears Lane.

13. Your petitioner further states that the said Election has not been a free election by reason of the fact that the Hindu voters in the said constituency were coerced and/or intimidated by the said respondent Bidhan Chandra Roy in voting for him in the manner following:—

(a) The said respondent Bidhan Chandra Roy accompanied by the local priests held divers meetings on 8th and 9th March at Malanga Lane, Gopi Bose Lane and adjoining areas and exhorted Hindu voters not to vote for the said respondent No. 2 who was a Muslim and also threatened the Hindu voters that if they voted for respondent No. 2 Md. Ismail, Calcutta would be incorporated in Pakistan.

14. The petitioner further states that it was announced by the authorities that the Polling Centre No. 141/8 to 12 will be situated in Calcutta Girls' School at No. 152, Dhurramtolla Street, wherein 8, 9, 10, 11 and 12 polling stations were also situated. On the date of the said Election, i.e., March 14, 1957, it was found that the entrance of the said Polling Centre had been changed to Princep Street which is situated just opposite the entrance of respondent No. 1 Bidhan Chandra Roy's residence and it was impossible for voters to enter the said Polling Centre unless they undertook to vote for the said respondent No. 1. The total votes polled in the said Centre was 2,780 out of 4,772 voters who could have voted but did not.

15. The petitioner also states that the said Election has been vitiated from the following facts:—

Every voter had to sign and/or put his thumb impression on an identity slip and after that the said voter was given a ballot paper and the number of which was noted by the authorities against his or her name in the voters' list. The said list remained with the authorities and, therefore, the said ballot was not a secret ballot. It is also submitted that respondent No. 1 being the Chief Minister of the State of West Bengal voters were frightened to vote against him as the said respondent No. 1 and/or his agent could obtain the said list and find out who had voted against him by comparing the same with the votes cast.

16. By reasons of the premises your petitioner states that the Election of the said respondent Bidhan Chandra Roy be declared void and/or set aside the said Election and/or the respondent No. 2 Md. Ismail be declared to have been duly elected and/or the said Election should be declared wholly void.

17. Your petitioner has deposited a sum of Rs. 1,000 with the Reserve Bank of India in favour of the Secretary to the Election Commission as a security for the costs of this, his petition, and the Reserve Bank Receipt for the said deposit is annexed hereto and/or enclosed herewith.

Wherefor your petitioner prays that the Election of the said respondent No. 1 Bidhan Chandra Roy be declared void and/or be set aside and/or the respondent No. 2 Md. Ismail be declared to have been duly elected and/or the said Election be declared wholly void.

I, Satish Ch. Pakrashi, the petitioner abovenamed, do declare that the statements of facts contained in paragraphs 1 to 7 (excepting the last portion of paragraph 6 which is contained within the brackets), paragraphs 10 to 15 (excepting the sentence starting from "It is also submitted" in paragraph 15), and paragraph 17 are true to my knowledge. The rest of the statements in the above paragraphs are by submissions. The statements contained in paragraphs 8 and 9 are from information received and believed to be true and those contained in paragraph 16 are my submissions.

I sign this verification at No. 249, Bowbazar Street, Calcutta-12, this 29th day of April 1957.

The humble petition of Dayaram Beri, the petitioner abovenamed, most respectfully

SHEWETH:—

1. Your petitioner is a citizen of India.

2. In the General Election last held your petitioner was a voter from the Burrabazar Assembly Constituency in the State of West Bengal his Serial No. in the Electoral Roll being 765 part No. 28.

3. By a public notice issued in the *Calcutta Gazette, Extraordinary,* dated the 23rd January 1957, it was announced by the Election Commission that the General Election to the West Bengal Legislative Assembly from the Bhatpara Constituency would be held on the 1st March, 1957.

4. Pursuant to the said notice, dated the 23rd January 1957, your petitioner filed his nomination papers on the prescribed date and after due scrutiny your petitioner's nomination papers were held valid.

5. Your petitioner states that the said General Election for *inter alia* the Election of a member to the West Bengal State Legislative Assembly from the said Bhatpara Constituency (hereinafter referred to as the said

election) was held on the 1st March, 1957, for which your petitioner as well as all the respondents were candidates. The notice, dated the 9th February 1957, fixing the 1st March, 1957, for the said Election and containing the list of the contesting candidates was published in the *Calcutta Gazette, Extraordinary*, dated the 22nd February, 1957 and your petitioner craves reference to the said notice at the time of the hearing of this application.

6. By a notice, dated the 18th February, 1957, Mr. M. N. Chowdhuri, Returning Officer for the said No. 183 Bhatpara Assembly Constituency, fixed the 23rd day of March, 1957, 11 a.m. as the date and time for the counting of votes in the said constituency and the Subdivisional Officer's Court Compound in Barrackpore, 24-Parganas, as the place for such counting.

7. By a further purported notice, dated the 5th March, 1957 and in purported modification of his said notice, dated the 18th February, 1957, the said Returning Officer illegally changed the date for counting from the 23rd March, 1957 to 18th March, 1957 in respect of the said Bhatpara Constituency. The petitioner had neither accepted nor consented to the illegal change of date of counting and only appeared on the said date under protest but was not allowed to be present at the place of counting.

8. On or about the 18th March, 1957, without waiting for the legally fixed and due date of counting, the results of the said Election were announced after a pretended counting of votes purported to have been completed by Shri M. N. Chowdhuri who was appointed by the appropriate authorities as the Returning Officer for the said Bhatpara Constituency and the respondent No. 1 Sitaram Gupta was declared elected as a Member from the said Bhatpara Constituency to the West Bengal State Legislative Assembly.

9. The results of the said election as announced were as follows:—

Names.	Votes polled.
(a) Sitaram Gupta	9,417
(b) Dayaram Beri	9,231
(c) Niharendu Dutt Majumdar	2,828
(d) Gadai Chandra Das	215
(e) Bhola Bhar	331
(f) Ram Prosad Sha	1,699

10. Your petitioner states that the said Election had not been a free election nor was it conducted and held in accordance with the provisions of the Constitution of India, the relevant Representation of the People Acts (hereinafter referred to as the said Acts) and/or the rules and/or orders passed, framed or made thereunder. The said Election was further vitiated by non-compliance with the rules relating to the said Election and/or by a mistake in the use of prescribed forms. The respondent No. 1 Sitaram Gupta and/or his agents and/or persons with the connivance of the respondent No. 1 Sitaram Gupta and/or his agents were further guilty of diverse corrupt and illegal practices which *inter alia* materially affected the said election and/or as a result whereof the election of the respondent No. 1 Sitaram Gupta was procured and/or induced. Your petitioner further states and submits that the nomination of the respondent No. 1 Sitaram Gupta was improperly accepted which materially affected the result of the said election.

11. Your petitioner states that contrary to the provisions of the said Acts and/or the rules and/or orders made or passed thereunder some polling stations particulars whereof are given hereunder did not have any notice

indicating the serial numbers of the voters to enable the voters to go to the proper booths. As a consequence about 800 voters were misled and could not cast their votes. Your petitioner set out hereunder the particulars of the booths and polling stations and the approximate numbers of voters boothwise who had come to vote for your petitioner but could not cast their votes being misled as stated above.

Particulars

Booth Nos.	Polling station.	Approximate Nos.
183/28	Godown of Kankinara Jute Mills, Co., Ltd.	70
183/29	Ditto	80
183/30	Ditto	100
183/31	Ditto	50
183/21	Anglo India Jute Mills Godown No. 1 (Jagatdal) ..	90
183/22	Ditto	95
183/23	Anglo India Jute Mills (Jagatdal) (Old Ration Shop Building).	100
183/26	Anglo India Jute Mills (Jagatdal) (Labour Office) ..	100
183/24	Anglo India Jute Mills Ration Shop Building ..	75
183/25	Ditto	90

12. Your petitioner further states that Identity Slips issued by your petitioner to the voters were in Hindi. When the said voters went to the polling stations for casting their votes and Polling Officers of those booths contrary to the provisions of the Constitution and/or the said Acts and/or rules and/or orders made and/or passed thereunder asked the voters who went to cast their votes in favour of your petitioner with the Identity Slips in Hindi to go back and to return with Identity Slips written either in Bengali or English. Your petitioner sets out in the Annexure "A" particulars of the polling stations and booth numbers where such incidents took place and the approximate number of voters boothwise who could not record their votes in favour of your petitioner as a consequence thereof.

13. Your petitioner further states that polling booth No. 183/46 at Sundia L. P. School, Post Office Kankinara, district 24-Parganas, in the said constituency was opened at 10 a.m. as a result whereof numerous voters who had come to vote for your petitioner had to go back without casting

their respective vote. The said polling booth was also closed during the mid-day recess for two hours. As a result of the said irregularity which was contrary to the provisions of the said Acts and/or rules and/or orders passed thereunder on the part of the Polling Officer a considerable number of voters who had come to vote for your petitioner could not cast their votes. Although the said polling booth was opened at a time later than that advertised for the information of the public they were not kept opened for a period after the announced closing time as a result whereof numerous voters who had come to cast their respective votes could not find it convenient to vote at all. Your petitioner states that the number of voters at the said booth, who could not vote on account of the said irregularity was approximately 100.

14. Your petitioner states that in some booths the Polling Officers contrary to the provisions of the said Acts and/or rules and/or orders made or passed thereunder acted very slowly and as a consequence many voters who had come to vote for your petitioner had to go back without casting their votes. Your petitioner sets out in the Annexure "B" the particulars of the polling booths and approximate number of voters boothwise who thus went back without getting opportunity of casting their votes.

15. The Congress Symbol "Two bullocks with Yoke on" fixed to some ballot boxes had come off in some polling booths Nos. 183/48 (Calcutta Tannery) and 183/41 (Auckland Jute Mills Old Rationing shop). In booth No. 183/48 the matter was reported to your petitioner's agents (1) Shri Brij Kishore Singh and (2) Shri Kamal Prosad Chobbey by many voters. In polling booth No. 183/41 (Auckland Jute Mills Old Rationing shop) matter was reported to your petitioner's agents (1) Shri Ram Nayak and (2) Shri Lachhan Tewari by many voters.

16. Your petitioner stated that in spite of repeated requests on the part of your petitioner's said agents the Polling Officers in the said polling booths contrary to the provisions of the said Acts and/or rules and/or orders made or passed thereunder put the Congress Symbol in order after a considerable time. As a result, the voters who went there to cast their votes in favour of your petitioner as a nominee of the Congress were confused and could not vote.

17. Your petitioner states that in the following polling stations contrary to the provisions of the said Act and/or rules and/or orders made or passed thereunder there were insufficient lighting arrangements:—

183/29	Godown of Kankinara Co., Ltd.
183/30	Ditto.
183/31	Ditto.

As a result, numerous voters could not cast their votes on account of the said irregularities.

18. Your petitioner further states that apart from the said illegalities and irregularities and illegal and corrupt practices the said election had not been a free election at all inasmuch as there had been at all material time direct and indirect interference or attempt to interfere on the part of the authorities concerned and/or wrongful non-observance on their part of the

provisions of the Constitution and/or the said Acts and/or rules and orders made or passed thereunder, as will appear from the facts set herein below:—

(a) There was no lawful counting of votes at all in the Bhatpara Assembly Constituency and the purported counting of votes done on the 18th March, 1957, was wholly illegal and void.

(b) In any event the purported counting of votes on the 18th March, 1957, was vitiated by gross irregularities and illegalities and thereby rendered null and void the Election laws.

(c) Your petitioner was subjected to gross discriminatory and unequal treatment writing to Article 14 and other Articles of the Constitution by the Returning Officer at the place of alleged counting on the 18th March, 1957, in that (1) your petitioner was not allowed to be personally present at the place of counting although other contesting candidates, including Shri Sitaram Gupta, the candidate of the Communist Party of India, were allowed to be present, (b) your petitioner was illegally forced by the Returning Officer to go out of the place of counting at the time when the ballot boxes were to have been broken open for counting of votes, (3) your petitioner was not allowed to inspect the ballot boxes and to examine their seals, etc., before the same had been broken open although he had reasonable grounds of apprehension, that ballot boxes had been tampered with, (d) your petitioner was precluded from watching and checking as to whether the ballot boxes had been properly and impartially dealt with by the counting officers some of whom your petitioner had reason to suspect were meant having leaning and bias in favour of a particular party candidate.

(d) Some of the ballot boxes were found without the labels of the candidates' name and symbol either outside or inside the ballot boxes and such ballot boxes had not been properly identified in the presence of candidates and/or their election agents with a view to ascertain as to which particular candidates such ballot boxes actually belonged. The counting was thus slip-shod, haphazard and most improper and illegal without proper identification of the ballot boxes.

(e) The Returning Officer after having originally fixed the date of counting for the 23rd March, 1957, had in the most improper and illegal manner arbitrarily and without any jurisdiction and contrary to the provisions of the said Act and/or rules and/or orders made or passed thereunder, altered the date of counting in response to the demand and vociferous demonstration of the supporters of the candidate of the Communist Party of India Sitaram Gupta.

(f) The Returning Officer further, without any notice to the other contesting candidates, had allowed the supporters of the respondent No. 1 Sitaram Gupta to post his own private guards at the place where the ballot boxes had been kept lying after polling till the day of counting and thereby infringed not only all rules of inpartiality in respect of the custody and guarding of ballot boxes, but also exposed the ballot boxes to the reasonable apprehension and opportunities of tampering through stratus and undue influence of various kinds.

(g) On the day of the purported counting many of the ballot boxes had in fact been found with their seals already broken open some time earlier not in the presence of the candidates and their counting agents.

(h) Three or four days after the date of polling at least three empty ballot boxes bearing the name and symbols of the two uncontesting candidates, namely Shri Niharendu Dutta Mazumder and Shri Ram Prosad Sha had been found lying in a stack in rather suspicious circumstances and the said fact had been instantly brought to the notice of the Returning Officer. Thereafter two of the ballot boxes bearing the symbol of the human hand and the name of Shri Niharendu Dutta Mazumder disappeared mysteriously and on the following day the Returning Officer was himself seen tearing off the label bearing the symbol of cycle and the name of Shri Ram Prasad Sha from the 3rd ballot box when an attempt was being made by Shri Ram Prasad Sha to take a photograph of the said ballot box which was originally lying concealed in a stack in front of the court room of the Subdivisional Officer, Barrackpore. The Returning Officer ought to have kept the said suspicious ballot boxes in his custody for examination and inspection by the candidates in due course, but he failed and neglected to do so thereby agroaneting the suspicious of ballot boxes having been tampered with.

(i) At a number of polling stations the Presiding Officers arbitrarily refused to allow the ballot boxes being sealed by the polling agents of candidates after the polling was over.

(j) During the interval on the polling day the polling agents of candidates were refused information about the number of ballot papers issued with which the interval had started so as to enable them to check up the number with which polling recommenced after the midday interval.

(k) Certain Presiding and Polling Officers at some of the polling stations were found behaving in a partisan manner and arbitrarily turning back *bona fide* voters thereby preventing them from exercising their franchise.

(l) For instance one Arun Chandra Das, Presiding Officer of booth No. 30, was found arbitrarily and without any valid ground turning back several *bona fide* voters and more than one written complaint against his conduct was made on the spot then and there. The Returning Officer should be called upon to produce the said letters of complaint received by Shri Arun Chandra Das, Presiding Officer of polling station No. 30, Kankinara Tin Godown, in the Bhatpara Assembly Constituency.

(m) As a result of such deliberately obstructive behaviour and conduct of the said Arun Chandra Das and some other Polling and/or Presiding Officer of this kind large number of voters were prevented from exercising their franchise.

(n) Some of the polling stations were found decorated through and through all round with poster bountings, etc., of the Communist Party, putting up an appearance as if the same had been C. P. I. Camps and not polling stations observing the rules of polling stations in that behalf. The officers posted at such polling stations thus betrayed their partisan bias in favour of the candidate Sitaram Gupta supported by C. P. I.

(c) But for the said irregularities, illegalities, non-observance of the provisions of the Constitution and/or the said Acts and/or rules and/or orders made and passed thereunder, and malpractices herein complained against the results would have been materially different and the results as at present have been materially affected by the same.

19. Your petitioner in his letter, dated the 30th March, 1957, addressed to the said Returning Officer for Bhatpara Constituency duly brought the facts to his notice and your petitioner sent a copy of the letter to the Election Commission, New Delhi and the Chief Election Officer, West Bengal, placing on record such instances which occurred on the 18th March, 1957. Copy of the said letter is annexed hereto and marked with the letter "C". N. Choudhuri, Subdivisional Officer, Barrackpore and copy of the same sent to your petitioner on the 17th April, 1957. I say that the explanation given by the said Shri M. N. Chowdhuri is evasive and untenable.

ANNEXURE "C"

123A Maharaj Nanda Kumar Road,

Calcutta-36,

Dated 30-3-57.

To—The Chief Election Officer, Writers' Buildings, West Bengal, Calcutta.

DEAR SIR,

Enclosed herein please find a copy of my letter addressed to the Returning Officer for Bhatpara Assembly Constituency which will speak for itself.

Please recall that on the 18th instant I had personally contacted you over the telephone at the Writers' Buildings and complained to you about the wrongful refusal of the Returning Officer for the aforesaid constituency to allow recounting of ballot papers.

You had advised me to put the said complaint in writing addressed to the Returning Officer and to send to you copy thereof. The present enclosure—complaint and grievance.

Yours faithfully,
DAYARAM BERI.

Encl:

Copy of letter addressed to the Returning Officer.

From—Dayaram Beri, contesting candidate for Bhatpara Assembly Constituency, 123A Maharaj Nanda Kumar Road,. Calcutta-36,

To—The Returning Officer for Bhatpara Assembly Constituency, and Subdivisional Magistrate, Barrackpore, 24-Parganas.

Dated 30-3-57.

DEAR SIR,

On the 18th March, 1957, you will please recall, I had occasion to make a serious complaint about the procedure adopted by you with regard to the candidates and their agents' right to inspect the ballot boxes and their seals before the same had been broken open and of remaining present at the time of counting. I was present with only 9 of my counting agents at the place of counting on the 18th instant at the stroke of 11 o'clock in the forenoon, the time fixed by you for the commencement of counting. At that time another very important counting agent of mine arrived and I requested you to allow him to be present along with me. But you refused to do so and eventually allowed him after some persuasion on the condition that in that event I would not be allowed to present myself. I was at a loss to understand such procedure accepted by you. Then my counting agent entered the place and I was asked by you to clear out and I had to comply with the said amazing orders of yours under protest.

As a result (a) I and my counting agents were not allowed to inspect the ballot boxes and to examine their seals before the same were broken open: (b) the ballot boxes had been broken open and I and my counting agents were not allowed to see whether the ballot boxes properly had their respective symbols and names of candidates affixed to them both inside and outside so as to enable identifying them properly. This was essential because as a matter of fact many of the outer labels of ballot boxes had gone off owing to either defective gum-paste or the same having been torn off by mischief makers: (c) I was also precluded from watching and checking as to whether the ballot boxes had been properly and impartially dealt with by your counting officers some of whom I had reason to suspect were meant having leaning and bias in favour of a particular party candidate. This necessitated and the more that I should have been allowed to be personally present. But you wrongfully prevented me from doing so and whereby made me suffer detriment to my rights and interests. I have thus been seriously prejudiced by your wrongful and illegal actions.

I have come to learn on that some time after you had refused to allow me to be present and made me go out of the covered place where counting was taking place, another contesting candidate Shri Niharendu Dutt Mazumdar arrived at the place of counting after 11 a.m. and demanded to be allowed to get inside the counting place with all his counting agents and was allowed by you to do so. This action of yours shows that you have most unfairly, and improperly and wrongfully discriminated against me and thereby subjected me to an amazingly unequal treatment which is not warranted under the election laws.

Please let me know and confirm whether the said information of mine is correct and not.

As I am satisfied that this information is correct I hereby take this earliest opportunity to register my strongest objection to such discriminatory treatment meted out to me.

In the circumstances my counting agents were bewildered as result of your action in forcing me to go out of the counting place. They were not only disgusted and distressed at the confused and most irregular state of affairs in every way inside the counting place concerning the actual procedure of counting, they also demanded recounting of ballot papers of some of the polling stations for very good reason but you were pleased not even to allow this recounting demanded on my behalf. I understand that objection to recounting and made on behalf of the C.P.I. candidate, Shri Sitaram Gupta, who was not only allowed to be personally present along with his counting agents but was also eventually declared elected by a narrow margin of only 186 votes and this objection to recounting was accepted by you. This was in spite of the fact that one of my counting agents Shri Pyare Mohan Bahel, M.A., had demonstrably pointed out to you that there was in one case a discrepancy of 105 votes discovered by him. I have thus been prejudiced in every possible way unfairly and illegally but for which I have strong reason to believe that the results of counting would have been materially different.

I also submit and hereby place on record, in the circumstances stated above that the entire procedure adopted by you on the 18th instant in respect of the counting of votes has been wrongful, improper and illegal. There has been no counting of votes according to the election laws and the entire procedure as well as your act of the 18th instant is illegal and void.

These illegalities, it is reasonably suspected, have helped materially to affect the results of the election. I hereby record my strongest objection to the same.

Kindly acknowledge this letter and reply to the query made herein at your earliest convenience.

Yours faithfully,
DAYARAM BERI.

GOVERNMENT OF WEST BENGAL

Office of the Subdivisional Officer, Barrackpore, 24-Parganas

Memo No. Dated

To—The Chief Electoral Officer, West Bengal, Home (Constitution and Elections) Department, Calcutta.

Subject: *Fair and Free Elections—Complaint*

Reference your memo. No. 2738A.R., dated 12th April 1957.

I have to report as follows:—

Regarding paragraph 1 of the petition, the candidate just at the time of commencement of counting wanted to know if he could appoint an additional counting agent. I told the candidate that in the event of candidate's

himself being absent at the place of counting, there was provision for appointment of one additional counting agent. It may be mentioned here that the election agent of this candidate was present in the counting pandal till the declaration of result.

Regarding paragraph 2, the election agent and the counting agents of this candidate were given all facilities regarding inspection of ballot boxes and actual counting and no complaint was made to me by them. In fact none of the candidates, election agents and counting agents present in the hall made any complaint of any nature and the counting was gone through in an orderly and business-like way. Apprehension as expressed by the candidate in (a) and (h) of paragraph 2 are completely without foundation. As for (e) I have only to say that I am confident about the integrity of my counting assistant.

Regarding paragraph 3, Shri Niharendu Dutt Majumder and his counting agents entered the counting hall after counting had commenced, but it is not understood how the candidate making this complaint could have been prejudiced.

As for complaint for actual counting I have to say that no recounting was demanded by his election agent or by any other candidate present. No petition was filed immediately after the declaration of result by any candidate or election agent demanding recounting or complaining about wrong procedure of counting or any favour shown to any candidate.

Subdivisional Officer,

(2) to (5).

2. That the polling took place on 10th March 1957 and counting on 19th March, 1957 and 20th March, 1957 and the result was announced on

20th March, 1957 declaring that your petitioner has lost to respondent Shri Pramatha Nath Dhibar in the reserved seat by one vote only and in the general seat respondent Shri Fakir Chandra Roy was declared elected defeating Shri Mohammad Hossain, Shri Phani Bhusan Roy and Shri Abdul Mannan—other contestants.

(c) That the reception of void votes in favour of Shri Pramatha Nath Dhibar has materially affected adversely your petitioner's election.

5. That but for the votes obtained by the returned candidate Shri Pramatha Nath Dhibar by corrupt practices your petitioner would have obtained a majority of valid votes and would have been returned defeating Shri Pramatha Nath Dhibar.

5. That your petitioner, who is vitally interested in the free and unfettered expression of its will by the electorate of which he is a member and also in the purity of elections concerning the said electorate at least, begs to submit that various corrupt practices, having been resorted to by respondent No. (1) and/or his agents as well as some other candidates and persons (named hereafter), viz., bribery, undue influence and systematic appeal to vote on ground of caste, on a large scale as well as material irregularities and non-compliances with the provisions of the Constitution and the law relating to elections including the improper acceptance of nominations from candidates fundamentally disqualified for election materially affecting the result of the election, the particulars under all of which heads are set out below, have vitiated the election. Your petitioner submits that all or any of the categories mentioned below are sufficient to render the election of respondents Nos. (1) and (2) void and liable to be set aside.

Categories and particulars

A. *Bribery*.—Respondent No. (1), returned candidate by himself as well as by agents, resorted to bribery on an extensive scale for the furtherance of the prospects of his own election at the cost of other candidates by making gifts as well as promises of money and other gratifications to persons of influential and representative character resident in several villages of the constituency with the object, directly and/or indirectly, of inducing the voters of their respective localities and spheres of influence to vote for him and not to vote for his rivals. This is a corrupt practice, under section 123-(1) of the Representation of the People Act, 1951. A number of such instances which have so far been collected are set out below. Other instances will be given later on.

(1) Bepin Behari Paul, son of Bishnu Hari Paul, of village Gopalpur, police-station Mahisadal, subdivision Tamluk, district Midnapur. —On or about the 4th February 1957, Dr. Prafulla Chandra Ghosh, candidate, came to the village of Gopalpur and requested Bepin Babu to use and exert his influence with the voters of his village and its neighbourhood in his favour and not in favour of his opponents Deba Prasad Garga and Mahatab Chand Das, Congress candidates, towards whom most of the votes of the locality, Dr. Ghosh admitted, were showing a distinct leaning and offered Bipin Babu money that he might induce the voters to cast their votes in favour of Dr. Ghosh. Bepin Babu wanted time to consider and about a month thereafter on Dr. Ghosh questioning Bepin Babu again on the subject Bepin Babu expressed his willingness, provided Dr. Ghosh paid him Rs. 500 (Rupees five hundred). Eventually the amount of gratification was settled at Rs. 400 (Rupees four hundred), half of which Dr. Ghosh gave Bepin Babu then and there and the remaining half he promised to pay after the election. This took place in the presence of Ashutosh Bag of village Gopalpur, who subsequently acted as Polling Agent for Praja Socialist Party candidate Hriday Nath Das at polling station No. 127/43 and also canvassed for the P.S.P. candidates during the election period.

Thereafter Bepin Babu procured Dr. Ghosh other agents and supporters and himself canvassed hard for him day and night.

(2) Surendra Nath Samanta, son of Nobin Samanta, deceased, of village Narayanpur, police-station Mahisadal, subdivision Tamluk, district Midnapur.—About 8 or 10 days before the Polling Gunadhar Mallik of village Tikarampur met Suren Babu at Byabartarhat in Union No. 4, police-station Mahisadal and discussed the then election position with him and requested him to start working and to work hard in favour of Dr. Prafulla Chandra Ghosh. Suren Babu told Gunadhar Babu that during these days money was necessary for securing votes, particularly when Dr. Ghosh's rival Deba Prasad Garga—was a powerful candidate. Gunadhar Babu said that he would try his best for the same. On the 3rd March 1957, Shri Abinas Manna and Suren Babu were appointed polling agents by Dr. Prafulla Chandra Ghosh for polling station No. 127/30.

On the 5th March 1957, Dr. Prabodh Das, Narayan Maiti and others addressed a meeting in Narayanpur village in support of the candidature of Dr. Ghosh and Gunadhar Babu requested Suren Babu to be present at the meeting at Byabartarhat the next day,

assuring him that the money matter would be settled then and there after consulation with Dr. Ghosh. Suren Babu thereupon also informed Shri Abinash Manna. Suren Babu and Abinash Babu both asked Gunadhar Babu for Rs. 200 at Byabartarhat meeting next day for securing votes for Dr. Ghosh and the other leftist candidates. But Gunadhar Babu requested Suren Babu to manage with Rs. 50 and gave Suren Babu Rs. 50 on taking the same from Dr. Ghosh on the spot. On Suren Babu expressing reluctance, he promised to pay Suren Babu something more. He eventually agreed and started working as promised and paid Rs. 20 out of it to Abinash Babu who also started securing votes for Dr. Ghosh.

(3) Subal Chandra Samanta, son of late Jagannath Samanta, of village Natsal, police-station Mahisadal, subdivision Tamluk, district Midnapur.—On the 3rd March 1957, Kedar Nath Bera of village Bajitpur, police-station Sutahata, came to Subal Babu's shop in village Natsal and tried to induce him to work and vote for Dr. Prafulla Chandra Ghosh. Subal Babu could not agree, due to his leaning towards the Congress candidate Deba Prasad Garga.

Kedar Babu then took out of his pocket a bundle of one-rupee currency notes and, keeping them under Subal Babu's nose, requested him to accept the same (Rs. 70 according to his version), to pay Re. 1 each to voters who, he was sure, would vote for Dr. Ghosh, and to take Rs. 20 for himself. Subal Babu accepted the money and canvassed on behalf of Dr. Prafulla Chandra Ghosh and distributed Rs. 50 among forty voters or so who, Subal Babu was sure, would vote for Dr. Ghosh.

B. *Undue influence.*—Threat of Social Ostracism. Section 123(2). Systematic appeal to vote on ground of caste. Section 123(3).—One of the candidates Sj. Sripati Charan Boyal is of the Mahisya caste; and he, by himself and by his agents, openly appealed to the voters of the Mahisya caste to vote for him alone and for no one else, as he belonged to their own caste. He further expressed himself at public meetings to the effect that he wanted that every voter of the Mahisya caste would put both the Assembly Ballot Papers that he would receive into his ballot boxes. He also threatened Social Ostracism for recalcitrant members of the caste. He utilised his position and influence as a member of the District School Board, Midnapur, with the teachers and students of the constituency and its neighbourhood to canvass and vote for him. The proportion of voters of the Mahisya caste to the entire electorate in the constituency is as 50 or 60 is to 100. As a result of such appeal many persons, of course singly, put in both the Assembly ballot papers in the boxes of the said Sj. Sripati Charan Boyal, one of which was rejected at the time of counting. The number of such rejected ballot papers from the boxes of the said candidate is about 732.

C. *Improper acceptance of nominations from candidates fundamentally disqualified for election.*—(1) The election is vitiated, as the result of the polling has been materially effected by the improper acceptance of the nomination of the following candidates who are disqualified under the Constitution and the law by the Returning Officer, viz.—

Prafulla Chandra Ghosh,

Sripati Charan Boyal, and

Girish Chandra Chaulya.

(2) The said Prafulla Chandra Ghosh is disqualified, as he had an interest on the date of nomination and still has in the newspaper *Loka-Sevaka*, which receives for publication State Government advertisements regularly; and he had at that date and has also a share *benami* in it and receives pecuniary and other benefits from it.

(3) The said Sripati Charan Boyal is the Head Master of the Gopalpur High School which receives State aid in various forms and especially in its Industrial Section and which is partly under the control of the State Government. He is also a member of the Midnapur District School Board, for which he receives money from the Government.

(4) The said Girish Chandra Chaulya has several contracts *benami* with the State Government; the names of the *benamdars* are not disclosed just now for fear of their being tampered with by interested parties.

D. *Irregularities and non-compliances with the provisions of both Representation of the People Acts of* 1950 *and* 1951 *and Rules framed thereunder including breaches of mandatory provisions.*—(1) Some of the candidates, especially Sj. Prafulla Chandra Ghosh and their and his agents induced many voters to hand over the ballot papers they had received to them instead of putting them into the ballot boxes. They afterwards sent another voter or other voters (in whom they had faith) with these ballot papers, which they folded into packets and put in the ballot boxes At the time of the counting many such "packets" (generally of 2 or 3 ballot papers each) were found in the boxes of Sj. Prafulla Chandra Ghosh and also of some other candidates.

(2) The following irregularities and illegalities took place during the polling, which have materially affected the result of the election:—

(a) At polling stations Nos. the ballot boxes of Prafulla Chandra Ghosh were placed first instead of those of Deba Prasad Garga, the first named in the list of contesting candidates. This being brought to the notice of the respective Presiding Officers an hour or two later, they were rectified.

(b) The label bearing the symbol of Indu Bhusan Das got detached from the ballot box allotted to him and was placed under it at polling station Nos. 127/51 and 127/53. The defect was discovered very late in the afternoon.

(c) The symbol of Deba Prasad Garga was found absent from the box at polling station No. 127/81. This was remedied two or three hours later.

(d) At polling station Nos. 127/67, 127/46, 127/19 the ballot boxes of Indu Bhusan Das, Hridoy Nath Das and Mahatab Chand Das were not placed in the order in which they ought to have been placed under the law.

(e) Polling at the following stations began late:—

Polling station.		Late by—
No.	...	30 minutes.
No.	...	15 minutes.

(f) There being no demarcation of the limits of any polling station, somewhere Presiding Officers stopped the issue of ballot papers to intending voters as soon as the clock struck 5 p.m. and somewhere Presiding Officers allowed persons to vote even an hour or two after 5 p.m.

(g) Some polling stations were of such a type that secrecy of voting could not be maintained therein.

(h) Some polling stations were so dark inside that it was difficult to distinguish symbols and yet no light was provided therein.

(i) At some polling stations the ballot boxes were placed so low that voters could not easily notice the symbols therein.

(j) Respondent No. 1 has not filed his account of election expenses in the manner in which he should have filed it under the law.

6. That the Presiding Officer and his assistants for polling station No. 127/57 canvassed openly throughout the village of Kalikakunda on behalf of respondent No. (1) on the evening preceding the day of the poll and quarrelled with and threatened those who protested.

7. That, as required by section 117 of the Representation of the People Act, 1951, your petitioner has deposited a sum of Rs. 1,000 (one thousand) in the Reserve Bank of India, Calcutta, for the costs of this petition and encloses herewith the challan or receipt therefor (No. 53008) to show the said deposit.

In the circumstances your petitioner prays for the constitution of a competent Tribunal and for a reference of this petition to such Tribunal to enquire thereinto and, if satisfied by the evidence adduced, to declare the election of the returned candidates void under section 100 of the Act (XLIII of 1951) on grounds already stated and also to record its findings as to whether any corrupt practice or practices have been committed at the election in question by any candidate or candidates, as alleged, entailing his or their disqualifications under section 140 of the Act.

And your petitioner, as in duty bound, shall ever pray.

Village Bagda, P.O. Rajarampur (via Mahisadal), P.S. Mahisadal, subdivision Tamluk, district Midnapur, West Bengal.

Dated the 1st day of May 1957.

Petitioner.

The humble petition of the petitioner abovenamed,

MOST RESPECTFULLY SHEWETH:

1. That Sandeskhali Assembly Constituency in the State of West Bengal lay in five Union Boards, viz., (1) Sandeskhali, (2) Tushkhali, (3) Kumirmari, (4) Shambhunagore, and (5) Gosaba, all within the jurisdiction of the police-station of Sandeskhali in the district of 24-Parganas in the State of West Bengal.

2. That the said Sandeskhali Assembly Constituency is one-member constituency reserved for the Scheduled Castes.

3. That there are about 58 thousand and odd voters in the said constituency and the majority of the said voters are illiterates and their principal vocation is agriculture and agricultural labour and more than one-half of the said voters are members of the Scheduled Castes and Scheduled Tribes.

4. That besides the voters belonging to the Scheduled Castes and Scheduled Tribes there are among the voters Mahomedans, caste Hindus and native Christians but literacy and education among them too are very limited and quite a trifling number among them follow other vocations of life than agriculture and agricultural labour. That the said Sandeskhali Assembly Constituency was so constituted for the second General Election of the year 1957 out of the constituency known as "Haroa Sandeskhali Constituency" constituted during the first General Election of members to Legislative Assembly of the State of West Bengal under the Constitution of India and the said previous constituency was a two-member constituency, one seat being reserved for the Scheduled Castes and the other a general one.

5. That your petitioner was elected at the first General Election of the year 1952 from the said Haroa Sandeskhali Constituency as a Congress candidate for the said reserved seat and your petitioner was a sitting member of the West Bengal Legislative Assembly at the time of the second General Election of the year 1957.

6. That your petitioner along with the opposite parties numbering 11 in all, stood as candidates for election from the said constituency. Your petitioner was also nominated as a Congress candidate for the second General Election from the said Sandeskhali Constituency of the year 1957 for the said reserved seat by the West Bengal Pradesh Congress Committee.

7. That the opposite party No. (1) stood as a candidate of the Revolutionary Socialist Party commonly known as "R.S.P."

(a) The opposite party No. (2) stood as a candidate from the "Janasangha Party".

(b) The opposite parties Nos. (3), (4), (6), (7), (8) and (10) stood severally as independent candidates. The opposite party No. (9) stood as candidate from the Revolutionary Communist Party of India and opposite party No. (5) stood affiliated to another leftist party.

8. That out of the said fifty-eight thousand and odd votes the total number of votes polled was about 30,361.

9. That out of the said total number of votes polled, 7,864 votes were counted to have been obtained by your petitioner and a total number 11,154 votes were counted to have been obtained by the opposite party No. (1) and the other opposite parties failed even to secure the number of votes required to save their deposits from forfeiture.

10. That the said constituency was for the purpose of receiving votes divided into several polling centres or booths, 76 in number. Of these 76 booths, 8 booths were situated in the said Sandeskhali Union, 12 booths in the said Tushkhali Union, 22 booths in the said Kumirmari Union, 13 booths in the said Union of Shambhunagore and 21 booths in the said Union of Gosaba.

11. That out of votes polled in the said 76 booths or polling centres your petitioner won the highest number of votes in 57 polling centres or booths and led the opposite party No.(1) by a total of about 59 votes in those polling centres.

12. That your petitioner appeared to be leading in the said several booths notwithstanding the corrupt practices resorted to by opposite party No.(1) and his agents and supporters. But in the remaining booths the opposite party No.(1) and his agents and supporters with the consent of the opposite party No.(1) or his agents resorted to various corrupt practices and that your petitioner is giving as far as possible, *inter alia*, the particulars of such corrupt practices and the illegalities committed by them in the course of and in connection with, the election on the date of election in the following sub-paragraphs:

(A) That on 2nd March, 1957, which was the date on which the Election was held in the said constituency the opposite party No.(1) on the road close to and leading to the polling centre or booth at Pathankhali Junior H. E. School on the refusal of a large number of voters to vote for him offered to pay for each vote a sum of Rs. 5 and had in fact paid a number of voters at the rate of Rs. 2 and agreed to pay the balance after they had cast their votes. At one stage voters, 15 in number, were seen to have been paid and at another stage the opposite party No. (1) was seen having discussions and the voters assembled at the place had been dividing money among themselves and thereafter they proceeded towards the polling booth for casting their votes.

(B) That Chura Mahota, a R.S.P. worker had on the said 2nd March 1957 brought several voters plying a buffalo-cart and the said voters were brought at the place where the opposite party No.(1) was present and another R.S.P. worker Shyam Balak Sardar was blowing a horn and was exhorting the voters to vote in support of the symbol representing a "Spade and a Shovel or Hod" (the R.S.P. symbol). The said place was close to and within the prohibited distance from Bartolla Primary School where a polling centre or booth was established and there light refreshments with tea, etc., where served and the voters assembled were asked that they would not have to pay for the refreshments supplied and that opposite party No.(1) would pay for the costs and they were to vote for him. Similarly, one Sasi Bar brought on the said 2nd March 1957, voters plying a buffalo-cart at the place close to and within the prohibited distance of the said Pathankhali Junior H. E. School where Suren Bar and other R.S.P. workers were present exhorting the voters to vote for the opposite party No.(1) who had for his symbol

"Spade and the Hod" and refreshments, etc., were also supplied there. This place was within about 12 cubits off from the said polling centre and complaint having been lodged to the Presiding Officer the party with the congregation of voters were removed by the police. But they returned to the post soon after, using threats of assault after the police would be withdrawn on the next day.

(C) That close to and within the prohibited distance from Joygopalpur Free Primary School where a booth or polling centre was established a large number of voters who were *Bunos* by caste (a primitive tribe) were being supplied with their favourite drink "Pawchai" which according to the prevalent custom among them was distributed by their womenfolk and this was arranged for and looked after by R.S.P. workers whose names could not be ascertained and exhortations were being made to vote in the ballot box with the label "Spade and Hod" and to vote for the opposite party No.(1).

(D) That at Bipradaspore polling booth the R.S.P. flag was hoisted within 50 cubits from the polling booth and there too exhortations were being made to vote for opposite party No.(1) who had for his symbol the "Spade and Hod". They having been forbidden to do so got enraged and advanced near the booth and took their stand within about 20 cubits from the polling booth and they were joined afterwards by a contingent of people who were declaring to have come from Howrah and one of them in fact entered the booth and while chatting with the Presiding Officer directed the voters to drop their voting paper in the box bearing the label of "Spade and Hod". A complaint was made to the Presiding Officer but he could do nothing.

(E) That the Congress posters were torn down at the Shambhunagore High School booth and also at other booths and R.S.P. posters were placed on them and the R.S.P. workers having been asked to refrain from doing such work chased away the objectors holding out threats of assault and violence.

(F) That at the Kachukhali Free Primary School booth on the election day the opposite party No.(1) accompanied by his workers taking their stand on the road close to and within the prohibited distance from the said booth urged the voters exhorting them that the Congress had misled the country and they were being threatened with assault and violence not to vote for the Congress candidate but to vote for the leftist party the R.S.P. which had nominated the opposite party No.(1). The exhortations urged led most of the voters to leave without voting and only a small number of votes, about 121, were recorded.

(G) At Jhaokhali Free Primary School booth the polling agent of the petitioner happened once to come out of the booth to answer a call of nature and on his return to the polling booth he was forbidden to take his seat within the said booth while R.S.P. workers had free access to the booth and this led to an altercation culminating in fists and blows which frightened many voters and a good number of voters left without casting their votes. Complaints were also made that none of the ballot boxes bore the Congress symbol and confusion and chaos with passions high prevailed for some time and subsequently order was restored by the admittance of a fresh election agent and repasting the ballot box with the Congress label.

(H) That at Gabberia Free Primary School booth horns were being blown at the door of the polling booth while election was going on and passionately the voters were urged to vote for the opposite party No.(1). At about 9.45 a.m. a complaint was made that none of the ballot boxes bore the Congress label. After such complaint a Congress label was put back. But again at 3 p.m. the same complaint was made. It was not known how long there were no ballot boxes bearing the Congress label and some voters could not caste their votes and/or could not vote for the Congress candidate.

(I) At the New Primary School where the booth at Daudpur Dakshin was situate, Suren Das, a R.S.P. worker, brought voters plying buffalo-cart and Asoke Chaudhury, Abani Pramanick and other R.S.P. workers stood in close vicinage and within 100 yards from the booth giving out that the voters under the pain of assault and violence might vote for the Congress candidate and if they wanted to be saved from assault and violence they should vote for the opposite party No.(1) who was a R.S.P. candidate. Light refreshments with tea, etc., were supplied to the voters free and the voters were told that these were at the cost of the opposite party No.(1).

(J) At the polling centres at Dhuchuikhale, Durga Mondap, Kora Kathi, Manipur, Sukdoani, Amtoli, Kumirmari Junior H. E. School, Dakshin Kumirmari, Narendrapur School, Kalidaspur, Khulna P. C. Laha Vidyalaya, Sandeskhali Free Primary School, Katkhali Free Primary School almost similar conditions prevailed and similar tactics were resorted to. The Congress workers were molested by the R.S.P. workers. At almost all the booths or polling centres as well as in other booths of the said constituency the voters were threatened with violence and assault, the Congress identity cards carried by the voters were snatched by the R.S.P. workers and they were made to take R.S.P. identity cards and vote for the R.S.P. candidate the opposite party No.(1) and these were done within the prohibited distance from the several booths and that many voters due to the atrocious acts and conduct of the R.S.P. workers working for and with the consent of the opposite party No.(1) and at some place in his presence and active co-operation did not cast their votes and many others subdued by the coercion and threats of violence and assaults voted for the opposite party No.(1) and that they would not have done so if they were left to exercise their free will and discretion.

(K) At the several booths of the Gosaba Union mentioned below the R.S.P. workers in addition to tearing down the Congress label from the ballot boxes and shutting up the opening of the Congress ballot boxes thereby preventing the ballot papers to drop into the ballot boxes and thereafter inserting them in the R.S.P. ballot boxes there were clashes and fights and pushings, etc., between the rival groups of voters and workers or between workers and voters for which many voters got frightened and they either left without voting or subdued by the coercion and threats of violence and assault voted for the opposite party No.(1) and that they would not have done so if they were left to exercise their free will and discretion.

Your petitioner, therefore, prays that your petitioner might either be declared duly elected to the West Bengal Legislative Assembly from the aforesaid Sandeskhali Assembly Constituency or alternatively the election of the opposite party No. (1) may be set aside and a fresh election may be held and such other or further order or orders may be passed as might be deemed fit and proper.

Short Recital of the Dispute

In February 1957, the workers of the Yard Foreman's Department of the Company connected with the working of the Rolling Mills submitted a representation to the Company claiming production bonus. The durwans also submitted a similar representation claiming weekly rest. Since the demands were not conceded to by the Company, the Belur Iron & Steel Workers' Union took up the matter with the Assistant Labour Commissioner, Howrah, and subsequently joint conferences were held in his presence on the 12th and 29th April 1957. In the meantime the workers concerned of the Yard Foreman's Department went on strike with effect from the 23rd May 1957 which is still continuing. The abovementioned issues in dispute were again mutually discussed between the parties and an agreement has been reached in the following terms:

TERMS OF AGREEMENT

(1) It is agreed that the strike will be called off as from this day, the 28th May 1957.

(2) It is agreed that the issues concerning (1) production bonus for the workers of the Yard Foreman's Department who are connected with the work of the Rolling Mills and (2) weekly rest for durwans will be referred to arbitration of Shri D. Chatterjee, Deputy Labour Commissioner, Government of West Bengal, whose decision in respect of the said issues shall be acceptable to and binding on the Company and the workmen concerned as represented by the Belur Iron & Steel Workers' Union.

(3) This Agreement and the decision of the Arbitrator will be binding on the parties to the Agreement under section 18(1) of the Industrial Disputes Act.

4. The Union claims for the workmen of the Calcutta industrial area including the Head Office staff, bonus for the year 1955 amounting to 6 months' basic pay and dearness allowance: Under the added issue the Union claims either supply of uniforms and clothing to all workmen, or Rs. 5 per month as clothing allowance in lieu thereof.

The Companies had, *inter alia*, challanged the jurisdiction of this Tribunal to grant either the interim bonus or bonus on profits or both. They have denied that they have earned substantial profit for the year 1955. Besides. they have stressed that as a result of having increased the wages and other allowances of late, living wage has already been reached. That being so, there remains no gap between the current wage and the living wage which requires to be filled up by the granting of bonus. So the claim of bonus in that background cannot be sustained. The Companies have further contended that the present Union does not represent the clerical employees. As such, the clerical employees cannot be said to have been impleaded in the present dispute. It is pointed out that in course of negotiations the Union did concede their bonus claim to stand at 4½ months' basic pay.

Many of the objections referred to above have not been pressed during the hearing by the Companies' counsel. The challenge to jurisdiction of the Tribunal to grant interim bonus was mooted in the hearing, dated 27th September 1956. In my interim award I had met that objection in all its bearings. This award has been published. So I need not reiterate that finding, but I merely refer to my order, dated 29th September 1956, recorded in details in the order sheet. The other objection that the Companies have not made substantial profits during the year 1955 has also been dropped and, I must say, advisedly the Companies had withheld balance sheets including the Profit and Loss Accounts. If anybody could place before the Tribunal data about the trading results of the Companies during the year 1955, they were the Companies themselves. It is not within the reach of the workmen to place those documents before the Tribunal because they are not permitted to have access to them. So it does not lie with the Companies after having concealed the balance sheets to take shelter under the plea that they have not derived good profits during the year in question.

Regarding the filling up of the gap between the current wage and the living wage, I reserve my comments for the present. The other objection is that the present Union does not represent the clerical section of the workers within its fold. As such, the clerical section is said to be outside the scope of the present dispute. But I am unable to accede to this contention of the Companies. In the order of reference the workmen of all these Companies have been mentioned. "Workman" by its definition in the Industrial Disputes Act, 1947 (XIV of 1947), comprises both sections of workmen,—I mean, the operatives, and the clerical staff. So the clerical section cannot be shut out in the present case. That this Union does not represent them will also not create a fatal bar. These employees have put in individual applications before the Tribunal. Their genuineness has not been challenged. The Companies cannot dispute that the clerks are not competent to represent themselves before the Tribunal, I mean, independent of the Union. That is the inherent right of every workman under the Industrial Disputes Act. Section 36 of the said Act has not either removed or restricted this right. So this contention is also untenable.

Next, I come to the crux of the objections raised by the Companies. I am glad that the Companies have not raised, as it was their wont,

The stereotyped objection that the oil companies, being trading companies as distinguished from producing concerns, are not liable to pay any bonus, as laid down by the Labour Appellate Tribunal in the Rastriya Mill Mazdoor case. I do not think any such distinction can fairly be made. These oil companies may not actually produce or manufacture any commodity, but in the broader sense they are aslo treated as producing concerns. If any reference to any decision of the Labour Appellate Tribunal is considered necessary, I may refer to the case of Burmah-Shell, etc., oil companies in Madras and their employees. This was reported in the L.L.J., 1954, Vol. I, page 782. The Labour Appellate Tribunal observed:

> "We may state here at the outset that these oil companies are trading and not manufacturing concerns and their business consists in storing, distributing and selling oil and petroleum products which they import from foreign countries. They have in their employ a large number of clerks, servicemen, security staff and the like to carry on efficiently the trade in which they are engaged. The nature of work of the employees of these concerns, no doubt, differs from the nature of work of the employees of manufacturing concerns. According to Marshall's concept of production, these oil companies are as much producing concerns as those actually engaged in manufacturing goods (*vide* Marshall's Principles of Economics, 1952, Chapter III, page 53). In the profits they earn the contribution of the employees cannot therefore be said to be negligible or unsubstantial..... If, therefore, these trading concerns are to be deemed as producing concerns in the scientific sense of the term and the workers contribute their labour in earning the profits, there is no reason why they should not share a portion of the available surplus as bonus to fill up the gap between their actual wage and the living wage."

So the position is that the bonus formula laid down in the Rastriya Mill Mazdoor case could not be totally ousted. But, for practical reasons, the said formula cannot be applied here because the Companies have not placed their balance sheets or their Profit and Loss Account before the Tribunal.

This bonus dispute concerning the oil companies has almost proved to be a chronic affair. It bids fair to be almost eternal. If we probe into the reasons, they seem to be as follows:—

> The chief reason, if I may not say the primary reason, seems to lie in the fact that the Companies have chosen to conceal their balance sheets for reasons best known to them. It may be that they are apprehensive that if the balance sheets are placed before the Tribunal, profits might be revealed to be so stupendous or colossal that the workers' cupidity might be tackled. They might be allured to grab a bulk of it. So if they are left guessing, the Companies will stand to gain. But, I am afraid, the result would, perhaps, be the reverse of what the Companies are apt to think. The profits being secreted from the view have been very much like the forbidden fruit. The labour allow their imagination to run riot, and they conceive of the profits perhaps, at a figure much beyond what they are in fact. They think that they are denied their legitimate portion of it in the shape of bonus. So the workmen go on knocking. I do not know when such knocking would cease,—possibly not before the door is opened to them and the iron curtain is lifted. The Companies will be better advised to squarely face the facts. That way, possibly, industrial peace lies. If there is really huge profit, why should not the

labour be given its due share, or due claim? Why this hush hush? So, unless the Companies revise their present attitude bonus disputes perhaps will be there, and may continue as a year-to-year affair.

The Labour Appellate Tribunal achieved some sort of industrial peace, or at least found satisfaction that they have evolved a formula after all, by which the available surplus for bonus in manufacturing concerns can be determined with certain amount of precision. Though this formula, like all other fomulas, had its limitation, and did not prove to be as much a success as it was supposed to be, yet both the labour and the capital found that they had a common ground to work upon. The claim of the industry was reasonably provided for. The claim of the capital was also safeguarded. The claim of the labour was met out of the available surplus. But the Labour Appellate Tribunal was also presented with an impasse just like the present Tribunal when the bonus dispute of oil companies came before it. They were not shown the balance sheets. They were in a quandary about the trading profits of the year. Bonus can hardly be determined unless the trading profits are disclosed. So the Labour Appellate Tribunal had to fall back upon the conception of bonus being a temporary or partial satisfaction of the deficiency of the current wage below the living wage. But here also there was no smooth sailing. They were faced with another dilema. Firstly, living wage could not be determined with anything like precision. Secondly, even when the current wage will reach the living wage standard the claim for bonus will still be there. It will consist in the claim for participation in profits derived by the joint contribution of labour and capital. Thirdly, the living wage in the present economic condition of the country, and the position of the industry as a whole, cannot be reached though it has been held out in the Constitution of India as a legitimate right of the labour in free India. So Their Lordships of the Labour Appellate Tribunal could not place bonus dispute about the oil companies on a secure foundation. In this connection I refer to the decision of the Calcutta Bench of the Labour Appellate Tribunal, reported in the L.A.C. 1953 at page 462. At page 466 the Hon'ble Judges observed:

> "The living wage must include better standard of food, clothing and residence and also a surplus for (a) education of children, (b) protection from ill health, (c) requirements of essential social needs, and (d) a measure of insurance against the more important misfortune including old age."

At page 472 the same Judges observed:

> "The measurement of living wage standard in terms of money has not been prescribed by law of the country nor, as far as we are aware, has been determined anywhere on any scientific basis. The Textile Enquiry Committee set up to examine the conditions of labour employed in the Textile Industries in the State of Bombay considered this question to some extent.....In our opinion, it is not possible nor necessary to fix the amount with exactitude that should form minimum living wage after an exhaustive enquiry for considering the question of bonus because, according to the principle laid down, the whole gap between the existing wages and the living wages need not be filled up. It may be filled even partially, the object being to allow the workmen a supplementary income in the shape of bonus from which the reasonable needs of a human being in human society can be met."

That the "living wage" is, as a matter of fact, elusive or liable to variation will appear from the fact that the Labour Appellate Tribunal in the Madras

Bench fixed it at a point 50 per cent. higher than the existing wage. In the Calcutta Bench they fixed it at 30 per cent. higher than the current wage. That being the position, any attempt to ascertain the amount that will be necessary to fill up the gap between the current wage and the living wage was bound to be a failure. Yet, this is the line in which the Companies and the workmen bent their energies for years in the past. Even before me the same attempt was sought to be made. It was, however, given up when I exposed the futility of such an attempt. But then the learned lawyers of both sides scratched their heads to find out what else, if not the present one, was the line of solution that remained. The learned Counsel of the Companies preferred to take shelter under the argument that the *status quo* should be maintained. He argued that in West Bengal a certain pattern has been built up as a result of several decisions of Tribunals in the past and also as a result of agreements reached between the Companies and the Unions. He contended that this pattern should not be allowed to be departed from unless material change of circumstances has been made out by either side. For this he relied on the case of Burn & Co., Calcutta, and their employees, reported in the F.J.R., 15th November 1956, at page 217. Their Lordships of the Hon'ble Supreme Court observed:

> "Now, if we are to hold that an adjudication loses its force when it is repudiated under section 19(6) and that the whole controversy is at large, then the result would be that far from reconciling themselves to the award and settling down to work it, either party will treat it as a mere stage in the prosecution of a prolonged struggle, and far from bringing industrial peace, the awards would turn out to be but truces giving the parties breathing time before resuming hostile action with renewed vigour. On the other hand, if we are to regard them as intended to have long-term operation and at the same time hold that they are liable to be modified by change in the circumstances on which they were based, both the purposes of the legislature would be served."

The learned Counsel of the Companies shifts the burden on the workmen to show that there has been a material change of circumstances in the present case. The learned Advocate of the Union contends that these observations were in respect of fixation of wages which, by its nature, is a long-term affair. It does not refer to the matter of bonus which is liable to variation year after year. Bonus is confined by the Hon'ble Supreme Court to the actual profits derived during the year in question as a result of joint efforts of labour and capital. Besides, he refers to the larger volume of sales of the Standard Vacuum Oil Company during the year in question. I must here observe that increase in sales does not necessarily indicate increase in profits. But in the background of the attitude taken up by the Companies in concealing their balance sheets and Profit and Loss Accounts, I cannot say that the argument of the Union is devoid of any force. I also accept the contention of the learned Advocate of the Union that in the case of bonus, a material change of circumstances is not necessary to disturb the decision of the Tribunal in previous years. Each year's profits will stand by itself, so far as the reckoning of bonus for that year is concerned.

Regarding the pattern of the quantum of bonus in West Bengal, relied on so much by the learned Counsel of the Companies, I must say that it does not go far enough. If in 1950 and 1951 the Tribunal found 3 months' basic salary as the reasonable quantum of bonus for the clerical section and 4 months' salary for the workmen in 1952, I cannot say that the Tribunal must, for all time to come, stick to that standard. The learned Counsel of the Companies next argues that in Bombay and Madras there have been

long-term agreements, as per the Ext. B2 series. For each of the years 1955 and 1956 four months' basic wages were provided for as bonus in Madras and Ernakulam. In Bombay the quantum was 4½ months' basic wages as a result of an award of agreement. So the argument of the learned Counsel is that 4½ months' basic wages should not in any case be exceeded. The cost of living index in Madras and Calcutta is practically the same. It is less than what prevails in Bombay. So the learned Counsel argues that considered on the basis of this cost of living index, the quantum of bonus in West Bengal should be less than 4½ months' basic wages which quantum has been allowed in Bombay. I must point out that this argument is not above criticism. I have already exposed the hollowness of the contention that the cost of living index must govern the granting of bonus. It has only a bearing on the question of fixation of wages, and it is irrelevant so far as the question of bonus is concerned. So, because the cost of living in West Bengal is behind that in Bombay, it cannot be held that the quantum of bonus in West Bengal must necessarily be less than that in Bombay.

So the Tribunal has before it one of the two choices, viz., (1) to pitch the bonus at an exorbitant figure. If the Companies who will be hard hit become afraid, they may be met with the argument that they have invited this. It is their own creation. If they had disclosed their balance sheets, the Tribunal would have proper data to proceed upon. (2) But then again, if the Companies are capricious and wilful, the Tribunal cannot be vindictive or punitive. Two wrongs can never make one right. If the Tribunal grants an arbitrary award, industrial equilibrium in oil companies regarding bonus will be totally upset. There may also be serious repercussion on this industry in particular, and on other industries in general. So, in the present circumstances, the task of the Tribunal is heavier and more complex than what it seems to be at first sight. It has to proceed with more care than in other cases.

The learned Counsel of the Companies contends that if bonus is granted high, it may give rise to inflation. A privileged class might be created, and the consumers in the long run might also be hit. This is no doubt, true. But it is certainly not a matter of compliment on the Companies that they will make the best bargain out of it. They must give a fair deal to labour.

Having regard to all these facts and circumstances and the peculiar nature of the problem before the Tribunal, I proceed to give my award as follows:—

I allow 4½ months' basic salary as bonus for the year 1955 to the clerical staff and the operatives of all the oil companies in the Calcutta area under reference because I get in evidence that labour conceded 4½ months' basic wage as the quantum of bonus for the year 1955 in course of negotiations, and also because I get that 4½ months' basic wage was the maximum bonus granted in Bombay which was the highest bonus in this industry in this land, and also because I find that there have been long-term agreements in different States regarding bonus ranging between 3 and 4 months' basic wages. So any bonus higher than the above might disturb those long-term agreements. But for that reason I do not like to scale down the quantum of bonus in West Bengal below 4½ months' basic salary. This bonus is made payable within one month of the award coming into operation, reduced by two months' basic salary which has been already given under the interim award passed by me.

Before I conclude this issue, I may point out that abiding peace in the matter of bonus regarding these oil companies may be achieved if the Companies either pursuade the workmen to enter into long-term agreements by means of bipartite or tripartite conferences, or, if in case the matter is to be adjudicated upon by the Tribunal on any satisfactory footing, the balance sheets including the Profit and Loss Accounts be placed before it. I am at one with the learned Counsel of the Companies in not being a believer in granting bonus in cash at a very high figure. Labour has yet to learn to be provident. A lump sum will be heartily welcome to labour, but there is the consequent risk of its being squandered away. But if it comes in a more permanent form, viz., in providing for education of children, measures against ill health and unemployment, and also other long-term benefits, the labour might be really happy and contented. But if this yearly contest on bonus is allowed to continue, as at present, industrial peace is bound to be as remote as ever. An amount which is grudgingly given and obtained through the Tribunal can hardly be taken in good grace by either party. The cost of litigation is also not a negligible factor. So if better sense prevails on both sides on the lines indicated above, the Tribunal will feel amply rewarded.

Issue No. 2.—The Union claims either supply of uniform or clothing to all workmen, or annas two per day, or Rs. 5 per month as clothing allowance. This claim is refused by the Companies on the ground that it is contrary to the agreement reached in the conciliation proceedings before the Labour Commissioner on 28th July 1956. That settlement provided for as follows:—

> "The parties agree that the matter of clothing for workers will continue to be based upon the present practice, which is in accordance with law, but the Companies agree to discuss this matter with the Union and to make, at their discretion, any alteration that appear justified."

This agreement was stipulated to remain in force till the 1st January 1958. So the Companies contend that the settlement does not permit the Union to agitate this matter during the tenure of its operation. The Union, of course, admits the agreement. It contends that in the said agreement there was a provision that the matter was left to be discussed between the Companies and the Union, and the decision was liable to be altered. As a matter of fact, the Union contends that in Bombay this clothing allowance or uniform in the alternative, was granted to all the workmen. Here in West Bengal there were several discussions in the Works Committee, and the Chairman of the Works Committee was inclined to grant annas two per day as clothing allowance. But, as no finality was reached, this matter has been included in the present dispute. But the learned Counsel of the Companies argues that in the aforesaid agreement the Companies were agreeable to discuss this matter, but alteration, if any, was left to their discretion. The Companies do not like to exercise this discretion. So the matter must be taken to be at an end. During the period of operation of the settlement the Tribunal cannot interfere with it. I think, the Companies' stand is legally sound. I find in the agreement of 1956 that alteration in the matter of clothing was open for discussion, but lay at the discretion of the Companies. Besides, in the said agreement there was the provision, viz., "Undertaking not to raise or pursue during the operation of this settlement, any demand (other than bonus for the year 1955 and the following years) involving financial commitments". This being the position, it is not up to the Union who was a party to the said settlement, to raise this dispute about clothing before the 1st January 1958. The solemn agreement cannot be

allowed to be departed from in this manner so lightly. Being reached in the conciliation proceeding it is binding on the parties under the Industrial Disputes Act. If such agreements are allowed to be varied or modified contrary to what is distinctly stipulated therein, then industrial peace will run riot. There will be no peace. Besides, items covered by an agreement should not be allowed to be constantly reagitated unless there is material change in the circumstances, and certainly not during the period of operation of the agreement. So I turn down the claim of the Union in this respect. If any of these Companies is granting uniform or clothing allowance, let them so grant. But I would not make any binding award in this respect.

Before I part with the record of this case, I should like to say that the issue is not happily worded. It does not possibly convey what it meant to convey. If it really intended that the Tribunal will decide which of the workmen are entitled to clothing or uniform in these oil companies, or, in lieu thereof, clothing allowance, then the present form of the issue certainly does not represent that. As the issue stands, I think it can be well answered in this manner: Whether these workmen, who have been judged by the Management as entitled to clothing but for some reason that has been withheld, should get any clothing allowance. If they are entitled to clothing by the Management, and if the clothing is not supplied, then the Management must grant clothing allowance. The Management cannot tell one thing and do another. It cannot be permitted to give by the right hand and take away by the left. About the rate of that allowance there is no scope of dispute. It should be annas two per day as in Bombay. But I must make it clear that I have turned down the claim of the Union under this issue.

The humble petition of Narendra Nath Kundu and Ajit Sarma, the above-named petitioners, most respectfully.

SHEWETH:—

1. Your petitioners are citizens of India and persons whose names were duly included in the electoral roll for the Cossipore Constituency, Calcutta, as electors. Particulars of entries in the electoral roll in respect of the petitioners are as follows:—

		Father's name and address.
165 of Cossipore (36)-3 Narendra Nath Kundu.	...	Sachindra Nath Kundu, 13A, Haralal Mitter Lane, Calcutta.
2438 of Cossipore (28)-31 Ajit Sharma.	...	Methai Lal, 26/11, Gun Foundry Road, Calcutta.

2. On March 14, 1957, the general election of a member of the State Legislature from the Cossipore Legislative Assembly Constituency of West Bengal to the West Bengal Legislative Assembly took place.

3. The respondents Nos. 1 and 2 hold qualifications prescribed by or under the Constitution of India or any law made by the Parliament for being chosen to fill the seat of a member of the State Legislature.

4. The respondents Nos. 1, 2 and 3 were the contesting candidates for election as member of the West Bengal Legislative Assembly from the said Cossipore Constituency. The respondent No. 1 was a nominee of a political party known as the Praja Socialist Party and the respondent No. 2 was a nominee of the Indian National Congress.

5. On March 18, 1957, the respondent No. 4 the Returning Officer of the said constituency declared the result of the said election and returned the respondent No. 1 as duly elected. In the return of election and the final result sheet the said Returning Officer showed that 14,614 votes had been

polled in favour of the respondent No. 1 and 13,610 votes in favour of the respondent No. 2 and 649 votes were cast in favour of respondent No. 3. The respondent No. 1 purported to get 1,004 more than the respondent No. 2.

6. Your petitioners state that the purported election of the respondent No. 1 is void on, *inter alia*, the following grounds:—

(a) The result of the said election, in so far as it concerns the respondent No. 1, has been materially affected by the improper reception of a very large number of votes and also by the reception of votes which are void:

(i) Many votes had been cast by false personation on behalf of dead or fictitious voters. Such votes are void.

(ii) A number of women wearing Borkhas tendered votes at polling booth Nos. 47 and 48 personating themselves as Mohamedan female voters allotted to those stations.

(iii) Numerous bogus votes had been cast in favour of the respondent No. 1 at almost all the polling stations.

(b) The result of the said election is void on account of, *inter alia*, the following corrupt practices practised by the respondent No 1:—

(i) A female voter named Satyabala Dassi of Nayan Kristo Saha Lane, whose serial No. was 547 in the final Electoral Roll, exercised her vote in the morning before the recess. There is another Satyabala Dassi under serial No. 548 in the said Electoral Roll. In the afternoon the same Satyabala who voted in the morning came to cast her vote representing herself to be Satyabala Dassi under serial No. 548. On the second occasion she was challenged by Shri Amalendu Ganguly, polling agent of Shri Asoke Kumar Sen, a candidate for the Lok Sabha. The challenge was noted by the Presiding Officer but he allowed the said Satyabala Dassi to cast a vote for the second time in the same election. Your petitioners have ascertained that the said woman was induced upon payment of consideration by respondent No. 1 to cast two votes in his favour.

(ii) The Rajabagan Bustee area at Gun Foundry Road was included in the Cossipore Constituency. On the night before the day of election the respondent No. 1 approached the voters of the said Bustee and requested them to vote for him on payment of Rs. 2 per voter. The respondent No. 1 in the presence of Bir Keshwar Singh of 25A, Gun Foundry Road, Jayan Tewari, 26/1, Gun Foundry Road, Janak Deo Singh of No. 26/1, Gun Foundry Road and Bhola Mistry of 26/3, Gun Foundry Road, who were his workers paid on that night to the voters of the said Bustee Rs. 2 each with the object of directly or indirectly inducing them to vote in favour of respondent No. 1 at the said election.

Your petitioners crave leave to mention the names of other electors who have been similarly paid for the purposes aforesaid by the respondent No. 1 and/or other persons with his consent in the said Bustee and other Bustee areas.

(iii) In Bustee situated in 22, Haralal Mitra Street, Calcutta-3, the respondent No. 1 paid one Bhola Nath Sarkar who is an elector in the said constituency a sum of Rs. 10 for casting his own vote in favour of the respondent No. 1. The said respondent No. 1 also paid the said Bhola Nath Sarkar a sum of Rs. 50 for procuring votes in favour of the said respondent No. 1 on payment of Rs. 2 per vote from the said Bustee. The said Bhola Nath Sarkar duly disbursed the said sum of Rs. 50 amongst the electors of the said Bustee for casting votes in favour of the respondent No. 1.

(iv) Sailajananda Gupta was a worker working in favour of the respondent No. 1. On the night previous to the day of election the respondent No. 1 called at the Bustee situated in 23, 25 and 27 Haralal Mitra Street within the said constituency and disbursed moneys on the identification of the said Sailajananda Gupta and in his presence to the electors of the said Bustee at the rate of Rs. 2 per vote for casting the votes in favour of the respondent No. 1.

(c) The result of the said election, in so far as it concerns the respondent No. 1, has been materially affected by non-compliance with the provisions of the rules or orders made under the Representation of the People Act, 1951.

Particulars

(i) The Presiding Officer at polling station Nos. 16, 25 and many other booths did not comply with rule 34 of the Representation of the People (Conduct of Elections and Election Petitions) Rules, 1956. Numerous persons were challenged by the polling agents of the respondent No. 2 and deposits therefor were duly made by them for such challenge, but the said Presiding Officers did not either warn the persons tendering the bogus votes or enter their names and addresses in the list of challenged votes. No enquiry was made by the Presiding Officers regarding such challenges, by reason whereof a very large number of persons falsely personated themselves as genuine voters and cast votes in favour of the respondent No. 1.

(ii) It is learnt that during the recess the polling clerks or Presiding Officers at polling booth No. 2 entered the polling compartments and placed ballot papers of a large number of voters who were either absent from town, or fictitious or dead, in the ballot boxes in favour of the respondent No. 1.

Your petitioners, therefore, pray that it be determined and declared that the respondent No. 1 Deben Sen was not duly elected or returned, that his election was void, and that the respondent No. 2 was duly elected and ought to have been returned.

And your petitioners, as in duty bound, shall ever pray.

To—The Election Commission.

In the matter of a petition under section 80 read with section 100 of the Representation of the People Act.

And

In the matter of purported election for the Reserved Seat of Raina Legislative Assembly Constituency, in the district of Burdwan, West Bengal, held on March 12, 1957.

And

In the matter of Mrityunjoy Pramanik of Hrishikesh Chatterjee Lane in the town of Burdwan—*Petitioner*,

(1) Gobardhan Pakray of village Shyamsundar, P.O. Shyamsundar, district Burdwan.

(2) Dasarathi Tah, village Dhamash, P.O. Boro, Balaram (Burdwan).

(3) Kishonlal Tah, village Kamargoria, P.O. Sakanara, district Burdwan—*Respondents*.

The humble application of Mrityunjoy Pramanik, the petitioner abovenamed, most respectfully

SHEWETH:—

1. Your petitioner is a citizen of India and a person whose age was at all material times more than 25 years. Your petitioner possesses all the qualifications for membership of the State Legislatures prescribed by or under the Constitution of India or any law made by the Parliament.

2. On March 12, 1957, the general election of two members of the State Legislature from the Raina Legislative Assembly Constituency in the district of Burdwan to the West Bengal Legislative Assembly took place.

3. The name of your petitioner was included in the electoral roll of Burdwan Constituency and those of the abovenamed respondents were included in the electoral roll of the Raina Constituency as electors.

4. Your petitioner and the respondent No. 1 were the contesting candidates for election as member of the West Bengal Legislative Assembly from the seat in the said constituency reserved for Scheduled Castes. Shri Subol Chandra Mallick *alias* Subal Mullick of Aialpur, P.O. Raina, Burdwan, was also a validly nominated candidate for election to fill the reserved seat in the aforesaid constituency and his name was included in the list prepared under sub-section (8) of section 36 of the Representation of the People Act, 1951.

5. The respondent Nos. 2 and 3, Shri Dasarathi Tah and Shri Kishanlal Tah were candidates for election as members of the West Bengal Legislative Assembly from the general seat in the said constituency.

6. The respondent No. 1 and Shri Dasarathi Tah, the respondent No. 2, belonged and belong to a political organisation known and named as the Praja Socialist Party, and your petitioner and Shri Kishanlal Tah are members of the Indian National Congress. Shri Subal Chandra Mallik *alias* Subal Mullick was an independent candidate.

7. The last date for withdrawal of candidatures for election from the said constituency was February 9, 1957. On the said date the said Subal Chandra Mallik *alias* Subal Mullick was induced by undue influence exercised by the respondent No. 1 over him to withdraw his candidature by a notice in writing prescribed by rule 9 of the Representation of the People (Conduct of Election and Election Petitions) Rules, 1956.

8. On March 16, 1957, the Returning Officer of the said constituency declared the result of the said election, and returned the respondent Nos. 1 and 2, e.g., Gobardhan Pakray and Dasarathi Tah as duly elected. In the return of election and in the final result sheet 29,740 votes were showed to have been polled in favour of Gobardhan Pakray being the respondent No. 1 and 25,381 valid votes were polled in favour of your petitioner. The respondent No. 2 polled 31,245 votes.

9. Your petitioner states that the purported election of the respondent No. 1, e.g., Gobardhan Pakray is void on the ground that corrupt practice had been committed by the respondent No. 1, e.g., Gobardhan Pakray and/or his election agents, and by the said Shri Dasarathi Tah, who is also a returned candidate for the general seat in the said constituency, with the consent of the said respondent No. 1.

Particulars

(a) The said respondent No. 1 and the said Shri Subal Chandra Mallik *alias* Subal Mullick are members of the Bagdi Caste, and the number of electors or voters in the said constituency (reserved seat) belonging to the said caste is about 20,000. On the forenoon of February 9, 1957, the said respondent No. 1 falsely represented and promised to the said Shri Subal Chandra Mallik *alias* Subal Mullick that the respondent would withdraw his candidature for the general welfare of the members of his caste and requested the said Shri Subal Chandra Mallik *alias* Subal Mullick to withdraw his candidature on similar consideration. Pretending to submit notice of withdrawal of candidature the respondent No. 1 took the said Subal Chandra Mallik *alias* Subal Mullick to the office of the Returning Officer, namely, the Sadar Subdivisional Officer of Burdwan, filled up such notice in the prescribed form, induced the said Shri Subal Chandra Mallik *alias* Subal Mullick to fill up and sign such notice in the prescribed form and to deliver the same to the said Returning Officer. No sooner that was done he, the said respondent No. 1, came out of the office of the Returning Officer without filing or delivering his own notice of withdrawal of candidature in the prescribed form to the Returning Officer. The respondent No. 1 then tore off and threw away his own notice finding that he had accomplished his object by removing a member of his caste from contesting the election. The said Subal Chandra Mallik *alias* Subal Mullick would not have withdrawn his candidature if he knew or guessed that the said respondent No. 1 was deliberately misleading him and was practising fraud on him to pave the way for his success in the election. In the circumstances aforesaid the said respondent No. 1 is guilty of corrupt practice, namely, undue influence, that is to say, direct or indirect interference or attempt to interfere with the free exercise of electoral right.

(b) For the facts and circumstances stated in clause (a) hereinabove the respondent No. 1 is guilty of the corrupt practice of bribery, inasmuch as he as a candidate made a false promise to the said Shri Subal Chandra Mallik *alias* Subal Mullick who by reason thereof withdrew from the contest at the said election.

(c) In the said forenoon of February 9, 1957, the said respondent No. 1 caused his fellow candidate for the general seat the said Shri Dasarathi Tah to file a petition being Miscellaneous Petition No. 66 of 1957 in the Court of the Subdivisional Officer at Burdwan under section 100 of the Code of Criminal Procedure for search warrant for rescuing the said respondent No. 1. It was alleged in the said petition that for compelling the said respondent No. 1 to withdraw his candidature from said election the said respondent No. 1 had been abducted from the public road near Curzon Gate by your petitioner and two other persons and had been wrongfully confined in your petitioner's house and was being threatened with life. The said allegations were absolutely false, and false to the knowledge of the respondent Nos. 1 and 2 and on the basis of such malicious and false allegations an order for the issue of a search warrant was obtained from the Subdivisional Officer of Burdwan. Till about 12.30 p.m. on the said February 9, 1957, the said respondent No. 1 was actually either in the Court compound or in the Court of the Subdivisional Officer of Burdwan, where he had admittedly gone with the said Shri Subal Chandra Mallik *alias* Subal Mullick pretending to deliver the notice for withdrawal for his candidature, but he had maliciously pre-arranged to send a telephonic message at 1.05 p.m. through the said Shri Dasarathi Tah to the police-station of Burdwan town to the effect that the said respondent No. 1 had been forcibly taken at about 12-30 p.m. to your petitioner's house for being influenced to retire from contesting the election. On the said message Shri Dasarathi Tah, the respondent No. 2, procured the services of a Head Constable and two constables from the police-station. At about 4.45 p.m. on February 9, 1957, the said respondent No. 1 made a statement before a Circle Inspector attached to the Burdwan police-station in which he made various false allegations against your petitioner, and on such allegations caused a General Diary Entry to be made. In the said statement the said respondent No. 1 admitted that he had gone to the Burdwan Court at about 12.15 p.m., the hour at which the aforementioned telephonic message was sent to the police-station. In such statement the said respondent No. 1 also admitted that he was not assaulted by any person. Each and every one of these acts were in furtherance of a design to publish in the "Damodar" and other papers with a view to aggravate public sentiment against your petitioner so that the voters may ultimately refrain from voting in favour of your petitioner. As a matter of fact, the said respondent No. 2 was and is the Editor, printer and publisher of the said local weekly journal. In the said special issue of "Damodar" it was, *inter alia*, published that for coercing the respondent No. 1 to withdraw his candidature your petitioner had wrongfully confined the said respondent No. 1 in his house, that the said respondent No. 1 had been rescued with considerable difficulties, that one Barun Dutta, President of the District Socialist Students' Association and a Satyagrahi at Goa, had been severely assaulted while attempting to rescue the said respondent No. 1 from your petitioner's house. All the allegations published in the said special issue of "Damodar" were false and false to the knowledge of the respondent No. 1, his agents and the said Shri Dasarathi Tah. The said false allegations were again caused to be published on February 19, 1957, by the said respondent No. 1 and/or his agents in a special issue of another local weekly journal "Saptahik Nutan Patrika" and in the ordinary issue of "Damodar" on February 15, 1957. The said false allegations against your petitioner were also caused to be published on February 12, 1957, in the "Loksevak", a Calcutta Daily. It appears from a news reported in "Damodar" of February 15, 1957, that ten thousand copies of the special issue of "Damodar" were sold in the said constituency, and that the news published therein had caused great commotion throughout the district. Leaflets or pamphlets containing malicious lies, vile allegations

and scurrilous propaganda against your petitioner were published or caused to be published by the said respondent Nos. 1 and 2 on February 15, 1957 and February 21, 1957 and such leaflets were given very wide circulation throughout the said constituency. In the said weekly journal "Damodar" of February 22, 1957 and March 1, 1957, various false allegations were again published against your petitioner at the instance of the said respondent No. 1. Your petitioner craves leave to refer to all the aforementioned publications as well as other relevant publications at the hearing of this petition. The direct result of such publications was that the members of the public were so much embittered and aroused that your petitioner became apprehensive of his personal safety and by reason thereof could not visit his constituency to meet and address the voters. By reason of your petitioner's failure to meet his electors he suffered materially and failed to obtain votes which he would have otherwise got.

In the premises your petitioner states that the said respondent Nos. 1 and 2 are guilty of corrupt practice by publication and/or causing publication of statements of facts which are false, and which the said respondents either believed to be false or did not believe to be true, in relation to your petitioner's personal character or conduct, being statements reasonably calculated to prejudice the prospects of your petitioner's election.

(d) The said respondent No. 1 belongs to a caste other than the caste to which your petitioner belongs. The said respondent No. 1, his agent and other persons canvassing on his behalf systematically appealed to members of his own community to refrain from voting in favour of your petitioner and to vote in favour of the said respondent No. 1 on grounds of caste or community. With a view to prejudicing the electorate or voters the said respondent No. 1 published or caused to be published a news in the "Damodar" of March 1, 1957, that two persons belonging to the caste of the said respondent No. 1, namely, Siddhweswar Porel and Charu Chandra Santra had severed connection with the Indian National Congress and had joined the Praja Socialist Party with their followers on account of the reprehensible conduct of your petitioner towards the said respondent No. 1. This false report about the alleged misbehaviour of your petitioner towards the said respondent No. 1 caused great repercussion on the mind of a very large body of electors belonging to the caste of the said respondent No. 1 numbering about 20,000. In the premises the said respondent No. 1 is also guilty of corrupt practice within the meaning of sub-section (3) of section 123 of the Representation of the People Act, 1951.

Your petitioner, therefore, prays that it be determined and declared that the said respondent Nos. 1 and 2 were not duly elected or returned or in any event the respondent No. 1 was not duly elected or returned, that the said election is void, and that your petitioner was duly elected and ought to have been returned.

And for this, your petitioner as in duty bound shall ever pray.

Verification

I, Mrityunjoy Pramanik, the petitioner abovenamed, do hereby declare that the statements contained in paragraphs 1 to 9 of the foregoing petition up to the words "the Representation of the People Act, 1951", are true to my knowledge and those contained in the rest of the said petition are my submissions.

I sign this verification at Calcutta, this 26th day of April, 1957.

No. 82/344/57.—In pursuance of the provisions of sub-section (1) of section 86 of the Representation of the People Act, 1951, the Election Commission hereby publishes a copy of the Election Petition No. 344 of 1957, presented to the Commission on the 27th April, 1957, under section 81 of the said Act, by Shri Mohini Mohan Ray, police-station and P.O. Election Petition No. 344 of 1957.

To—The Election Commission, 1, Aurangzeb Road, New Delhi-2.

Petition under sections 81 and 100 of the Representation of the People Act, 1951.

Mohini Mohan Ray of Ganti, police-station and P.O. Kotalpur, district Bankura—*Petitioner*,

versus

Shri Jagannath Kolay of village and P.O. Dehuapara, police-station Kotalpur, district Bankura (137/8, Beliaghata Road, Calcutta-15)—*Respondent*.

The humble petition of Mohini Mohan Ray the petitioner abovenamed most respectfully.

SHEWETH:

1. Your petitioner is a resident of Ganti, police-station and P.O. Kotalpur, and was a candidate for election to West Bengal Legislative Assembly from Kotulpur Assembly Constituency. The respondent and 4 others, viz., Shri Mathuranath Sen, Janab Md. Yunus, Shri Bankim Chowdhury and Shri Sasthidas Sarkar were the other candidates for election from the said constituency.

2. The name of your petitioner was duly proposed and/or nominated by (1) your petitioner's son, Shri Siddhartha Kumar Ray bearing Electoral Roll No. 209 E.A.-85, Vol. 1., (2) Shri Madan Mohan Karmakar bearing Electoral Roll No. 544 E.A.-88, Vol. I., (3) Shri Chandi Charan Bhadra bearing Electoral Roll No. 229 E.A.-88, Vol. I., and (4) Shri Niranjan Bhadra bearing Electoral Roll No. 354 E.A.-88, Vol. I., all of the Kotalpur Assembly Constituency in the State of West Bengal.

3. One of the said proposers Shri Siddhartha Kumar Ray is the second son of your petitioner and is a Bachelor of Mechanical Engineering and a graduate of the Institution of Production Engineers, London.

4. All the said nomination papers were duly signed by the respective proposers in the presence of your petitioner.

5. On January 31, 1957, your petitioner delivered or submitted the said nomination papers at the office of the Returning Officer. The said

Shri Siddhartha Kumar Ray was present when the said nomination papers were delivered to the Returning Officer. The serial numbers of the said nomination papers are A/17, A/18, A/19 and A/20.

6. February 6, 1957, was fixed for scrutiny of the said nominations as also other nominations of the Kotulpur Assembly Constituency at Vishnupur about 20 miles away from village Ganti where your petitioner resides.

7. Your petitioner intended to be present personally at the time of scrutiny and as such did not request his election agent or proposers to be present at Vishnupur at the time of the said scrutiny.

8. Due to unavoidable circumstances your petitioner failed to be present at Vishnupur at the time of the said scrutiny.

9. Taking advantage of the absence of your petitioner or any other person at the said scrutiny the respondent Shri Jagannath Kolay made allegations before the Returning Officer that the signatures of the proposers in the nomination papers marked A/17, A/18, A/19 and A/20 of your petitioner were not the signatures of Shri Siddhartha Kumar Ray, Shri Madan Mohan Karmakar, Shri Chandi Charan Bhadra and Shri Niranjan Bhadra, respectively.

10. On or about February 6, 1957, the Returning Officer without giving any opportunity to your petitioner to contradict the said false and malicious allegations of the respondent Shri Jagannath Kolay accepted the allegations of the said Shri Jagannath Kolay as unchallenged and rejected the aforesaid nominations delivered by your petitioner as not valid under section 36(2)(c) of the Representation of the People Act, 1951.

11. On or about February 7, 1957, your petitioner came to know from enquiry that some of the other candidates and/or their election agents or proposers who were present at the time of scrutiny informed the Returning Officer to the effect that the signatures of proposers in the nomination papers filed by your petitioner were genuine.

12. In spite of the said averment of other candidates or their agents that the signatures on the said nomination papers were genuine, the Returning Officer wrongfully and/or improperly rejected the said nominations of your petitioner.

13. Your petitioner thereafter duly applied for certified copies of the relevant papers copies whereof are annexed hereto and collectively marked "A".

14. Your petitioner submits that the charges against your petitioner being of very serious nature, viz., the signatures of the proposers are not genuine, i.e., forged, the Returning Officer should have allowed time to your petitioner and/or afforded reasonable opportunity to your petitioner to refute the said charges or objections by calling the aforesaid proposers.

15. The nomination papers of Shri Bankim Chowdhury were also rejected at the date of scrutiny, thereafter Shri Sasthidas Sarkar withdrew his candidature from election.

16. That thereafter the election of the said Kotulpur Assembly Constituency was held and on or about 18th March, 1957, the respondent was declared to be duly elected from the said constituency.

17. Your petitioner states that the result of the said election has been materially affected by the said improper rejection of nominations of your petitioner.

Your petitioner, therefore, prays—

(a) that the election of the respondent Shri Jagannath Kolay be declared void,

(b) that the petitioner be allowed costs of and incidental to this petition,

(c) that such other or further order or orders be passed which seem just, fair and equitable in the circumstances of the case.

Verification

I, Mohini Mohan Ray, the petitioner, do hereby declare that the statements made in paragraphs 1, 2, 3, 4, 5, 6, 7, 8, 10, 13, 15, 16 and 17 including the cause title thereof are true to my knowledge and those made in paragraph 9 are true to my belief and those made in paragraph 11 are true to my information which I verily believe to be true and those made in paragraphs 12 and 14 are my submission to the Election Commission. I sign this verification at my residence in village Ganti, police-station and P.O. Kotalpur, district Bankura, this 25th day of April, 1957.

Shri Jagannath Koley is examined on oath: His statement on oath remains unchallenged as neither the candidate Shri Mohini Mohan Roy, nor his proposer, nor any authorised person is present here to challenge the aforesaid sworn testimony.

The statement on oath of Shri Jagannath Koley, therefore, cannot but be accepted as there is no material before me to reject his statement. I therefore accept his statement and find that the signature of Shri Niranjan Bhadra in the said nomination paper A/20 is not genuine. The nomination paper is accordingly rejected.

Election Petition No. 381 of 1957.

To—The Election Commission.

In the matter of a petition under section 80 read with section 100 of the Representation of the People Act.

And

In the matter of purported election for the Manteswar Legislative Assembly Constituency, Burdwan, West Bengal, held on March 10, 1957.

And

In the matter of Annada Prasad Mandal of Katsihi, P. O. Kusamgram, in the district of Burdwan, West Bengal
... *Petitioner,*

versus

(1) Bhakta Chandra Roy of Putsuri, P. O. Putsuri, district Burdwan.
(2) Kalipada Hazra Chaudhuri of Mandalgram, P. O. Mandalgram, district Burdwan ... *Respondents.*

The humble petition of Annada Prasad Mandal the abovenamed petitioner most respectfully

SHEWETH—

1. Your petitioner is a citizen of India and a person whose age was at all material times more than 25 years. Your petitioner possesses all the qualifications for membership of the State Legislature prescribed by or under the Constitution of India or any law made by the Parliament.

2. On March 10, 1957, the general election of a member of the State Legislature from the Manteswar Legislative Assembly Constituency in the district of Burdwan to the West Bengal Legislative Assembly took place.

3. The names of your petitioner and the abovenamed respondents were included in the appropriate electoral rolls as electors.

4. Your petitioner and the respondent Nos. 1 and 2 were the contesting candidates for election as members of the West Bengal Legislative Assembly from said Manteswar Constituency in Burdwan.

5. Your petitioner was a nominee of the Indian National Congress, the respondent No. 1 was an independent candidate, and the respondent No. 2 was a nominee of the Forward Bloc (Marxist) Party.

6. On March 19, 1957, the Returning Officer of the said constituency declared the result of the said election, and returned the respondent No. 1 as duly elected. In the return of election and the final result sheet the said Returning Officer showed that 12,900 votes had been polled in favour of the respondent No. 1, 12,562 in favour of your petitioner and 3,166 for the respondent No. 2. The respondent No. 1 thus purported secured 338 votes more than your petitioner.

7. Your petitioner states that the purported election of the respondent No 1 is void on the grounds that corrupt practice had been committed by the respondent No. 1 and/or his election agent or agents.

Particulars

(i) For the furtherance of the prospects of his election the respondent No. 1 with the aid of two influential Mohamedan gentlemen of the locality Janab Abdul Jabbar Mondal of village Kalut and Janab Mahammad Nowshed Ali of village Bhagra systematically appealed for several days preceding the date of election and even on the date of election to the Mohamedan electorate of the said constituency to refrain from voting in favour of your petitioner on grounds of religion. The respondent No. 1 and the said two Mohamedan gentlemen who were interested in the election of the respondent No. 1 roused the communal and religious sentiments of the Muslim voters of the said constituency by systematically carrying on false propaganda to the effect that—

(a) Your petitioner had prevented a Mohamedan villager from offering prayers (Namaj) by forcibly pulling him up by hairs when he was saying his prayers (Namaj); and that

(b) Your petitioner had always obstructed or prevented or stopped cow-slaughter in the neighbouring villages on the religious and ceremonial occasions of the Mohamedans. The said allegations are absolutely untrue and untrue to the knowledge of the respondent No. 1. Many Muslim voters of the said constituency were completely influenced by the said false propaganda against your petitioner and their religious and communal feelings were highly embittered and aggravated against your petitioner.

(ii) In the facts and circumstances stated above the respondent No. 1 and/or his agents, and the said two Muslim supporters also induced or attempted to induce the Mohamedan voters of the said constituency to believe that they would become or would be objects of divine displeasure or spiritual censure if they would vote for your petitioner. The respondent No. 1 is therefore guilty of the corrupt practice of undue influence inasmuch as he interfered directly or indirectly and/or in any case attempted to interfere with the free exercise of the electoral rights of the Mohamedan electors of the said constituency in the manner and by the acts stated above.

(iii) On the date of election your petitioner's supporters and the voters who intended to vote in your petitioner's favour were filthily abused and threatened with all kinds of physical violence by Amritalal Ghosh of village Ujna and others who were supporters or men of the respondent No. 1 and had been acting at the instance or with the connivance of the respondent No. 1. (The details are in paragraph 8 hereunder.) By reason of the said acts of rowdyism and disorderly conduct on the part of the men working for and on behalf of the respondent No. 1 a very large number of voters were scared away and did not and could not enter the polling stations at Sijna Free Primary School though they came to vote or exercise their electoral right. In the premises the respondent No. 1 is guilty of the corrupt practice of undue influence inasmuch as he was responsible for threatening a very large section of the electors with physical and mental injury, and thereby directly or indirectly interfered or attempted to interfere with the free exercise of electoral rights of the voters at the Sijna Free Primary School polling stations.

8. The said election is also void on the ground that the result of the election, in so far as it concerns the respondent No. 1, has been materially affected by the improper rejection of a large number of votes and/or in any case, by the non-compliance with the provisions of the Representation of the People Act, 1951, and the rules or orders made thereunder.

Particulars

On the date of election, for more than two hours, that is to say, from about 1 p.m. to 3 p.m. the two polling stations, namely, station Nos. 53/42 and 53/43 located at the Sijna Free Primary School remained closed and a large number of voters who had come there during that period to exercise their electoral right were prevented from casting their votes on account of the disorderly conduct, misconduct, and acts of rowdyism on the part of the said Amritalal Ghosh and others who were supporters or men of the respondent No. 1 and had been acting at the instance and with the connivance of the respondent No. 1. At about 1 p.m. after the recess hour when Shri Kanailal Ghosal, an ex-President of Piplan Union Board, came with his family members and many other voters, mostly ladies, at the said polling stations, the said Amritalal Ghosh and other men or agents of the respondent No. 1 tried to induce them to vote for the respondent No. 1 against which the said Kanailal Ghosal strongly protested. This led to altercations, for which many supporters or agents of the respondent No. 1 became highly excited, took up a violent attitude and filthily abused your petitioner, his men or agents and the said Kanailal Ghosal and the voters who came with the latter. The said supporters or agents of the respondent No. 1 rushed towards your petitioner's agents and the said voters and threatened to assault them with fists, kicks and slaps. The situation became so tense that

the Presiding Officer of the said two polling stations had to suspend polling at the said stations for more than two hours on account of the disorderly conduct and misconduct of the men or agents of the respondent No. 1 in and near the polling stations. A message was also sent through a Chaukidar by a Presiding Officer of one of the said polling stations to the Officer-in-Charge of the mobile police force stationed at Kusamgram Dak Bungalow to bring the situation under control. The Officer-in-Charge of the said mobile reserve police force arrived at the said polling stations with a contingent of armed constables. The Subdivisional Officer of Kalna also came to the said place on hearing report about the aforementioned disorder from Shri Jagabandu Sen, the Secretary of the local Mondal Congress Committee. Shri Gurudas Ghosal, son of the said Kanailal Ghosal, filed a petition on that date through a Presiding Officer of one of the said polling stations to the District Magistrate of Burdwan bringing all the facts aforesaid to the notice of the said Magistrate and praying for necessary arrangements to enable the voters to exercise their rights. By reason of the confusion or disorder created by the men or supporters or agents of the respondent No. 1 a very large number of voters were scared away or did not turn up, and being afraid of their personal safety or molestation could not come to exercise their electoral rights. The number of voters who were expected to cast their votes at the said polling stations, was more than 1,200. The aforesaid situation resulted in improper refusal or rejection of a very large number of votes, particularly as polling at the said stations remained suspended for more than two hours between about 1 p.m. and 3 p.m. If the voters at the said polling stations had been allowed to exercise their electoral rights freely then your petitioner would certainly have been elected and returned.

Your petitioner, therefore, prays that it be determined and declared that the respondent No. 1 was not duly elected or returned, that his election is void, and that your petitioner was duly elected and ought to have been returned.

And for this your petitioner as in duty bound shall ever pray.

Verification

I, Annada Prasad Mandal, the petitioner abovenamed, do hereby declare that the statements made in paragraphs 1 to 6 and paragraphs 7(i) and 7(ii) are true to my knowledge, and those contained in paragraphs 7(iii) and 8 are information received from my polling agent Shri Narayan Chandra Ghoshal and believed by me to be true, and the rest are submissions.

Election Petition No. 447 of 1957

To—The Election Commission.

In the matter of a petition under section 80 read with section 100 of the Representation of the People Act, 1951.

And

In the matter of purported election for Contai North Legislative Assembly Constituency, Midnapore, West Bengal, held on March 7, 1957.

And

In the matter of Sudhansu Sekhar Panda of P. O. Contai, district Midnapore ... *Petitioner,*

versus

(1) Natendra Nath Das of village Hatabari, P. O. Contai, district Midnapore.

(2) Biswanath Majumdar, Returning Officer, Midnapore, P. O. and district Midnapore ... *Respondents.*

The humble petition of Sudhansu Sekhar Panda, the abovenamed petitioner, most respectfully

SHEWETH:—

1. Your petitioner is a citizen of India and a person whose age was at all material times more than 25 years. Your petitioner possesses all qualifications for membership of the State Legislature prescribed by or under the Constitution or any law made by the Parliament.

2. On March 7, 1957, a general election of the member of the State Legislature from the Contai North Legislative Assembly Constituency in the district of Midnapur to the West Bengal Legislative Assembly took place.

3. The names of your petitioner and abovenamed respondent No. 1 were included in the electoral roll as electors.

4. Your petitioner and the respondent No. 1 were candidates for election as members of the Legislative Assembly from the said constituency. The symbol chosen by and allotted to your petitioner under the Representation of the People (Conduct of Elections and Election Petitions) Rules, 1956, was "Two Bullocks with yoke on". The symbol chosen by and allotted to the respondent No. 1 was "a Hut".

5. The respondent No. 2 was the Returning Officer, *inter alia*, of the said constituency.

6. On March 18, 1957, the said Returning Officer declared the result of the said election and returned the respondent No. 1 duly elected. In the return of election and in the final result shown, the said Returning Officer showed that 20,523 valid votes had been polled in favour of your petitioner and 20,586 valid votes in favour of the respondent No. 1. The respondent No. 1 purported to secure 63 votes more than those cast in your petitioner's favour.

7. Your petitioner states that the purported election of the respondent No. 1 is void on the following, amongst other, grounds:—

Grounds

That the respondent No. 1 and/or his polling agent Shri Pradyot Kumar Shee at polling station No. 120/16 at Kanaidighi High School with the consent of the respondent No. 1 committed corrupt practice by obtaining or procuring or attempting to obtain or procure assistance for the furtherance of the prospects of the election of the respondent No. 1 from Shri Banga Bhusan Bhakta, a person in the service of the Government belonging to the class of Revenue Officers.

Particulars

(I) Banga Bhusan Bhakta is a Revenue Officer attached to the Land and Land Revenue Department. He is the brother-in-law (sister's husband) of Pradyot Kumar Shee, the polling agent of the respondent No. 1. The said Banga Bhusan Bhakta was the Presiding Officer of the polling station No. 120/16 at Kanaidighi High School. When the poll was being taken in the abovementioned booth, Shri Pradyot Kumar Shee was regularly canvassing for Shri Natendra Nath Das the respondent No. 1 soliciting the votes of electors and pursuading electors not to vote for your petitioner within the prohibited area and thereby committed an electoral offence under section 130 of the Representation of the People Act, 1951. When this fact was brought to the notice of the said Presiding Officer Banga Bhusan

Bhakta by the workers of your petitioner through the polling agent of your petitioner, the said Presiding Officer instead of taking any action against the said Pradyot Kumar Shee the polling agent of respondent No. 1 supported his action and abused the workers of your petitioner who had lodged the complaint and threatened to arrest them.

(II) That the result of the election, in so far as it concerns the respondent No. 1, has been materially affected by the non-compliance with the provisions of the Representation of the People Act, 1951, and/or the rules or orders made under the said Act.

Particulars

(I) At about 11-30 a.m. on the date of the voting, one Sm. Daibaki Dassi, wife of Ram Krishna Das, of village Kanaidighi, went inside the polling booth to cast her vote. She was supplied with ballot paper for the Parliamentary seat only and was asked to go inside the compartment earmarked for Lok Sabha, which she did. After coming out of that compartment she wanted another ballot paper for casting her vote for the State Legislature, but she was refused and was asked by the said Presding Officer Banga Bhusan Bhakta to leave the room. When the said Sm. Daibaki Dassi came out of the booth and informed the workers of your petitioner that she had not been allowed to vote for the seat in the State Legislature the workers of your petitioner vehemently protested against the unlawful conduct of the said Presiding Officer Banga Bhusan Bhakta. Shri Pradyot Kumar Shee, the polling agent of the respondent No. 1, conveyed the protest of your petitioner's workers to his brother-in-law and said Banga Bhusan Bhakta, whereupon the said Presiding Officer came out of the booth infuriated and began to abuse not only the workers of your petitioner but also the voters waiting at the entrance of the booth by reason whereof there was a regular stampede out of fear and the voters left the polling booth in disgust without casting their votes.

(II) At about 4-30 p.m. on being informed by the workers of your petitioner through Shri Basanta Kumar Das, who was a candidate for the Parliamentary seat of the same constituency the Circle Officer, Compensation Officer, and Returning Officer, Contai, came to the said booth and the said Sm. Daibaki Dassi was produced before the said officers. Thereupon after listening to the statements of the said Sm. Daibaki Dassi the said Circle Officer took her inside the polling booth where she was given a ballot paper for the State Legislature to enable her to cast her vote. The Returning Officer also cautioned the said Presiding Officer for the said unlawful conduct on his part.

(III) That in the facts and circumstances stated in the particulars set forth under Ground No. 2, the result of the election, in so far as it concerns the respondent No. 1, has also been materially affected by the improper refusal of many votes and also by improper reception of vote of the said Sm. Daibaki Dassi. Due to the constant ill-behaviour of the said Presiding Officer, Banga Bhusan Bhakta, towards the voters who went to vote in support of your petitioner a large number of voters who went to the said polling station No. 120/16 to cast their votes in favour of your petitioner left the polling booth without casting their votes.

(IV) That the respondent No. 1 and/or polling agent of the said Pradyot Kumar Shee committed with the consent of the respondent No. 1 the corrupt practice of undue influence inasmuch as on the very date of election and during the polling hours directly or indirectly interfered with or attempted to interfere with the free exercise of the electoral rights of the voters allotted to the said polling station No. 120/16 by doing the acts mentioned in clauses (a), (b) and (c) of section 130 of the Representation of the People Act, 1951.

Your petitioner, therefore, prays that it be determined and declared that the respondent No. 1 Natendra Nath Das was not duly elected and returned and his election was void and that your petitioner was duly elected and ought to have been returned.

And for which act of kindness, your petitioner, as in duty bound, shall ever pray.

SUDHANSU SEKHAR PANDA.

Verification

I, Sudhansu Sekhar Panda, the petitioner abovenamed, do declare that the statements contained in paragraphs 1 to 6 and clause (IV) of the second particulars are true to my knowledge and those contained in clauses (I) and (III) of the second particulars are based on information received from my polling agent which I believe to be true and those contained in the rest of the petition are my submissions.

I sign this verification at Calcutta, this 30th day of April, 1957.

NOTIFICATIONS

Subject: Acquittance in respect of adjustment bills for "Nil" amount

No. TM/616.—16th May 1957.—It has come to notice that no acquittance of the payee is furnished in respect of adjustment bills for "Nil" amount, i.e., where the entire amount claimed in the bill is adjusted against advances already taken involving no cash payment. It has been held by the Government of India that to secure valid discharge of the amount due from Government the acquittance should be for the gross amount of the claim and stamped receipt will be necessary for all gross payments exceeding Rs. 20, irrespective of the fact that the net amount payable after adjusting advance, if any, may be less than Rs. 20. In view of the above decision of Government of India, receipt (with stamp, if the gross amount of the bill exceeds Rs. 20) should be furnished *even* in respect of adjustment bill for "Nil" amount.

All Drawing and Disbursing Officers of the Union and State Governments under the audit of this office and all Treasury Officers in West Bengal are requested to note the above instructions.

4. Messrs. Mondal & Karar Co. (hereafter called the company) is a partnership business.

The Central Howrah United Engineering Workers' Union (hereafter called the Union) on behalf of the workmen pleaded as follows in its written statement before this tribunal:—

As the workmen were smarting under various grievances they became members of the Union in 1954. The union submitted a charter of demands on their behalf on 12th August 1954. Ever since the workers joined the union the company started victimisation. It first appointed four notorious goondas as supervisors to terrorise the workmen. The workmen protested by their letters, dated 24th June 1955 and 5th July 1955. The company then closed the moulding shop from 4th July 1955 by their notice, dated 2nd July 1955, thereby throwing out of employment 15 workmen of the said shop. The union immediately took up the matter to the Labour Directorate. Then through the intervention of the conciliation officer the moulding shop was reopened and the workmen were taken back on 20th July 1955.

As however no action was taken on the charter of demands, dated 12th August 1954, the union presented a fresh charter of demands on 5th August 1955. It was decided in a meeting on 3rd August 1955 and notice was accordingly served by the charter of demand that if the demands were not conceded to by the company within 14 days, the workers would be compelled to go on strike from 22nd August 1955. Thereupon the company started threatening the workmen with dire consequences if they joined strike on 22nd August 1955. As there was no gesture from the company or from the Labour Directorate, the workmen mentioned in the order of reference struck work from 22nd August 1955. Notwithstanding the strike the company kept the factory open and continued work with the help of 8 new men. The union intimated about such action of the company to the District Magistrate, Howrah, on 22nd August 1955. The copy of the letter was also sent to the Assistant Labour Commissioner, Howrah, and O/C, Bantra police-station. On 24th August 1955 the Assistant Labour Commissioner forwarded to the union the reply given by the company regarding the charter of demands, and requested it to appear before the said conciliation officer on 31st August 1955 for joint conference. The company took an adamant attitude and refused to consider any claim of the workmen before the conciliation officer. On 6th September 1955 the union wrote to the Assistant Labour Commissioner suggesting certain reasonable and moderate terms and requesting him to settle the matter immediately. On 22nd September 1955 the company issued charge-sheet against 10 workmen out of the list and suspended them with immediate effect. On that date the company also sent a letter to the union enclosing notices to be communicated to workmen other than the 10 charge-sheeted for resuming duty within 3 days on submitting explanation for joining the strike. On 26th September 1955 the charge-sheeted workers submitted explanations denying the charges. On 26th September 1955 the company again wrote to the union with enclosures to be communicated to the workers other than those charge-sheeted workers for resuming their duty within 3 days, failing which they would be treated as to have been dismissed. On 27th September 1955 the union wrote to the management that the workmen were ready to join their duty provided the company would consider their just and reasonable grievances. On 1st October 1955 the Assistant Labour Commissioner gave certain terms for settlement to the company with copy to the union but the company did not take any notice of the same. On 6th October 1955 the company gave notice to the 10 charge-sheeted workmen stating that they were found guilty of the charges and asked them to tender unqualified written apology for their misconduct. On 8th October 1955 the 10 charge-sheeted workers jointly

wrote to the company expressing their willingness to join their duty if their just and reasonable claims were considered by the company. On 17th October 1955 the company dismissed the 10 charge-sheeted workers by their letter, dated 17th October 1955, with immediate effect. Subsequently on 27th October 1955 the company dismissed the remaining workmen who joined the strike with immediate effect. Thus there had been non-employment of the workmen mentioned in the list by the company as a result of the strike. The strike was justified and provoked by the company, while the action of the company was unjustified, *mala fide* and an instance of victimisation and unfair labour practice and violation of the principles of natural justice. The union accordingly prayed for reinstatement of the workmen as also for payment of full wages for the period of forced unemployment.

The company denied the charges of victimisation and unfair labour practice and other material allegations and pleaded as follows in its written statement in reply. The relation between the company and its workmen was all along very cordial and the workers were enjoying all the benefits that are generally available to other industries of the status and nature. In or about 1955, the union came into the picture and it began to create all sorts of trouble to gain foothold amongst the workers. As a first step it incited the workers of the moulding department to resort to go slow tactics in productions. When this process of slow down tactics was going on, the management requested the workers repeatedly to give it up and to give normal production when said repeated requests and advice had no effect, the management had no other alternative but to close down the moulding section of the company. Besides workmen Tarapada (serial No. 36) and Bhuban (serial No. 32) of the moulding shop did various acts of misconduct at the instigation of the union for which they were dismissed. After the closure there was a conciliation proceeding wherein an agreement was arrived at on 19th July 1955.

According to the said agreement normal work in the moulding section was started with effect from 20th July 1955. It was also agreed that as regards Tarapada and Bhuban the management would consider about their reinstatement on expression of unqualified apology in writing. As Tarapada did not tender apology in writing as required by the agreement he was not employed any further. Bhuban who however tendered unqualified apology in writing was taken back in employment in pursuance of the agreement.

After the aforesaid agreement the union adotped another method of creating discontent among the workers by way of giving false and imaginary hopes of higher wages, concessions, etc., although the company in consideration of its capacity and status was giving wages and other amenities which were adequate and favourable. Thus with a view to give another hit to the company and to create discontent among the workers, the union submitted the charter of demands on 5th August 1955. As asked by the Labour Commissioner the company submitted its comments in due time and a conciliation proceeding started accordingly. "Without waiting for the results of the conciliation, the workers mentioned in the order of reference save and except Bhuban and Haraprosad started an illegal and unjustified strike on and from 22nd August 1954 at the instigation of the union and 10 charge-sheeted workers in order to ruin the company and to bring the management under thumb of the union.

When the intended strike on 22nd August 1955 came to the notice of the company, the management advised the workers not to go on strike but to proceed in a constitutional manner. After the srtike the strikers

resorted to rowdyism and various acts subversive of discipline. When subversive activities and rowdyism were in the increase, the 10 persons out of the list who were responsible for the same and were prime-movers were charge-sheeted on 22nd September 1955. As they did not tender written apology notwithstanding notice, they were eventually dismissed on 17th October 1955. The remaining workmen who struck work did not, on the other hand, resume duty in spite of several notices and hence after final notice their services were treated as having been terminated from 27th October 1955 as deserters who had abandoned their employment. The action of the company was, therefore, justified and *bona fide* and the workmen were entitled to no relief.

DECISION.

In support of their case the union has examined P. W. 1 Sasadhar Karar, P. W. 2 Sarat Chandra Polay, P. W. 3 Tarapada, P. W. 4 Sunil Chandra Banerji besides proving documents Exts. 1 to 7. The company, on the other hand, has examined one of the partners D. W. 1 Ajoy Kumar Karar and the Works Manager D. W. 2 Madan Mohan Karar besides proving documents Exts. A to U(1).

It may be noted at the outset that out of 36 workmen mentioned in the list, name of workman Hara Prosad Ghosh was shown twice against serial Nos. 18 and 35, and thus the number of workmen would, in fact, come to 35. Then out of said 35 workmen Hara Prosad Ghosh and Tarapada (serial No. 36) had been dismissed before the strike on 22nd August 1955 and thus only the remaining 33 workmen of the list who struck work on and from 22nd August 1955 can properly be said to be involved in the dispute arising in consequence of the strike commencing from 22nd August 1955.

Before entering into the dispute it is better to state the facts leading to the reference as are either admitted or established in evidence for proper appreciation of the matter. The company is a small engineering concern which was started in 1917. It employed more or less 50 workers. For betterment of their service condition the workmen of the concern jointed the union in 1954. Soon after on 12th August 1954 the union submitted a charter of demand on behalf of the workmen to the Assistant Labour Commissioner, Howrah (Annexure "A" to union's written statement). Thereafter the workmen of the concern by their letters, dated 24th June 1955 and 5th July 1955 (Annexures B and B1 to union's written statement) complained to the union alleging that they were being harassed by the supervisors. The company denied the allegations of harassment by the supervisors, and there is no evidence on the side of the union to support its case of harassment. Insistence by the supervisors for carrying out the job efficiently and expeditiously cannot be characterised as harassment. Be that as it may, the moulding section of the company was admittedly closed on 4th July 1955. According to the company the workmen in the moulding section at the instances of the union started "go slow tactics" and after notice when there was no improvement in the position, the management had no other alternative but to close the moulding section, as it did; while according to the union the moulding section was closed as a retaliatory measure on account of the workmen having joined the union. From the materials on record I prefer to accept the company's version. Before such closure workmen Bhuban Chandra Mallik (serial 32) and Tarapada (serial 36) who were working in the moulding section were dismissed for misconduct—the latter on 24th June 1955 after issue of charge-sheet. After such closure and dismissal the union moved the Labour Directorate for intervention. On 15th July 1955 the union wrote

to the Assistant Labour Commissioner denying charge of slow down in production with a chart (Ext. 1). The company, on the other hand, maintained its charge of slow down in production (Exts. M, M1 and M2). Then through the mediation of the conciliation officer there was settlement between the parties on 19th July 1955. Exhibit A is the copy of the agreement embodying the terms of the said settlement.

By the agreement the workers of the moulding section guaranteed that they would maintain the old standard of production prevailing a year back and accept the rates existing at that time. Regarding workmen Bhuban and Tarapada it was stipulated that the management would consider about their reinstatement on expression of unqualified apology in writing by 20th July 1955. On the basis of the said settlement the moulding section was re-opened from 20th July 1955 and the workmen thrown out of employment were taken back. Workman Bhuban who tendered written apology (Ext. J) in terms of the agreement was taken back in employment, while workman Tarapada (serial 36) who did not tender written apology was not further employed.

Some days after the said agreement on 19th July 1955 the company issued notice complaining that there had not been improvement in the production in the moulding section as agreed upon. On 28th July 1955 Hara Prosad Ghosh (serial Nos. 18 and 35) who was a learner in the moulding section was given charge-sheet (Ext. N) in this connection. He did not at first submit any explanation to the same. On 3rd August 1955 he prayed for time for 7 days to submit explanation (Ext. N3). The company sent a reminder to him on 6th August 1955 (Ext. N2). Then Hara Prosad Ghosh submitted explanation (Ext. N1) on 6th August 1955. Thereupon an enquiry was held in his presence after notice to him. The copy of these proceedings is Ext. N4. On 9th August 1955 Hara Prosad was dismissed (Ext. N5). The said letter of dismissal was received by him on that date.

In the meanwhile on 5th August 1955 union submitted another charter of demands to the Labour Commissioner (Annexure "C" to the union's written statement). The demands were increased. In the said charter of demands a strike notice was given that if the said charter of demands was not conceded by the management within 14 days, the workmen would go on strike from 22nd August 1955.

On 11th August 1955 the company issued a general notice with a copy to the Assistant Labour Commissioner drawing attention of the workers of the moulding section about the continuance of their slow down tactics (Ext. K).

On 16th August 1955 the Assistant Labour Commissioner forwarded the charter of demands dated 5th August 1955 to the company requesting comments thereon (Ext. Q) which the company received on 18th August 1955. The company thereafter submitted its comments on the said charter of demands to the Labour Commissioner who in turn forwarded the same to the union on 24th August 1955. (*Vide* paragraph 25 of the union's written statement).

On 20th August 1955 the company wrote to the Secretary of the Union that it submitted replies to the charter of demands to the Assistant Labour Commissioner (*vide* paragraph 22 of the union's written statement). It requested the union not to precipitate the strike but to proceed in a constitutional manner. The union, on the other hand, wrote to the District Magistrate on that date (20th August 1955) informing him the decision of

the workmen to go on strike from 22nd August 1955 and about the management having recruited some new hands to break the intended strike (Annexure "B" to the written statement of the union).

On 20th August 1955 the management also drew attention of the workers that as their alleged grievances were placed before the Conciliation Officer, they should await the result of conciliation instead of resorting to strike.

Without further waiting for conciliation the 33 workmen as mentioned in the list (excluding Haraprosad Ghosh and Tarapada who had earlier been dismissed) out of a complement of about 50 workmen went on strike on and from 22nd August 1955. The management, however, continued to run the factory with the other workers and some new hands.

After commencement of the strike the management issued notices advising the workers to give up the strike. In between 22nd August 1955 and 9th September 1955 management received several written complaints (Ext. R series) from loyal workmen complaining threats and violence by some of those who went on strike. The management also wrote about it to the Assistant Labour Commissioner, Howrah, District Magistrate, Howrah, Officer-in-charge, Bantra police-station.

After the company sent comments regardings the charter of demands, dated 5th August 1955 to the Conciliation Officer on 20th August 1955, the parties were called to a joint conference on 30th August 1955 (*vide* D. W. 1). In course of the conciliation proceedings the Conciliation Officer advised the workers to withdraw the strike pending settlement, but the workers did not accede to the said suggestion (*vide* P. W. 2). Thereafter when the strike was not recalled, 10 out of the striking workers mentioned in the list who were said to be prime-movers were given charge-sheets on 22nd September 1955 in two batches. The first batch comprised four moulders Shri Sarat Chandra Kolay (serial No. 20), Shri Satish Chandra Hati (serial No. 21), Shri Atul Krishna Paul (serial No. 22) and Shri Chandi Charan Manna (serial No. 23). They were given charges on five counts (Ext. B). The other batch comprised six workers Shri Sadananda Karar (serial No. 1), Shri Nidhu Bhusan Kolay (serial No. 2), Shri Faluram Hazra (serial No. 4), Shri Bijoy Kumar Das (serial No. 5) and Shri Kishori Mohan Das (serial No. 19). They were given charges on three counts, on the same date (22nd September 1955) (Ext. B1). On that date (22nd September 1955) the company also issued notices and sent them to the union for communication to the workmen concerned other than the 10 charge-sheeted requesting them to resume duty showing satisfactory cause for their taking part in the strike (Ext. D). On 26th September 1955 same appeal to those strikers other than those charge-sheeted was repeated (Ext. D1).

On 24th September 1955 the union sent explanations of the charge-sheeted workers except of Chandi Charan Manna to the company (Ext. 3). Subsequently on 26th September 1955 the charge-sheeted workers except Chandi Charana Manna submited their explanation directly to the company (Exts. C, C1). They denied the charges. On 26th Setpember 1955 and 27th September 1955 the union also replied to the company's notices, dated 22nd September 1955 and 26th September 1955, to say that the strike was justified and legal and if any action was taken against the strikers during the period of strike this would amount to unfair labour practice (*vide* Exts. E, E1 and 6).

Then on 1st October 1955 Assistant Labour Commissioner, in course of conciliation, suggested certain terms to the parties for settlement (Ext. 7). On 6th October 1955 the company replied to the same (Ext. F2).

According to the company, after submission of explanations, as the situation was tense, no enquiry was possible in presence of the charge-sheeted workmen. The management, however, held enquiry into the charges and on such enquiry it came to the conclusion that the 10 workmen concerned were guilty of the charges brought against them and accordingly on 6th October 1955 the management communicated their said decision to the 10 charge-sheeted workmen (Exts. F and FI). In the said communications it was stated that although on enquiry management was satisfied that the workmen were guilty of the charges brought against them, it (management) was prepared to take them back in employment but without wages for the strike period if those workers tendered an unqualified written apology for misconduct within 3 days of the receipt of the communication. The decision was also communicated to the union and the Assistant Labour Commissioner.

On 6th October 1955 the company also issued notice to the striking workmen other than those charge-sheeted inviting them to resume duty (Ext. F1). On that date (6th October 1955) the company also replied to Assistant Labour Commissioner regarding his terms for the settlement as already noted. In that reply it was stated that the 10 charge-sheeted workers though guilty of gross misconduct for which they were liable to be dismissed, the management as a gesture of goodwill was prepared to take them back in employment if they tendered apology. Regarding others it was also stated that the management invited them to give up strike and to resume duty but they failed to do so in spite of notices. Regarding suggestion for bonus it was said that the company suffered loss and as such it could not pay any. Regarding statutory holidays the management expressed their willingness to pay wages for them, if any due to the workers.

As the 10 charge-sheeted workmen did not tender apology as asked for on 6th October 1955, the management dismissed them from service from 17th October 1955 by their letter of that date (Ext. G). On 17h October 1955 the company also issued notice to the striking workers other than those charge-sheeted and dismissed requesting them to resume duty within 3 days with the warning that if they failed to do so, it would be taken that they were not willing to work at all and treated accordingly (Ext. H).

Same appeal to those striking workers was repeated on 19th October 1955. Then by final notice on 27th October 1955 the managament informed these striking workers that as they failed to resume duty notwithstanding several notices particularly of dates 17h October 1955 and 19th October 1955 their services were treated as terminated as deserters who had abandoned their employment (Ext. I).

Subsequently Conciliation Officer drafted a memorandum of settlement (Ext. T). The company was agreeable to accept those terms while the union declined to accept them and thus the proposed settlement failed (*vide* D. W. 1 and P. W. 4). Behind this background the reference was made to this tribunal.

Now as to the strike out of which non-employment is said to have ensued, I may note at the outset having regard to the materials on record that the strike was not justified though not illegal. No doubt 14 days' notice though not required was given before commencement of the strike but it would not afford justification for resorting to strike without awaiting the results of conciliation. The right to strike though a recognised weapon

of the workmen to enforce their demands has to be used only as a last resort when all other avenues of settlement of industrial disputes have proved futile. In this case although the company admittedly informed the union and the workers on 20th August 1955 that it had submitted comments regarding the charter of demands, dated 5th August 1955 and requested that they should await results of conciliation before resorting to strike, the workers did not pay heed to the same. It cannot, therefore, be said that the workmen resorted to strike after all other avenues of settlement of the dispute had proved futile. It appears that the union had the cant of threatening strikes at very possible opportunity. Previously when there had been proposal for retrenchment of the worker Kartick Mondal the unon admittedly served notice of strike on 3rd November 1954 (*vide* Ext. 5). Of course better sense ultimately prevailed and the notice of strike was withdrawn on 9th November 1954. Regarding union's case that no action was taken by the company and the Conciliation Officer on their charter of demands, dated 12th August 1954, which necessitated submission of fresh charter of demands on 5th August 1954 and the strike notice, the evidence of the Union Secretary P. W. 4 belies it. For, P. W. 4 deposed "After submission of first charter of demands on 12th August 1954 the management informed the Assistant Labour Commissioner that their financial condition was very bad. The management further informed the Assistant Labour Commissioner that it could not go on paying wages for Sundays as it had hitherto before been done and they wanted permission to retrench 17 workmen. They also pleaded financial inability to continue business. In the circumstances our charter of demands could not be taken into consideration seriously. During conciliation proceedings we suggested ways and means to keep going the business. The management on our suggestions agreed to stop the proposed retrenchment and to continue payment of Sunday wages." It will, therefore, appear from the above that action had been taken on the charter of demands and that the management adopted co-operative and conciliatory attitude towards the demands, and whatever possible in the circumstances was done. Regarding closure of the moulding shop from 4th July 1955 his evidence also reveals that before such closure the workmen started agitation for payment of additional wages in respect of overtime work. According to him (P. W. 4) following such agitation the company closed the moulding shop on the plea of low production by the workmen. In the conciliation which followed, the union sought to refute the charge of low production by Ext. 1; while the company maintained that the workers were going slow in production, and supported the said plea by the registers relating to production (Exts. L, L1) and statements regarding production (Exts. M, M1, M2). From them and the positive evidence of D. Ws., company's charge of slow down in production appears to be well-founded. Be that as it may, the matter admittedly ended in amicable settlement on 19th July 1955 as per agreement Ext. A. There the workers guaranteed that they would maintain the old standard of production prevailing a year back and accept the rates existing at that time. It, however, appears that soon after such agreement the workers failed to honour it. P. W. 2 admitted that after the agreement they stopped to do overtime work and as a result production did not improve but it decreased. After having agreed to work at the existing rates there was no justification on the part of the workmen to stop to work overtime either. Thus company's plea of slow down in production cannot be said to be without foundation. Soon after such settlement there was no justification to present charter of demands on 5th August 1955 coupled with strike notice. The union could no doubt make any demand but to enforce the same if workers resorted to strike without exhausting all avenues for settlement, the strike would not be justified.

I, therefore, find no justification for the strike from 22nd August 1955 though it was not illegal.

Now let us turn to the cases of the workmen separately.

Regrading workman Tarapada (serial No. 36).

He is P. W. 3. He was serving in the moulding section and was admittedly given a charge-sheet to which he admittedly submitted explanation. After enquiry he was admittedly dismissed two months before the strike commencing from 22nd August 1955. There was also conciliation over his dismissal though he denied it. By the agreement Ext. A it was stipulated that if he and the other workman Bhuban who were earlier dismissed tendered unqualified apology by 20th July 1955 the management would consider about their reinstatement. P. W. 3 admittedly did not express regret or tender apology, while the other workman Bhuban who tendered apology was taken back. There is nothing to show that it was a case of victimisation. Then on workman's own showing it was not a case of non-employment by the company as a result of the strike commencing from 22nd August 1955 giving rise to the present dispute. I, therefore, find nothing to interfere in his case.

The workman also stated before this tribunal that he was not prepared to go back if the demands as per charter of demands were not conceded and if his wages were not enhanced, which obviously cannot be granted by the Tribunal within the scope of the reference.

Regarding Hara Prosad Ghosh.

His case too is not one of non-employment by the company as a result of the strike but he was dismissed long before. The evidence shows that he was given charge-sheet on 28th July 1955 (Ext. N). He took time to submit explanation (Ext. N1). Then notice regarding date of enquiry was served. He aslo submitted explanation and then on enquiry in his presence, he was found guilty of the charge and was dismissed on 9th August 1955. There is nothing to show that it was a case of victimisation. Even Haraprosad did not appear before this Tribunal to challenge the dismissal. In the circumstances, I have had nothing to interfere. He is, therefore, entitled to no relief.

Regarding 10 charge-sheeted workmen.

These 10 workmen admittedly went on strike from 22nd August 1955. Out of them the first batch comprised four moulders Sarat Chandra Kollay, Satish Chandra Hati, Atul Krishna Paul and Chandi Charan Manna who were admitedly given charge-sheets on 22nd September 1955. The charges against them were as follows:—

(1) Since the agreement, dated 19th July 1955, you along with other workers of Moulding Department in a concerted plan had adopted and continued the slow-down tactics and you are the prime-movers and responsible in bringing about and continuing the slow-down in production in the Moulding Department in that you incited, instigated and/or directed the workers of the Moulding Department to adopt and to continue the slow-down tactics in prdouction.

(2) When workers were asked to give up the slow-down tactics and to give normal production, you, the above worker, threatened and induced them to continue the slow-down tactics to cause loss to the company.

(3) On 22nd August 1955 you instigated, incited and/or directed the workers of the Moulding Department to stage an illegal and unjustified strike and thereafter to continue the same.

(4) On 23rd August 1955 you in a concerted plan did subversive acts and rowdyism in that when the hand-cart loaded with the company's finished products was going out of the factory premises for delivery of the same to the customers, you obstructed and snatched away the goods and threw away them in a scattered manner.

(5) On 23rd August 1955, 8th September 1955, 14th September 1955 and 16th September 1955 you in a concerted plan along with other workers obstructed the workers (not in a strike) and tried to prevent them from coming into the facory by force and also shouted various slogans defaming and threatening the management. You further held meeting at the gate where various defamatory speeches against the management were delivered thus inciting the workers to take aggressive part against the management by way of violence or otherwise to extort and submit to the demands which are/were submited and/or pending before the Conciliation Officer.

Of them Chandi Charan Manna did not submit explanation. The explanation of the other three workmen is Ext. C1. After such explanation enquiry was held and they were found guilty of the charges brought against them. Notwithstanding they were given another chance to rectify and to rejoin duty by expressing regret for their conduct. As they did not express regret the manageemnt terminated their employment from 17th October 1955. Of these workmen only P. W. 2 Sarat Chandra Kollay has deposed before this Tribunal. He, of course, denied having used any violence but in cross-examination admitted that there was lesser production and that they held meeting in front of the factory gate to prevent the new hands from working in the factory. His explanation regarding low production due to stoppage of evertime work, may be partly true but such action on their part was without justification as already discussed. The evidence of the partner D. W. 1 on the contrary reveals that they not only struck work but also incited others to do so, held out threats to loyal workers, stopped cart going out with goods for delivery, removed the goods therefrom and scattered them. I have had nothing to disbelieve him. The charge-sheeted workers might have been members of the union but this would afford no justification to them to resort to violence or intimidating the workers or to cause disruption of work by violence. In the circumstances when the materials on record support the charges brought against them there would be no justification to interfere merely because the tense situation then prevailing the enquiry could not be held in their presence. Nothing is sacrosanct and in each case the matter has to be judged in view of the prevailing circumstances. As the workers resorted to unjustified strike and they were bent upon not to yield in spite of requests from different quarters, it was only natural that in the said tense atmosphere, no enquiry had been possible in their presence. After having created the situation it does not lie in the mouth of the workers to complain and contend that everything has been vitiated because the enquiry was not conducted in their presence. In any case when materials have been placed afresh before this Tribunal to support the charges, the irregularity in the enquiry is of no consequence. I am, therefore, of opinion that as the workers were guilty of serious charges they merited dismissal. The action of the management, it appears, was perfectly *bona fide*. The fact that notwithstanding finding of guilt, the workmen were given chance to rejoin on expressing regret

would show that the management was not after victimisation. I, therefore, find nothing to interfere regarding these four workmen.

The other six workmen Sadananda Karar, Nidhu Bhusan Kollay, Falu Ram Hazra, Sasadhar Hazra, Bijoy Krishna Das and Kishory Mohan Das were also admittedly given charge--sheet on 22nd September 1955. The charges against them were as follows:—

(1) On 22nd August 1955 you instigated, incited and/or directed the workers of the machine shop department to stage an illegal and unjustified strike and thereafter to continue the same.

(2) On 23rd August 1955 you in a concerted plan did subversive acts and rowdyism in that when the hand-cart loaded with company's finished products was going out of the factory premises for delivery of the same to the customers, you obstructed and snatched away the goods and threw away them in a scattered manner.

(3) On 23rd August 1955, 8th September 1955, 14th September 1955 and 16th September 1955 you in a concerted plan along with other workers obstructed the workers (not a strike) and tried to prevent them from coming into the factory by force and also shouted various slogans defaming and threatening the management. You further held meeting at the gate where various defamatory speeches against the management were delivered thus inciting the workers to take aggressive part against the management by way of violence or otherwise to extort and submit to the demands which are/were submitted and/or pending before the Conciliation Officer.

They submitted their explanations (Ext. C). After such explanation enquiry was held in their absence and the management was satisfied that they were guilty of the charges brought against them. They too were afforded opportunity to express regret and to rejoin but they did not avail of the same whereupon they were dismissed. Out of them only P. W. 1 Sasadhar Hazra has deposed before this Tirbunal. Though he denied use of violence during strike the other charges remained unchallenged. The evidence of D. W. 1 on the contrary established the charges against them. The fact of enquiry in absence of the workmen would be of no avail when the company furnished materials before this Tribunal to make out the charges. Besides the situation, it has already been noted, was such which made it impossible for the management to hold the enquiry in their presence. Be that as it may, the evidence given supports action of the management. There is nothing to show that it was *mala fide* or by way of victimisation. I am, therefore, of opinion that they too are entitled to no relief.

Regarding the remaining workmen of the list.

The company's case is that their non-employment was their own seeking and was not result of any action on the part of the company and as such these workmen are entitled to no relief. The materials on record point in favour of the company's case. The workers themselves struck work. They were repeatedly given notices to resume duty which they did not avail of. Even when they were ultimately told that if they failed to resume duty within 3 days, it would be treated that they had voluntarily left their employment, the workmen did not rejoin duty. In the circumstances, the management was justified to treat them as having voluntarily left their employment. As the company did not dismiss or discharge them but the workmen themselves first struck work and then left their jobs, they cannot

now turn round and claim reinstatement or any relief. Question of reinstatement or compensation arises only when non-employment is caused by the employer and not otherwise. As in the present case the workmen themselves left their jobs and their evidence before this tribunal reveals that they are not willing to rejoin unless their demands as per charter of demands are conceded, it is obvious that no relief can be granted to them.

The result is that none of the workmen is entitled to any relief.

It is awarded accordingly.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Hamirmull Champalall, 2 Raja Woodmunt Street, Calcutta-1, and one of their employees Shri Sunil Kumar Naha, represented by Cossipore Jute Press Workers' Union, 1 Joy Bhattacharjee Lane, Calcutta-3 (Case No. VIII-141/56).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI SAILESH SENGUPTA, *Judge, Sixth Industrial Tribunal.*

Appearances:

For the Company: Shri N. D. Manna, Counsel.

For the Union: Shri Panchanan Bhattacharjee, President of the Union.

This reference made by Government order No. 2245Dis./D/11L-139/56, dated Calcutta, the 26th May 1956, relates to the discharge of Shri Sunil Kumar Naha by Messrs. Hamirmull Champalall. The point for adjudication is in the following terms:—

Is the discharge of Shri Sunil Kumar Naha justified? To what relief is he entitled?

The written statement filed on behalf of the workman supplies very little information. The bare statements appear therein that he had got an attack of pneumonia in December 1954 complicated by other ailments. An application for leave supported by medical certificate was submitted to the Company. Leave was granted verbally. When he went back to the factory in April 1955, he was curtly informed that he had been dismissed. Reinstatement with full wages for the interim period has been prayed for.

The Company took a legal objection to the Tribunal assuming jurisdiction on the ground that Sunil Naha was not a workman within the meaning of the Industrial Disputes Act. Regarding merits, the Company's case is that Sunil Naha absented himself from duty from the 29th of December 1954, without giving any notice. Letters were addressed to him by the Company in the month of January to return to duty but to no purpose. No leave application had been submitted. It is altogether a false statement that leave was verbally granted. As he did not report to duty his services were terminated by letter, dated 29th of January 1955. No relief is accordingly due to this workman.

DECISION

On behalf of the Company learned Counsel pressed an argument that there was no outstanding dispute between the Management and the worker at the date of termination of his services. The dismissal itself marked the origin of the dispute. In the circumstances Sunil Naha was not a workman entitled to the protection of the Industrial Disputes Act. It is true that in some cases it was held that if the discharge or dismissal originates or gives birth to the dispute then the dispute does not arise till the moment when discharge or dismissal takes effect or till some time later and in such a case there cannot be an industrial dispute between the employer and the dismissed employee. The current of decisions has however turned in the reverse direction. Reference may be made to the case reported in 1956, 1, L.L.J., page 492, in which the Bombay High Court has not accepted the said proposition as correct. There is also a decision of the Supreme Court against the view propounded on behalf of the Company which is found reported in 1957, 1, L.L.J., page 27. It is therefore idle now to urge that because there was no dispute existing at the date of the dismissal, this worker is precluded from obtaining relief provided by the Industrial Disputes Act.

The case of the worker is that he fell ill in the first part of December 1954 and submitted an application for leave supported by a medical certificate. His son Sambhu Nath Naha had taken the application and the medical certificate, to the office and delivered the same. Sambhu was informed by the Company that his father could attend office when he recovered. No formal order in writing was passed. As illness continued up to the 4th of April Sunil Naha came back to resume his duty on the 5th of April with a medical certificate of fitness but was told that his services were no longer required. Sambhu Naha, son of Sunil Naha who is said to have delivered the leave application, could not be examined as he is lying ill in a hospital in the district of Birbhum. No receipt was

obtained from the Company. The missing links could very well be supplied if the worker had called the medical attendant under whose treatment he was during the course of his illness. Dr. Sarma who granted the certificate of fitness Ext. 1 might be called to give evidence that he had recommended leave and a medical certificate had been granted by him. His prescription book might have been called to prove that during this whole period from December to April, Sunil Naha was actually bedridden under the treatment of the doctor. The certificate Ext. 1 without the sworn testimony of the doctor can carry no weight. The Company has not put in evidence—the letters alleged to have been issued recalling Sunil Naha to duty. But the fact remains that on his own showing Sunil Naha had applied for two months' leave but on the expiry of the period he did not submit any further application for extension. The entries in the attendance register Ext. A series show that in some other months in 1954, Sunil Naha obtained leave with full pay. In the month of December, he was absent from 1st up to the 18th. He attended the factory from the 20th up to the 28th. Thereafter he was absent. It is not a fact that he fell ill in the 1st part of the month and was absent since then. As a matter of fact, he was on duty from the 20th to the 28th and drew his wages for those days. There is no reason to disbelieve the attendance register in which receipt was granted by Sunil Naha when the wages due were paid. His case that he was attacked with pneumonia in the first part of December, and since then he was absent on leave verbally granted is completely destroyed by the attendance register which shows his presence on some days in the third week of the month. Besides, Sunil Naha's admission that he did not make any second application for extension of leave makes the case complete against him, for, he had obserstayed the leave even if it is assumed that leave for two months' had been granted. Thereafter he made no application for extension of leave. The Company had therefore good grounds, to terminate his services when it was found that for a considerable period after the expiry of the two months he was still absent and did not notify the Company the reasons for his absence. In a case like this no enquiry is necessary. Sunil Naha knew during the conciliation proceeding that the Company's case was that he had been absent without leave. In this state of things, the finding of the Tribunal is that the dismissal of Sunil Naha by the Company was justified. He is not entitled to any relief.

Notices were issued on both parties, who filed written statements setting forth their respective cases.

The Union, in its written statement, states that the Company illegally locked-out the workers of the Tea Estate at Passiting since 27th July 1956, in violation of the provisions of the Industrial Disputes Act. This lock-out was lifted on 17th September 1956. All member-gardens of the I.T.A. including the present Company were directed by the I.T.A. to pay a sum to each employee equivalent to wage cut incurred by the employees in 1953 as a result of the rise in the price of rationed commodities without a corresponding rise in wages. The Company opposite party has failed to pay the wage cut compensation to their workers, although this compensation has been paid by all other Tea Gardens of the area, to their workers. In the Darjeeling hill area, as well as in the Dooars and Terai, all the tea gardens under the I.T.A. as well as under the I.T.P.A. have paid bonus for 1953-54, according to the terms of bonus agreement arrived at between the representatives of labour and the employers at New Delhi, but the Company opposite party withheld the payment of any bonus for 1953-54 and flouted the terms of the bonus agreement aforesaid. The workers of this Tea Garden are, therefore, entitled to bonus for 1953-54, according to the bonus agreement mentioned above. The workers of the Company filed a mass petition demanding conversion of monthly payment system into weekly payment system on 17th November 1955, and the Assistant Secretary to the Government of West Bengal, Labour Department, communicated to the Union the acceptance by the Company of the system of weekly payment of wages. The Company, however, failed to implement this system. The Union, therefore, claims that the daily rated workers should be paid on a weekly basis instead of a monthly basis, as is done at the present time. Twenty-seven workers mentioned in a Schedule to the order of reference have been suspended and dismissed illegally without adopting the due process of law and Standing

Orders. The Union prays that the 27 workmen suspended and dismissed be reinstated and paid compensation according to the merit of each case.

The Company, in its written statement, states as follows:—

That Issue Nos. 2, 3 and 4 are misconceived, since there has never been any dispute over the said issues between the Management and the labourers. The activities of the Union cannot be too strongly condemned and they are working in a reckless manner jeopardising the very interest of those whose cause they profess to champion. The Company challenged the authority of the Union to represent all the workers of the Tea Estate. As to Issue No. 1, the Company states that the question of payment of compensation lies only when there is an illegal lock-out by the Management. In the contexts and facts and circumstances of the case, it cannot be claimed that the lock-out was illegal. There was a lull in work which was created by some unruly elements amongst the workers and the Management was not responsible for the temporary lull and the workers are not entitled to any compensation for this period. Out of the 27 workers mantioned in Issue No. 5, 9 of the workers were virtually murderers and the rest are their kith and kin, always encouraging, inciting and fomenting subversive activities against the Management and the loyal workers. They are a menace to the public safety and tranquillity. These 9 workers were discharged before the commencement of the conciliation proceedings.

The appearances for the parties were as follows:—

For the Union: Shri D. K. Chowdhury and Shri A. P. Pathak.

For the Company: Shri T. Sen Gupta, B.L., General Labour Adviser, and Shri N. C. Das Gupta, M.A., B.L., Advocate.

The issues framed for the decision of this case are the same as those mentioned in the order of reference and are as follows:—

Issues

(1) What redress and other compensation are the workers entitled to for the lock-out period?

(2) What compensation in wages are the workers entitled to for rise in the price of rationed commodities during 1953 without coresponding rise in wages at that time being given by the Company?

(3) Bonus for 1953-54.

(4) Whether the daily-rated workers should be paid on a weekly basis?

(5) Whether the Company was justified in refusing employment to the workers mentioned in a schedule to the order of reference? What relief and/or compensation are they entitled to?

DECISIONS

Issues Nos. 1 to 5. The hearing of the case was commenced on 7th May 1955. On 8th May 1957 the parties filed a joint petition of compromise with a prayer that an award may be made and the issues mentioned in the order of reference answered in accordance with the terms thereof. This compromise petition appears as Appendix A to this award. Perused the compromise petition and it appears that the terms thereof are reasonable and should be accepted. I, therefore, accept the compromise petition in

Appendix A, and award in accordance with the terms thereof. The compromise petition in Appendix A shall form a part of this award.

I award accordingly.

APPENDIX A

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, GOVERNMENT OF WEST BENGAL, CALCUTTA

In re: Government Reference Notification No. 4409Dis./D/9L-10/56, dated Calcutta, 1st October 1956

In the matter of industrial dispute
Between
The Workmen of Samabeong (Passiting) Tea Estate
and
Its Management.

The humble joint petition of Messrs. Padma Limited, the owners of the Samabeong (Passiting) Tea Estate and its workmen through Trade Union Representative, The Darjeeling District Chia Kaman Mazdoor Union,

MOST RESPECTFULLY SHEWETH:

(1) That the Management undertakes to restore the wage-cut in terms of the D.B.I.T.A. Circular on proper accounting within three months from date.

(2) That the Management immediately on or before the 15th of May 1957 on execution of proper undertaking of apology and good behaviour, would take back 17 workers and Mani Prasad Lama out of the list of 27, list annexed with the reference excluding the nine alleged assailants of Manager and Assistant Manager on 7th June 1956 and the Union undertakes to waive the cases of the said nine persons, under the present reference. A list of the 18 persons to be re-employed is shown in Schedule "A", the form of undertaking of apology and good behaviour is shown in Schedule "B" and the list of the excluded nine alleged assailants is shown in Schedule "C" below.

(3) That the Management undertakes to make an *ex gratia* payment of Rs. 5 per employee in lieu of all their claims such as bonus, lock-out compensation, etc., and in consideration thereof the Union undertakes not to agitate any such item in future regarding the period involved. The payment will be made within one month from date.

(4) That the cases of nine persons not re-instated are assured of for re-appointment after four months provided they maintain a healthy atmosphere in the garden on execution of undertakings of apology and good behaviour, maintenance of peace, and discipline. The Management undertakes not to pursue the High Court Reference pending against acquittal against the said nine persons. The form of the undertaking as aforesaid is shown in Schedule "B" below.

(5) That the Management undertakes to make payment fortnightly.

(6) That the *ex gratia* payment mentioned in paragraph 3 is agreed upon by the Union as a special case since it is satisfied that this garden is exclusively manufacturing Ball Tea hitherto and as such the same can have no repercussion on the bonus issue under the Delhi Agreement referred to in the reference in respect of any other garden.

(7) That the award in the above line needs be drawn up. It is, therefore, prayed that the reference may kindly be answered in terms of settlement arrived at and envisaged through the paragraphs hereinabove, and for this act of grace and favour the parties shall ever pray.

AWARD

The Union's case is that Messrs. Ganges Printing Co., Ltd. (hereinafter to be called the Company), owns a Printing Press at Shibpur, Howrah. Up to 1955, the Company used to close the press half an hour earlier during Ramzan, so as to enable the large number of Muslim workmen to break their fast at the time required by the religious custom. On 29th March 1956, the Union submitted a letter to the Company requesting it to close the Press half an hour earlier during the month of Ramzan in the year 1956. But on 10th April 1956 the Company verbally informed the Union that it was not willing to close the Press half an hour earlier but was willing to give half an hour early leave, provided the time thus lost would be compensated by working extra time. The Union sent a letter to the Company protesting against this decision of the Company. On 12th April 1956 the Company posted a notice stating the change of working hours from 9-30 a.m. to 5-48 p.m., to 9 a.m. to 5-18 p.m. during the period of Ramzan. At this, the Muslim workers approached the Secretaries of the Union and expressed their dissatisfaction to the working time stated in the aforesaid notice, and requested the Union Secretaries to press the Company to withdraw the said notice. Accordingly, the Union Secretaries requested the Company to withdraw the said notice in a letter, dated 12th April 1956, but without any effect. Thereafter on that very date, a general meeting of the workers was held, and it was decided that the Company would be requested to hold a tripartite meeting on 16th April 1956. Such tripartite meeting was held on 16th April 1956 at the office of the Assistant Labour Commissioner, Howrah. In that meeting, the Company refused to allow the workers the privilege of early closing of the Press, which the workers enjoyed during the previous years on account of Ramzan fasting. Even the very moderate suggestion of the Assistant Labour Commissioner to close down the Press 15 minutes earlier during the Ramzan period, was also turned down by the Company. So, on 16th April 1956 the Union addressed a letter to the Assistant Labour Commissioner to conciliate over the dispute. On 17th April 1956, the Union wrote another letter to the Company to accept the moderate suggestion as made by the Assistant Labour Commissioner in the matter. The Union also made it perfectly clear in that letter that if that was not conceded to by the Company, the Union demanded full half an hour early closing of the Press, as was the practice for many years in this Company. On 18th April 1956 the Union approached the Labour Welfare Officer of this Company in his office for a reply to the letter sent by the Union on 17th April 1956. The said Labour Officer along with the Union representatives came to the Manager's office and had discussions, but no conciliation could be arrived at. On that date (18th April 1956), at 3 p.m. a telephonic call came from the office of the Assistant Labour Commissioner to the effect that on that very date there would be another joint discussion in his office, and the Union representatives were requested to be present there. In that discussion, which was held at 3 p.m., the Union accepted the decision of the Assistant Labour Commissioner, Howrah, under protest. On 19th April 1956 at about 4-30 p.m., the Manager, all on a sudden, called the Union Secretaries, and informed them that the Company was issuing charge-sheets on 8 workmen. The Union Secretaries found also a Police Officer within the Press premises at that time. At about 5 p.m. on the same day, the Manager called in the 8 workers, charge-sheeted one by one, and in presence of the Police Officer served charge-sheets on them on false grounds, and ordered them to leave the place immediately. This vindictive action on the part of the Management caused great resentment among the workers, who demanded immediate withdrawal of the charge-sheets, and peacefully remained in the premises of the Press for the whole night as a token of protest. On 20th April 1956 the workers attended work

as usual and started work peacefully. The Assistant Labour Commissioner being informed about the charge-sheets served on the aforesaid 8 workers, arranged for a joint discussion on that date at 10-30 a.m. The Assistant Labour Commissioner at the said joint discussion requested the Company to withdraw suspension orders of these 8 workers, but it was refused. On that very date, the Management, on the contrary, posted a notice on the Notice Board declaring lock-out of the Press from 20th April 1956 on frivolous and false grounds. These 8 workers replied to the charge-sheets served on them, but subsequently on 22nd May 1956 they were dismissed by way of victimisation. The enquiry that was held by the Management in this respect, was but a mere show. The decision of the Management in this respect was not only in violation of the principles of natural justice, but it was unjust, arbitrary and vindictive. As the lock-out was unjustified, the Union has claimed full wages for the period of lock-out from 20th April 1956 to 10th May 1956.

The Company has denied the allegation of the Union that up to 1955, the Press was closed half an hour earlier during the month of Ramzan every year. It's reply is that the working schedule was adjusted every year during the period of Ramzan, so as to facilitate the Muslim workers in leaving the factory earlier without reducing the total daily or weakly working hours. So, on 12th April 1956 the Company issued a notice indicating the hours of work, which permitted the factory being closed half an hour earlier without reducing the total working hours. Before that notice was actually put up on the Notice Board, it was made clear to the Secretary and the Assistant Secretary of the Union that the Company was always prepared to adjust the working schedule, which would not result in the diminution of the total working hours. On 13th April 1956, the Assistant Labour Commissioner intimated to the Management that he would hold a joint conference on 16th April 1956, and advised that the hours of work as indicated in the notice should be followed in the meantime. The Union Secretaries were informed accordingly. On 16th April 1956 in course of the conciliation proceeding, the Assistant Labour Commissioner made various suggestions for the settlement of the dispute. The Company was prepared to help the Muslim workers to leave the Press early during the month of Ramzan, but it was indicated that the working schedule would have to be so adjusted, so as to avoid any reduction in the total working hours. On 18th April 1956 at about 11 a.m. a few workers instigated other workers to stop work and to proceed towards the Labour Office in a body. The workers assembled near the Labour Office and began to shout demanding immediate assurance from the Management that the Press should be closed every day half an hour before the schedule time during the month of Ramzan. On hearing this shout, the Manager and the Labour Officer went to meet the workers, and tried to reason with them, but they were adamant in their attitude. When all persuations were found to be ineffective, the Manager and the Labour Officer returned to the office of the Manager. As soon as they did so, a large number of workers led by these 8 workers named in the schedule to the order of reference, pushed their way into the Manager's office, and kept the Manager and the Labour Officer confined in their room for more than 2 hours. They indulged in disorderly behaviour and refused to leave the room in spite of the orders of the management. Placed in such a situation, the Manager sent a message over phone to the Company's Head Office, and the Officer concerned there immediately contacted the Assistant Labour Commissioner in view of the seriousness of the situation, and also informed the Police. The Police arrived at about 12 noon, and on their arrival the workers ceased their noisy and threatening demonstration, but continued to keep the Manager

and the Labour Officer confined. The Assistant Labour Commissioner also rang up stating that he would hold a joint conference at about 3 p.m. on that date. When this information was conveyed by the Manager and the Police to the workers, they dispersed and resumed their duties. On 19th April 1956 charge-sheets were issued to these 8 workers. The issue of the charge-sheets to them was fully justified in view of what they did. After the issue of the charge-sheets at about 5 p.m. all the workers surrounded the Manager, shouting that the charge-sheets against those 8 workers should be immediately withdrawn. The workers also adopted a threatening attitude, and refused to allow the station-wagon, which used to take the Supervisory staff to their residence, to be taken out of the factory premises. Thus the Manager and Supervisory staff were detained and confined till about 1 a.m. The workers remained inside the premises for the whole night, and the Police were also present to watch the situation. On 20th April 1956, in the morning, the workers dropped their tickets and continued to remain inside the premises, and refused to start work until the charge-sheets issued to the 8 workmen were withdrawn. The workers were told that they should resume their work, and the Management would hold an enquiry in the case of those 8 workmen, who have been charge-sheeted. On 20th April 1956 at about 10-30 a.m. the Assistant Labour Commissioner, Howrah, called a joint conference. In that conference, it was made clear by the representatives of the Company that the workers should resume their normal duties. The Assistant Labour Commissioner also put forward various suggestions in that joint conference, but no settlement was arrived at, and the stay-in-strike continued for the whole day. Throughout the day, the Police were present at the premises. In view of the continuance of the stay-in-strike and the threatening attitude of the workers on 19th April 1956 and 20th April 1956, the Management had no other alternative but to notify the workers that the Press would remain closed until such time as the Management was assured of a peaceful and normal resumption of work by the workers. On 10th May 1956 the Deputy Labour Commissioner called a joint conference, and it was agreed in that conference by the representatives of the Union that all workmen would resume their duties, and those 8 workers would remain suspended pending enquiry into their cases. As the workers agreed to call off this strike, the work was resumed on 11th May 1956. The Company further states that it had no knowledge of the alleged Trade Union activities of those 8 workers who were served with charge-sheets. It contends that they were neither victimised, nor were they threatened by the Management for their Union activities. A regular enquiry was held regarding these 8 workers, and in that enquiry they were given full opportunity to defend themselves and to produce their witnesses and also to cross-examine prosecution witnesses, and as such the principles of natural justice were strictly followed by the Management. After full and fair enquiry it was found that those 8 workers were guilty of the charges levelled against them, and accordingly the Management dismissed them from service. This decision was communicated to the workers concerned on 22nd May 1956. The Company further submitted that the workers staged stay-in-strike on 20th April 1956, after remaining in the premises for the whole of the previous night, and continued to remain on strike insisting that the suspended workers should be allowed to join their work. The workers had no justification for resorting to stay-in-strike and adopting various unconstitutional measures during the period of strike. The strike was uncalled for and unjustified. The Management, being placed in such a precarious position, had no other alternative but to close the Press from 20th April 1956 to 10th May 1956. The Company was neither responsible for the alleged closure. In view of this, the question of paying any wages to the workers for the period of strike does not and cannot arise.

Issue No. 1.

These 8 workers were admittedly dismissed with effect from 19th April 1956, as they were found guilty of the charges levelled against them. The charges against them were that on 19th April 1956 at 11 a.m., they were concerned in a riotous and disorderly behaviour, inasmuch as they incited other workers of the Press to stage riotous demonstration and force entry into the Manager's office; behaved in an insolent and threatening manner towards the Manager, and persisted in remaining in the Manager's office for approximately two hours in spite of his instructions to leave. The Management dismissed them after a full and proper enquiry held on 18th April 1956 and 19th April 1956. The entire enquiry proceedings have been placed before the Tribunal, and it is Ext. A. I have carefully gone through the said enquiry proceedings. In my view, the enquiry that was held was just and proper. It was conducted not only in presence of the workmen charge-sheeted, but also in presence of the Assistant Secretary of the Union, who was allowed to be present throughout the enquiry as an observer. The workers charge-sheeted were given full opportunity to meet all evidence and circumstances appearing against them, and to cross-examine the witnesses examined to prove the charges. So, there cannot be any manner of doubt that the principles of natural justice were followed. It is futile for the Union to contend that there was a show of enquiry, and the enquiry proceedings were completely vitiated by irregularities. Learned Advocate for the Union has made a grievance regarding this enquiry. His contention is that the Manager should not have conducted this enquiry, as he himself is alleged to be the victim of the acts of the workmen concerned. His line of argument was that a prosecutor should not have acted as judge. I have given my due consideration to this argument. After all, it was a domestic and departmental enquiry. Sub-clause (d) of rule 13 of the Standing Orders (Ext. M) provides that the Manager not only can dismiss a worker, but also can institute an independent enquiry before dealing with the charges framed against him. Thus, it is evident that the Manager is the only authority who can dismiss a worker. Therefore, the Manager could not delegate the duty to some one else. The Manager himself is alleged to be the victim of the acts of the workmen. So, if the Manager deputed a subordinate to hold the enquiry, it is likely to be attacked as hypocrisy, on the ground that a subordinate cannot be expected to give a finding against the evidence of the Manager. It is inconceivable for the Manager to appoint an outsider for holding a disciplinary enquiry. In this case, the Manager examined witnesses to the occurrence, and tested the evidence with his own personal knowledge. That was the best that could be done under the circumstances. Supposing for a moment that the fact that the Manager, who was himself a witness to the incident held the enquiry, makes the enquiry and findings and punishment unlawful, the consequence should not be to set aside the punishment inflicted by the Manager simply for that reason. As the matter has come up before the Tribunal which is independent, the correct course is for the Tribunal to satisfy itself on the materials placed before it by both sides whether the punishment meted out to these workers should be allowed to stand or not on merits.

Admittedly, a controversy arose between the Management and the workers at the relevant time regarding the closure of the Press during the period of Ramzan. The workers wanted closing of the Press half an hour earlier during this period. The Management was not agreeable to this. It wanted to adjust working hours in such a way, so that there was no reduction in the total working hours. Accordingly, it proposed to change the working hours during the Ramzan period from 9-30 a.m. to 5-48 p.m., to 9 a.m. to 5-18 p.m. But this was not accepted by the workers. So,

correspondence between the Management and the Union went on, and the Assistant Labour Commissioner, Howrah, also took up the matter. The Manager on 17th April 1956 also wrote a letter to the President of the Union regarding the matter, and was expecting a reply from him in this respect. The Assistant Labour Commissioner, who was apprised of the situation, was also trying his level best to make a possible settlement regarding the matter, for which joint conference between the Management and the representatives of the Union was already held and was likely to be held again in the office of the Assistant Labour Commissioner. This was the state of things before the alleged incident, which took place on 18th April 1956, as a result of which these 8 workers were charge-sheeted on 19th April 1956 and ultimately dismissed by the Management after proper enquiry. In my view, the incident that took place on 18th April 1956 should not be mixed or jumbled up with the question of closing the Press half an hour earlier before the scheduled time as demanded by the Union during the period of Ramzan. The incident that took place on 18th April 1956 should be kept separate and distinct, and judged independently of the question of closing the Press half on hour earlier before the scheduled time during the month of Ramzan. In the present reference, this Tribunal is not concerned in any way with that question, as no issue on that point has been submitted to the Tribunal for adjudication. Now the Tribunal is to decide on a consideration of the evidence and materials placed before it, whether there was any such incident as alleged by the Management on 18th April 1956 and, if so, whether those 8 workmen were involved therein. I may say in this connection that the written statement as submitted on behalf of the Union is quite silent regarding the said incident. On a perusal of the written statement of the Union (*vide* paragraphs 17 and 18), it rather appears that there was no such incident on 18th April 1956 as stated by the Company in its written statement. In my view, the Union in its written statement supressed the incident altogether. But that there was an incident on 18th April 1956 in the Manager's room and also in the room of the Labour Officer and the verandah adjoining thereto, has been proved to a great extent from the evidence adduced on behalf of the Union. The Union in this case examined three witnesses. Of them, two are the workers who were charge-sheeted and ultimately dismissed by the Management for the incident that took place on 18th April 1956, and the remaining one is the Assistant Secretary of the Union. P.W. 2, Amar Kumar Auddy and P.W. 3, Abdul Razzaq, are those two workers, and P.W. 1, Shri Khagendra Nath Chakrabarty, is the Assistant Secretary of the Union. P.W. 2, Shri Amar Kumar Auddy, has admitted in his cross-examination that he went to the Labour Office on 18th April 1956, and that when he went there, there were 30/35 workers with him. He has further admitted that about 30 men went to the Manager's Office, and he was present in that crowd. It further appears from his cross-examination that during the time they were in front of the Manager's Office, they absented from work for the whole period, and they left the Manager's Office when the Labour Officer asked them to leave. P.W. 3, Abdul Razzaq, has admitted in his cross-examination that there were 15/20 persons on 18th April 1956 when he went to the Manager, and that others went inside the Manager's room and remained there for 30 minutes or three-fourth quarters of an hour. He even admitted that he himself and 2/3 charge-sheeted persons were in the Manager's room. P.W. 1, Shri Khagendra Nath Chakrabarty, who is Assistant Secretary of the Union, has stated in his examination-in-chief that on the morning of 18th April 1956, he and a few other workers went to the Labour Officer, and that the Manager at that time came to the Labour Officer's room from his own room, and that after this both the Manager and the Labour Officer went to the Manager's room. He has further said that

at that time they were all creating noise outside the Labour Officer's Office. In his cross-examination, he was constrained to admit that on 18th April 1956 at about 11-15 a.m. or 11-20 a.m. there were 20/25 workers in the verandah of the Manager's room, and another 10/15 men standing on the steps below. He finally added that some men entered into the Manager's room with him—some of them came out with him, while some others remained inside. Now let me turn to the enquiry proceedings for a moment in order to see what was stated there by some of these 8 workers. Ticket No. 99 Ahmad Ali, whose Serial No. is (vii) in Issue No. 1 of the schedule to the order of reference, admitted in the enquiry proceedings that he came to the Labour Officer's room along with others, that all the workers excepting himself were shouting, that they did not go back to their work in spite of the Labour Officer's instructions, that he was pushed into the Manager's room by other workers, that the Manager had to move his chair from its normal position, and was found sitting with his back against the filing cabinet, that the Manager requested them to go back to their work saying that he had already written a letter to Shri Shibnath Banerjee, President of the Union, and was waiting for his reply, that they did not go back to their work and they were in the Manager's Office for approximately 1¼ hours on 18th April 1956. Ticket No. 114, i.e., Ram Chandra Sadhukhan, whose Serial No. is (i) in Issue No. 1 of the schedule to the order of reference stated at the time of enquiry that he was pushed in by other workers to the Manager's Office, that he had to put his hand on the desk there, and that he did not leave the Manager's room and go back to his work in spite of the Labour Officer and Manager asking him to do so. He further admitted that he stayed in the Manager's Office with other workers for approximately 1¼ hours, and there was some noise in that room because of the pushing and moving about by the workers. Ticket No. 142, Abdul Aziz, Ticket No. 185, Abdul Razzaq and Ticket No. 232, Abdul Rauf, whose Serial Nos. are (v), (vi) and (viii), respectively, in Issue No. 1 of the schedule to the order of reference, have also stated in the same line in the said enquiry proceedings. It is interesting to note in this connection that from the answers given by the aforesaid workers in reply to the questions put to them in the said enquiry proceedings, it appears that many workers broke into the Manager's Office, and adopted an attitude towards him which was unbecoming, and that the Manager was forced to move his chair and take his seat against the filing cabinet. It cannot be believed for a moment that the workers concerned did not state in the enquiry proceedings what has been recorded there. The enquiry proceeding bears the signatures of all the workmen concerned. It further appears that the enquiry was conducted by the Manager, and the questions put to the workmen and the witnesses with their respective answers, were translated in Bengali by the Labour Officer in their presence. That an incident took place inside the premises on 18th April 1956 at about 11-15 a.m. and that the venue of it was the Office of the Manager and the Labour Officer, admit of little doubt. This has also been established from the evidence as discussed above.

Now let me see whether the incident took place precisely in the manner and under the circumstances as alleged by the Company, and whether these 8 workers were involved therein and committed the acts complained of. The Company has adduced evidence before the Tribunal to prove the same. Four witnesses were examined on behalf of the Company and they are—Mr. G. Raynard (O.P.W. 2), who is the Supervisor in the Machine Department, Shri S. Saha (O.P.W. 3) who was Supervisor of the Offset Department, at the relevant time, Shri A. Ghosh (O.P.W. 4), who was the Labour Officer and Mr. C. Horsfield (O.P.W. 5), the Manager, whose deposition was taken on commission. Besides the oral evidence, there is also the documentary evidence which consists of reports made by Mr. G. Raynard,

Shri S. Saha and Shri A. Ghosh, and they are Exts. D. F and I, respectively. These reports were made by them immediately after the occurrence. The report of Mr. G. Raynard shows that on 18th April 1956 at 11-15 a.m. there was a rowdy demonstration culminating in an invasion of the Manager's Office, and this unruly state of affairs lasted up to 1-15 p.m. It is further stated in his report that these 8 workers led a crowd of workmen and followed the Manager, while he was returning to his Office in the company of the Labour Officer. He noticed these 8 workers taking a very active part in the demonstration and urging others to enter into the Manager's Office. The crowd of workmen led by these 8 workers were shouting and using abusive language, and that these 8 workers with others remained in the Manager's room from approximately 11-30 a.m. to 1-10 p.m. The report of Shri S. Saha (Ext. F) is to the effect that on 18th April 1956 he heard a lot of noise, and on coming out saw the Manager followed by majority of the workers, who were using most obscene language. He saw the workers very much excited, waving fists. Ten minutes after this, he saw the Labour Officer and the Manager going towards the Manager's Office followed by the workers, who were using obscene terms. He saw also the workers surrounded the Labour Officer and the Manager in front of the Manager's Office. The report of the Labour Officer (Ext. I) is very exhaustive. He was discussing with the Manager some labour matters in his room at about 11-10 a.m. on 18th April 1956, and at this time they heard a great deal of noise and shouting. On hearing the same, they came out and found the workers proceeding to the Labour Office shouting. He found these 8 workers exciting others to stop work and also to stage a demonstration for immediate concession to their demand. He and the Manager asked them the reason for leaving their work, and advised them to report to their duties immediately. But all their efforts failed. Thereupon, he and the Manager returned to the Manager's Office, and a little later these 8 workers led others to force entry into the Manager's room in an agitated mood and surrounded them. They entered into the Manager's room in such a manner that the Manager was forced to move his chair to a corner of the room, and inside the room they started shouting and showing fists. They were told to leave, but they refused. The demonstrators were so disorderly in their conduct and persistent in their threatening attitude that it was found necessary to call in the Police. Even on arrival of the Police, they remained in the Manager's room. But later on when they were told that a joint conference would be held in the office of the Assistant Labour Commissioner on that date at 3 p.m., they returned to duty at about 1-10 p.m. Now I shall discuss the oral evidence of the aforesaid 4 witnesses as given before the Tribunal. Mr. G. Raynard (O.P.W. 2) has proved his report (Ext. D). This report Ext. D contains the names of these 8 workers. Mr. Raynard has stated in his evidence that he mentioned the names of these 8 workers, as he knew them by name and sight. He has said that while he was standing on the verandah, he saw them following the Manager. He has definitely stated that these 8 persons were in the Manager's room along with others O.P.W. 3, Shri S. Saha, has proved his report (Ext. F). As he did not notice any workmen to do anything in particular, he did not mention anybody's name in his report. O.P.W. 4, Shri A. Ghosh, Labour Officer, has proved his report (Ext. I). He has also deposed about the incident that took place on 18th April 1956. His evidence is that on that date at 11 a.m. Mr. Horsfield, Manager, and he were discussing some labour matters, when they heard some shouting and terrible noise. At this, they came out and found these 8 workers leading other workers to the Labour Office. The Manager and he asked them to go back to their work, but they were shouting and refused to return to duty. After this, he and the Manager came back to the Manager's Office, and when they came to the Manager's Office, the entire crowd followed them.

As soon as he and the Manager came to the Manager's room these 8 persons along with others rushed into the Manager's room, waving fists and shouting slogans. About 40 people including these 8 men entered into the Manager's room. They were not peaceful. Some of them were leaning towards the table, and some others were pulling and pushing others and waving fists, and were in an agitated mood. They remained there in this way for 1½ hours. When the Manager informed them there would be a tripartite conference at 3 p.m. in the office of the Assistant Labour Commissioner, the workers went away at about 1-50 p.m. O.P.W. 5, Mr. Horsfield, the Manager, has deposed that on 18th April 1956 in the morning while he was sitting in his office discussing labour matters with the Labour Officer, they heard approximately at 11 o'clock terrific shouting outside his office, and that at this they both went out to see what was happening, and saw the workers coming towards the Labour Office. His further evidence is that there was much shouting and plenty of noise by these 8 persons, who were calling others by waving their hands. He has said that he along with the Labour Officer went to the Labour Office, and asked them the reason as to why they left work, what was the noise for and as to why they were shouting slogans. As he failed to negotiate or reason with the workers, he came back to his office along with the Labour Officer. As soon as he arrived in his office, the door of his office burst open, and the men led by these 8 workers came into his office. They were pulling and pushing other men, calling, telling and instructing others to come into his office, and within a minute or two there were at least 40 workers in his office, and they were making such noise that it was impossible for him and the Labour Officer to hear each other speak. These workers were disorderly, and sat about the room, played with the pictures in the wall and picked up anything within their reach, and one man, if not sat, was against his table, and eventually from sheer force, he had to move his chair from the front of his desk and sat against the filing cabinets. He tried his best to reason with the workers, and asked them on many occasions to leave the room and go back to their work, but they flatly refused, and went on with their bragging, shouting and disorderly conduct, and in this way they remained in his room until approximately 1 o'clock. The workmen left his room when they were told that the Assistant Labour Commissioner wanted to meet them at his office at 3 p.m. I have read and re-read the oral evidence as furnished on behalf of the Company. I do not see sufficient reason to disbelieve the same. At least, I see no reason whatsoever to disbelieve the evidence of Mr. Horsfield, who was the Manager and who was the victim. His evidence bears the stamp of truth. I refuse to believe that he made false statements. Mr. Horsfield is a respectable person holding a responsible position. It can hardly be believed that he would stoop so low as to make irresponsible and reckless statements against some workers, who were placed under his care and administration. Personally speaking, I cannot conceive of it. So, on a careful consideration of the evidence, facts and circumstances as discussed above, I am fully satisfied that these 8 workers were guilty of the charges levelled against them. There cannot be any manner of doubt that they behaved in a disorderly manner with the Manager, who was the Pivot of the Administration. They also incited other workers to stage demonstration and force entry into the Manager's office where they all behaved in an insolent and threatening manner towards the Manager, and persisted in remaining in the Manager's room for about 2 hours in spite of his instructions to leave. Their conduct was highly reprehensible, and what they did was subversive of discipline. It was argued on behalf of the Union that neither the Manager nor the Labour Officer was assaulted or molested in any way. This showed that the workers who gathered in the

office of the Labour Officer and also in the office of the Manager, were peaceful, and they assembled there only to have their demands met by the Management. But it is abundantly clear from the evidence that the workers who collected, were hostile and raised slogans and behaved in a disorderly manner. If an angry crowd of workers demonstrates before the Manager in that fashion and keeps him virtually confined in his room showing threats, it cannot but be held that they behaved in a disorderly manner, and that amounts to misconduct punishable with dismissal from service. It appears to me that lawlessness had run to an extreme degree. The workers setting in defiance all discipline which is the bedrock of peaceful and orderly development of industrial enterprises, and using physical violence against the person who is the Pivot of the Administration, deserve ruthless treatment. They are a menace to industrial peace and harmony, and it is impossible to take lenient view of the dastardly conduct of the workers, whose case the Tribunal is engaged in adjudicating upon. Such disorderly conduct and grave misconduct undermine discipline, and the gravity of such and conduct cannot be under-rated. In the result, it is held that the dismissal of these 8 persons was justified. They are not entitled to reinstatement or compensation. It cannot be said that the Management in dismissing them from service, was actuated by any ulterior motive or prompted by any extraneous consideration. Nor can it be said that it is a case of victimisation or unfair labour practice. There was also no want of *bona fides* on the part of the Management, nor was there any basic error of facts. There has not been any perverse finding also on the part of the Management on the materials before it. That being so, the decision of the Management must prevail, and accordingly it is upheld. I may say further that the decision of the Management was not only the possible view on the evidence before it, but was the only reasonable view that it could take under the circumstances. Hence, the Tribunal should refrain from substituting its own judgment for the judgment of the Management, as in such matters the Tribunal does not act like a Court of Appeal, but rather as a Supervisory Body. This issue is answered accordingly.

Issue No. 2

The aforesaid 8 workers were charge-sheeted on 19th April 1956 for their disorderly conduct with the Manager on 18th April 1956. The said charge-sheets were delivered to these workers by the Manager in the afternoon of 19th April 1956. It has been satisfactorily proved by the evidence adduced on the side of the Company that as soon as the charge-sheets were issued to these 8 workers, many workers came and surrounded the Manager's Office and demanded withdrawal of the charge-sheets. Although they were informed that the charge-sheets would not be withdrawn and an enquiry would follow, the workers, however, stayed on inside the premises of the Press and did not allow the Supervisory Staff to move out of the factory premises. Even the van in which the Supervisory Staff were going out was surrounded, and its driver threatened. The Labour Officer had to stay inside the premises of the Press up to 1 a.m. (night), when the Manager had to escort him to his house in his own car—taking a Police Officer with him. The Manager himself was surrounded and kept confined. The workers did not allow him to leave the office and go upstairs to his flat. In this connection, I may quote what has been said by Mr. Horsfield, the Manager, in his evidence: "I made one attempt to leave my room to speak to the Supervisors who stirred about the station-wagon in the compound. I was told quite definitely by the workers that if I moved one step more upon the verandah, they would most certainly kill me. This I could not believe and attempted to take the other step. At this, the crowd shouted that if I did move, they would certainly kill me. I then turned

back and went into my office, and stayed for a considerable period. Two Police Officers who were in my room at the time, suggested that I should stay quietly in my room, and I made no further attempts to move. At approximately between 7-30 p.m. and 8 p.m., the Police Officers rang up the Superintendent of Police, Howrah, who came along, and saw for himself what was happening at Ganges Printing Company. The Superintendent of Police went to the workers, and tried to get them to leave the premises. On his return to my office, he said that the workers would not leave the premises, but they would allow me to go upstairs to my flat, and that they would allow the station-wagon to take the Supervisory Staff home, but would not allow the normal driver to drive the station-wagon. I went upstairs to my flat for one thing only, and that was to pacify my wife and tell her not to worry. I came downstairs again to my office, and there remained until approximately 1 o'clock, when I decided to take my Labour Officer home in my own car, but the Police Officer said that he would come along with us and he did so. The workers remained there the whole of the night. They stayed on the premises all night. They did not work on the following morning. On the 20th April 1956 the workers were inside the compound, but they did not do any work. In the afternoon, a meeting was held with the Assistant Labour Commissioner, Howrah. The demand of the workers was still that the charge-sheets were to be withdrawn. The Company's reply was that the charge-sheets would not be withdrawn, that the men would remain suspended, but an enquiry would be held at the earliest possible moment. During the strike, the workers kept continuously picketing outside the gate. Everybody I saw was looking underneath the gate into the compound and slogans were shouted. They refused to allow my own personal servant to go to the market to do my shopping and threatened my *Baburchi*". In view of the continuance of the stay-in-strike and threatening attitude of the workers on 19th April 1956 and 20th April 1956, the Management was perfectly justified in notifying that the Press would remain closed until such time as the Management was assured of peaceful and normal resumption of work by the workers. A notice to that effect was admittedly given. An abnormal situation arose due to the continuance of the stay-in-strike and the threatening attitude of the workers for those two days. On 5th May 1956 the Deputy Labour Commissioner called a joint conference, and the Union representatives reiterated that the workers would not resume their work until the suspended workers were allowed to resume their duties. On 10th May 1956 the Deputy Labour Commissioner called another joint conference, and in that conference the representatives of the Union agreed that all workmen would resume their duties, and the 8 workers would remain suspended pending enquiry into their case. When the workers agreed to call off the strike, the work was resumed on 11th May 1956. The present issue relates to the question whether the workers are entitled to any relief during the strike-*cum*-lock-out period, that is, 20th April 1956 to 10th May 1956. To decide this question, the first thing that is to be taken into consideration is whether the lock-out or the closure of the Press from 20th April 1956 to 10th May 1956 was justified. That leads me again to consider whether the stay-in-strike staged by the workers on 19th April 1956 and 20th April 1956 was legal and justified, because this "lock-out" or closure was the consequence of the aforesaid strike. Mr. Ludwig Teller in his book has placed the stay-in-strike in the category of unfair labour practice on the part of the workmen. Indeed, it is so. The workmen have a right to remain in the factory during the working hours. After this, the workmen may remain there, but only under the permission of the employer. A factory is owned by the employer, and not by the workmen. The workmen enjoy only user by license to enable them to run the factory.

So, stay-in-strike is usurpation of the employers' right by way of denial of his ownership. By this, the workmen are guilty of illegal trespass, because they oust the owners from his possession. "Strike" is a legal weapon available to the workmen, though as the last resort when other efforts have failed. But the stay-in-strike has never been recognised as a legal weapon. It is a strike only in the sense that all the workmen work in a concerted manner, though illegally. Next I would consider about the propriety or justification about the stay-in-strike. On a careful consideration of the entire evidence and circumstances, my view is that there was no justification or propriety of this stay-in-strike. The 8 persons, according to the Management, indulging in disorderly and riotous conduct towards the Manager, were charge-sheeted, and the charge-sheets were issued to them. The Management also gave assurance that proper enquiry would be made in this respect. So, the workers, in the face of such things, had no right or justification to stage stay-in-strike. In my view, that was not the constitutional method to have their grievances redressed. Other measures for this were available to them, and they should have followed that. They could have moved the Assistant Labour Commissioner in the matter through their Union. It seems to me that the workers by launching stay-in-strike and by demanding withdrawal of the charge-sheets served against those 8 workers, were out for a fight with the Company to measure its strength. Taking a dispassionate view of the matter, my finding is that the stay-in-strike as staged by the workers and the threatening attitude adopted by them on 19th April 1956 and 20th April 1956 were quite unjustified. That was neither the constitutional nor proper way to give expression to their grievances. On a consideration of the matter, my finding is that the "lock-out" or closure of the Press by the Management from 20th April 1956 was perfectly justified in the background of this strike. If the workers took forcible occupation of the factory for no justifiable cause, the Company was certainly within its right to take every precaution against such miscreants to safeguard its property. It is a fact no doubt that Police was called in, but the Management had no other option. It called in Police, because nobody knew what was in the minds of the strikers. But one thing is apparent that though the Police remained there, there was no unhappy incident or any Police excess. The Police merely stood by waiting to be used in case of any untoward incident. As soon as in the joint conference called by the Deputy Labour Commissioner on 10th May 1956 the representatives of the Union agreed that all workmen should resume their duties except the 8 workers who were charge-sheeted, the Management put up a notice in the Notice Board that work would be resumed on 11th May 1956. It seems that there has been no victimisation as a result of this strike. The Company has taken back many of the workers who had participated in the stay-in-strike. The workmen are primarily responsible for this lock-out-*cum*-strike. It was they who contributed towards the same. It cannot be said that the strike was provoked by the Management. The workers had no justification for resorting to stay-in-strike and adopting various unconstitutional measures during the period of strike. I do not see anything *mala fide* on the part of the Company. It is rather apparent that the representatives of the Union accepted the original proposal of the Company when they agreed to call off the strike before the Deputy Labour Commissioner on 10th May 1956. In the circumstances, I do not think that the Company can be made liable to pay wages for the period when the workers remained on strike. In the result, it is decided that the workers are not entitled to any relief during the strike-*cum*-lock-out period, that is from 20th April 1956 to 10th May 1956. There are also several decisions on the point that the workers concerned are not entitled to get any wages for the

strike-*cum*-lock-out periods where lock-out is held to be justified, and the strike unjustified. This issue is also answered in the negative.

This is my award.

Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal orders, however, may be accepted from candidates. They should be crossed and made payable to "The Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers. In no case will the fee paid with the application be refunded.

Spontaneous recommendation from persons interested in the candidates or otherwise known to them will be disregarded.

(6) Applications from candidates who are in permanent or temporary employment under any Government, a local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a local or statutory body should submit an advance copy in the prescribed form. The application fees should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

N. CHAKRAVARTI, Director.

Calcutta, the 11th June 1957.

CORPORATION OF CALCUTTA

Calcutta, the 13th June 1957

The Standing Finance Committee of the Corporation by its resolution, dated the 27th May 1957, adopted finally the following rules framed under section 174 of the Calcutta Municipal Act, 1951:

1. Any of the co-owners of any land or building who intends to apply for apportionment of valuation, or for separation of number and valuation, under section 174 of the Act, shall submit with his application a block plan of the parent holding showing therein in distinct colours, the different portions in respect of which such apportionment or separation is wanted together with documentary evidence, if any, in support of his application:

Provided that in the case of apportionment of valuation among the co-owners according to specified share only without separate allotments, the production of a plan will not be necessary.

2. When the application is received under Rule 1 in respect of any land or building and if separation or apportionment as applied for, is otherwise admissible under the law, the Commissioner shall give notice thereof by registered post to all the co-owners of the same, as also to all the parties interested, intimating the manner in which the valuation is proposed to be apportioned according to the value of the respective shares, or the different portions are proposed to be valued separately with separate numbers, and inviting objection in writing, if any, to such proposal, to be delivered by the co-owners and/or parties interested against an official receipt for the purpose within six weeks from the date on which such notice is served.

The Commissioner shall maintain a register of such application, giving details of the applications so received by him, and the register will be open to the public for inspection on payment of the prescribed inspection fee.

3. (i) On receipt of any objection from any of the co-owners or parties interested notice shall be given by registered post to the objector as well as other co-owners and parties interested of a time and place at which the objection will be investigated.

(ii) At the said time and place the Commissioner or an officer (not below the rank of a Deputy Commissioner) nominated by him shall hear and determine the objection within six weeks either by passing an order confirming the apportionment of valuation or separate valuation, as the case may be, as proposed, or modifying the same as he thinks proper or by cancelling the apportionment or separation altogether and restoring the original valuation.

(iii) Every order passed by the Commissioner or an officer (not below the rank of a Deputy Commissioner) nominated by him under (ii) shall be final.

4. An apportionment of valuation or separation of valuation and number made under section 174 of the Act shall, if not otherwise specifically provided in the proposal or the order passed at the hearing of the objection thereto, take effect from the quarter succeeding that in which the order of apportionment or separation is made, as the case may be, under intimation to the party.

5. An apportionment of valuation or separation of valuation and number in respect of any land or building shall not be made under clauses (i) and (ii) of section 174 of the Act, if there be any arrears of consolidated rate due therefor for any period prior to the date of receipt of the application for such apportionment or separation.

6. As soon as any separation of valuation and number is allowed in respect of any land or building under section 174 of the Act, the Survey Map maintained in the Assessment Department shall be corrected in accordance with the block plan submitted under Rule 1.

7. GOVERNMENT OF WEST BENGAL

DEPARTMENT OF HEALTH

Public Health

NOTIFICATION.

No. P.H./2892/2R-51/57.—25th June 1957.—Whereas the Governor is satisfied that the district of Howrah is threatened with an outbreak of small-pox;

Now, therefore, in exercise of the power conferred by section 2 of the Epidemic Diseases Act, 1897 (III of 1897), the Governor is pleased to prescribe the following temporary regulations for the prevention to control of small-pox, and for the medical inspection, isolation, observation and surveillance of persons suffering from, or suspected of being infected with, small-pox in the said district for a period of six months:—

TEMPORARY REGULATIONS FOR THE PREVENTION AND CONTROL OF SMALL-POX.

1. In these regulations unless there is anything repugnant in the subject or context,—

(*a*) "District Health Officer" means the Health Officer of the district appointed by the district board under sub-section (3) of section 91 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885);

(*b*) "Sanitary Inspector" means a Sanitary Inspector appointed by the district board under sub-section (3) of section 91 of the Bengal Local Self-Government Act of 1885;

(c) "Board" means a district board constituted under the Bengal Local Self-Government Act of 1885;

(d) "Union Board" means a union board constituted under the Bengal Village Self-Government Act, 1919;

(e) "Small-pox" means any disease accompanied by an eruption of vesicles or pustules;

(f) "Patient" means a person suffering from or suspected to be suffering from small-pox;

(g) "Medical practitioner" means any person practising the medical profession.

Notices

2. If in any case the District Health Officer considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of small-pox he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reasons why such work has been carried out.

3. If any measure which the District Health Officer has by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the District Health Officer shall be entitled to carry out the measure.

Costs and compensation

4. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the board except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions which led the District Health Officer to pass such an order, are not attributable to any act or default of the person in possession of the property, the board may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The board may recover all expenses incurred by the District Health Officer in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued.

5. The board shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations if he has failed to carry out an order issued under these regulations. He shall not direct the patient to be removed from the house unless it is, in his opinion, impossible to make proper arrangements for his isolation therein within the time specified in the order and to the satisfaction of the District Health Officer.

Location of disease

6. When a case of small-pox occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, the senior male inmate of the house other than patient of the house shall, within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing or by means of the chaukidar or other village watchman to the nearest Sanitary Inspector.

7. (1) Every medical practitioner called in to attend upon any case of small-pox shall forthwith give notice of the case by a special messenger to the nearest member of the outdoor staff of the board and to the District Health Officer by post and the cost of such messenger in each case shall be defrayed by the Board.

(2) The doctor-in-charge of a hospital or a dispensary within the district shall forthwith give notice of any case of small-pox brought to such hospital or dispensary for treatment to the nearest Sanitary Inspector by a special messenger and to the District Health Officer by post, and the cost in each case shall be defrayed by the board.

8. Presidents of union boards in union board areas and thana officers in non-union board areas shall supply to the District Health Officer such periodical returns of cases of small-pox as he may from time to time call upon them to furnish.

9. The District Health Officer or a Sanitary Inspector may examine any person who is, or suspected to be, suffering from small-pox or who in his opinion, may be infected with or likely to spread small-pox.

Isolation of patients

10. When the District Health Officer or a Sanitary Inspector considers that the isolation of any patient is a precaution necessary for the protection of the neighbouring population, he shall order the patient to observe isolation and may order the nearest relative in attendance on the patient, or the occupier of the house in which the patient is staying, to arrange for the isolation of the patient in such a manner and for such a time as may be approved by the District Health Officer.

11. The District Health Officer or a Sanitary Inspector may order that any person, who has been in contact with a person found to be suffering from small-pox, shall be segregated for a period not exceeding a fortnight in a manner and in a place to be approved by the District Health Officer.

12. The District Health Officer or a Sanitary Inspector may order that any person who has been in contact with a person found to be suffering from small-pox shall be vaccinated or re-vaccinated within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 10, without the permission of the District Health Officer or a Sanitary Inspector.

15. No person, who is or has been suffering from small-pox, shall leave the place where he has been staying until he has received from the District Health Officer or a Sanitary Inspector written permission to do so.

16. No person while suffering from evident symptoms of small-pox or in the convalescent state of the disease with scabs of pocks on his body shall expose himself in any street, road, public place, shop, bazar or any place used in common by persons other than members of the family or household to which such infected person belongs or shall move from place to place unless he is proceeding to a hospital for admission and treatment.

The District Health Officer or a Sanitary Inspector authorised by the District Health Officer in writing in that behalf may, during the prevalence of any outbreak of small-pox, order that any bazar, shop or other public place shall remain closed for such time as may appear to him to be necessary and may forbid the holding of any fair, *mela*, or other gathering to which people from several villages commonly or periodically resort.

24. No person shall carry or permit to be carried in a public conveyance a patient except in the case where a patient is carried to a hospital with the following precautions against spreading the disease, namely:—

(*i*) that he is so well covered that the discharge and scabs from the lesions do not come directly into touch with the body of the conveyance;

(*ii*) that he is taken to the hospital direct and the conveyance does not halt at any other place for transacting any business; and

(*iii*) that excepting one or two attendants for the patient no other person is carried in the conveyance at the same time.

25. No person shall expose in any street, shop, bazar or any public place any clothing, bedding or other article which has been in contact with a patient or shall cause or suffer such articles to be carried in any public conveyance, but nothing in this regulation shall apply to a person who transmits any such article for the purpose of having the same disinfected with the following precautions against spreading the disease:—

NOTIFICATION

No. 1318L.—26th June, 1957.—The Governor having been pleased to order, under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE WEST BENGAL LAND DEVELOPMENT AND PLANNING (AMENDMENT) BILL, 1957.

A

BILL

to amend the West Bengal Land Development and Planning Act, 1948.

WHEREAS it is expedient to amend the West Bengal Land Development and Planning Act, 1948, for the purposes and in the manner hereinafter appearing; West Ben. Act XXI of 1948.

It is hereby enacted in the Eighth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title.

1. This Act may be called the West Bengal Land Development and Planning (Amendment) Act, 1957.

Amendment of section 1 of West Ben. Act XXI of 1948.

2. The *Explanation* to sub-section (*2*) of section 1 of the West Bengal Land Development and Planning Act, 1948 (hereinafter referred to as the said Act), shall be numbered as *Explanation I* and after the *Explanation* as so numbered, the following further *Explanation* shall be added, namely:—

"*Explanation II.*—Notwithstanding any amendment made, after the commencement of this Act, to clause (*b*) of section 2 of the Calcutta Improvement Act, 1911, this Act shall apply and be deemed always to have applied to the area which was comprised within the municipality of Tollygunge immediately before the issue of a notification under section 594 of the Calcutta Municipal Act, 1951. Ben. Act. V of 1911. West Ben. Act. XXXIII of 1951.".

The West Bengal Land Development and Planning (Amendment) Bill, 1957.

(*Clauses 3,4.*)

Amendment of section 5.

3. In section 5 of the said Act, after sub-section (2), the following sub-section shall be added, namely:—

"(3) Notwithstanding anything contained in the foregoing sub-sections or any rules made under this Act or in any judgment, decree or order of any court, any development scheme prepared, approved or sanctioned by the State Government before the commencement of the West Bengal Land Development and Planning (Amendment) Act, 1957 shall be deemed to be and to have always been a scheme duly sanctioned under sub-section (2).".

Amendment of section 6.

4. In sub-section (*1a*) of section 6 of the said Act, the words ", unless already made in pursuance of section 7," shall be omitted.

STATEMENT OF OBJECTS AND REASONS

The West Bengal Land Development and Planning Act, 1948, does not apply to the Calcutta Municipality. The area comprised within the Municipality of Tollygunge was outside the Calcutta Municipality and the Act applied there. In 1953, this area was included in the Calcutta Municipality. Doubt having arisen as to the applicability of the Act in this area after its inclusion in the Calcutta Municipality in 1953, it is necessary to make a clear provision applying the Act to this area.

Before the passing of the West Bengal Land Development and Planning (Amendment) Act, 1955, a scheme was required to be prepared and sanctioned by Government in cases of acquisition of land for settlement of immigrants. But the procedure followed in preparing and sanctioning these schemes was held to be irregular by the Court and in consequence the proceedings for acquisition in these cases have also been held to be invalid. As there has been a large number of such cases and as refugees have already settled in these schemes, it is necessary to validate the proceedings.

The Bill has been framed with these objects in view.

Member-in-charge.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Union: Shri Nikhil Roy, Advocate.

For the Company: Shri T. P. Chowdhury.

AWARD

This industrial dispute between Messrs. Alex A. Apcar Jr. & Co., B-1 Clive Buildings, Netaji Subhas Road, Calcutta, and Shri Ram Sundar Misra, their workman, represented by the Hindusthan Drivers' Union, 5/1-A Russel Street, Calcutta-16, over the discharge of Shri Misra, was referred to this Tribunal for adjudication by the Government of West Bengal, Labour Department, order No. 673-I.R./IR/11L-24/57, dated the 4th March 1957.

ISSUE

Is the discharge of Shri Ram Sundar Misra justified? To what relief is he entitled?

Shri Ram Sundar Misra was in service of this Company as a car driver. The present proprietor of the Company is Shri Dinesh Vrajlal, who admittedly granted him a certificate on the 25th May 1956. It shows that Shri Misra was an honest and hardworking driver. He knew his job well and was reliable. He was in service since June 1947. Shri Misra did not do

work after the 24th May 1956. His case is that he was discharged without notice when he demanded overtime allowances for overtime work. The employer's case is that Shri Misra resigned from his service as he secured a better job and wanted to be released from his duty immediately and also asked for a certificate of good conduct.

Both deposed before this Tribunal. The employer's story is against probabilities. After all, there was no ill-feeling between the parties before this incident. Accordingly, it is most unlikely for a poor driver to fabricate a false case against an employer who rendered him good service by not only releasing him immediately to join a better job but granted him a certificate of good conduct for it. He was also paid a part of his dues. Shri Misra occasionally got overtime although he had to work overtime almost on all days. On the day in question, admittedly, he worked beyond 7 at night and was required to stay longer for some urgent work. He asked for payment and declined to stay longer hours without food and payment. The employer thereupon summarily dismissed him by asking him to come for payment on the next date. This part of the evidence has been denied by the employer who says that the driver was unwilling to stay longer and resigned from his job by handing over the key of the car and went away. In fact, Shri Misra was out of employment for a long time and could only secure one from 1st October 1956. I have considered the evidence and circumstances of this case and I am inclined to hold, accepting the evidence of the dismissed employee, that he was discharged without notice with effect from the 24th May 1956. This amounts to retrenchment for which the discharged employee is entitled to compensation at the statutory rate.

The employer contests the length of service by saying that Shri Misra joined his service only in March 1956 "on the terms and conditions under which he was working with his previous employer". Exhibit 1 shows that Shri Misra was with this Company since 1947. The employer now says that he wrote this at the driver's request. This is hardly to be believed. In the next place, it is contended that this was a partnership firm and Shri Dinesh Vrajlal became the sole proprietor of the firm on dissolution of the partnership business in 31st March 1956. The deed of dissolution of partnership is Exhibit B. This was registered on 1st October 1956. This relates to a partnership business between Shri Abraham Frederick Cohen and Shri Dinesh Vrajlal for the year ending 31st March 1956 and without any reference to this Company. Even then, Shri Vrajlal had undertaken to pay all the debts and liabilities of Shri Cohen in the business. This has nothing to do with the present dispute and an attempt was made also to show that formerly Shri Misra was a driver of one J. V. Ruparel. In view of the evidence furnished by the certificate (Ext. A) and of the employee, I accept the length of service alleged by the employee in this case. The employee does not ask for reinstatement and there is no question of justification of this discharge. I, therefore, do not go into it. As the termination of the service amounts to retrenchment, the employee is entitled to the following compensation under section 25(f) of the Industrial Disputes Act:

(1) One month's notice pay at the rate last drawn.

(2) Four months' pay, i.e., 15 days' average pay for each completed year of service.

(3) Admitted dues on account of unpaid salary according to Company's written statement, i.e., Rs. 47-10-6.

The Company shall pay the said amount to Shri Ram Sundar Misra, the discharged workman, within one month from the date of the publication of the award.

This is my award.

Judge, Fourth Industrial Tribunal.

ANNEXURE

In the matter of an industrial dispute between Messrs. Annapurna Talkies, Bandel, Hooghly, and one of their employees, namely, Shri Apurba Kumar Mitra, represented by Bengal Motion Pictures Employees' Union, 53 Creek Row, Calcutta-14. (Case No. VIII-246/56.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

Appearances:

For the Company: Shri N. M. Das Gupta, Advocate.

For the employee: Shri P. K. Nandy, Counsel.

This reference made by the Government of West Bengal under order No. 4064Dis./D/11L-296/56, dated 10th September 1956, relates to the discharge of Shri Apurba Kumar Mitra by Messrs. Annapurna Talkies, Bandel, Hooghly.

The issue as mentioned in the schedule to the order of reference is as follows:—

Is the discharge of Shri Apurba Kumar Mitra justified? To what relief is he entitled?

AWARD

It is the case of the Union that Shri Apurba Kumar Mitra was appointed as a booking clerk in this Cinema some time in March or April 1955. But all on a sudden he was discharged on 18th March 1956. He was neither charge-sheeted, nor was he given any notice. The Company flouted all the principles of social justice in discharging him. Shri Mitra was victimised for no fault of his. Accordingly, his reinstatement with back wages for the period of forced unemployment was claimed.

The Company's version is that Shri Apurba Kumar Mitra was taken in a temporary vacancy, and that his temporary employment was to continue till Shri Sudhir Kumar Chatterjee, who was working as a booking clerk in the Cinema, remained engaged for completion of the Zemindary accounts of the Annapurna Debuttar Estate. As soon as the Zemindary accounts were completed, it became possible for Shri Sudhir Kumar Chatterjee to come back and work as before in his post as booking clerk in this Cinema from 18th March 1956. Accordingly, the services of Shri Apurba Kumar Mitra became redundant, and as a result he was discharged from that date. The Company in the circumstances was quite justified in not employing him on and from 18th March 1956. The Company, as a gesture of good will, offered him one month's notice pay, though he was not entitled to get this benefit, but he refused to accept the same.

Before entering into the merits of the case, I would like to dispose of the two legal objections that have been raised on behalf of the Company. Firstly, it is contended on behalf of the Company that it is an individual dispute and not an industrial dispute. The second objection is that Shri Apurba Kumar Mitra is not a "workman" as contemplated under the Industrial Disputes Act, 1947. I have given my due considerations to these objections. In my view, none of the objections is tenable. The preponderance of judicial opinion is clear in favour of the view that a dispute between an employer and a single employee cannot *per se* be an industrial dispute within the meaning of section 2(k) of the Industrial Disputes Act, but it might become one if it is taken up by the Union or a number of workmen. In the instant case, it is clear that the cause of Shri Apurba Kumar Mitra, the employee concerned, has been taken up by a Trade Union known as "Bengal Motion Pictures Employees' Union". It has also transpired from evidence that Shri Mitra is a member of that Union. Furthermore, O.P.W. 1 Shri Nalini Behari Mullick, who is Manager of the Cinema, has admitted in his cross-examination that this Cinema is a member of the Bengal Motion Pictures' Association. Thus it is abundantly clear that the case of Shri Apurba Kumar Mitra was taken up by a Union of workmen employed in similar trade. It has already been stated that Shri Mitra is a member of the Bengal Motion Pictures Employees' Union. So, it cannot be said that Shri Mitra had no connection whatsoever with that Union. After this, it cannot be held that what was referred to was an "individual dispute" and not an "industrial dispute". Regarding the second objection that Shri Mitra cannot be regarded as a "workman", inasmuch as his non-employment took place at a time when there was no dispute pending between the Company and its employees, I may refer to two decisions reported in 1956(i) L.L.J. 492 and 1957(i) L.L.J. 27. Those two decisions give a complete reply to the contention as raised on behalf of the Company. In the case reported in 1956(i) L.L.J. 492, the Bombay High Court has held that the case of a dismissed employee, who wishes to raise an industrial dispute regarding his dismissal, would fall directly within the definition of "workman'. Their Lordships have further observed that it is not correct to state that a workman means a person, who was employed

on the date of reference of the dispute by the Government under section 10 of the Act. The definition of "workman" does not indicate that the workman must be employed at a particular moment of time. What is emphasised is that he must be employed in any industry to do any skilled or unskilled, manual or clerical work for hire or reward. "Workman" is defined to mean any person who is employed at any time in an industry. If he satisfies the definition of "workman" in section 2(s) of the Act, then whether one could raise an industrial dispute or not must be judged by the definition of "industrial dispute" given in section 2(k) of the Act. So long as the workman was employed by an employer against whom he wishes to raise an industrial dispute, and the dispute is of the nature required by the definition of section 2(k), he must be held to be a "workman" falling within the definition of section 2(s) of the Act. In the case reported in 1957(i) L.L.J. 27, it has been held by the Hon'ble Supreme Court of India that the definition of "industrial dispute" in section 2(k) of the Act is wide enough to include a claim for reinstatement of a dismissed employee. Their Lordships finally held, agreeing with the decision in Western India Automobile Association *v.* Industrial Tribunal, Bombay (1949 L.L.J. 249), that the definition of "employee" in the Act would include one who has been dismissed, and the dismissed employee cannot be denied relief only by reason of the fact that he was not in employment on the date of the application. Accordingly, both the legal objections as raised on behalf of the Company are repelled.

Now I would enter into the merits of the case. The parties have adduced evidence—both oral and documentary. On the side of the Union, Shri Apurba Kumar Mitra and another booking clerk, Panchu Gopal Chakrabarty who is still serving in this Company have deposed, while the Company examined its Acting Manager—Shri Nalini Behari Mullick. I have carefully considered the evidence—both oral and documentary. It is proved from the evidence that Shri Apurba Kumar Mitra was appointed as a booking clerk in this Cinema on a pay of Rs. 30 per month on and from 2nd April 1955. Shri Apurba Kumar Mitra has deposed that he got no appointment letter, but he was told by the Management that he was to continue in service so long as the Cinema did its business. But the Company wanted to say that Shri Mitra was taken in as a temporary hand, and that his appointment was also a temporary one and was to continue till Shri Sudhir Kumar Chatterjee who was working as a booking clerk, returned after completion of the Zemindary accounts. I may say that there is no reliable and convincing evidence to show that Shri Apurba Kumar Mitra was appointed temporarily as a booking clerk in place of Shri Sudhir Kumar Chatterjee, and that he was to continue till Shri Chatterjee resumed his duties after completing the accounts work in the Annapurna Zemindary Estate. O.P.W. 1, Shri Nalini Behari Mullick who is the Acting Manager of this Cinema, has no doubt deposed to this effect. But I am not prepared to place any reliance on his *ipse dixit* in the absence of any documentary evidence. It is also interesting to note that Shri Sudhir Kumar Chatterjee has not been examined by the Company, though he is working in this Cinema at present. Two books have been produced on behalf of the Company. They are Exts. A and A(1). The Company relied much on these two books to show that Shri Sudhir Kumar Chatterjee worked as a booking clerk in this Cinema before Shri Apurba Kumar Mitra was appointed. P.W. 2, Shri Panchu Gopal Chakrabarty who is a booking clerk of this Cinema and who has been working as such since the Cinema was started, has deposed on oath that Shri Sudhir Kumar Chatterjee never worked as a booking clerk before Shri Apurba Kumar Mitra in this Cinema. He has clearly stated that Shri Sudhir Kumar Chatterjee has been working

as booking clerk after the discharge of Shri Apurba Kumar Mitra. No suggestion was or could be given to this witness on behalf of the Company, while he was cross-examined. In the circumstances, I see no sufficient reason to disbelieve or brush aside the positive testimony of Shri Panchu Gopal Chakrabarty, who was a competent witness to depose to the fact as stated by him. Besides, there is a document (Ext. 5). It is a copy of the letter, dated 22nd May 1956, written by this Company to the Labour Commissioner. O.P.W. 1, Shri Nalini Behari Mullick who is Acting Manager of this Cinema, was constrained to admit this letter, when he was confronted with it in his cross-examination. Here in this letter, it is clearly stated by the Annapurna Talkies that Shri Apurba Kumar Mitra was taken as an employee of the above Talkies without any appointment letter, and that as they were to provide one of their extra surplus permanent hands of their Zemindary Estate, the services of Shri Apurba Kumar Mitra were dispensed with. It may be noted here that nowhere within the four corners of this letter (Ext. 5) it was stated that Shri Apurba Kumar Mitra was taken in place of Shri Sudhir Kumar Chatterjee, who was working as a booking clerk in this Cinema, and that Shri Mitra would work till the return of Shri Chatterjee. On the contrary, what is stated in this letter is that Shri Chatterjee was found to be an extra surplus hand in the Zemindary Estate after the acquisition of the same by the Government, and as such he required to be provided in the Annapurna Talkies. In view of what has been stated above, it will be extremely risky to place any reliance on the books [Exts. A and A(1)] produced by the Company. Furthermore, these books were not produced before any Governmental Authority. On a careful consideration of the entire evidence placed before the Tribunal, I hold that Shri Apurba Kumar Mitra's discharge was wrongful and unjustified. As stated already, there is nothing to show that Shri Mitra was taken as a temporary hand. The Cinema might have a temporary licence, but the fact remains that it has been doing its business since it was started. Even if it be assumed that Shri Mitra was taken as a temporary workman, such temporary workman comes within the definition of "workman" in section 2(s) of the Industrial Disputes Act, 1947. It is now well settled that even a temporary workman is entitled to the protection afforded by the Industrial Disputes Act. Merely because the employee was only a temporary workman, the employers could not discharge him arbitrarily and capriciously. In the instant case, the stubborn fact remains that a person has been taken in to do the same work, which Shri Apurba Kumar Mitra, the discharged employee, was doing. Therefore, it is crystal clear that the work for which Shri Mitra was taken though temporarily still continues. The facts and circumstances as disclosed clearly point to the direction that the services of Shri Mitra were terminated due to *mala fide* intentions and with ulterior motive. It has been proved from the evidence that Shri Mitra sent a charter of demands on behalf of the employees by registered post to the Management on 12th March 1956. It is curious that within a few days after this, he was discharged. It seems to me that this sending of charter of demands was the immediate cause of his discharge. His only fault was that he had tried to redress the grievances of the employees of this Cinema in a constitutional manner. This was too much for the Management to bear, and so they abruptly discharged him without any notice or assigning any reason. It appears to be a clear case of victimisation, which cannot be allowed to prevail. In the result, it is decided that the discharge of Shri Apurba Kumar Mitra was unjustified and wrongful. So, the order of discharge cannot be upheld. In my view, the normal relief in this case would be to direct reinstatement of Shri Apurba Kumar Mitra. Accordingly, it is ordered that Shri Apurba Kumar Mitra be reinstated in his former post with back pay for the entire period from the date of discharge till reinstatement.

He shall report for duty to this Cinema within 15 days from the date of publication of this award in the *Calcutta Gazette*. Be it further noted that the period of forced unemployment should not be regarded as a break in his service. The payment of back pay as ordered above be made to Shri Apurba Kumar Mitra within 15 days of the award becoming operative.

This is my award in the present case.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, filed by Ahmedar Rahman, T. No. 1651, a serang of the flat "Poibai" C/o. Calcutta Mariners' Fleet Committee, 35B Wellington Street, Calcutta, against Indian General Navigation and Railway Company Ltd., and India Steam Navigation Co., Ltd., at 2 Fairlie Place, Calcutta-1.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, *Judge, Fifth Industrial Tribunal.*

Present for the Companies: Shri P. P. Ginwala, Counsel.

Present for the employee: Shri Narayan Das Gupta, Organising Secretary, Calcutta Mariners' Fleet Committee.

AWARD

1. The original reference out of which this case has arisen was made under Government order Nos. 2748Dis./D/4L-8(A)/52 and 2749Dis./D/4L-8(A)/52, dated 10th October 1952.

2. It is the contention of the petitioner that he had been in the service of the opposite parties for more than 20 years working in different categories, and finally he was appointed as the serang of the flat "Poiboi" stationed at Dhubri in Assam, on 3rd September 1953. Now he has been dismissed by the opposite parties. As this matter of dismissal has taken place during the pendency of the main case before this Tribunal, and without having obtained its permission, section 33 of the Industrial Disputes Act is said to have been infringed. As such, this application under section 33A for relief in the shape of reinstatement and compensation has been filed by him. It is further contended that he received two charge-sheets, viz., one, dated 25th August 1955 and the other, dated 7th September 1955, which were issued after his removal from service. These charge-sheets are said to be afterthoughts on the part of the Company just to regularise the high-handed action against the petitioner.

The Companies in their written statement have taken three objections, viz., (1) that the State Government is not the proper authority to make this reference and, as such, this Tribunal is not competent to adjudicate upon this matter, (2) that the applicant is not a "workman" within the meaning the Industrial Disputes Act, 1947, and (3) that he was rightly dismissed for negligence of work and for pilferage in his flat.

I take up the objections one by one.

Regarding the first objection, I have already decided this matter by my order, dated 17th September 1956, serial No. 12 in the case record, on a preliminary objection taken by the Companies. As the same matter has again been raised and agitated, all that I can point out is that I find no reason to vary or rescind the order passed. These Companies had their Head Office at 2 Fairlie Place, Calcutta, in West Bengal. They passed the order of dismissal on the applicant, and it is that action of the Company which has given rise to the present industrial dispute. Now, if the said order of dismissal is to be interfered with, certainly it is not to be done by the Assam Government in whose territory the flat concerned did lie, but it is the West Bengal Government who is competent to do it. The Assam Government has no jurisdiction over these navigation companies situated in Calcutta, and any order passed by it can very well be ignored or disobeyed

with impunity as one passed without jurisdiction. So the applicant could not have any relief if the case was brought in Assam. The applicant can never be referred to a forum for adjudication of the dispute where he cannot legitimately and legally have any relief. The learned Counsel stressed the fact that the cause of action territorially arose within the ambit of Assam. That is true to a certain extent. No doubt, it had its origin in Assam. But as it will appear, the Head Office in Calcutta recalled the applicant to Calcutta and passed the order of dismissal. He came there and stayed there awaiting Companies' order. Finally the order of dismissal was passed in Calcutta by the Head Office. It is that order which is sought to be impunged in the present dispute. So the State Government in West Bengal and, as a matter of that, the present Tribunal, have ample jurisdiction to take cognisance of the matter. So this objection is again overruled as it was overruled by the order referred to above.

Regarding the second objection, I turn to the definition of "workman" as given in section 2(s) of the Industrial Disputes Act, 1947. There, an employee to be a "workman" in any industry should do any skilled or unskilled or manual or clerical work for hire or reward. Exhibit 1 shows that his successor was drawing Rs. 50 per month as his pay. The present applicant was also not having salary in excess of that. The evidence has revealed that the applicant was in charge of a flat where goods belonging to various customers used to be loaded and unloaded by different inland vessels belonging to the opposite party companies and, as a result, goods were stored on the flat. The serang of the flat had under him some *sukanis* and *laskaras* drawing roughly Rs. 40 and Rs. 30 per month, respectively. Ahmedar Rahman, the present serang, used to see to the weighment of goods, and also he was responsible for the custody thereof. He had to do some writing work, viz., making entries in registers. Now, from this enumeration of duties, the question is whether he can be classed as a workman or not. I cannot call him a workman simply because he was doing certain writing work, nor can I call him a supervisor or an officer simply because he had under his charge certain number of crew to do manual work. We should not be blind to the man's status which will appear from his paltry salary of Rs. 50 per month. I do not mean to suggest that a small salary by itself can put a man in or outside the category of a "workman". But this is certainly a factor worth considering along with other factors which surrounded it. Clerical duty is not confined to mere routine duty of copying out. It also implies some sort or stereotyped routine work without originality or creativeness. The Labour Appellate Tribunal took this view, I mean, this extended view, in Ford Motor Company's case as reported in the L.A.C., 1953, at page 479, and also in the case of Bihar Journals Ltd. "Search Light" reported in 1953, L.L.J., page 633, Vol. II. Here I find that the applicant was doing stereotyped routine work, and he had no scope either for originality or creativeness. The learned Counsel waxed eloquent over the fact that the serang was appointing and dismissing the crew. So he had control over them. That he had control over those men cannot be disputed. But to dismiss those men he required approbation of, or confirmation by, the Companies. So the applicant's position *vis-a-vis* the Companies was no better or no less than that of a workman, pure and simple. So this Tribunal has got jurisdiction to adjudicate this matter as the dispute is between an employer and a workman.

Next, I consider the matter on its merits. The Companies admit that the applicant was a serang since January 1951. They state that some time in August 1954 certain articles were stolen from the flat in the applicant's charge. Investigations were made into the matter, and it was found that the theft would not have occurred had the applicant been more careful and watchful. So he was given a warning on the 13th October 1954 to the effect

that he could not be totally exonerated, and that repetition of such pilferage would make him liable to dismissal. He was asked to engage honest men as crew. The applicant thereupon dismissed the crew then working under him, and appointed new men. Again, in June 1955, it was reported that 13 cakes of Lux soap, one motor tyre and one tin of biscuits were found stolen. An enquiry was embarked upon by the officers deputed by the Companies for the purpose. It was their finding that the theft in question would not have occurred except at the applicant's connivance. So the Companies by an order relieved him of his charge and asked him to report to the Calcutta Head Office (*vide* Ext. 1). When the applicant demanded reasons for the termination of his services, he was given a charge-sheet on 7th September 1955. The applicant gave his reply which was found not satisfactory by the Companies. So he was finally dismissed on 18th October 1955.

Now, if I follow the above sequence of events, I find that the Company was not very much on the wrong except that it relieved the man of his charge without giving him a charge-sheet and without having his explanation thereto. But when we remember that the prestige of a Company is very much involved or tarnished on such cases of pilferage having occurred from time to time in the flat where goods in transit are stored for the time being, indignation on the part of the Company is quite understandable. Besides, the applicant was previously warned for similar cases of theft occurred in his flat. In the present case the explanation that he gave was merely an attempt to foist the blame on the crew under him. On enquiry, after these crew had been examined, it was found that circumstances were such in which they could not be held guilty. There was also grudge and ill feeling between the applicant and those particular crew. At all events, even if it be assumed, or taken for granted, that these crew were liable, still the applicant cannot be exonerated from the blame for he was responsible for the flat in his charge expressly under the condition of his service. It may be noted here that during the enquiry against those crew, this applicant pointed out the place from where some of the stolen articles were recovered. Th applicant, when he was the serang, effected a cut in the salary of those crew over which there was some *golmal*. In this state of things, it is not improbable that the applicant might have, with the intention of getting rid of those crew, made out this case of theft. Be that as it may, I also find that the explanation which the applicant gave in answer to the charge-sheet was evasive and vague. So, though the absence of charge-sheet and not having reply thereto would be technically irregular, as offending the accepted procedure of social justice, it is not material in the present case in the context of events referred to above. That being the position, I do not think that the Companies were in the wrong, or did injustice when they terminated the services of the applicant for repetition of cases of pilferage in the flat "Poiboi" under the applicant's charge. The allegation set up by the applicant that the enquiry was partial or prejudiced does not go far. The applicant's contention that his witnesses were stifled does not carry much weight in the present set of circumstances. So I find that the Company's action was justified. The application under section 33A is liable to be rejected. I reject it accordingly.

Schedule

Whether the dismissal of the workman, Shri Balihari Beldar, is justified? What relief by way of reinstatement and/or compensation is he entitled to?

AWARD

Decision

The case of the Union on behalf of the workman Shri Balihari is that he was employed as a furnace-man in the Company for about 8 years. He was dismissed without any charge-sheet on some false allegations and without holding any enquiry. He was not given any opportunity to explain the charges levelled against him in the letter of dismissal. He was summarily dismissed because of his activities in connection with the demands for bonus in 1954. This dismissal is therefore illegal, unjustified and tainted with *mala fides* on the part of the Company. The Union therefore seeks reinstatement of the workman together with all monetary compensations admissible.

The Management in their written statement controverts the allegations in the written statement of the Union and affirms that the workers of the Company all on a sudden staged a stay-in-strike on 25th September 1954 in a most *mala fide* manner on flimsy and unreasonable grounds, involving the Company in huge loss. This particular workman was working as a casual

worker since 31st August 1953. The Company framed charges against this workman along with others and after a thorough investigation found that Balihari was guilty of gross misconduct and dismissed him. The dismissal of the workman is justified and he is a very undesirable person to be retained in the employment of the Company and that the workman is not entitled to any relief either by way of reinstatement or by compensation.

The Company is an engineering factory and deals with moulding, casting, etc. This dismissed workman was employed as a furnace-man in this factory. He was dismissed early in October 1954. The ground on which dismissal is based will appear from Ext. A, a notice served on all the workmen of the factory. The ground stated is that all workmen including this workman after the furnace was fired all on a sudden went on a stay-in-strike on 25th September 1954 without notice over the demand of Puja bonus for the year 1954. Some workmen who signed the show-cause letter Ext. D admitted in it that it was a fact that they went on strike over the Puja bonus finding no alternative as their previous demands on this scope were turned down. They further denied the allegation of loss made in the charge-sheet Ext. A which the Company alleged to have suffered. This show-cause was followed by a letter of dismissal stating that his explanation was not found satisfactory and so he was dismissed with effect from 2nd October 1954. This is the entire documentary evidence on which the dismissal is sought to be propped up. If we turn to the oral testimony we find that the Company examined the Darwan O.P.W. (1) (Shri Gangaram Jaysi) from whose evidence it will appear that the Company dismissed this workman mainly on the ground that he was the leader of the agitation and he incited other workmen to join the stay-in-strike. Thus it will appear that the ground of dismissal has been shifted during trial. What strikes me strange in this case is that all workmen staged a stay-in-strike without prior notice and the same charge was levelled against all these workmen and the selfsame cause was shown against this charge by all alike, but curiously enough, the axe fell on Balihari alone. This action of the Company in singling out this workman for dismissal does not seem to be very clean. If the Management were not satisfied with the explanation in all fairness, the Management might dismiss all the workmen at a time instead of singling out Balihari. This discriminatory treatment meted out to Balihari has no reason behind it. From the trend of the conduct of this case on behalf of the Company, I am convinced that Balihari was singled out as he probably acted as the leader for the agitation over the Puja bonus for which there was admittedly a stay-in-strike. This abrupt stay-in-strike was no doubt unjustified and the Company might have axed the entire set of workmen who indulged in such strike. This action of the Company in singling him out seems to be nothing short of an unfair labour practice as the result of a perverse finding on the materials before me and exposes the action of the Company as lacking in *bona fides* culminating in the victimisation of this workman. It has also no doubt been a violation of the principles of natural justice to dismiss this workman alone when all other workmen guilty of the same offence showing the same cause have been re-employed. No valid reason has been given to justify the dismissal of Balihari. It is simply stated that other workmen were re-employed because they offered apology to the Managing Partner which Balihari refused to tender but the Managing Partner Mr. Mullick does not come forward to pledge his oath on this score. I therefore regret I cannot hold that the dismissal of this workman is justified. The normal relief in such case is reinstatement to which this workman is found entitled. The workman must therefore be reinstated.

As regards his wages for the period of his non-employment, I have carefully considered this matter and in all fairness as the workmen including

this dismissed workman went on a stay-in-strike undoubtedly much to the prejudice of the Company, I do not think this workman is legally entitled to wages for the period of his unemployment. These workmen were the originators of the trouble which led to the closure of the business for some time and consequent loss; so they cannot be granted the wages for this period of unemployment which is therefore refused. In view of my present finding it is not necessary to arrive at any finding as to the period of his employment under the Company.

In the result, it is held that the dismissal of the workman was unjustified and he is entitled to be reinstated.

The workman is found not entitled to any wages for the period of his unemployment. The Company must reinstate the workman within a month of the publication of this award.

This is my award.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. All India Spring Manufacturing Co., 135 Netaji Subhas Road, Calcutta, and their workmen represented by the Bengal Spring Workers' Panchayat, 4 Creek Lane, Calcutta-14.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

Shri G. PALIT, *Judge, Fifth Industrial Tribunal.*

Present for the Company: Shri K. B. Basu, Counsel, with Shri J. C. Bose, Pleader.

Present for the Panchayat: Shri A. K. Roy Mukherji, Counsel.

1. By Government order No. 2556Dis./D/11L-207/56, dated the 11th June 1956, and the subsequent corrigendum No. 3275Dis./D/11L-207/56, dated the 27th July 1956, the aforesaid dispute has been referred to the Fifth Industrial Tribunal, presided over by me, under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication. The said Fifth Industrial Tribunal was constituted under section 7 of the Act by the Government notification No. 3581Lab., dated the 9th June 1951.

2. The reference was received here on 19th June 1956. After fresh notices on receipt of the aforesaid corrigendum the Union filed written statement on 3rd September 1956. The Company filed written statement on 27th October 1956. After several adjournments the case was taken up for hearing on 20th March 1957. The hearing was resumed on 2nd April 1957, when the evidence was concluded. The argument was heard on 23rd April 1957. The award was reserved.

3. The issues contained in the schedule to the order of reference stand as follows:—

(1) Minimum wage and scale of pay for different categories of workers.

(2) Dearness allowance.

(3) Deduction from dearness allowance of the workers for casual absence.

(4) Bonus.

(5) Whether the Management was justified in discharging the following workers? To what relief are they entitled? (i) Gobardhan Mistri, (ii) Dulal Shankey, (iii) Dudhkumar, and (iv) Durga Mazdoor.

AWARD

4. The Union contends, *inter alia*, that the minimum wages current in this Company are abnormally low, viz., Rs. 15 per month as basic wages and Rs. 15 dearness allowance. Dearness allowance is uniform on a flat rate of Rs. 15 per month. Up to 1955, apart from festival holidays which amounted to 16 days in a year, the workmen did not enjoy even the statutory leave under the Factories Act. So the Union was formed in or about June 1955. In November 1955 the said Union submitted a charter of demands. The Company, however, refused to negotiate with the Union and, as a result, a conciliation proceeding was started. As it did not yield any tangible results, the dispute was referred to the Tribunal. The Union demands that the Head Mistry should get a scale of Rs. 100—5—180.

A mistry should get Rs. 80—4—100—5—155. A semi-skilled mistry should get Rs. 65—3—80—4—120, and for the unskilled labour the Union claims a grade of Rs. 45—2—75. The Company has been granting one month's basic wage as bonus annually before the Durga Puja for the last 13 years. This bonus is a condition of service. Over and above this, the Union claims two months' wages as bonus including dearness allowance for the years 1954, 1955 and 1956. The Union further contends that these four men have been dismissed without any charge-sheet, and without any enquiry and in a high-handed manner. They have been victimised for their Union activities. The Union claims that they should all be reinstated with compensation.

The Company contends that the scales of pay given by it are not only reasonable, but compare favourably with those of similar concerns in the neighbourhood. The employees have been given the benefit of State Insurance which no other spring manufacturing company in Calcutta has yet introduced. It has also introduced a provident fund system. The Company emphatically denies that there was any victimisation of the workers for their Union activities. Bonus that was paid is said to be an *ex gratia* payment, and never a condition of service. The Company asserts that these four men had their services rightly terminated.

Issue No. 1

Exhibits C to C4 represent the charts of wages current in this concern during the years 1952 to 1956. What I gather from these 3 charts is that the pay range of skilled workers varies from Rs. 45 to Rs. 97 in the year 1956, and that of semi-skilled workers varies from Rs. 27 to Rs. 59 and odd. In cases of unskilled workers it varies from Rs. 15 to Rs. 29 per month. I further get that in the case of skilled workers, the annual increment was, up to 1954, Rs. 3 per year. But since then there has been no increment. In the case of semi-skilled workers, the rate of annual increment was Rs. 3 generally, but not invariably, there being many cases where Rs. 2 was granted as annual increment up to 1954, but since then there is no increment. So two facts emerge out of these cases. Firstly, that the annual increment is not given regularly and, secondly, that the minimum basic pay is Rs. 15 in the case of unskilled workers. This annual increment by fits and starts can never conduce to industrial peace. Rs. 15 as the basic minimum wage even for an unskilled worker is unconceivable. Rs. 30 is the minimum cost of living even for an unskilled worker with 3 consumption units to make two ends meet. So, below that nobody can be permitted to pay as basic wage to his employees. It may be more, but it can never be less. Those concerns which do not or cannot afford to pay this minimum wage have no right to carry on. It cannot keep a show of an industrial establishment and starve people who are employed therein. The sooner such establishments come to an end, the better for all parties concerned. Unemployment may be bad, but this improper employment is still worse. So when we set up an industrial establishment, we must be prepared to pay the minimum wage to the workers emplolyed in it. This is now an accepted position, and I need not dilate on it. In the present case the Company is a private limited company. It has no audited balance sheet. It should have some profit accounts, but even those have not been produced before the Tribunal. The result is that the Tribunal has been practically left guessing about the solvency or otherwise of the present Company. So I am not in a position to extend bodily the terms and conditions as laid down by the Major Engineering Tribunal, to apply in the present case. I take care to see that I interfere

in the least with the wages current in this Company to make it commensurate with the minimum claim of the workers, and I lay down the following scales of wages with regular increments:—

I prescribe Rs. 30 as the basic minimum salary of unskilled workers in this concern. Then in the case of piece rates this has to be worked out per day for a month of 26 working days. For this I had as the basis the pay scale in this Company, as per the Ext. C4.

Regarding semi-skilled workers, I prescribe the scale Rs. 35—2—51/8 years. For this I have the Ext. C3 as the basis.

For the skilled workers I prescribe Rs. 52—3—100/16 years.

For the highly skilled workers I prescribe Rs. 100 and above. Yearly increment in this case I leave to the Company to allow according to the merit and efficiency of the workers selected for this job.

To make the existing wages fit in with the scales given above, one increment may be given just to fit into the point of the scale, and nothing in cases where the existing wage just fits into the scale given above. I give no retrospective benefit in any case.

Regarding the unskilled workers, I do not prescribe any grade. But I find from the Ext. C4 that an increment of Rs. 2 per year has been given in some cases. This is apparently in cases where the unskilled workers are not mere coolies doing routine jobs, but are men who are capable of acquiring efficiency in course of time and with experience. In such cases I leave the increment to the good sense of the Management as at present. But I would prefer that they should be promoted to the category of semi-skilled workers as soon as they reach the desired standard of efficiency. The issue No. 1 is thus disposed of.

Issue No. 2

Regarding dearness allowance the practice that is followed at present in this Company is to pay Rs. 15 per month on a flat rate. The Union claims that dearness allowance scale as laid down by the Second Engineering Tribunal should be introduced in the present case. But I am afraid, if that scale is introduced in the present concern which, after all, is not a big one, nor even a moderately big one, it may totter to its legs under the burden. That may bring it very near to total collapse. That can never be the desire of any party. It will be more prudent just to allow time to the concern so as to enable it to adjust itself to the increased burden which is being imposed upon it under the present award. I take care that the said burden may not be beyond the capacity of the concern to bear. So I follow the existing practice of a flat rate D.A., but increase it from Rs. 15 to Rs. 25 per month in all cases. There are, roughly, 75 workers in the present concern. The total increased cost might be in the neighbourhood of Rs. 9,000 a year. More than that I am not preparerd to allow. This increased D.A. will have effect prospectively, i.e., from the time when the award becomes operative.

Issue No. 3

I get in the written statement of the Union, at page 4, that since the year of the present reference the Company has stopped the practice of deducting D.A. for casual absence. So the Union does not like to press this claim. I must thank the Company for its good sense. Indeed, there can be no point in effecting a cut in D.A. for casual absence. If D.A. has got any meaning, it makes up the deficiency in wage in relation to the cost of living. During casual absence a worker certainly does not incur any less expenditure for his maintenance or for the maintenance of

his family. So there can be no question of deduction of D.A. under such contingency. I do not record any finding on this issue because the dispute has been resolved according to the admission of the Union.

Issue No. 4

I have already pointed out that the Company has not produced its accounts before the Tribunal for scrutiny. It is a private limited company, and it has no balance sheet or profit and loss accounts. That being the position, I am entirely in the dark as to how much profits the Company derived during the years in question. But I am told that the Company has been granting one month's basic salary as bonus for long years past, i.e., for nearly 13 years. The evidence is hardly sufficient to make this bonus a condition of service, or to term it as a Puja bonus, as we call it. It is a Puja bonus only in the sense that it is payable before the Durga Puja. But it can never be exclusive of profit bonus. As the Company's profits have not been shown to be such as being capable of alllowing higher bonus than one month's basic salary, I am unable to grant any increase on this score. Considering the bulk of the Company, and also considering the handicap about import of steel, I do not think I should presume that the Company is in a position to pay more in the shape of bonus. I have already granted increment in D.A., and also have allowed pay scales. Both these have financial implications, and both benefit the workers in their day-to-day life. That being so, the claim for further bonus, in the absence of adequate evidence before me, cannot be sustained with any amount of force. So I reject the claim for further bonus in the present case.

Issue No. 5

In the case of Dudhkumar and Durgapada Roy, they are said to be temporary employees. They were habitual absentees, and in this respect they were given repeated warnings. Dudhkumar absented from the 10th October 1955 and Durgapada from the 16th October 1955. Their names were retained in the Attendance Register marking them absent up to the end of the month. Exhibit B1 shows that these two men were absent for the greater part of the months from April to October 1955. This thing could not be displaced by the Union. So there can be no question of giving them charge-sheets. It can never be expected that the Company will keep its doors open for the absent employees for all time to come. No order of dismissal was passed by the Company. It is said to have been given verbally, but that is not proved. Dudhkumar is P.W. 2 and Durgapada is P.W. 3. Dudhkumar says that he took his father to the Campbell Hospital, and produced a certificate in this respect to Panchu Babu just to show his *bona fides*. But Panchu Babu tore up the certificate to pieces. He then saw the other partner, Gour Babu, who also refused to take any step in the matter. But it is curious that nothing of this has been mentioned in the written statement filed by the Union. So I consider this story as an afterthought. Besides, his statement that he was absent only on two occasions is contradicted by the Ext. B1 which shows that he was not habitually absent. Similarly, Durgapada, P.W. 3, says that he fell ill and was absent for two days. But he was permitted to join for 4 or 5 days. Again he fell ill, and was absent for 4 days. When he turned up for work, he was discharged. He says that barring the aforesaid two occasions, he attended the factory regularly. But the Ext. B1 shows how irregular he was in his attendance from April to October 1955. He says that he put in 2½ years' service. But the Company shows that he put in only 7 months' service. So it appears that this man has no regard for truth. I accept the Company's version that he absented

just after having received the bonus of the year. So his services were rightly terminated.

Regarding Dulal Shankey, P.W. 4, it is admitted by him that he was appointed by Gour Babu originally at Rs. 4 per month to serve tea. In 1954 he was drawing a salary of Rs. 45 and D.A. Rs. 15, i.e., total Rs. 60 per month. It is alleged that it came to the notice of the *maliks* that he was doing odd jobs at times leaving the workshop at random. On 8th October 1955 he took permission to leave the workshop saying that his sister had labour pain. The Durwan noticed that Dulal was called away by a man who used to work in another place. He suspected that Dulal was going to attend to his private jobs. He reported this to the proprietor. Both of them then went to Dulal's house and gathered from his mother that the story of Dulal's sister having labour pain was false. When Dulal came back, he was challenged. He was asked to bring a hospital ticket. But after that he did not turn up for duty. Gour Babu, O.P.W. 1, who was the *malik* concerned, says "He (Dulal Shankey) was granted permission to leave. But as I doubted the genuineness of the information, I went to his house with a Durwan with me. His mother told me that there was no labour case in their house, and that her son was not sent for that. Next morning when Dulal Shankey turned up for work, he was confronted with his mother's version. He was asked to bring a certificate in this respect. But he did not turn up with the certificate". Dulal Shankey, P.W. 4, admits that Gour Babu was pleased with him and loved him. He says that his sister was in their house when he took her to the Campbell Hospital. But even before me Dulal could not produce any evidence that his sister was taken to the Campbell Hospital for delivery, or that he had gone to attend to her labour pain. It appears that the plea is totally false. So his services were rightly terminated.

Regarding Gobordhan Mistri, he is said to have stolen certain articles of the Company on 30th September 1955. He was caught by the Durwan at the gate. He begged to be spared the harassment of being handed over to the police. So, no step was taken against him by the Company. But since then he did not report for duty. He was marked absent for the whole of the months of October and November 1955. Thus it is clear that he was at no time dismissed. So the question of giving him charge-sheet does not arise. If he was really dismissed, he would certainly move the Union, and through it move the Company. But nothing of this kind was done. He does not come up before the Tribunal to defend himself. It can never be expected that the Company should keep the vacancy of an absentee unfilled for ever. So his services were rightly terminated.

Having regard to all these facts and circumstances, I find no cause for interference with the Company's decision regarding the four men in question. Gour Babu says that he did not receive the charter of demands direct from the Union. Be that as it may, I do not see any connection between the submission of the charter of demands and the termination of services of these four men. The allegation of victimisation has not been made out. So, no relief is available to these men. The Management was justified in discharging them.

(2) Whether the Companies mentioned in Schedule I should be treated as one integrated organisation or as separate units?

(3) What principles should be followed in determining when bonus is payable and what should be its quantum?

AWARD

Messrs. B. N. Elias & Co., Ltd., is the Managing Agents of the Associated concerns mentioned in Schedule I to the Order of Reference (*see* Appendix). The employees work under the Managing Agency, and are required to work as ordered by the said Managing Agency. The employees of the Managing concern are made to do the Head Office work of the different Associated concerns mentioned above. The employees are also liable to be transferred from one Associated concern to another, though their place of work is always in the building of the Managing Agents, viz., 1 and 2 Old Court House Corner, Norton Buildings, Calcutta, wherein also is situated the Head Office of all the Associated concerns.

The said employees obtained bonus from the Managing Agents of the Associated concerns as a condition of service irrespective of profit or loss of the said Managing Agents and/or its Associated concerns in the following manner:—

(i) Clerical staff—

1 month's basic pay as bonus in April.

1 month's basic pay as bonus in August.

1 month's basic pay as bonus in December.

(ii) Subordinate staff—

1 month's basic wages as bonus in April.

1 month's basic wages as bonus in August.

1 month's basic wages as bonus at Puja time.

1 month's basic wages as bonus in December.

The employees have been getting bonus at the above rates for more than 15 years, and the said payments were regularly made to the employees. But on and from 1951 various disputes arose between the parties, in particular between the Managing Agents and the employees represented by the Union. So, steps were taken by the aforesaid Managing Agents to stop payment of bonus to them as their condition of service in December 1953. Thereafter, the Managing Agents did not also pay bonus due to the employees in December 1954. Thus, the actual amount of bonus not paid to the employees was one month's basic pay due to the Clerical staff and two months' bonus due to the Subordinate staff at the time of Puja and also in December 1954. In spite of repeated demands, the said Managing Agents have not done anything to pay the amount of money which is due to them. It is the Union's case that the employees have been receiving the said bonus as a term of their employment by way of implied contract for a pretty long time, irrespective of profit or loss of the Managing Agents and the Associated concerns. During the years under reference, several instalments of bonus have become due for payment to the employees, but the Companies have not paid the arrears. Accordingly, the Union prayed that the Companies be directed not only to pay the arrear instalments, but also

to make payment of several instalments which have become due for the years 1954, 1955 and 1956. Messrs. B. N. Elias & Co., Ltd., is the parent Company of the Associated concerns, and the employees are virtually the employees of the said Company. All the concerns should be treated as one integrated organisation. Besides the above payment of bonus as a term of employment irrespective of profit or loss, the Union has contended that the employees are also entitled to profit-sharing bonus for the years in question, as the parent Company has earned huge profits in those years. The Union has submitted that the principles of payment of bonus should be: (1) Bonus as a term of employment irrespective of profit or loss and (2) Profit bonus.

B. N. Elias & Co., Ltd., has filed written statement on its behalf and also on behalf of its Associated concerns mentioned in the Order of Reference. In the written statement, a history of all the concerns has been given and how they are all managed. In the said written statement, it has been stated that all the Companies have their Head Offices at Norton Buildings, 1 and 2 Old Court House Corner, Calcutta. Each Company has its own employees for each department to do its own work. Such employees are employed by the particular Company concerned, and are paid out of its own funds. In certain departments, where the total volume of work does not justify each Company maintaining its own separate staff, some employees are shared by two or more Companies, who contribute to their salaries in proportion to the services rendered to each. Any action taken or thing done by B. N. Elias & Co., Ltd., in relation to the employees of the managed Companies, are taken or done as Managing Agents on behalf of the particular employer Company. These Companies have from time to time since about 1942 made *ex gratia* payments to their employees in addition ot their wages and salaries. The amount of *ex gratia* payments made at any one time has been equivalent to one month's basic pay, but the number of such *ex gratia* payments made in the course of a year has varied. At one time, 4 *ex gratia* payments were made in a year to Clerical and Subordinate staff. Subsequently, the number of *ex gratia* payments for Clerical staff was reduced to 3 per year, but remained at 4 for the Subordinate staff until the year 1952. As the trading results for 1952 deteriorated, only 2 *ex gratia* payments were made for the year 1953 to Clerical staff and 3 to Subordinate staff. A dispute was raised by the Union in this respect. But the Government refused to make a reference to the Tribunal, as on investigation it was found that the poor trading results of the Companies were a justification for such reduction. Similarly, in 1954 and 1955 2 *ex gratia* payments were made to Clerical staff and 2 to Subordinate staff. In 1956, no *ex gratia* payments have been made at all to Clerical or Subordinate staff. In the written statement, it has been denied that these *ex gratia* payments are contractual rights of the employees or a term of employment or a condition of service or customary payments irrespective of profit or loss. It is the contention of the Companies that such payments were purely *ex gratia*. Accordingly, it is contended on behalf of the Companies that no bonus should be paid by any of the Companies for any of the years 1954, 1955 and 1956, other than such *ex gratia* payments as have already been made for 1954 and 1955.

Issue No. 1

At the very outset, I may say that at the time of hearing, the Union abandoned its claim for profit bonus, but it however pressed its claim on the basis that payment of bonus was a condition of service founded on implied agreement. According to the Union, bonus was payable in conformity with one of the conditions of service, and acquired the status of customary bonus.

Therefore, in this case, the only question to be considered is whether the claim can succeed as one based on customary bonus or one as a condition of service. It is the contention of the Union that the employees of all these concerns who are working in the Head Office, have been getting bonus at the rates as mentioned in Schedule A of the supplementary written statement of the Union since 1942 irrespective of profit or loss, and as such the Companies concerned were under an obligation to pay bonus by virtue of an implied agreement. So, it has been urged on behalf of the Union on the authority of the Mohalakshmi Cotton Mills' case reported in 1952 L.A.C. at page 374 that this leads to an inference of an implied agreement as a term of employment, and definitely excludes the hypothesis that payments have been made out of bounty. The entire claim is based, what the Tribunal finds, on the observations as made by their Lordships in the Mahalakshmi Cotton Mills' case. The case of the Companies, as I understood it, is that these payments were made *ex gratia*, and only as a gesture of good will. It was urged on behalf of the Companies that these payments had not attained the status of an obligation, and that such payments were not any condition of service, nor were they made out of an implied agreement—even they did not acquire the status of customary bonus.

In the present case, there is no express agreement. The question is whether an implied agreement to pay bonus in a year at the rates claimed as a condition of service can be inferred from the facts established in this case. It has been argued with considerable force that the employees did not know that the payments were made *ex gratia*. At least, the employees did not receive the same as such. The evidence of course does not justify such a conclusion. Even if it does, it does not help the Union's case in the least, for an agreement is defined to be every promise and every set of promises forming the consideration for each other. There cannot be any agreement between the parties, unless there was an understanding between them regarding the subject-matter of the agreement; there can be no agreement unless there has been a meeting of two minds. There cannot be any agreement when one party offers it in one way and the other party accepts it in a different way. Accordingly, even if the employees accepted the payment of bonus as one out of bounty, *ex gratia* being a payment made out of grace, there cannot be any agreement enforceable in law effecting the contract of employment as a condition of service. In the instant case, positive evidence is forthcoming from the side of the Management, not categorically denied by any direct evidence on the side of the Union, that payments were made *ex gratia* and accepted as such. This evidence, which it is very difficult to disbelieve, does not exclude the hypothesis that payments had been made out of bounty, but on the contrary it confirms it. The Management has produced very satisfactory and cogent documentary evidence (Ext. C. series), which go to show that payments were made *ex gratia* and were received as such by the employees. They do not show at any rate that payments were made or received as a condition of service, a part of the contract of employment. The Union has produced two letters of appointment of National Tobacco Company's Branch Offices at Shajahanpore and Madhya Pradesh to Shri Misra and Mr. Thomas, respectively, who were appointed employees of those Branches, and they are Exts. 1 and 2. The said letters of appointment were issued admittedly by those Branches to their employees, and have nothing to do with the Head Office employees at Calcutta with whom we are concerned in the present dispute. The Union has given no other evidence. On the contrary, series of appointment letters given to the employees from the Head Office have been proved on the side of the Companies. They are Ext. B series. These letters of appointment do not mention anything

about bonus being a condition of service. The Companies have produced a comparative statement of profit and loss since 1942 to 1952, and it is Ext. E. From this statement, it no doubt appears that even in any year of loss in a particular concern, such *ex gratia* payments were made to these employees. Relying on this, it was argued on behalf of the Union that this fact goes a long way to establish their claim for bonus as a condition of service. Therefore, it was contended that in view of such practice in the past, the Companies were bound to pay the employees bonus for the years in question. I must say that I was not much impressed by this argument or contention put forward on behalf of the Union. In a case reported in 1953 L.A.C. at page 258, their Lordships of the Labour Appellate Tribunal repelled such condition. In that case, the concern had paid bonus from 1945-46 right up to 1948-49, even though the Company during these years had made loss. The Union contended accordingly that in view of such practice in the past, the concern was bound to pay them bonus for the years in question. Their Lordships gave a reply to this contention by saying that there could be no question of a custom to pay bonus or for any order proceeding upon such custom. Their Lordships further observed that there cannot be any right to bonus based on custom or on considerations of social justice other than those incorporated in the Full Bench Decision. Accordingly, the order of payment of bonus in a year of loss made upon the ground that it had been consistently paying in spite of loss, was set aside. In another case reported in 1955 L.A.C. 283, their Lordships of the Labour Appellate Tribunal observed at page 286 that if in the past, any concern voluntarily gave bonus to the employees despite the fact that there was loss, that could be no reason for the award of bonus in subsequent years. The principles governing the award of bonus are now well established by the decision of the Supreme Court in the case of Muir Mills Ltd. *vs.* Suti Mill Mazdoor Union reported in 1955(i) L.L.J., page 1. In that case, their Lordships observed: "The claim for bonus can be made by the employees only, if as a result of the joint contribution of capital and labour the industrial concern has earned profits. If in any particular year, the working of the industrial concern has resulted in loss, there is no basis nor justification for a demand for bonus. Bonus is not a deferred wage, because if it were so, it would necessarily rank for precedents before dividends. Dividends can only be paid out of profits, and unless and until profits are made, no occasion or question can also arise for distribution of any sum as bonus amongst the employees. If the industrial concern has resulted in a trading loss, there would be no profits of the particular year available for distribution of dividends much less could the employees claim the distribution of bonus during that year". In the present case, it has been explained why such *ex gratia* payments were also made to the employees of the concerns which had loss in some years. Learned Counsel for the Company has stated before me that the employees of all these concerns work in the same building and in the same room where all the Head Offices are situated, and if the Management did not make such *ex gratia* payments to employees of one concern which had loss in a particular year, that might bring in heart-burning, and that in order to avoid this, *ex gratia* payments were also made to them even in year of loss of that concern. This explanation is quite reasonable. In the present case, barring the fact that bonus by way of *ex gratia* payment was given for about 12 years, but not at uniform rates, there is no other factor to suggest that payments were made in terms of an agreement, express or implied. In similar circumstances, their Lordships of the Labour Appellate Tribunal held that bonus was not a condition of service, nor was it a customary bonus [vide 1952(ii) L.L.J. 324]. In the instant case, there is no figure available before 1942. There is no evidence to

show that these Companies made any payment by way of bonus to their Head Office employees before 1942. So, there is no figure available before 1942. Beginning from the year 1942, it appears that some *ex gratia* payments were made up to the year ending 1955, though not at uniform rates but in some years at varying and reduced rates. It is impossible on these materials alone to hold that bonus was a condition of service in these Companies, or had acquired the status of a customary bonus. In the result, I come to the conclusion that the evidence in this case does not justify that the payment of bonus was a condition of service—a term of employment or that it acquired the status of customary character. The payments that were made by these Companies were purely *ex gratia*, and they were meant to maintain cordial relation with the employees. In the present case, the element of bounty has not been excluded, for in express terms the Companies gave the employees to understand that the payments that were made were no better than *ex gratia* payments. The employees accepted payments with the string thus attached. Even if it be assumed that that a practice had grown up in terms of which bonus was being paid year after year, there is nothing to prevent the Companies from setting a period to it and withdrawing the concession. A practice of this nature cannot be treated as binding for ever or of perpetual effect. Even if the case be considered one of a customary right, the law enjoins that in order to crystalise into a right, a custom must be immemorial, reasonable and certain, and further the enjoyment must have been as of right. In the present case, payments were made as a gesture of good will and was described as *ex gratia*, and as such it is not possible to affirm that the employees had received bonus during these years as of right. No legal right, therefore, accrued to the employees to claim bonus. Furthermore, the elements of reasonableness and the existence of the practice for a reasonably long time are missing. Assuming that there has been practice in the past to pay bonus regardless of profit or loss, it cannot be said to be reasonable. I do not consider that a period of 12 years is long enough for pronouncing an opinion that the practice to pay bonus has been immemorial or for a reasonably long time. The case of the employees based on custom, therefore, is not tenable. So, the claim of the Union to get bonus for the years in question as a condition of service or as one based on custom, is turned down. The workers are not entitled to get anything on this account for the years in question other than such *ex gratia* payments as have already been made to them for the years 1954 and 1955.

In 1948, the State Government referred a dispute between several Companies and their employees for adjudication before a Tribunal, better known as the Mercantile Tribunal. Before the said Mercantile Tribunal, one of the items of dispute was bonus. That Tribunal, however, observed as follows with reference to the question of bonus: "Some bonus is paid. We have been assured that there is no present intention to discontinue it. We leave the matter outside adjudication".

B. N. Elias & Co., Ltd., is a member of the Bengal Chamber of Commerce. Before the Mercantile Tribunal, all the Companies which are members of the Bengal Chamber of Commerce were parties. The question of bonus was left outside adjudication of the Mercantile Tribunal on the assurance given by B. N. Elias & Co. Therefore, it has been urged by the learned Counsel appearing for the Union that B. N. Elias & Co. which is the Managing Agent of all these Associated concerns is honourbound to stand by its assurance given to the Mercantile Tribunal for the continuance of payment of bonus. The observations of the Mercantile Tribunal as quoted above indicate that the issue of bonus was not adjudicated. It was

left undecided on the assurance that there is no present intention to discontinue the payment of bonus. This assurance cannot be considered as binding assurance, which guarantees future payment of bonus irrespective of trading results for ever. Furthermore, there was nothing in the award of the Mercantile Tribunal to show that bonus was claimed as a condition of service. In this state of things, the Tribunal thinks that the Union's claim on this assurance does not succeed. In the award of the Mercantile Tribunal, the issue of bonus was left outside adjudication with the following remarks: "The only claim was for profit-sharing bonus which has been abandoned. The Company pays some bonus, and we have been assured that there is no intention to discontinue it". I refer to this only to show that in 1948-49, the employees did not raise their claim for bonus as a condition of service which has been claimed now. In the result, it is decided that the employees employed in the Head Office of Messrs. B. N. Elias & Co., Ltd., and its Associated concerns mentioned in Schedule I to the Order of Reference, are not entitled to get bonus either as a term and condition of service or as a customary one for the years 1954, 1955 and 1956 other than such *ex gratia* payments as have already been made to them for the years 1954 and 1955.

The theory regarding bonus has undergone change from time to time, one being exploded and replaced by other. At the present moment, in industrial world it is understood to be a payment made by the industry to the employees to supplement earnings of the workmen whose wages have not reached the standard of living wages, and this payment is made out of profits. The nature of bonus and the condition under which bonus would be allowable, were very clearly enunciated by the Hon'ble Supreme Court of India in the Muir Mill's case. It is clear from the observations of their Lordships that there are two conditions which have to be satisfied before payment of bonus can be justified and they are (i) when wages fall short of the living standard and (ii) the industry makes huge profits, part of which are due to the contribution which the workmen make in increasing production. The principles for the grant of bonus were discussed and a formula was evolved by a Full Bench of the Labour Appellate Tribunal in the case of Mill Owners' Association, Bombay, *vs.* Rastriya Mill Mazdoor Sangha. The claim for bonus can be made by employees only if as a result of the joint contribution of the capital and labour the industrial concern has earned profits. If in any particular year, the working of the industrial concern has resulted in loss, there is no basis or justification for bonus. Since this proposition is correct, a claim for bonus on the ground of custom would not be admissible in case of loss in a particular year. In the present case, no evidence has been adduced by the Union that the wages which are being paid to the employees employed in this concerns are low and inadequate and/or that the said wages fall short of the living standard. So, condition No. (i) has not been satisfied in this case. On the contrary, there is an award of this Tribunal, to which all these Companies were parties. This award was published in the *Calcutta Gazette*, dated 26th April 1956. The Tribunal held that the grades and scales of pay of all categories of workmen employed in the Head Office of all these concerns were adequate. So, we are to decide in this case whether the employees are entitled to get any profit bonus for the years in question. As has been stated already, the claim for profit bonus was not pressed by the Union at the time of hearing. Still I would like to say a few words regarding the same, as in the written statement filed by the Union a claim for such profit bonus has also been made. The claim for such bonus is to arise only if there be surplus profits left after making provisions for prior charges and fair return on paid-up capital and on

reserves employed as working capital. Income-tax is a legitimate deduction, which the concerns are entitled to get on this account according to the Full Bench Formula mentioned above. The Companies have produced audited balance-sheets for the relevant years and they are on the record. These balance-sheets must be presumed to be correct, unless the contrary is shown by definite evidence. In the present case, the Union could not show anything that the balance-sheets were not correct. The statements setting out calculations made on applying the Full Bench Formula of the Labour Appellate Tribunal to the trading results of the Companies involved in the reference for the relevant years, were prepared and have been filed also before the Tribunal. They were filed by one Tapan Kumar Biswas, Accountant of National Tobacco Co. of India, Ltd., before this Tribunal on 14th November 1956. The figures appearing in those statements were prepared from the balance-sheets. As will appear from the said statements, there is no surplus available for any of the Companies for payment of bonus. My finding accordingly is that there is no available surplus profits for the years 1954, 1955 and 1956 for distribution as bonus to all employees. This issue is answered accordingly.

In view of my above finding, the second part of Issue No. 1 does not call for any decision.

Issue No. 3

This issue needs no adjudication in the light of my above finding.

Issue No. 2

In my opinion, no decision on this question is also called for in the present case, since I have decided that the employees of these Companies are not entitled to get any bonus. This issue is, however, left open.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Sodepur Potteries Ltd., P.O. Sodepur, 24-Parganas, and their workmen represented by Sodepur Potteries Workers' Union.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

An industrial dispute between Messrs. Sodepur Potteries Ltd. (hereinafter referred to as the Company), P.O. Sodepur, 24-Parganas, and their workmen represented by Sodepur Potteries Workers' Union, regarding the following issues, was referred to this Tribunal for adjudication, by the Government of West Bengal, Labour Department, order No. 5151I.R./D/11L-122/56, dated the 1st December 1956.

Issues

(1) What should be the minimum basic wages of the workmen?

(2) What should be the dearness allowance?

(3) Should the workmen get fifteen days' sick leave on full pay in a year?

(4) Should the system of employing contractor's labour in the Mill be abolished?

(5) Will the Company be competent to engage contractor's labour in any other department?

(6) Whether the workmen are entitled to any casual leave at all?

FINDINGS

Issue Nos. 1 and 2

These two issues are taken up together for the sake of convenience. At present the workmen are paid consolidated wages, and no separate dearness allowance. The Union demands a flat rate of dearness allowance at the rate of Rs. 35 per month for all workmen, and the minimum basic wages at different rates for workmen employed in different departments varying between Rs. 40 and Rs. 85. The rates for the unskilled workmen would be

at Rs. 40 per month, for the semi-skilled workmen Rs. 65 per month, and for the skilled workmen Rs. 85 per month. The financial implication of this demand has been worked out at its lowest computation roughly at an increased cost of Rs. 36,000 a year. The Union's claim is based on the following grounds:

(i) The old Company paid higher rates of wages, and also dearness allowance at the rate of Rs. 35 per month for all its employees. The new Company, when it re-started its business after a couple of months, re-employed a number of old hands and also recruited some new workmen. But now all are being paid at a much lower rate of wages.

(ii) The minimum basic requirements of all employees are now more than what they used to be previously. They can be hardly met out of the existing rates of wages.

(iii) The Company, which is a member of the All India Potteries Manufacturers' Association, denies to pay the rates of the All India Pottery Manufacturers' Association which are higher than the present rates.

(iv) Other Potteries doing the same business in the locality are paying higher rates of wages.

(v) The minimum basic wages fixed for other industries in the locality are much higher than those prevailing in this industry.

(vi) Overall increase in the cost of living.

(vii) The Company agreed before the Conciliation Officer to pay annas 4 increase for all who are drawing Rs. 1-12 a day at present.

The Company's objections mainly are the following:

It is a new Company which has nothing to do with the alleged old Company. It is doing business in manufacturing ceramic wares of all kinds. It is an industry which can never be compared with either Iron & Steel Industry or Textile Industry in the country. It suffered almost recurring losses year after year excepting one year in which it earned a small profit. The old employees who were re-employed were stopped by an agreement, dated 9th December 1952, to claim either the old rates of wages or re-employment as of right. The so-called basic needs are not higher than before. At least it has not been proved that the basic requirements cannot be fully met out of the present rates of wages. The workmen are being paid at the All India Potteries Manufacturers' Association's rates, although other comparable concerns in the locality are paying much less. Messrs. Bengal Potteries cannot be compared with this Company because of its enormous size, huge capital employed, and huge profits made in the business. The overall cost of living has not increased. It is not correct to say that this Company agreed an increase of annas 4 to every worker drawing Rs. 1-12 a day before the Conciliation Officer. In short, the existing rates of wages are adequate and a workman, employed under an incentive bonus scheme, has got ample opportunity to earn more than ordinary rates in his work. The Company, mainly due to financial reasons, and ever increasing loss in business, is not in a position to pay higher rates as also dearness allowance at the flat rate of Rs. 35 per month. The Directors of the Company could not draw any remuneration since the business started, although they are otherwise entitled to it. Any additional financial burden imposed on the Company will ruin its business.

P.W. 1 Shri Sahadev Mistry is the Cashier of the Union. He is the only workman on his side to depose in support of his claim. He said that the former rate of D.A. was Rs. 35 per month, and that the rates of wages were

higher than what they are now. He further said that in 1952 this business was closed, and some old workers were taken in when it re-started in the beginning of 1953. He has proved a chart (Ext. 1) showing the former rates of wages, and said that no increment was ever allowed to any one under the present Management. In cross-examination he said that he was an auditor of the Employees' Union at the time of the old Company. Now, it appears from Ext. I, which is a memorandum of settlement, dated 9th December 1952, before the Assistant Labour Commissioner, Barrackpore, that "in case the same proprietor, Shri L. R. Bhagat, reopens this factory and starts production, he will give preference to the discharged workmen, if available at the time of recruitment, and in the event of the re-employment they will receive the same pay . It is also stated in the agreement that "in case it is made a public or private limited concern or the business is started with some other outside partners as a private firm, the above condition of re-employment will not be binding". It is clear from the Memorandum of Articles of Association of the Sodepur Potteries Ltd. (Ext. E) that this Company is a private limited one within the meaning of section 2(1), clause 13 of the Indian Companies Act, 1930, and that there are altogether 5 Directors in this Company including Shri L. R. Bhagat and his wife. It is, accordingly, contended by the learned Advocate, on behalf of the Company, that the old employees are estopped from claiming the old rates of wages on the basis of the agreement (Ext. I) which continues to be binding even now. It was not terminated by any notice as required by section 19 of the Industrial Disputes Act. It is true that some old hands of the outgoing Company, who are available at the time of recruitment, were taken in the service of this Company, but not at the former rates of wages. The old Company was wound up for recurring losses in three successive years. Regarding the new hands, they cannot, in any circumstances, claim payment of wages at the old rates. In the eye of law, the former business, which was a proprietory one, is different from the present business. Therefore, it does not lie in the mouth of the new employees to ask for payment at the old rates purely on the ground that in the present Company, the proprietor of the outgoing Company, happens to be one of the Directors. The Union's claim on this ground, therefore, must fail.

In the next place, the learned Advocate for the Union contends that the present rates of wages are not even sufficient to meet some of the minimum basic needs of the workers employed in this business. He relies upon the Ext. 4, a chart showing the cost of balanced diet, at the present market rates, for a family of a worker, consisting of three members. P.W. 2, Shri Nanda Lal Srimani, the Vice-President of the Union, and an outsider proves the chart Ext. 4. He says that he prepared it himself. It seems that it was drawn up on the basis of the recommendation of the Nutrition Advisory Committee, referred to in the final report of the Famine Enquiry Commission. Such a family requires a minimum of Rs. 171-9 a month on account of food alone, and a total amount of Rs. 206-9 a month on all accounts including housing, fuel, etc. This can never be said to represent the minimum basic needs of the workmen employed in *this* industry. It shows, among others, the opinion of an outsider, who is not a specialist in this work, on matters not within his special knowledge. Further, the very basis on which this chart was drawn up, appears to be fallacious. The Commission was, after all, making an endeavour to prepare a scheme of a balanced diet for everybody, which, from the point of view of nutrition was an ideal one. At the same time, it expressed a doubt whether there was sufficient food available in the country for every one according to this formula. Be that as it may, we are unable to accept Ext. 4 as evidence of the present minimum basic needs of the workmen. At the best, this may

show some of the standard needs of all employees under certain given circumstances.

It has also not been shown in this case, specially on behalf of the Union, that in actual fact, there has been an overall increase in the cost of living index. There has been, no doubt, a sharp fluctuation in prices of some of the essential commodities in recent months, but that cannot be taken to firmly convey an impression on this point.

In the next place, the Union contends that this Company has denied the workers even the benefits of the All India Potteries Manufacturers' Association's rates which are higher than the existing rates. The Company denies this and in Ext. B shows that the workmen are being paid at rates of wages as shown in the Annexure B of Ext. 2, and in the circular No. 170 in Ext. D. Shri Narayan Singh, the Manager of the Company, said that the rates of wages shown in circular No. 170 issued by the All India Potteries Manufacturers' Association are the basis on which their wages have been fixed. Their pay-structure also allows a worker to earn more whenever he produces more under an incentive bonus scheme. It is true that no annual increment is at present given, and we are not directly concerned with that in the present enquiry. It is, therefore, entirely irrelevant for our present purpose. The incentive scheme at present current in the present pay-structure of this Company has a production target of its own. Therefore, the alleged non-finalisation of the production target by the Association, as shown in circular No. 196, in Ext. C, does not affect the merits of the present case. The work-load for the present pay-structure has been fixed, and that to the knowledge of the workmen concerned. It shows that the workmen are even now earning higher rates of wages under the proficiency scheme, and that the benefit has been extended to temporary workmen also.

The Union has failed to establish a case for increasing wages on the ground of minimum basic needs, etc., and it contends now that other concerns, including the Bengal Potteries Ltd. are paying higher rates of wages, and that this Company should, in all fairness to its workers, pay them at that rates. The Company's contention is that other comparable concerns are paying much less than at the Association's rates, at which rates, the Company is paying at present. It says that the Bengal Potteries Ltd. is the biggest concern not only in India but probably in Asia, and, therefore, this Company cannot be reasonably compared with it. We have not got in evidence the current rates of wages, which obtain in the Bengal Potteries Ltd. But I am told by the learned Advocate for the Company that the minimum basic wages in that Company are higher, and that for an unskilled worker it is Rs. 2-4 per day. Exhibits 4 and 5 conclusively show that the Bengal Potteries Ltd. employs a larger capital in its business, and earns huge profits. It has very extensive sales of its manufactured goods. In comparison with the Bengal Potteries, the present Company appears to be a very small unit in this line. It suffered recurring losses all through except in one year in which it had only a small margin of profit. Its sales are small and its business cannot be said to be an expanding one in its present financial condition. This Company is unable to bear any additional burden of paying increased rates of wages as in the Bengal Potteries Ltd. It appears from the Exts. G and G1 and G2 and G3 that other Potteries doing business in the locality are paying much less than what this Company pays to its workers. An unskilled worker gets between Rs. 1-4 and Rs. 1-8 per day. It is only those who do heavy work that get Rs. 1-10 per day. Accordingly, it does not stand to reason for the Union to claim higher rates of wages on the alleged basis of prevalence of higher rates in other concerns in the locality.

The learned Advocate for the Union invites the attention of the Tribunal to different awards which fixed the minimum basic wages of unskilled workers in the Engineering and the Textile Industries at Rs. 30 per month. An unskilled worker gets Rs. 51 with dearness allowance. He gets near about Rs. 67-8 a month, in the Jute Industry. The learned Advocate for the Company, however, states that this industry, which can only be compared with Glass Industry, as shown in item No. 37, first schedule to the Industries (Development and Regulation) Act, 1951, has no important place in the national economy of the country, and that it cannot be compared with such industries as Iron and Steel in item No. 4, and Textile in item No. 10 of that schedule. It is, therefore, idle to contend that a small industry like this should be called upon to pay the same high rates of wages, as in other big industries like Iron, Steel and Textile. There is considerable force in this contention and we are not prepared to accede to the Union's request in this matter. Lastly, it has been urged on behalf of the Union that the Company agreed to pay an overall increase of annas 4 per day for these employees getting Rs. 1-12 a day before the Conciliation Officer, and that they should at least pay that increment to 67 workmen who are said to be getting Rs. 1-12 per day at present. I consulted the Labour Commissioner's file, and it appears that the negotiation on this point definitely broke down before the Conciliation Officer. The Conciliation Officer, therefore, made a recommendation to the State Government for a reference of this dispute for adjudication by a Tribunal. The Management contends that it did not make any such offer in definite terms and, accordingly, it is not prepared to make the same offer or honour any such alleged undertaking. This, at any rate, cannot be made a ground for allowing any increase in the present rates of wages in this case.

Considering the evidences and circumstances of this case, I am unable to allow the workmen any increase in the basic wages or to allow them a flat rate of dearness allowance at Rs. 35 per month. The approximate cost of dearness allowance alone comes up to Rs. 42,000 a year, and an increase at the rate of annas 4 per day for each unskilled worker comes to Rs. 5,304. The total cost of meeting all the demands under this head is likely to be in the neighbourhood of Rs. 60,000 per year. The Company states that in view of the repeated losses in the business—the total loss at the end of the accounting year 1956 is Rs. 79,213-10-6—it has not the financial capacity to pay any increase either in the basic minimum wages, or in the dearness allowance at present. Further, the All India Potteries Manufacturers' Association has adopted a standard rate of wages, which included dearness allowance for the Calcutta area, and that this Company, being one of its members is paying at those rates. It is, therefore, undesirable, in the present critical financial position of the Company, to impose any additional financial burden on it by allowing any increase in basic wages and dearness allowance. The old rates of wages, which the previous proprietor had paid to its employees, were found to be uneconomic, so much so that the business had to be closed down in the end. The Directors of the present Company some of whom have been profited by the previous experience in this matter, consider it suicidal for it now to adopt those high rates for its employees. Nothing can, therefore, be done to assist the workmen in getting more wages and dearness allowance at this moment. The issues are answered accordingly.

Issue Nos. 3 and 6

These two issues relate to sick leave on full pay and casual leave. The Union's demand is for 15 days' sick leave on full pay for each year of service, accumulating up to 45 days. The Company at present allows (i) casual leave and sick leave for 10 days, (ii) Statutory leave for 15 days,

and (iii) Festival holidays for 6 days totalling 31 days. It, therefore, resists the Union's demand on the ground that it is unable at present to extend any further privilege to the workers. The present position regarding the sick leave and casual leave is admitted. The workmen are enjoying casual leave and sick leave. The Company admits this. Therefore the question "whether the workmen are entitled to any casual leave at all" does not arise. But considering the fact that the total number of days for casual leave and sick leave being at present restricted to 10 days only, the Union's demand appears to be reasonable and fair. The workmen should henceforth be allowed 15 days' leave only in place of 10 prevailing at present. But this will not accumulate up to 45 days as demanded by the Union. These issues are, accordingly, answered.

Issue Nos. 4 and 5

These two issues relate to employment of contract labour. The Union pleads for abolition of the contract labour altogether. The Company's position, as stated in its written statement, is this: It cannot do away with the contract labour altogether. Such labour is employed only to meet urgent cases necessitated by certain unforeseen demands. It has already done away with the employment of such labour in the kiln. O.P.W. 1, Shri Narayan Singh, Manager of the Company, says that they are not empolying any contractor's man in the kiln for the last two years. The contractor's labour is employed only for odd jobs, not for any regular factory work. Such men bring raw materials from the wagons to factory and also for storing them up in the factory godown. P.W. 1, Shri Sahadeb Mistry, says that the contractor's men get the same rates of wages as the Company's men. Contractor's men are paid overtime at single rate and do not enjoy statutory leave and sick leave. He wants abolition of the system of contract labour mainly to do away with the friction that exists among different classes of workmen over many amenities which they enjoy and the contractor's men do not. He, of course, says that the contractor's men are now working in kiln but he could not give the names of any such person.

The contractor's men get the same rates of wages. They did not enjoy other amenities which the Company's men enjoy in its service. In view of the Company's positive evidence that no contractor's labour is employed in any regular business of the factory including the kiln, and that no such labour is employed in the kiln for the last two years. The question of abolition of the system of employment of contract labour does not really arise. At the same time it is conceded that employment of contract labour along with men directly employed by the Company is never looked upon with charity by the workmen. The contract labour has been condemned almost unanimously and they should not be employed in any regular business of the factory but their employment in doing odd jobs, as done now, cannot be discontinued forthwith without inconvenience and loss to the Company. The employment of such labour should be totally discontinued within one year of the date of the publication of the award. I answer the issues accordingly.

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Khanna Cinema, 157-B Upper Circular Road, Calcutta, and their workman, Shri Bidhu Bhusan Chakraborty, represented by the Bengal Motion Pictures Employees' Union, 53 Creek Row, Calcutta-14, referred under G.O. No. 1136I.R./IR/11L-14/57, dated 11th April 1957.

BEFORE THE FIRST LABOUR COURT, WEST BENGAL

PRESENT:

SHRI N. C. CHATTERJEE, *Judge.*

Appearances:

For the Union: Shri P. K. Nandi with Shri Sibnath Chatterjee.

For the Company: Shri B. Roy Chowdhury.

The Government of West Bengal in the Department of Labour by order No. 1136I.R./IR/11L-14/57, dated 11th April 1957, referred to this Court under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Khanna Cinema, 157-B Upper Circular Road, Calcutta, and their workman, Shri Bidhu Bhusan Chakraborty, represented by the Bengal Motion Pictures Employees' Union, 53 Creek Row, Calcutta-14, regarding matters specified in the second schedule of the Act.

The issue formulated for adjudication is as follows:—

Whether the dismissal of Shri Bidhu Bhusan Chakraborty is justified? To what relief is he entitled?

Notices were issued to both the parties. The Union appeared and filed a written statement setting forth its case. The Company also entered appearance and put in objections.

AWARD

The case of the Union on behalf of the workman Shri Bidhu Bhusan Chakraborty is that he was employed as an electrician in Messrs. Khanna

Cinema & Co. for about 2 years. He was charge-sheeted on 3rd November 1955 for neglect of duties. He showed cause against the charge on 4th November 1955, but the Management did not accept his explanation and wrongfully dismissed him from his services with effect from 3rd November 1755. This dismissal is illegal and unjustified and an unfair labour practice and therefore the Union seeks the reinstatement of this workman with back wages due to him.

The Management in their written statement controverts the allegations made in the written statement of the Union and in short contends that his dismissal was perfectly justified as he left the machine room on 1st November 1955 without any prior intimation and the starter of the convertor fell down and the Cinema show was suspended. This was really a grave negligence of duty on the part of the workman and the Management contended that the dismissal is justified in the present case. The Management acted fully *bona fide* in dismissing the workman who is therefore not entitled to reinstatement or any other relief.

The principal point for determination in this case is as formulated above, whether the dismissal of Shri Bidhu Bhusan Chakraborty is justified. To what relief is he entitled?

DECISION

The facts not in dispute are—

(1) This workman had been in the service of the Management as the sole electrician in charge of the Cinema House for approximately 2 years.

(2) The workman left his place of duty at the material time and went elsewhere in the Cinema Hall.

(3) On 1st November 1955 the convertor dropped down and electricity went off and entire house was enveloped in darkness and the show was suspended temporarily.

(4) This was followed by charge-sheet, Ext. A dated 3rd November 1955, against the workman for negligence of duties.

(5) The workman showed cause, as per Ext. B against the charge which was not accepted and he was dismissed with effect from 3rd November 1955.

With the aforesaid admitted facts before it, the Court is to consider whether the dismissal of the workman is justified or not. As already stated the workman left the machine room which he should not have done. At the time when the convertor dropped down he was found relaxing in the auditorium. This was grave negligence of duty on the part of the workman. In justification of his action he says that he was not feeling well. There is no evidence on his side to corroborate his plea of illness. Supposing, he was really feeling unwell, that was all the more reason why he should not have left his place of duty and he should have given information thereof to the Manager, so that medical aid could be requisitioned. Instead of doing so he says that he went to attend to his other duties in the Cinema Hall. This movement on the part of the workman cannot be supported when everything else was going on all right in the Cinema House. Failure of electricity is of more than ordinary moment in the Cinema House and is fraught with graver consequences because during darkness, a great uproar prevails in the House and there is also the subjective element in that the visitors' emotions suffer a great setback and greater becomes their discomfiture and disgust when their feelings are at a pitch and their chain of thought is broken and the mirth of the whole show is thereby marred.

Thus his action in leaving the place of his duty cannot be at all supported in the present set of circumstances.

Now the point is whether the Court should interfere with the punishment imposed upon the workman. This is a matter of internal administration and the Management is quite competent to deal with it and it acted within its rights in enforcing rules of discipline amongst its staff. The Court as laid down in the case of Buckingham & Carnatic Co., Ltd. (L.A.C. 1952 at page 492), can interfere only if—

(i) there is want of bona fides,

(ii) it is a case of victimisation or unfair labour practice or violation of the principles of natural justice, or

(iii) there is a basic error of facts, or

(iv) there has been a perverse finding on the materials.

The normal relief in cases of wrongful dismissal in all these three types of cases is, of course, reinstatement.

But the present case cannot be brought under any of the above categories. The Management did not accept the explanation of the workman and that rightly who was obviously guilty of gross neglect of duty. This is no case of victimisation or unfair labour practice, nor was there violation of the principles of natural justice, nor was there want of bona fides on the part of the Management, nor was there any basic error of facts. As such, I do not think this Court as a supervisory body and not as a Court of appeal, would be justified in substituting its judgment for that of the Management. No Cinema House can flourish with such a negligent electrician. In the interest of the industry as well reinstatement should be refused.

The Management, it is expected, will pay to the workman his wages of Rs. 90 for October 1955.

The workman is therefore not entitled to reinstatement and his prayer for it is rejected.

This is my award.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

For the Union: Shri M. A. Latif, Counsel.

For the Company: Shri P. K. Sanyal, Advocate.

AWARD

By order No. 4039Dis./D/4L-22/56, dated the 10th September 1956, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messers. Md. Dargahi, owner of, buses, 32 Beniapukur Road, Calcutta-17, and two of his workers, Shri Purna Chandra Mondal and Shri Santo Kumar Das, represented by the Bus Workers' Union. 249 Bowbazar Street, Calcutta-12, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual summons the parties put in appearance and filed their written statements. The pleadings were completed on 8th November 1956. The parties were thereafter directed to file their lists of documents. Then the hearing of the dispute was concluded on 7th May 1757.

3. The matters of dispute as stated in the schedule to the order of reference are as follows:—

(i) Whether Md. Durgahi was justified in dismissing Shri Purna Chandra Mondal and Shri Santo Kumar Das?

(ii) What relief are they entitled to?

4. The case of the Bus Workers' Union (hereafter called the Union) as made out in the written statement is in short as follows:

Md. Dargahi is proprietor of several buses plying in different routes in Calcutta. The workmen concerned Shri Purna Chandra Mondal and Shri Santo Kumar Das were employed by Said Md. Dargahi respectively as bus driver and bus conductor on commission basis in his buses—Purna Chandra Mondal having joined in 1931, while Santo Kumar Das in 1949. Although they had throughout clean record of service, they were summarily dismissed without any charge-sheet and without assigning any reason by said

Md. Dargahi—Purna Chandra Mondal on 28th April 1955 and Santo Kumar Das on 15th May 1955. Thereafter repeated requests by Shri Mondal and Shri Das elicited no better information as to their cause of dismissal than that "I do not want to keep you". Thereafter the Union took up their cause with Md. Dargahi but it proved futile. Then the Union moved the Labour Commissioner by its letter BWU/10/L, dated 2nd July 1955, whereupon Labour Commissioner held conciliation proceedings to settle the dispute. But due to adamant and unreasonable attitude of Md. Dargahi there was no settlement. Hence the reference.

In the written statement in reply Md. Dargahi denied having dismissed the workmen and pleaded cessation of relationship of employer and employee between the parties in 1952. It was said that prior to 1952 workmen Purna Chandra Mondal and Santo Kumar Das had been principally employed in his buses Nos. WBS 629 and 655, that he sold those buses—WBS 629 on 3rd April 1952 and WBS 655 on 1st August 1952 to Messrs. Om Prokash Mehta and Mahabir Mehta and that ever since the purchase the said Om Prokash Mehta and Mahabir Mehta started running the said buses and Shri Mondal and Shri Das had been in their employ since then. As the buses could not, however, be registered in the names of the purchasers Om Prokash Mehta and Mahabir Mehta, the buses continued to be registered in the name of Md. Dargahi. The purchasers got their names registered as owners on or about 20th May 1955. Shri Purna Chandra Mondal worked under the said purchasers till 23rd May 1955 and thereafter he himself ceased to attend. Likewise Shri Santo Kumar Das failed and neglected to join his duties since the end of April 1955. In the circumstances, no industrial dispute did or could arise between Md. Dargahi on one hand and either Shri Mondal or Shri Das on the other and neither the Labour Commissioner nor the Government of West Bengal had or has any jurisdiction to intervene in the alleged dispute or to make the order of reference.

DECISION

In support of their case the Union examined the two workmen concerned P. W. 1 Purna Chandra Mondal and P. W. 2 Santo Kumar Das. Md. Dargahi, on the other hand, has examined himself (D.W. 2) and one of the alleged purchasers D.W. 1 Shri Mahabir Mehta, besides proving the garage registers (Exts. A to D), the way bills (Exts. E series) and two letters from R. T. A. (Exts. F and F1). At the request of the parties the records of the conciliation proceedings were called for and looked into.

P.W. 1 Purna Chandra Mondal and P.W. 2 Santo Kumar Das were admittedly employed by Md. Dargahi (D.W. 2) in his buses as bus driver and bus conductor respectively. The evidence shows that P.W. 1 Purna Chandra Mondal joined his service in July 1936 (and not 1931), while P. W. 2 Santo Kumar Das in June 1949 as permanent hands on commission basis (*vide* P.Ws. read with Union's letter, dated 2nd July 1955). The plea of Md. Dargahi that relation of employer and employee between the parties ceased in 1952 cannot be sustained on the materials placed before the Tribunal. Even if there was sale of the buses WBS 629 and 655 for which no deed far less a registered deed has been forthcoming, it appears from admission of Md. Dargahi that there had been no change either in possession of the said buses or in permits and registration of them before the two workmen concerned were refused employment in 1955. According to the showing of Md. Dargahi these two buses WBS 629 and 655 alleged to have been sold by him. in 1952 were continued to be kept as before in his garage and these, the evidence discloses, were there until removed to the garage of Mehta (*vide* D.W. 1) on 20th May 1955. Likewise the permits

for the buses were renewed as before in the name of Md. Dargahi up to 31st March 1956 (*vide* Ext. F1, dated 17th May 1955). Then again registration of the buses admittedly continued as before in the name of Md. Dargahi and the change in this respect, the evidence discloses, did not take place before 25th May 1955. So, there was nothing, apparent or visible, from which the workmen (P. Ws. 1 and 2) could know about the alleged transfer before termination of their employment. The garage registers relating to these buses (Exts. A, B and C) which they used to sign were admittedly kept in the work-place of Md. Dargahi and these contained no indication about alleged transfer or change of ownership. The evidence of D. Ws. during hearing that the workmen were made known about the alleged transfer is afterthought and unreliable. Soon after termination of employment of P.Ws. 1 and 2 the Union wrote by their letter No. BWU/10/A/55, dated 2nd July 1955, to the Labour Commissioner complaining about it, whereupon the Conciliation Officer wrote to Md Dargahi repuesting him to send his comments on the said complaint, dated 2nd July 1955. Md. Dargahi replied to the same on 22nd August 1955 to the Conciliation Officer giving his comments on the complaint (*vide* records of the conciliation proceedings). In the said reply Md. Dargahi did not give the year or the date on which the buses were sold. It was merely stated that the buses were sold long ago and that the buses stood in his name even after his transfer and he used to look after the buses on behalf of the purchasers. This would negative the evidence of the alleged purchaser D. W. 1 that after purchase in 1952 they had a representative in the work-place of Md. Dargahi to receive collection and to pay the workers. Besides, in the said reply, dated 22nd August 1955, Md. Dargahi also stated that the buses were handed over to the purchasers on 1st April 1955 and that these were transferred before to their names in the month of May 1955 and that the workmen thereafter worked under the purchasers for a few days and as they could not attend their duty, they left the service of the purchasers and came to him and asked for duty which he could not give having at the time only 3 buses. This would clearly show that the workmen did not know anyone other than Md. Dargahi as their employer and that at no time the workmen had been given the impression that they had been working under some one other than Md. Dargahi.

Md. Dargahi (D.W. 2) admitted in cross-examination that in March 1955 he received a notification from the Government putting ban to an individual owning and retaining more than 3 buses from April 1955. Md. Gargahi was admittedly at the time registered owner of more than 3 buses including the two buses WBS 629 and 655. To be exact he was owner of 5 buses at the time. It is significant that no registered deed or any unimpeachable document prior to March 1955 existed to support allegation of transfer. As the value of the buses was obviously more than Rs. 100 each, there would have been registered deeds had they been sold. There was admittedly no such deed. Even the letter whereby the transaction is said to have been effected has not been produced before this Tribunal. There was no assertion or action by either Md. Dargahi or alleged purchasers prior to March 1955 to support allegation of transfer to in 1952. The account papers have not either been produced. No reason was assigned for such sale by Md. Dargahi that in 1952 when business according to their showing was then running at profit. There is thus nothing reliable to support the allegation of sale prior to March 1955. It on the contrary, appears that since the receipt of the Government notification in March 1955 the balls started rolling. The evidence shows that the two buses WBS 629 and 655 were kept off the road and stopped plying from 1st April 1955. The buses did not so ply up to 19th May 1955. In the meanwhile it

appears that the plea of sale was started and the alleged purchasers wrote for the first time on 22nd March 1955 to the Regional Transport Authority, Calcutta, claiming to have purchased the two buses from Md. Dargahi and praying for sanction of the transfers and for registration of their names. In reply to the said letter, Secretary to the Regional Transport Authority wrote to the alleged purchasers by Ext. F asking them to see the Regional Transport Authority on 31st March 1955 to prove their claim. Then by subsequent letter, dated 17th May 1955, the Secretary to Regional Transport Authority informed the said alleged purchasers that Regional Transport Authority was pleased to order renewal of the permits in respect of the buses up to 31st March 1956 in the name of Md. Dargahi and thereafter its transfer to their names on payment of requisite fee (*vide* Ext. F1). In the circumstances, it is not unlikely that to circumvent the aforesaid notification of the Government the plea of transfer was held out and to give it colour of reality, transfer of the buses was alleged from an anterior date. Had there been previously sale, there would have been registered deeds or at least unimpeachable document prior to March 1955.

Be that as it may, apparently on the strength of the letter, dated 17th May 1955 from Regional Transport Authority, the two buses were removed from the garage of Md. Dargahi and taken to the garage of the alleged purchaser on 20th May 1955. The evidence reveals that the buses restarted plying from 20th May 1955.

The two workmen P.Ws. 1 and 2 were admittedly employed in the two buses WBS 629 and 655 up to 31st March 1955. The buses till then admittedly stood registered in the name of Md. Dargahi and were kept in his garage. So relation of employer and employee between the parties existed till then. P.W. 2 Santo Kumar Das did not work in the buses WBS 629 and 655 after they stopped plying from 1st April 1955. He was, however, employed for some days in the month of April 1955 in bus No. 674 belonging admittedly to Md. Dargahi. After such work his employment according to both sides ceased from the latter part of April 1955. It would thus appear that P W 2 was throughout in employment of Md. Dargahi until he was refused employment on and from 28th April 1955.

Regarding P.W. 1 the evidence reveals that P.W. 1 was not employed from 1st April 1955 to 19th May 1955 during which the buses were kept off the road and that after the buses started plying again from 20th May 1955, he was employed only on 21st May 1955 in bus WBS 629 (Exts. A and C) and on 23rd May 1955 and 25th May 1955 in bus WBS 655 (Exts. B and B1) and ceased to attend thereafter. His evidence is that when the buses were being removed to the garage of Mehtas he was told that they were being removed there for the sake of convenience. His further evidence is that after he drove the buses for 3/4 days as aforesaid, he discovered from change of nameplate that the buses were registered in the names of Mehtas, when he stopped going there and came to Md. Dargahi and sought employment from him, which he refused. It would, therefore, appear that he did not atorn to Mehtas. The garage registers on the basis of which he drove the buses on 21st May 1955, 23rd May 1955 and 25th May 1955, it may be mentioned, were the old garage registers of Md. Dargahi which indicated no change. The permits for the buses, it has also been noted, then stood renewed in the name of Md. Dargahi up to 31st March 1956. It cannot, therefore, be said that his employment under Md. Dargahi ceased before. So, on the evidence and circumstances I accept that workmen P.Ws. 1 and 2 were employed as before under Md. Dargahi until their employment was terminated leading to the present dispute.

As relation of employer and employee continued between the parties throughout right up to termination of employment of the workmen, the question of want of jurisdiction on this count as pleaded by Md. Dargahi, cannot be sustained.

Regarding allegation of dismissal, it is no party's case that the employment of the workmen was terminated for misconduct. In the letter which the Union wrote to the Labour Commissioner on 2nd July 1955 it was definitely stated that the workmen were discharged—Santo Kumar Das P.W. 2) on 28th April 1955 and Purna Chandra Mondal on 13th May 1955 by Md. Dargahi (*vide* the letter in the record of the conciliation proceedings). Before this Tribunal the workmen concerned deposed that they were refused employment by Md. Dargahi and thus their employment was terminated. In his reply, dated 22nd August 1955, to the aforesaid complaint, dated 2nd July 1955, Md. Dargahi also admitted that the workmen came to him for employment which he refused having not more than 3 buses at the time. It would so appear that the word "dismissal" was loosely used to mean termination of employment on ground other than misconduct. Regarding the dates of termination of employment, it appears that the dates given by the parties in their written statements are not correct. The evidence and circumstances disclose that P.W. 1 Purna Chandra Mondal was refused employment on and from 26th May 1955 and P.W. 2 Santo Kumar Das from 28th April 1955 by Md. Dargahi and thus their employment was terminated.

As to relief, the workmen in their deposition did not claim reinstatement but only compensation. As termination of their employment, in the circumstances as aforesaid, would amount to retrenchment as defined in clause (oo) of section 2 of the Industrial Disputes Act, 1947, Md. Dargahi is directed to give compensation in terms of section 25F of the Act to the workmen within a month from the date the award becomes enforceable.

It is awarded accordingly.

AWARD

Both parties filed their written statements in due course.

The Union's case is that the Company pays very low wages to the workmen. In spite of submission of the charter of demands, the Company did nothing. The Company pays rates of wages which are far lower than that prescribed by the Major Engineering Tribunal Award, and in many cases the consolidated monthly earnings of workers are even lower than the minimum wages. There is no system of dearness allowance as prescribed in the Major Engineering Tribunal Award, and there is also no system of gratuity in this concern for the workers. Leave and holidays as granted by the Company are not also adequate. Several workers as mentioned in Issue No. 5 of the schedule to the order of reference were discharged by way

of unfair labour practice. The workers mentioned in Issue No. 6 of the schedule to the order of reference were laid-off for certain days, but they were not given any wages for the period of this lay-off. Reinstatement of the workers who have been so discharged has been claimed accordingly with compensation.

The Company's reply is that it pays minimum wages to unskilled and semi-skilled workers according to the provisions of the Major Engineering Tribunal Award, and such workers cannot claim any higher rate of wages. The scale of dearness allowance as prescribed by the Major Engineering Tribunal Award is not applicable to the workers of this concern, as it is insignificant and small in comparison with other engineering concerns in the neighbourhood. The Company does not pay any separate dearness allowance, but it is included in the basic wage. The total emoluments that are being paid to the workers are consistent with the capacity of the industry to pay, and if full neutralization in respect of dearness allowance is allowed, the industry will collapse. Regarding gratuity, the Company states that it is unable to grant it, in view of its present financial position, as it has been sustaining loss for several years. As regards leave and holidays, the Company states that leave under section 79 of the Indian Factories Act is granted to all workers. It further grants 4 festival holidays in a year and also casual or sick leave in genuine cases. The Company pleads inability to grant any more leave to the workers. Regarding attendance bonus for the piece-rated workers, it is the contention of the Company that no such system is prevalent in this concern or in any other industry. The piece-rated workess earn on the basis of their production, and their total emoluments inclusive of dearness allowance are fair and reasonable. As regards workers mentioned in Issue No. 5 of the schedule to the order of reference, the Company states that the management was perfectly justified in discharging Jagan Nayak, Nepal Das, Biswanath Singh, Ajit Dalai and Pabara Rajbhar. As regards Nepal Das, he was not discharged or dismissed, but he voluntarily resigned and accepted his dues from the Company. The Company denies that the 10 workers named in Issue No. 6 of the schedule to the order of reference were laid-off for the period in question. Of them, Biral, Nuri, Sarajoo, Harekrishna and Pabara worked on all working days during the period in question. Basan was absent on 20th and 21st December 1954, but she worked on 22nd, 23rd and 24th, and was again absent on 25th. But she worked again on 27th and 28th December 1954, and 26th December 1954 being a Sunday was a non-working day. Bhusan, Kamala, Bishala and Abala worked on the days similar to those of Basan. Such of those 10 workers who did not work for some days during the period, remained absent, and they were not laid-off by the employers. In this view of the matter, the question of any lay-off does not arise, nor any of those 10 workers are entitled to lay-off benefit. The workers were paid their wages on the basis of "No work, no pay". So, they are not entitled to any payment of wages for the days they remained absent.

ISSUE NO. 1

Pay and dearness allowance

In this concern, no separate dearness allowance is given to the workers. Here the basic wages and dearness allowance are consolidated. The Union demands a revision of the present rates of wages, on the allegation that these rates are grossly inadequate and much below those fixed under the Major Engineering Tribunal Award, to which this Company was a party, as also the rates prevailing in the comparable concerns in the locality. The Union has said also that no dearness allowance is paid at present to the

workers, and that suitable provision should be made for its payment in the present case. The Company contests this claim. It says that it is paying dearness allowance to its workers with wages, which are adquate and fair.

The parties have adduced evidence—both oral and documentary. The Company has produced three charts, which are Exts. C, D and E respectively. Exhibit C shows the number of workers with their designation and nature of work. In Ext. D, rates of wages as given to the different categories of workers are shown. Exhibit E is the list of piece-rated workers showing their monthly income. The Union has also produced a chart showing the daily rates given to different categories of workers, and it is Ext. 1. Learned representative on both sides proceeded to argue on this issue on the basis of these charts. The Tribunal, therefore, finds no good reason to discard them either as incorrect or incomplete. There is no other alternative evidence on record to decide the issue. It appears from Ext. C that among the daily-rated workers in this concern, there are skilled, semi-skilled and unskilled workers. It further appears from this document that among the piece-rated workers also, there are skilled, semi-skilled and unskilled workers. The charts (Exts. D and E) as produced by the Company and also the chart (Ext. 1) as produced by the Union, unmistakably go to show that a fairly large number of workers of the Company are getting inadequate wages, and accordingly they should be allowed some increment in wages to help them in their financial difficulties. Under the Major Engineering Tribunal Award, an unskilled worker gets Rs. 30 as basic wages per month, that is, Re. 1-2-6 per day, and Rs. 31 as dearness allowance per month. In all, he gets a total emolument of Rs. 61 per month. That has been considered to be a standard rate even for the weakest of the parties before that Tribunal. The basic wage and dearness allowance as fixed by the Major Engineering Tribunal Award amount to Rs. 66 per month in case of semi-skilled workers, that is, Re. 1-5-6 per day as basic wage plus Rs. 31 as dearness allowance per month. As regards skilled workers, the Major Engineering Tribunal fixed no wages, but it left to the management to decide the same. From the charts filed by the Company, the Tribunal gets an idea as to what total wages the workers of all categories in this concern get. An unskilled worker gets a total emolument of Rs. 39 per month, while a semi-skilled worker gets Rs. 45-8 per month. The total wages that the skilled workers get in this concern vary from Rs. 63 to Rs. 111 per month. The above rates have been calculated on the basis of rates as given in the chart (Ext. D) produced by the Company. For calculation of the total emoluments, 26 working days in a month have been taken into consideration. It further appears from the said chart that the boy helpers are paid at the rate of Re. 1 or Re. 1-4 each per day. It has, however, not been made clear why the boy helpers are paid much less than others doing probably equal work in the factory. After all, equal work ordinarily should carry equal pay. It is also a fact that this concern was a party to the First Major Engineering Tribunal. That being so, the award of the Major Engineering Tribunal is binding on this concern. There cannot be any manner of doubt that so far as unskilled and semi-skilled workers of this Company are concerned, the emoluments they get are less than what has been prescribed by the Major Engineering Tribunal for unskilled and semi-skilled workers. In my view, the demand of the workers for revision of their wages in the present case is a reasonable one. Learned Advocate for the Company could not and did not deny or dispute the reasonableness of such demand. The capacity of the industry to pay, and the prevailing rates of wages are important factors in this connection. Basic wages must be increased with an eye to the prevailing rates in similar

industries in the neighbourhood. It should be raised on "industry-*cum*-region" basis. The Company could not prove or show by evidence that the wages they are paying are equivalent to the prevailing rates of wages in similar industries in the neighbourhood. On the other hand, the present basic wages which the unskilled and semi-skilled workers of this concern are getting, are lower than those fixed by the Major Engineering Tribunal Award. Learned Advocate for the Company has argued that it employs only 69 daily-rated workers, mostly unskilled and semi-skilled and therefore it must be treated as a very small engineering concern. But in my view, the size of the industry has no relevancy to the adjudication of this issue. This Company was a member of the First Major Engineering Tribunal (Sl. No. 112), and that Learned Tribunal has fixed wage rates after carefully considering the fact that the weakest of the parties before it deserved special protection. The First Major Engineering Tribunal approached the question of wage rates rather in a halting fashion, endeavouring to avoid dislocation as best as possible. That Tribunal pointed out that the proper approach was primarily to take the workers' needs into consideration in fixing the minimum wages. The capacity of the industry to pay was really no consideration in deciding that issue. The Company has not produced its account books to show its present financial position. At the time of trial, some balance sheets (Ext. L-series) were produced, but they were for the years from 1358 B.S. to 1361 B.S., which are not helpful for the purpose of showing the financial position of the Company as it stands at present. Further-more these balance sheets were not audited. O.P.W. 3 Shri S. Dhar who prepared these balance-sheets has stated that as the party did not desire these balance sheets to be audited, they were not audited. This gentleman prepared those balance sheets with reference to the books of account of the Company, but it is surprising that those books of account have not been produced before the Tribunal. In the absence of those books of account, the correctness or accuracy of those balance sheets cannot be tested. It is regrettable that the Company, though it pleaded its financial inability, has not produced sufficient materials before the Tribunal in support of this. From the balance sheets which have been produced and which have not been audited, it appears no doubt that the Company had both profit and loss during the years from 1358 B.S. to 1361 B.S. But this fact does not stand in the way of revising the wage rates for the workers, particularly for the unskilled and semi-skilled workers, because what those categories of workers are getting in this concern as their wages, is less than the total emoluments fixed for them by the Major Engineering Tribunal. So, on a careful consideration I come to the conclusion that the present rates of the workers in this concern should be revised, with a view to bring the same up to the standard fixed under the Major Engineering Tribunal Award. Therefore, what I propose to do is that the total minimum emoluments of the workers must be fixed as per Major Engineering Tribunal Award. I accordingly direct that all the unskilled workers in this concern who are getting less than minimum, will be pulled up to the minimum fixed by the Major Engineering Tribunal, that is, Rs. 61 per month inclusive of dearness allowance: Similarly, the total wages of semi-skilled workers will be pulled up to Rs. 66 per month inclusive of dearness allowance. This calculation has been adopted on a reference to the Major Engineering Tribunal Award. As in this concern, basic wage and dearness allowance are consolidated, it is no possible to separate dearness allowance from the basic wage. As stated above, the Major Engineering Tribunal has not fixed any minimum nor any scale for the skilled workers. That being so, I hold that the minimum basic wage of skilled workers may fairly be fixed at Rs. 45 per month, which is higher

than the maximum fixed by the Major Engineering Tribunal for semi-skilled workers. To this, if the dearness allowance of Rs. 31 as fixed by the Major Engineering Tribunal be added, the total emoluments of the skilled workers will be thus Rs. 76 per month. But there is no material placed before me to show what should be the minimum basic wage for the skilled workors in the locality or similar concerns. But I find from the charts produced by the Company that some of the skilled workers are geting more and some less than the total minimum, as I have adopted as fair for skilled workers. I, therefore, direct that those skilled workers who are getting less will be pulled up to Rs. 76 per month. There is not much justification for raising the total wages of the skilled workers, who are getting more than Rs. 76 per month. But in fairness to these skilled workers, I am inclined to grant them a flat increment of Rs. 5 to their existing wages. This I do in order to maintain wage differentials.

Admittedly, there are piece-rated workers in this concern, and among them there are unskilled, semi-skilled and skilled workers. From the chart (Ext. E) produced by the Company, it appears that the total emoluments of some of the piece-rated workers employed in this Company fell, in some months of 1956-57, below the total minimum as prescribed by the Major Engineering Tribunal for unskilled and semi-skilled workers. It has been proved by evidence in the instant case that these piece-rated workers are whole-time workers of this Company, and that they work on six working days in a week. The Major Engineering Tribunal has observed that where a piece-rated worker is a whole-time worker for a particular Company, that particular Company must ensure that his earnings do not fall below the earning of a time-rated worker of the same category. In view of this, the Tribunal directs that this Company should see that the earnings of a whole-time piece-rated worker do not in future fall below the wages of a time-rated worker of the same category as revised above. The rates of wages as revised by me will come into operation with effect from June 1957. I give no retrospective effect to the same. This issue is decided accordingly.

ISSUE NO. 2

Retirement Benefits

In this Company, the Scheme of Provident Fund has been introduced, and that Scheme is now in operation. The Union now claims for introduction of the Scheme of Gratuity in addition to the Provident Fund Scheme. The question as to whether double retiring benefits should be given or not is dependent upon the consideration of prosperity and stability of the undertaking. There can be a Gratuity Scheme in a fit case, in addition to a Provident Fund Scheme. But in my view, before a Scheme for Gratuity can be sanctioned, some important factors must be taken into consideration. The financial condition of the Company must be considered in its broad aspect. The general financial stability of the concern is a matter to be taken into consideration before a long term scheme like the Scheme of Gratuity is sanctioned. On a consideration of the matter I think that it cannot be said with precision that the financial position of this Company is good enough to admit of a Scheme of Gratuity being framed in the manner as demanded on behalf of the Union. My view is that the introduction of a Gratuity Scheme will impose onerous burden on the Company, which it can ill-afford to bear under the present circumstances. O.P.W. 2 who is the Managing Proprietor of this concern has stated no doubt on oath that they are sustaining loss in this concern for the last six years. But this is not supported by any documentary evidence. Hence, no reliance can be placed on this *ipse dixit* of the Managing Proprietor.

The Company has not produced its account books or audited balance sheets for recent years to show its financial condition. The Union too, which demanded the introduction of Gratuity Scheme, has not adduced any evidence whatsoever to show that the Company has sufficient financial capacity to shoulder additional burden, if imposed on it, in the shape of Gratuity. It was equally open to the Union to furnish such evidence. In this state of affairs, it is decided that the present time is neither opportune, nor propitious for the introduction of the Gratuity Scheme. Hence, the claim of the Union for the introduction of the Gratuity Scheme is turned down. This issue is thus disposed of.

ISSUE NO. 3

Leave

Regarding leave and holidays, the Union has raised a grievance. The Company's version is that it grants leave to all workmen under the Factories Act. Besides, it grants festival holidays for 4 days in a year and casual or sick leave in genuine cases. On a consideration of the matter, I direct that the following leave and holidays shall be allowed:—

(1) Annual leave with wages according to the provisions of section 79 of the Factories Act, subject to a minimum of 15 days in the year. Six or 5 days' other leave with wages (which may be taken in addition to the annual leave under section 79 of the Factories Act or separately at the option of the workman), according as there should be 2 Sundays and one Sunday within the period of the continuous annual leave under section 79 of the Factories Act, such leave being allowed to accumulate in the manner provided by that Act, and the rate of wages being calculated as under section 80 of the Act. Temporary workmen and Badlies will not be entitled to this leave, as such workers do not qualify for this leave under the Factories Act.

(2) Festival Holidays:—I think, holidays should be enjoyed by all alike without any communal distinction. There should be festival holidays for 10 days on full pay in a year to all workmen including temporary workers and Badlies in connection with the undermentioned festival occasions:—

(a) Durga Puja—2 days.

(b) Doljatra or Holi—1 day.

(c) Id-ul-Fiter—1 day.

(d) Id-uz-Zuha—1 day.

(e) Muharram—1 day.

(f) Kali Puja—1 day.

(g) Biswakarma Puja—1 day.

(h) Republic Day—1 day.

(i) Independence Day—1 day.

Regarding sick leave, it is no longer necessary to make any provision for grant of such leave, in view of the operation of the Employees State Insurance Act, because the employees will automatically get necessary allowance during their sickness. Regarding casual leave, I make no direction. I hope, however, that the Company shall give such casual leave to the workers in deserving cases. This issue is decided accordingly.

ISSUE NO. 4

Attendance Bonus for piece-rated workers

The claim of the Union in this respect appears to be unreasonable. So, it is turned down.

ISSUE NO. 6

This issue relates to lay-off benefit of certain workers for the period from 20th December 1954 to 28th December 1954. Of the 10 workers mentioned in this issue, I may say that the Union's claim for lay-off benefit in respect of workers Nuri (vii), Harekrishna (viii), Sarajoo (ix) and Panchu (x), is not only untenable, but rather fantastic. The Company has produced Attendance Register and the Wage Register (Exts. I and J) for the period in question. It appears from these registers that those 4 workers worked in the factory from 20th December 1954 to 28th December 1954 and received their wages. It is therefore futile to contend that these workers were laid-off for those days, and are entitled to get lay-off benefit. It is interesting to note that none of those workers appeared before the Tribunal to say that they did not work or get their wages. Regarding Biral (vi), it appears from the evidence as well as from the Attendance Register and the Wage Register that he worked in the factory from 20th December 1954 to 28th December 1954 excepting 27th December 1954, when he was absent. Here in this concern, the workers get wages on the basis of "No work, no pay". As Biral was absent and did not work on 27th December 1954, he was not given any wages for that day. Such absence on the part of the worker does not imply lay-off. Regarding the remaining 5 workers, the evidence and the registers concerned go to show that they did not work on 20th December 1954 and 21st December 1954 and again on 25th December 1954, as they absented themselves on those days. 26th December 1954 was a Sunday. These 5 workers worked on 22nd December 1954, 23rd December 1954, 27th December 1954, 28th December 1954 and on 24th December 1954 for half-day, and got their wages accordingly. So, the Union's contention that they were laid-off is equally untenable. They did not of course come to the factory and work on 20th December 1954, 21st December 1954 and 25th December 1954. But this does not necessarily mean that they were laid-off. There might be other reasons for their absence from duty. There is no material on record to show that they were laid-off for those days. My view is that they absented themselves from duty for those days. I may observe that these workers too did not come to depose before the Tribunal. On a consideration of the matter, it is decided that none of the workers mentioned in this issue is entitled to get any lay-off benefit for the period from 20th December 1954 to 28th December 1954. This issue is answered accordingly.

ISSUE No. 5

It is the Union's contention that all these 5 workers as mentioned in this issue were discharged by way of unfair labour practice. The Company has denied this. Its case is that Nepal Das (ii) resigned from service and went away after taking his dues, that Jagan Nayak (i) who was employed as a Coreman started absenting himself from duty on and from 24th May 1955 without any previous application for leave or prior permission, and continued to remain absent in such unauthorised manner for more than 10 days, and that the remaining three workers—Biswanath Singh (iii), Ajit Dalai (iv) and Pabara Rajbhar (v) were found guilty of misconduct, as they were implicated in removing brass and copper scraps from the premises of the factory in an unauthorised manner. Of these workers, the case of Nepal Das (ii) stands on a different footing. As stated already, the

Company's contention is that he was neither discharged nor dismissed, but he himself threw up the job and went away after taking all his dues. Evidence has also been adduced by the Company to this effect. This evidence practically stands unchallenged and unrebutted. Nepal Das who was competent to depose on the point has not appeared before the Tribunal to give a denial. In the circumstances, the Tribunal has no reason to disbelieve the evidence of the Company. So, it is decided that Nepal Das was not discharged, but he resigned from service and went away after collecting his dues. Regarding Jagan Nayak (i), the Company's version is that he absented himself from duty for more than 10 days without any application for leave or prior permission on and from 24th May 1955. As this was against the standing orders of the Company and amounted to misconduct, the Management issued a letter to him on 5th June 1955 calling upon him to explain his conduct and also to resume his duties forthwith. It is said that this workman neither submitted any explanation, nor did he join his duties. As the work in the factory was suffering, the Company could not wait any longer, and it was compelled to take a new hand in his place and dismiss him from service. O.P.W. 1, who is the Manager of the concern, has corroborated this version. He has deposed that the letter, dated 5th June 1955 (a copy of which has been produced before the Tribunal and marked Ext. F), was delivered to Jagu Nayak in his presence. Jagu Naik appeared and deposed before the Tribunal, and he is P.W. 5. He has denied that he began to absent himself from 24th May 1955. He also denied having received a letter like Ext. F. His denial is meaningless. I am not prepared to believe his version. As he did not commend himself to be a truthful witness, I accept the testimony of O.P.W. 1, Manager and hold that this worker absented for more than 10 days continuously without any leave or permission. Jagu Nayak was constrained to admit in his cross-examination that the Company can terminate the services of a worker if he absents himself from duty for more than 10 days. He has also admitted that he was a Coreman, and that if the work that was entrusted to him was not done, the moulding work of the whole department was likely to be stopped. It is the Company's contention that as Shri Nayak absented himself for more than 10 days in an unauthorised manner, and as he did not join his duties in spite of the letter (Ext. F) served on him, the Company had no other alternative but to appoint a new man in his place and terminate his services. The Company has produced certified standing orders, which is Ext. G. On a consideration of the matter, I hold that Jagu Nayak continued to absent himself from duty from 24th May 1955 and absented himself without any leave or intimation for more than 10 days, and that he did not even think it worthwhile to join forthwith in spite of the service of the letter (Ext. F) by the Management on him. In the circumstances, the Management in the interest of the industry was perfectly justified in dismissing him from service. What he did amunted to misconduct as per standing orders of the Company. So, the order of the Management in this respect must be upheld and in my view, Jagan Nayak is not entitled to any relief whatsoever.

Now I shall take up the case of the remaining 3 workers—Biswanath Singh (iii), Ajit Dalal (iv) and Pabara Rajbhar (v). Their case stands on the same footing, and the facts leading to their dismissal are also the same. Biswanath Singh was a Durwan in the factory and Pabara Rajbhar, a coolie, while Ajit Dalai was the Head Mistry. The Company's version is that for some time past brass and copper scraps and other articles belonging to the Company were found missing from the premises of the factory, but it could not detect who was responsible for these instances of theft. On 3rd March 1954 at about 11 a.m. one Joydeb Mukherjee, who was a helper boy reported to the Manager that Ajit Dalai had been committing theft of brass

and copper scraps, and that the stolen articles were stored in the room, where Ajit Dalai resided. Acting on this information, the Manager along with the Managing Proprietor of the Company accompanied Ajit Dalai to his room. Ajit Dalai unlocked the door of his room, and on a search being made one bag containing brass and copper scraps belonging to the Company was found inside that room. Shri Dalai is said to have confessed his guilt, and stated that such acts of theft were being committed systematically in collusion with Pabara and Biswanath. The Manager and the Managing Proprietor came back to the factory with Ajit taking the bag with them. As Ajit told them that these articles were removed to his house at the instance of Biswanath and Pabara, they (Biswanath and Pabara) were sent for. Biswanath told that he did not know anything, but Pabara said that Biswanath and Ajit asked him to take the goods to the house of Ajit. After this, the Management informed the Police, and handed over Ajit and Pabara. Ajit Dalai and Biswanath Singh have deposed before the Tribunal, and they are P.Ws. 3 and 4 respectively. Ajit has admitted that the Manager and the Managing Proprietor on 3rd March 1955 at 10-30 a.m. called him, while he was working in the factory, and took him to his house, and that he was asked by them to open his room. He has also admitted that his room was searched by them, but he said that nothing incriminating was found there. He has also stated that thereafter, he was taken to the factory, and he and Pabara were subsequently handed over to the Police. He denied having confessed his guilt and also the fact of implicating Biswanath and Pabara regarding the alleged incident. P.W. 4 Biswanath Singh has stated that on 3rd March 1955 at about 12 o'clock when he came to the factory, he was told that Ajit and Pabara had mentioned his name in connection with the theft of certain articles from the factory, and accordingly he was discharged. On the side of the Company, the Manager and the Managing Proprietor have deposed regarding the incident. They are O.P.Ws. 1 and 2 respectively. Shri Bimal Chandra Kumar, the Manager has deposed that on 3rd March 1955, one Joydeb Mukherjee, who was a helper boy informed him that some goods stolen from the factory would be found in the house of Ajit Dalai, as Joydeb's brother used to reside with Ajit in the same house. The Manager has stated "So, I along with Ram Chandra Majhi, Managing Proprietor Shri Jaswal and Ajit Dalai, started for Ajit's house. Ajit opened the lock of the door of his house. After his room was searched, we found a bag containing copper, brass and zinc scraps inside that room. We came back to the factory along with Ajit Dalai taking that bag with us. On being questioned by us, Ajit Dalai told that Pabara had kept that bag in his house. Pabara was then called by us. When he was questioned about the bag, he told us that he removed the materials at the instance of Biswanath Singh and Ajit Dalai, and kept the same in the house of the latter. Biswanath Singh was also present at that time. He too was questioned about this, but he said that he did not know anything. Ajit Dalai and Pabara begged to be excused, while Biswanath Singh told that there would be no repetition of such thing in future. After this, we sent an information to the Police and handed over Ajit Dalai and Pabara to them. We also sent a letter to the Officer-in-charge, Mallipanchghara police-station with a copy to the Assistant Labour Commissioner". O.P.W. 2 Shri D. N. Jaswal, who is the Managing Proprietor of this concern, has deposed as follows:—"On 3rd March 1955, an incident took place. On that date I heard from the Manager that Joydeb Mukherjee a worker of our factory, had told him that some goods stolen from the factory were to be found in the house of Ajit Dalai. At this, I along with the Manager, Joydeb Mukherjee, Ram Chandra Majhi and Ajit Dalai went to Ajit's house. Ajit unlocked the door and we went inside the room. While searching the house, we found a bag containing scraps taken from

the factory. We came back to the factory with Ajit Dalai taking the bag with us. On being questioned, Ajit told us that these articles were removed to his house at the instance of Biswanath and Pabara. So, Biswanath and Pabara were sent for. Biswanath told me he did not know anything. But Pabara told that Biswanath and Ajit asked him to take the goods to the house of Ajit. Ajit and Pabara begged to be excused, and accordingly we sent information to the Police. The Police came, and we handed over Ajit and Pabara to them". Both the Manager and the Managing Proprietor deposed before the Tribunal in a straight-forward manner, and in the same tone. They are respectable persons, and I have no reason to disbelieve them. Their evidence bears the stamp of truth. It cannot be believed that they would falsely depose against these workers. So, on a consideration of the matter, I hold that the bag containing scraps stolen from the factory was really found inside the room where Ajit used to reside, and that in this respect Ajit, Biswanath and Pabara were all implicated. From the evidence, it is clear that these 3 persons used to remove goods from the factory in collusion with one another. This act on the part of these 3 workers amounted to misconduct. There is also provision in the standing orders of the Company to show that such acts shall be treated as misconduct. No Company can afford to keep such dishonest persons in its employ. So, the Management was quite justified in dismissing them from service, as it was not safe in the interest of the industry to allow them to work in the factory any more. Such workers who could go to the length of dishonestly removing goods and articles belonging to the employer from the factory, deserve summary dismissal. In the result, I hold that Ajit Dalai, Biswanath Singh and Pabara Rajbhar were rightly dismissed, and they are not entitled to any relief whatsoever. Their dismissal is accordingly upheld. It cannot be believed for a moment that they were dismissed by way of unfair labour practice or that they were victimised for their Union activities. In my opinion, on the part of the Management there was no *mala fide* motivated by any extraneous consideration in this respect. The Management took a possible and reasonable view in dismissing them from service.

It is true no doubt that the principles of natural justice were violated in respect of Jagan Nayak, Biswanath Singh, Ajit Dalai and Pabara Rajbhar, because they were neither charge-sheeted, nor was any enquiry held before their dismissal. But this did not matter much. The entire evidence has been led before the Tribunal, and the Tribunal has reached the conclusion as above after due and careful consideration of the said evidence. In the result, this issue is answered in the negative.

This is my award in the present case.

Before I part with the case, I would like to discuss a point that has been raised and canvassed on behalf of the Company. In the order of reference, this Company has been described as "Britannia Engineering Works & Foundry". But the Company wants to say that the employers carried on its business under the name and style "Britannia Engineering Works & Foundry" as a proprietory concern, but that business has subsequently been transferred to share-holders, who started under the name and style of "Britannia Mechanical Works & Foundry, Ltd." as a limited Company. So, it is contended that the present proceedings are not maintainable. I have given my due consideration to this contention. In my view, this award will be also binding on the "Britannia Mechanical Works & Foundry, Ltd.", because it is the successor of "Britannia Engineering Works & Foundry". Admittedly, "Britannia Engineering Works & Foundry" was a proprietory or partnership concern.

"Britannia Mechanical Works & Foundry, Ltd.", which is a limited Company, has taken over the business of that partnership and proprietory concern. There has been change in the name of the Company only, and this will be apparent from the evidence. It has transpired from the evidence of O.P.W. 1, the Manager that he was the Manager of this Company while it was running under the name and style of "Britannia Engineering Works & Foundry", and that Shri Sitaram Jaswal and Shri D. N. Jaswal were partners of that concern. He has further stated that when that Company was converted into a limited concern, they also became its share-holders and Directors, and that the other Directors of this concern are the brothers of the Managing Director Shri D. N. Jaswal. It also transpires from his evidence that the condition of service of the workers remained the same as before in this factory, even after the transfer, and that the whole business was transferred. O.P.W. 2 Shri D. N. Jaswal has also admitted that there are only 4 share-holders in the limited Company, and they are all his family members. There is nothing to show that the change of the name of this Company was ever notified to the workers. Furthermore, it appears from the evidence that the name of this Company was changed only on 26th September 1955, but the present reference was originally made by the Government to the Tribunal on 8th June 1955 under order No. 2533Dis./D/10L-92/55. Thus it is manifestly clear that the change in the name of the Company took place long after the original reference. So, the present reference is quite in order. I may say in this connection that an employer cannot deprive his employees of the benefits that have accrued to them, merely by transferring his business to another person or to another limited Company. Here, there is the continued service of the workers, and the condition of service also remained the same even after the transfer. It will not be too much if it be so said that the name of the concern in the business was changed by the employers after the reference only with a view to evade their liabilities towards the workers. So, in order to avoid all future complications regarding implementation of this award, let it be noted clearly that this award shall be binding under section 18 of the Industrial Disputes Act, 1947, on the "Britannia Mechanical Works & Foundry, Ltd.", because this limited Company is the successor of "Britannia Engineering Works & Fountry".
